The Supply Department of the City of Boston invites proposals for furnishing the Park Department, grass seed, as per specifications to be obtained at the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* The bidder must leave his proposal and a certified check for $100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the office of the Supply Department. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Grass Seed."* The bids will be publicly opened and read on Wednesday, March 12, 1941, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(March 1.) *Superintendent of Supplies.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about seven thousand two hundred eight (7,208) square feet of land, with buildings thereon, on the northeasterly side of Eustis street, Roxbury, numbered 44 to 54, inclusive, in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5364, page 13, on Wednesday, March 12, 1941, at 11 a. m., on the premises, at a minimum price of seventeen hundred dollars ($1,700).

A deposit required at the time and place of sale of two hundred dollars ($200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FURNITURE DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering and setting up furniture for year 1941, for departmental use, for the Department of School Buildings, at various schools, of the kind and quality as per specifications and samples on exhibition at the Department of School Buildings storehouse, 26 Norman street, Boston, and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of $1,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 p. m. of Wednesday, March 12, 1941, at said office, with a certified check for $200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
Superintendent of Construction.
(March 1.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR REBINDING BOOKS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids on rebinding approximately 40,000 books. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Rebinding Books." The bid must be in duplicate. One copy, signed by the bidder and accompanied by a certified check for $50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, March 11, 1941. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the estimated amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(March 1.)

READVERTISEMENT.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN THE SOUTH BOSTON DISTRICT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between March 17, 1941, and December 31, 1941, including the removal of all household refuse during the spring cleaning period between April 1, 1941, and May 15, 1941, and shall also remove grass, garden refuse and leaves during the entire term of the contract in the South Boston district, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, March 11, 1941, with a certified check for 5 per cent of the total amount bid for the district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars ($2) for each set of specifications taken out.* The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

GEORGE G. HYLAND,
Commissioner of Public Works.
(March 1-8.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR OA-3 OR OA-4 ROAD ASPHALT.

The Supply Department of the City of Boston invites proposals for furnishing and applying road asphalt for construction, OA-3 or OA-4, as per specifications, and as required by the Public Works Department. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* Deliveries to be made on such streets as may be designated within the city limits, to be delivered as required. Proposals, with a certified check for $300, payable to and to become the property of the City of Boston if the proposal is not carried out, will be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, until 12 m., Tuesday, March 11, 1941, at which time and place they will be publicly opened and read. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. *Envelopes containing both bids to be sealed and marked "Proposal for OA-3 or OA-4."* The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 33. SATURDAY, MARCH 8, 1941. NO. 10

PROBLEMS OF GOOD CITY GOVERNMENT DISCUSSED BY MAYOR TOBIN IN RADIO BROADCAST OVER STATION WNAC, ON SATURDAY, MARCH 1 — POINTS TO DIFFICULTIES ANY MAYOR FACES IN TRYING TO EFFECT ECONOMIES AND YET PROVIDE EFFICIENCY IN DISPOSING OF TASKS IMPOSED ON ANY COMMUNITY BY THE DEMANDS ON PART OF CITIZENS FOR CERTAIN ESTABLISHED PUBLIC SERVICES — POINTS TO TAX LOSSES DUE TO DEVALUATION OF PROPERTY AND ABATEMENTS AS CHIEF DIFFICULTIES TO BE FACED.

In Mayor Tobin's broadcast on "City Problems," over Station WNAC, on Saturday, March 1, he spoke as follows:

Good Afternoon, Friends of the Radio Audience.

I welcome this opportunity to discuss for your benefit the problems of good city government, but the time allotted to me will not permit the presentation of as many details as I should like to give you. Accordingly, I have selected what I think are the more important matters. All of them deal with finances but in presenting them I have decided not to involve you, and myself, in a maze of figures but rather to paint a general picture.

It may be that some of you who are listening have the idea that running a modern city means largely overseeing the departments that function in City Hall, but let me assure you that there are many complex outside problems.

Boston, in effect, is a $90,000,000 corporation. I, as Mayor, am, in reality, President of that corporation. No mayor of any city probably has provided an administration that was satisfactory to all elements of the citizenship. In that respect I realize I am no exception.

Law and custom have established certain public services that must be provided. Our school system must rate high, our police and fire protection must be adequate, our health service all that is necessary, we must remove snow and refuse and we must provide libraries and recreational features. All these cost money.

City Services.

Some of our citizens want all of these services; other elements want some but can see little good in keeping the others at peak efficiency. Periodically, we are faced with demands for economy from taxpayers but, strange to say, they want certain economies only so long as they do not affect them. When that happens they complain again.

As Mayor, I am responsible for all departments. I appoint the department heads, with the exception of the Police Commissioner, the members of the Finance Commission, and the members of the Licensing Board. They are appointed by the Governor, but the money for their compensation must be provided by the taxpayers of Boston.

With this preliminary, which I offer, to give you an insight into the set-up at City Hall, let us take up the matter of some of the puzzles we are called upon to solve.

The most ominous problem we are facing, in my opinion, is the steadily declining valuation of the city. There has been a constant falling off since 1930, and between 1937, the year before I took office as Mayor, and 1940, the decline in the assessed value of real property has totaled $107,310,200. That means that the municipality has lost the taxes on that amount of property, at whatever tax rate has prevailed in the several years.

Real estate bears the brunt of taxation in our city. It is an unjust burden, I admit, but until our tax structure is altered to provide new sources of revenue, it must continue that way. I have long contended that our system of taxation is in need of a complete overhaul. Already I have publicly announced that I favor a conference of tax officials of the nation, the state and the various communities, to deal with the perplexing question of duplication in taxes. This is something that is bound to grow when the added taxes that must be imposed to pay for our present rearmament program are announced.

With regard to Boston's loss in values, the decrease, in large measure, is due to abatements granted by the Appellate Tax Board. It is ironical to ponder on the fact that that State body has a membership that does not include a single citizen of Boston.

Seeking Tax Base.

During the time between 1937 and 1940, while valuations were declining, the overlay, which is the amount the assessors add to the property tax to meet abatements, was increased by $1,100,000. The city was forced to take this step to eliminate fictitious values maintained in the past and to obtain a more realistic tax base. The combination of increased overlay and increased loss in valuation accounted for $3.10 in the 1940 tax rate of $40.60.

Next in importance in Boston's group of problem children is the traffic situation. This is one of the reasons for declining valuation, due to loss of business. Few cities in the country have a traffic problem that compares with ours. Check-ups have shown that a large percentage of the motor traffic through downtown Boston is from outside the city. At present, the Legislature is considering a bill which calls for financing from the Highway Fund a new Central Traffic Artery, an overhead highway through the city and new connections at important points. If this plan carries it will unite the Northern and Southern Arteries, which the Commonwealth built up to either side of the city and then left unconnected. In addition, the traffic flow through the downtown area will be facilitated and eased and I am convinced that a lot of the grief caused by present parking conditions will be removed.

(*Continued on page 239.*)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., *Associate Editor.*
EDWARD F. O'DOWD, *Business Agent,* 73 City Hall, Boston.

Entered as second class matter at Boston Post Office

By Subscription . . . . . $2.00 per year
Single Copies . . . . . 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of $2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record.* Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 10, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catchbasins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending March 1, 1941.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 770,816; number of deaths (stillbirths excluded): Residents, 180; nonresidents, 46; total, 226.

Death rate per 1,000 of population: All deaths, 15.25; nonresidents deducted, 12.14.

Death rate per 1,000 of population:

Last week, 15.65; corresponding week last year, 14.22.

Deaths by age periods, sex, etc.: Under one year, 25; one year to four years, inclusive, 1; sixty years and over, 124. Total deaths: Male, 127; female, 99; deaths in hospitals and institutions, 140; deaths of colored, 7.

REPORTABLE DISEASES: CASES AND DEATHS.*

SENTIMENT IN METROPOLITAN DISTRICT CITIES AND TOWNS IN FAVOR OF MAYOR TOBIN'S $19,000,000 TRAFFIC HIGHWAY PROPOSALS MOUNTING — LEADING OFFICIALS, ORGANIZATIONS AND PUBLICATIONS RALLYING BEHIND LEGISLATIVE PROPOSALS AIMED AT SOLUTION OF VEXATIOUS SITUATION CALLING FOR URGENT AND QUICK RELIEF — EDITORIAL COMMENT IN LOCAL PUBLICATIONS PRAISE PROPOSAL AND METHODS FOR RAISING FUNDS TO MEET COSTS.

Sentiment in favor of Mayor Tobin's proposals before the Legislature favoring a $19,000,000 traffic highway development that will relieve the situation now prevailing in Boston and which creates a most puzzling problem for seeking solution is growing rapidly in the cities and towns adjacent to this city. Favorable comment and praise are being bestowed by leading citizens in all sections of the Metropolitan District, and many of the news publications that serve these communities are joining with their editorial comment.

Among the most prominent of these has been the "Melrose Free Press" and the "Townsman," of Wellesley

"LET'S DO IT NOW.

We are prone to criticize Californians for boasting about their weather, progress, the largest or best of this, that and the other thing. We will have to admit, however, that they do accomplish things. If a project is deemed to the interests of a section as a whole, petty party and geographical lines are forgotten and all boost the major program. This spirit is exemplified by the Pacific Gas & Electric Company whose road barricades warning of excavations or repairs bear the legend "PG&E, THE SIGN OF PROGRESS."

Not so in Boston. For two decades traffic conditions have been intolerable. This is not merely a Boston problem for traffic surveys show that cars from out of Boston far out-number those registered to Bostonians. The surveys show that there are as many cars from Middlesex County alone in Boston daily as there are from Boston itself. Much has been said and written on the subject but very little done.

There is a bill now before the Legislature which calls for an appropriation of some $19,000,000 for a series of traffic improvements in Boston extending over a period of six years. That is still a lot of money even in these days when we talk of light years and billions for defense. Boston contends, and we agree, that the burden is too much for the city to bear alone, that such an improvement would be for motorists in general and that the funds should come from the automobile tax. Increase in the real estate tax load on Boston or surrounding cities and towns would thus be avoided. If it is proper for the state to use the gasoline tax to build super highways which pour motorists into Boston, it follows logically that the state should connect those highways in the city proper to speed up through traffic and eliminate congestion in the metropolis.

The economic loss to citizens throughout the state because of man hours and equipment time lost through delays in Boston is much more over a period of time than the amount estimated to cure the evil. The proposed improvements follow closely the Whidden plan of 1928. Since that time traffic has increased enormously and will continue to increase. It is estimated that there will be 10 per cent more cars in Massachusetts this year than last year and that increased earning power will mean increased mileage for each car on the road. In addition, the proposed naval base and dry docks at South Boston, the new army base under construction, and the movement of defense supplies from the many manufacturing plants is bound to complicate things further.

We believe the Legislature should see the wisdom of using the gasoline tax money for this purpose, a purpose for which the tax was imposed, namely, the improvement of motoring conditions for motorists in general."

—Melrose Free Press.

"IT'S A STATE-WIDE PROBLEM.

The Legislature will be asked to vote this year on a bill which would authorize the expenditure of nineteen million dollars for the construction of a highway through the center of Boston which would link the northern and southern arteries and which would speed up and relieve the flow of traffic through the streets of Boston.

The common argument against such a proposition is that this matter is one which concerns Boston only and for that reason Boston should bear the entire expense of building the highway. That this line of argument is entirely wrong is borne out by the studies which have been made and which indicate that 68 per cent of the cars coming into Boston each day are from outside the city. Of this 68 per cent, 22 per cent comes from Norfolk County and 28 per cent from Middlesex County. That what affects Boston affects the majority of the citizens of the entire state is indicated by the census figures which show that of the four and one-third million people living in Massachusetts, approximately three million are living within a thirty-mile radius of Boston.

Back in 1927 a complete study of this entire traffic problem was made by Mr. Whitten and at that time it was recommended that a highway, almost identical to the one now being considered, be built to relieve the congestion in downtown Boston. Certainly what was sorely needed in 1927 is doubly necessary today. Not only does this plan call for the tearing down of the old elevated structure along Atlantic avenue (which would be worth the entire nineteen million in itself), but it also provides for additional transportation arteries so vitally needed in the Defense Program at this time. It is estimated that a highway such as is being considered would cut the running time of traffic through Boston by at least one half.

It is planned to ask the Legislature to take the entire cost of this highway out of the gasoline tax fund over a period of twenty years, or a little less than one million dollars each year. When it is considered that the gasoline tax amounts to approximately 31 million dollars per year, it is readily seen that this is a small amount for so necessary a project. In this way, the burden of the cost will not have to be borne by the property owners but rather by those who are already paying for such highway construction through their payment of the three-cent gasoline tax.

This is a matter that should vitally concern every person in Massachusetts. The success of the entire state is dependent to a very large extent upon the success of the City of Boston. Just so long as the traffic situation in Boston is allowed to grow steadily worse, there can be no hope for the future greatness of our capital city. Hundreds of Wellesley citizens earn their living in Boston. It is to their interest that Boston should resume its position as one of the leading cities of the country. To that end we believe that everyone in Massachusetts should get behind this bill now in the Legislature and work for its passage this year. Next year may be too late."

—Wellesley Townsman.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

OVERSEERS OF PUBLIC WELFARE.

Upon March 3 the Mayor approved a contract with C. S. Walsh for moving household effects of recipients and hauling wood for the Wayfarers' Lodge.

Bids, opened December 11, 1940, were as follows:

1940—moving families and pianos, $1,904.50; 1941—$2,284.50.

1940—miscellaneous trucking, $314.37; 1941—$314.37.

1940—hauling wood at woodyard, $1,155.13; 1941—$1,300.

1940 — total, $3,374; 1941 — total, $3,898.87.

SUPPLY DEPARTMENT.

Upon February 25 the Mayor approved a contract with the Marshall-Horner Company for furnishing plumbing supplies to the Boston City Hospital, with the exception of the item calling for metal partitions. The approximate amount of the contract was $4,468.36. Bids, opened January 28, were as follows:

Requisition No. 25, Project No. 21992 "Main."

No. 1.— Feet. Boston Supply Company, Inc., $83.69 C.; Sheehan, O'Brien Company, 83.69 cents; Monroe Company, 83.69 cents; Marshall-Horner Company, 83.69 cents.

No. 2.— Each. Boston Supply Company, Inc., 2 cents; Sheehan, O'Brien Company, 2.25 cents; Monroe Company, 1.8 cents; Marshall-Horner Company, 2 cents.

No. 3.— Feet. Boston Supply Company, Inc., 64 cents; Sheehan, O'Brien Company, 64 cents; Monroe Company, 64 cents; Marshall-Horner Company, 64 cents.

No. 4.— Each. Boston Supply Company, Inc., $1.66; Sheehan, O'Brien Company, $1.14; Monroe Company, 99 cents; Marshall-Horner Company, $1.21.

No. 5.— Each. Boston Supply Company, Inc., $1.47; Sheehan, O'Brien Company, $1.02; Monroe Company, 93 cents; Marshall-Horner Company, $1.09.

No. 6.— Each. Boston Supply Company, Inc., $1.66; Sheehan, O'Brien Company, $1.14; Monroe Company, 99 cents; Marshall-Horner Company, $1.21.

No. 7.— Each. Boston Supply Company, Inc., $1; Sheehan, O'Brien Company, 78 cents; Monroe Company, 71 cents; Marshall-Horner Company, 83 cents.

No. 8.— Each. Boston Supply Company, Inc., $1.21; Sheehan, O'Brien Company, 93 cents; Monroe Company, $1.01; Marshall-Horner Company, 99 cents.

No. 9.— Each. Boston Supply Company, Inc., 17 cents; Sheehan, O'Brien Company, 36 cents; Monroe Company, 14 cents; Marshall-Horner Company, 17 cents.

No. 10.— Each. Boston Supply Company, Inc., 40 cents; Sheehan, O'Brien Company, 22 cents; Monroe Company, 20 cents; Marshall-Horner Company, 16 cents.

No. 11.— Each. Boston Supply Company, Inc., 27 cents; Sheehan, O'Brien Company, 24 cents; Monroe Company, 22 cents; Marshall-Horner Company, 26 cents.

No. 12.— Each. Boston Supply Company, Inc., $1.66; Sheehan, O'Brien Com-

pany, $1.14; Monroe Company, 99 cents; Marshall-Horner Company, $1.21.

No. 13.— Each. Boston Supply Company, Inc., $45; Sheehan, O'Brien Company, $51.62; Monroe Company, $34.83; Marshall-Horner Company, $32.40.

No. 14.— Each. Boston Supply Company, Inc., $1.96; Sheehan, O'Brien Company, $1.80; Monroe Company, 85 cents; Marshall-Horner Company, 98 cents.

No. 15.—Each. Boston Supply Company, Inc., 80 cents; Sheehan, O'Brien Company, 44 cents; Monroe Company, 37 cents; Marshall-Horner Company, 39 cents.

No. 16.— Each. Boston Supply Company, Inc., 97 cents; Sheehan, O'Brien Company, 72 cents; Monroe Company, 71 cents; Marshall-Horner Company, 77 cents.

No. 17.— Each. Boston Supply Company, Inc., 33 cents; Sheehan, O'Brien Company, 31 cents; Monroe Company, 28 cents; Marshall-Horner Company, 33 cents.

No. 18.— Each. Boston Supply Company, Inc., 80 cents; Sheehan, O'Brien Company, 66 cents; Monroe Company, 60 cents; Marshall-Horner Company, 71 cents.

No. 19.— Each. Boston Supply Company, Inc., 67 cents; Sheehan, O'Brien Company, 57 cents; Monroe Company, 52 cents; Marshall-Horner Company, 60 cents.

No. 20.— Each. Boston Supply Company, Inc., 13 cents; Sheehan, O'Brien Company, 27 cents; Monroe Company, 10.8 cents; Marshall-Horner Company, 13 cents.

No. 21.— Each. Boston Supply Company, Inc., 15 cents; Sheehan, O'Brien Company, 33 cents; Monroe Company, 12 cents; Marshall-Horner Company, 20 cents.

No. 22.— Each. Boston Supply Company, Inc., 52 cents; Sheehan, O'Brien Company, 41 cents; Monroe Company, 38.4 cents; Marshall-Horner Company, 50 cents.

No. 23.— Each. Boston Supply Company, Inc., $52; Sheehan, O'Brien Company, $46.76; Monroe Company, $42.25; Marshall-Horner Company, $41.60.

* Contract awarded.

Upon February 25 the Mayor approved a contract with lowest bidders, as indicated, for furnishing waste and wiping materials for the city departments, as required, until December 31, 1941, with the privilege of purchasing on the same terms and conditions extended to January 31, 1942. The approximate totals of awards were as follows:

Exclusive Rug Company, $857.25; O'Neill Brothers, Inc., $813.65. Total, $1,670.90.

As the individual totals of awards do not amount to $1,000, no formal written contracts were made out. Bids, opened February 6, were as follows:

Machine Picked Cotton Waste.

4 300-Pound Bales, Per Pound.—Robert Bishop Manufacturing Company, 7.75 cents; O'Neill Brothers, Inc., 6.95 cents*; A. Emerson Company, 7.5 cents.

25 200-Pound Bales, Per Pound.—Robert Bishop Manufacturing Company, 7.75 cents; O'Neill Brothers, Inc., 6.95 cents*; A. Emerson Company, 7.5 cents.

35 100-Pound Bales, Per Pound.—Robert Bishop Manufacturing Company, 7.75 cents; O'Neill Brothers, Inc., 6.95 cents*; A. Emerson Company, 7.5 cents.

Total.—Robert Bishop Manufacturing Company, $751.75; O'Neill Brothers, Inc., $674.15; A. Emerson Company, $727.50.

Cash Discount, Ten Days.—Robert Bishop Manufacturing Company, 1 per cent; O'Neill Brothers, Inc., 1 per cent; A. Emerson Company, 1 per cent.

Whole Cop Waste.

6 300-Pound Bales, Per Pound.—Robert Bishop Manufacturing Company, 8.5 cents; O'Neill Brothers, Inc., 7.75 cents.*

Total.—Robert Bishop Manufacturing Company, $153; O'Neill Brothers, Inc., $139.50.

Cash Discount, Ten Days.—Robert Bishop Manufacturing Company, 1 per cent; O'Neill Brothers, Inc., 1 per cent.

Clean White Cotton Wiping Cloths.

10 200-Pound Bales, Per Pound.—Exclusive Rug Company, $11.43 per hundredweight*; Robert Bishop Manufacturing Company, 15 cents; Beacon Wiper Supply Company, $12.63 per hundredweight.

55 100-Pound Bales, Per Pound.—Exclusive Rug Company, $11.43 per hun-

dredweight*; Robert Bishop Manufacturing Company, 15 cents; Beacon Wiper Supply Company, $12.63 per hundredweight.

Total. Exclusive Rug Company, $857.25; Robert Bishop Manufacturing Company, $1,125; Beacon Wiper Supply Company, $947.25.

Cash Discount, Ten Days. Exclusive Rug Company, 2 per cent; Robert Bishop Manufacturing Company, 1 per cent; Beacon Wiper Supply Company, 1 per cent.

Net Total. Exclusive Rug Company, $840.10; Robert Bishop Manufacturing Company, $1,113.75; Beacon Wiper Supply Company, $937.78.

* Contract awarded.

Upon March 3 the Mayor approved a contract with Raymond E. Henchey for furnishing approximately ten tons pig lead (Omaha-Grant, or equal) for the Water Division, Public Works Department, as required, until December 31, at a price of 30 cents per hundredweight, over the American Smelting & Refining Company's New York price for pig lead on day the order was received, less 1 per cent cash discount for payment in ten days.

The American Smelting & Refining Company's New York price on the day of the opening of the bids was $5.65 per hundredweight. The approximate amount of the contract was $1,190.

Bids, opened February 25, were as follows:

Approximately 20,000 Pounds (10 Tons) Omaha-Grant, or Equal, Pig Lead, Prime Lead not Re-melted, Per Hundredweight over American Smelting & Refining Company's New York Price of Pig Lead on the Day Order was Received.—American Smelting & Refining Company, 75 cents; National Boston Lead Company, 75 cents; Raymond E. Henchey, 30 cents*; Cambridge Smelting Company, 75 cents.

American Smelting & Refining Company's New York Price on the Day of Opening of Bids, Per Hundredweight.—American Smelting & Refining Company, $5.65; National Boston Lead Company, $5.65; Raymond E. Henchey, $5.65*; Cambridge Smelting Company, $5.65.

Price on Day of Opening of Bids, Per Hundredweight.—American Smelting & Refining Company, $6.40; National Boston Lead Company, $6.40; Raymond E. Henchey, $5.95*; Cambridge Smelting Company, $6.40.

Approximate Total.—American Smelting & Refining Company, $1,280; National Boston Lead Company, $1,280; Raymond E. Henchey, $1,190; Cambridge Smelting Company, $1,280.

Cash Discount, Ten Days.—American Smelting & Refining Company, 1 per cent, Omaha-Grant; National Boston Lead Company, 1 per cent; Raymond E. Henchey, 1 per cent, Omaha-Grant; Cambridge Smelting Company, 1 per cent.

* Contract awarded.

Upon March 3 the Mayor approved a contract with J. T. Newcomb Company for furnishing all finish hardware necessary to entirely trim the Gate Lodge Building, Boston City Hospital, the lowest bidder, at a total cost of $1,535, less 2 per cent cash discount for payment in ten days. Bids, opened February 21, were as follows:

All Finish Hardware Necessary to Entirely Trim Gate Lodge Building in Every Detail, at a Total Cost of — J. T. Newcomb Company, $1,535; Boston Supply Company, Inc., $1,575; Haymarket Hardware Company, $1,540.

Cash Discount, Ten Days.— J. T. Newcomb Company, 2 per cent; Boston Supply Company, Inc., 2 per cent; Haymarket Hardware Company, 2 per cent.

Net Total.— J. T. Newcomb Company, $1,504.30, see specifications; Boston Supply Company, Inc., $1,543.50, see specifications; Haymarket Hardware Company, $1,509.20.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for furnishing supplies, labor and services to various departments. Communications from the heads of the several departments were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, February 3, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR. I respectfully request the approval of your Honor to the awarding of a contract, without advertising for the year 1941, to the P. J. Dinn Company, 278 Dover street, Boston, Mass., for furnishing and delivering chain link fence and parts, as may be required during the year from time to time, in connection with our W. P. A. program.

The reasons for this request are as follows: The P. J. Dinn Company in answer to a publicly advertised proposal published in the *City Record* of April 13, 1940, was the lowest bidder on thirty-eight of the forty-five items mentioned.

In view of the great demand on the part of the Federal Government for steel and other metal material for Defense purposes, I am of the opinion that it would be for the best interest of the city to award this contract. This concern has on hand a large stock of fence material desired by this department. They have notified this office in writing of their willingness to furnish this material when and where desired at the same prices offered in their proposal for the year 1940.

I am further of the opinion that if advertised bids are called for, the prices obtained will be in excess of the prices obtained in 1940.

Respectfully submitted,

JAMES J. MAHAR,
Superintendent of Construction.

FIRE DEPARTMENT.

BOSTON, February 3, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Ordinarily our annual clothing contract is completed on February 1. This year, due to labor troubles, Donohue & Riordan have a considerable amount of uniform clothing cut, but not fitted or made up for members of the Fire Department.

It is necessary, before this material can be delivered to us, that your Honor approve of our acceptance of the uniforms. This extension of time is requested at the suggestion of the Supply Department.

Approval of this letter will permit us to continue to receive uniforms from Donohue & Riordan, under the 1940 clothing contract, until the 1941 contract is advertised and signed by the city.

Very truly yours,

WILLIAM ARTHUR REILLY,
Fire Commissioner.

SUPPLY DEPARTMENT.

BOSTON, February 20, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR, Under date of April 27, 1940, your Honor approved a request for permission to award a contract to the Underwood Elliott Fisher Company for the rental-purchase of 125 Underwood typewriters for the Boston Public Library.

Payment on these machines was to be made in eleven payments of $503.40, the balance of $6,232.08 to be paid the twelfth month.

Inasmuch as no budget appropriation was provided for the final payment, permission is respectfully requested to award a contract to the Underwood Elliott Fisher Company in the amount of $6,232.08 in order that the Library Department may assume full ownership of the equipment.

Yours respectfully,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, February 20, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of April 27, 1940, your Honor approved a request for permission to award a contract to the Royal Typewriter Company, Inc., for the rental-purchase of 125 Royal typewriters for the Boston Public Library.

Payment on these machines was to be made in eleven payments of $503.40, the balance of $6,232.09 to be paid the twelfth month.

Inasmuch as no budget appropriation was provided for the final payment, permission is respectfully requested to award a contract to the Royal Typewriter Company, Inc., in the amount of $6,232.09 in order that the Library Department may assume full ownership of the equipment.

Yours respectfully,

JOHN A. BREEN,
Superintendent of Supplies.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the revised traffic rules and regulations of the City of Boston are amended as follows, effective March 3, 1941:

Amended by striking out the following:

Section 20. Parking of Public Vehicles in Court Square.

Vehicles owned by the City of Boston or being used in the city service may be parked in Court square without time limit at the curbs next the City Hall Annex. Vehicles shall be placed with the left rear wheel to the curb, within the lines indicated, in the easterly arm, west side.

Amended by adding the following:

Section 20. Parking of Public Vehicles in Court Square.

Vehicles owned or used by members of the Boston City Council, when properly identified by a plate or other form of marking furnished by the Boston Traffic Commission, and vehicles owned by the City of Boston may be parked without time limit in Court square at the curbs abutting the City Hall Annex.

MAYOR'S ADDRESS.

(*Continued from page 225.*)

The Highway Fund is composed of the money collected from the gasoline tax and other assessments on motorists. The pending legislation would have the state set aside $1,000,000 from that fund each year for twenty years, to pay for improvements that, according to our surveys, would benefit motorists from many points outside Boston.

Recently we opened the new Huntington Avenue Subway extension. Work is now in progress on a vehicular underpass that will carry traffic on Huntington avenue under the level of Massachusetts avenue. At the same time, street car tracks will be removed from Huntington avenue, Copley square and Boylston street, while the present subway incline on Boylston street near Arlington street is to be removed. Huntington avenue is to be repaved and beautified. Copley square also will undergo treatment and the result will be a wide traffic artery to downtown Boston from the western side of the city, which also will eventually be tied in with Route 1 and other roads to the south and southeast.

Business Benefits.

I am sure that business in that section will be greatly benefited by the change and that merchants along Huntington avenue will get back some of the business they lost during the period of construction. There is no doubt in my mind but that if the General Court sanctions the greater highway improvements we are seeking that my contention that present traffic troubles have a depressing effect on business will be borne out by the improved conditions that will follow the changes. The program as laid out will not cost Boston taxpayers a single penny.

Now we come to the problem represented by the fact that although I have been able to reduce the expenses of operating the city, the economies thus effected have been offset by the drop in valuations. As a comparison, let us suppose that any one of you decided on a strict economy program in running your household. By denying yourself many things and by making old clothing and old furniture do, even though members of your family clamored for new things, you succeeded in living within the budgetary figures you had decided upon. And then you suddenly learned that your income had been reduced to a point that accounted for all the savings you had effected. And if that situation continued, year after year, you would realize how your Mayor feels. The only satisfaction comes in keeping faith with the people after pledging economy, and knowing that if expenses are not kept to the lowest possible figure the tax rate will soar.

Another of our problems is the financial relation between city and state. Under our statutes the Commonwealth levies certain assessments against cities and towns. These include a share of the cost of parks, sewerage and other things under control of the Metropolitan District Commission, and a proportionate share of the state tax. The last-named item fluctuates with the amount of the deficit but in 1940 the total of assessments levied on Boston was about $6,000,000.

In the last three years the assessments have exceeded the reimbursements. Among the principal payments by the state to the city are those from the highway fund, from the income tax collections, that amount being based on the state tax rate; and from the corporation taxes collected. In 1940, our allotment from the Highway Fund was about $2,000,000.

Fight to Lessen Burden.

Since I took office we waged a successful fight against legislative authorization of unnecessary additional expenditures, which would have resulted in higher Metropolitan District assessments, and Boston obtained legislation, effective in 1941, to relieve the Metropolitan District of $500,000 of assessments by transferring this charge to the Highway Fund.

A perennial headache to the fourteen cities and towns affected is the deficit of the Boston Elevated Railway, which, by legislative action, must be divided among those communities which are served by the transit system. Of course, the lion's share of that headache falls on Boston which, last year, had to pay sixty-four per cent of the deficit, or the sum of $1,754,225.

There is no question but what the assessment of the deficit is another millstone about the neck of the taxpayer and if it could be lessened, or eliminated, great benefit would result. The city has made available additional money to carry on the study, survey and investigation which the Boston Finance Commission and myself are making to determine whether the Elevated system is being run in accordance with law and the good principles of trustee management.

The result of this action should serve to set at rest superficial argument, pro and con, as to the relationship between the Elevated and the cities and towns it serves, especially Boston. We know that the influx of personal transportation as represented by the automobile has cut into the revenue of the company. The service the Elevated provides is essential and if the system cannot operate on income it is a debatable question whether or not public agencies should carry the deficit so that the service may continue.

The operating deficit in connection with the Sumner Tunnel is another of our problems. We have been successful in reducing that deficit. From 1937 to 1939 it was cut $188,000, or 40 per cent. In addition, the state, under legislation sponsored by the city, has contributed $50,000 for each of the past two years toward the tunnel expense, thus further reducing the tax burden.

As I said before, the things I have touched on represent the major problems that confront the city. Each of them bears directly on the all-important tax rate. Each must be dealt with in the best way possible. Equitable legislation could solve some of them; the rest we must cope with ourselves.

I trust my brief résumé has given my audience a better insight into city government and some of the hurdles that must be topped to properly administer the affairs of a large municipality.

No mayor can perform miracles. He can only do his best to give those who elected him clean, honest direction of their affairs and if he does so, regardless of criticism, if he maintains the necessary services at a minimum of cost, while stopping financial leaks wherever possible, he will at least have the satisfaction of knowing he has done his best.

Thank you, and goodbye.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Public Works Department (Sanitary Service).

For the period ending February 8:

James Hennessey, teamster-laborer, 2⅝ days, $13.13; Daniel McCarthy, teamster, 2⅝ days, $13.13; Patrick F. Scanlon, teamster-laborer, 2⅝ days, $13.13; Richard S. Judge, chauffeur-laborer, 2⅝ days, $14.44; Joseph Herbst, teamster, 2⅝ days, $13.13; Patrick M. Costello, laborer, 2⅝ days, $13.13; George F. Golden, teamster-chauffeur, 2⅝ days, $14.44; Matthew Muliero, chauffeur-laborer, 7¾ days, $42.63; Hugh P. Doherty, chauffeur, 2⅝ days, $14.44, Martin J. McDonough, chauffeur-laborer, 2⅝ days, $14.44; Frank Dias, teamster-chauffeur, 3⅝ days, $19.94; Edward C. Murphy, teamster-chauffeur, 3⅝ days, $19.94; James J. Shea, laborer, 3¼ days, $16.25; James W. Sheehan, laborer, 3⅝ days, $18.13; Neil M. Murphy, laborer-chauffeur, 3⅝ days, $18.13; James P. Johnson, laborer, 5½ days, $27.50; Edward Batson, Charles J. Wood, laborers, 3⅝ days, $18.13 each; John F. Doyle, laborer-chauffeur, 3¼ days, $17.88; Samuel R. Puleo, laborer-chauffeur, ⅜ day, $2.06; Melvin J. Melanson, chauffeur-laborer, ⅜ day, $2.06 and 3¼ days, $16.25; Harry J. Kane, teamster, 3⅝ days, $18.13; William H. Cochran, teamster-laborer, 1⅜ days, $6.88; Salvatore Puopolo, laborer, 1⅞ days, $6.88; Leo L. Duffy, teamster-laborer, 3⅝ days, $18.13; Edward Skane, chauffeur-teamster, 4¾ days, $23.75; James H. McGough, laborer, 3⅝ days, $18.13; John J. McDonald, teamster-chauffeur, 9¼ days, $53.63; August P. Charbonnier, Henry F. Collett, teamster-laborers, 4¾ days, $23.75 each; Joseph L. Gould, teamster-laborer, 2⅛ days, $10.65; William McGahey, teamster-laborer, 3⅝ days, $18.13; Arthur W. Blankenburg, laborer, 3⅜ days, $18.13; Dennis J. Dempsey, teamster-laborer, 1¾ days, $8.75; Walter J. Martin, teamster-laborer, 4 days, $20; William Cunningham, chauffeur-laborer, 3⅜ days, $18.56; Arthur D. Doherty, chauffeur-laborer, 4½ days, $24.75; William Logue, laborer, 4½ days, $22.50; Michael Carroll, David C. Kelleher, Michael J. Kelley, laborers, 3⅝ days, $18.13 each; George E. Mason, Benjamin Glennon, laborers, 1⅛ days, $5.63 each; Michael S. Ryan, teamster-laborer, 3⅝ days, $18.13; James F. Cosgrove, stableman, 3⅝ days, $18.13; George N. Fletcher, laborer, 3⅜ days, $18.13; Walter A. Bliven, chauffeur-laborer, 3⅝ days, $19.94; William J. Kelly, chauffeur-laborer, 5⅜ days, $32.31; James P. McLaughlin, laborer, 1⅜ days, $6.88; John Clancy, James W. Collins, teamsters 3⅝ days, $18.13 each; Paul F. Daley, laborer, 3⅜ days, $18.13; Daniel J. Murphy, chauffeur-laborer, 3⅝ days, $18.13; William D. Watson, chauffeur-laborer, 4½ days, $24.75; Dennis Dacy, laborer, 3⅝ days, $18.13; Thomas F. Smith, laborer, 1⅛ days, $5.63; William T. Gillen, teamster, 3⅝ days, $18.13; William F. Hinchey, 1½

days, $7.50; John J. Monohan, laborer, 4 days, $20; Patrick Walsh, teamster-chauffeur, 4½ days, $22.50; Hugh Barry, chauffeur-teamster, 12 13/16 days, $70.47; Frank M. Kelley, teamster, 12 13/16 days, $60.31; Edward F. Noonan, teamster, 4¾ days, $23.75; Richard Kelley, laborer, 12 7/16 days, $62.19; Thomas E. Madden, teamster-laborer, 1 day, $5; Charles J. Donners, chauffeur-laborer, 4½ days, $24.75; Louis V. Kilduff, chauffeur-laborer, 12 9/16 days, $69.09; Henry McFadden, teamster-chauffeur, 4 days, $20; William H. Bennett, teamster-chauffeur, 4 days, $22; James L. Brooks, chauffeur-laborer, 1 7/16 days, $7.91; John Marshall, chauffeur, 8⅞ days, $48.81; George Brookfield, teamster-chauffeur, 12 13/16 days, $70.47; Daniel J. Dolan, teamster-chauffeur 4½ days, $24.75; John J. Hillen, teamster-chauffeur, 11¼ days, $56.25; George M. Turner, teamster, 6⅛ days, $33.69; John R. Martin, chauffeur-laborer, 8 days, $44; Angelo Foppiano, chauffeur-laborer, 8⅜ days, $46.06; Francis Archilles, laborer, 3⅜ days, $18.75; John J. Carey, teamster, 3 days, $15; Charles Daley, James M. Igoe, Francis McLaughlin, teamsters, 3¾ days, $18.75 each; Frank H. Williams, teamster-chauffeur, 3⅜ days, $18.56; Joseph Mudge, laborer, 3¾ days, $18.75; Andrew Morrissey, laborer, 3 days, $15; Patrick J. Ryan, laborer, 1⅛ days, $5.63; Patrick J. Sullivan, laborer, 3¾ days, $18.75; Joseph Engano, Joseph F. Bragg, teamster-laborers, 3¾ days, $18.75 each; William McAlduff, laborer, 2⅛ days, $10.63; George Freeman, chauffeur-laborer, 11 7/16 days, $62.91; Maurice McCarthy, teamster-laborer, 3⅜ days, $16.88; Walter G. Glennon, teamster-chauffeur, 3⅞ days, $21.31; John J. Carter, chauffeur-laborer, 3⅞ days, $21.31; Gordon H. Morrill, Walter Donovan, Frederick Harnden, teamster-chauffeurs, 3⅞ days, $21.31 each; Michael J. Kennedy, John J. Maguire, teamsters, 3¾ days, $18.75 each; John F. O'Toole, teamster-laborer, 3¾ days, $18.75; Cornelius Sullivan, feeder, 3¾ days, $18.75; John Sullivan, Thomas Hession, stablemen, 3¾ days, $18.75 each; Patrick Costello, chauffeur-laborer, 5½ days, $30.25; Joseph R. Lucacio, laborer, 5½ days, $27.50; Horace A. Bourdon, Lawrence L. Brennan, teamsters, 4 days, $20 each; Gregorio Campo, teamster-chauffeur, 5½ days, $30.25; Nicholas Cesso, teamster-chauffeur, 5½ days, $27.50; Francisco Corvino, Fillippo DeMatteo, Joseph F. Doherty, James J. Glancy, John F. Hannon, teamsters, 5½ days, $27.50 each; Cuistino Marcantonio, teamster, 5½ days, $27.50; Humphrey J. McCarron, watchman, 4 days, $20; Daniel P. Minihan, teamster-chauffeur, 5½ days, $27.50; Albert A. O'Hare, teamster, 4 days, $20; Giuseppe Salemi, teamster, 4½ days, $22.50; Charles Connors, laborer, 5½ days, $27.50; Edwin J. McLaughlin, teamster-chauffeur, 5½ days, $30.25; James Kearney, laborer, 5½ days, $27.30; John H. Horton, teamster-chauffeur, 5½ days, $30.25; Peter Potenza, laborer, 5½ days, $27.50; James H. Coyle, teamster-chauffeur, 5½ days, $30.25; Harold J. Holmes, teamster-laborer, 4 days, $20; Louis Pace, teamster, 5½ days, $27.50; William G. Early, teamster-laborer, 2⅛ days, $10.63; Michael Leahy, chauffeur-teamster, 1¼ days, $9.63; William T. Maloney, chauffeur-teamster, 2½ days, $11.69; John H. Reardon, chauffeur, 1⅜ days, $7.56; Charles A. Calderara, teamster-chauffeur, 3⅝ days, $19.94; John A. Carr, teamster-laborer, 3⅝ days, $18.13; George H. Corcoran, teamster, ⅜ day, $1.88; John J. Daley, laborer, 3⅝ days, $18.13; William P. Donnelly, laborer, 2½ days, $12.50; Timothy J. Donovan, Coleman F. Flaherty, teamsters, 2⅞ days, $14.38 each; Thomas Glynn, teamster, 3⅝ days, $18.13; Archileas Gouleas, teamster, 3¼ days, $16.25; James L. Hanley, teamster, 2½ days, $12.50; Bernard Maraghy, teamster, 3⅝ days, $18.13; James M. O'Rourke, teamster-chauffeur, 3⅝ days, $19.94; Thomas C. Ryan, laborer, 3¼ days, $16.25; John P. Tuohy, teamster, 2⅞ days, $14.38; Patrick G. Kelley, laborer, 3⅝ days, $18.13; James B. Gately, teamster-chauffeur, 2⅞ days, $15.81; James H. Madden, chauffeur-laborer, 3⅝ days, $18.13; John J. Riley, laborer, 2⅞ days, $14.38; John W. McLean, chauffeur-teamster, 1⅛ days, $6.19; Francis Walsh, chauffeur-laborer, 5⅛ days, $28.19; Maurice Cashman, teamster, 1⅜ days, $6.88; James C. Owens, laborer, 1¾ days, $8.75; James A. Doherty, laborer, 2⅞ days, $14.38; Robert E. Kelley, laborer, 3⅝ days, $18.13; Patrick Fitzgerald, laborer, 2⅞ days, $14.38; Hugh P. Foley, chauffeur-laborer, 2⅞ days; $15.81; Mortimer Coakley, chauffeur-laborer, 13⅜ days, $73.06; Martin J. Ciovanelli, teamster-chauffeur, 7⅝ days, $41.94; John P. Harnett, teamster-chauffeur, 7 5/16 days ,$40.22; Joseph P. Kolf, teamster-chauffeur, 7¾ days, $42.63; James McCabe, chauffeur-mechanic, 12¾ days, $70.81; William T. Courtney, chauffeur-laborer, 13 days, $78; Anthony Corrado, chauffeur-laborer, 13 5/16 days, $73.22; William A. Murphy, teamster-chauffeur, 13⅜ days, $73.56; John Mack, chauffeur-laborer, 4⅞ days, $26.81; John G. Pender, chauffeur-laborer, 3⅞ days, $21.31; Joseph Donoghue, chauffeur-laborer, 3⅝ days, $19.94; John J. Feeley, laborer, 3⅝ days, $18.13; James J. Cox, chauffeur-laborer, 4⅝ days, $25.44; John J. Coffey, chauffeur-laborer, 3⅝ days, $19.94. Total, $4,024.40.

BOSTON HOUSING AUTHORITY STARTS NEW ROXBURY SITE.

Chairman John A. Breen of the Boston Housing Authority on February 27 announced the commencement of demolition and construction operations at the site of the new housing project in the Heath street district of Roxbury, by John Bowen Company, whose low bid for the general construction of the project, including the demolition, mechanical work and site improvement, in the amount of $1,619,000, was recently approved. The site, which is bounded by the property of the Thomas G. Plant Corporation and Walden, Heath and Bickford streets, has an area of 10.3 acres, on which is situated 161 structures, which will fall under the building wreckers' adze to make way for the seventeen new multiple dwelling units containing 420 apartments, an administration building and a maintenance building.

There were 255 families living on the site. One hundred and ninety-nine of them have indicated that they will file applications for the new project, Mr. Breen said.

The new project will have apartments with seven rooms, five of which will be bedrooms. The largest units in the present projects have four bedrooms, and the maximum number of persons permitted is nine. By increasing the number of bedrooms at the Heath street project, the authority will be able to accommodate families of up to eleven persons, Mr. Breen explained.

Work on construction will begin immediately after the demolition of the existing structures is completed. It is expected that the new project will be ready in the spring of 1942.

HOUSING PROJECT STREETS NAMED AFTER NOTED RESIDENTS.

Chairman John A. Breen of the Boston Housing Authority announced on February 26 that the memory of a Civil War veteran, a militant journalist, and a beloved physician, all late residents of the Lenox street district, are to be honored by the naming of thoroughfares in the new housing project in that area.

The three thoroughfares within the project extend from Lenox street to Kendal street, between Shawmut avenue and Tremont street.

Running parallel with and nearest to Shawmut avenue is Trotter court, named in honor of William Munroe Trotter, founder of the Boston *Guardian*, one of the foremost negro newspapers of Boston. He served in the capacity of editor of this publication from its beginning in 1901 until the time of his death in 1934. Mr. Trotter, a Harvard graduate, achieved national fame as a champion of the cause of his race and was regarded as a man of great influence in Boston's colored circles.

Bisecting the project between Shawmut avenue and Tremont street is Lattimore court, which will perpetuate the name of Dr. Andrew B. Lattimore, a physician whose practice was conducted primarily in the area of the present site. Doctor Lattimore endeared himself to his neighbors not only as a capable physician and personal advisor, but also as a man of extreme charity. Much of his great work in that district was done with full knowledge that his patients could not compensate him, but he was impelled by a deeply rooted charity toward his fellow men and gave freely of his services.

Ditmus court, on the Tremont street end of the project, honors the memory of Edward A. Ditmus, who was the last of many veterans of his race from the district who distinguished themselves in the Civil War. He was a former commander of the Robert E. Bell Post, G. A. R. Enlisting at the outbreak of the Civil War in the 29th Connecticut Infantry, Ditmus saw service on many battlefields and was discharged after the cessation of hostilities with the rank of sergeant. He had been a resident of Windsor street, in the South End, for many years before his death a few years ago and was a well-known personality of the district.

EXTRA WORK UNDER CONTRACT.

W. H. Ellis & Son Company have been directed to perform the following extra work under the contract for constructing a snow dump wharf at North Ferry, Boston, dated December 2, 1940. Items ordered: Place 4-inch by 12-inch yellow pine timber on the present dump stick. Heat and bend 25 ½-inch steel straps and fasten same to new 4-inch by 12-inch timber. Furnish and place beveled iron washers and through screw bolts, from dump stick to wharf stringers as directed. Estimated cost of extra work, $650.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land supposed to belong to St. John's Ecclesiastical Seminary, situated on the southerly side of Glenmont road, Brighton district, and bounded and described as follows:

Beginning at a point on the southerly sie of Glenmont road (formerly Kenrick street at the northwesterly corner of land of the City of Boston; thence running northwesterly by line of said Glenmont road, ten and 60-100 feet; thence turning and running southwesterly by land supposed to belong to St. John's Ecclesiastical Seminary, fifty-four and 46-100 feet; thence turning and running southeasterly by land supposed to belong to St. John's Ecclesiastical Seminary, fifteen and 63-100 feet to land of the City of Boston; thence turning and running northeasterly by curved and straight line by land of the City of Boston, sixty-seven and 27-100 feet, to the point of beginning, containing five hundred and ninety-five square feet, for school purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 11 o'clock a. m. of February 27, 1941, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:

EDWARD P. FOGARTY,
Acting Secretary.

—

CITY OF BOSTON,
BOARD OF STREET COMMISSIONERS,

February 27, 1941.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published February 8 and 15, 1941, in the *City Record,* and has given the public hearing, notice of which was given in said order; and

Whereas, The Department of School Buildings of the City of Boston, with the approval of the Mayor, has selected, designated and requested the Board of Street Commissioners of said city to take for said city for school purposes the land hereinafter described, in that part of Boston formerly Brighton; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 466 of the acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for school purposes, the following described parcel of land, including the trees, buildings and other structures standing upon or affixed thereto.

A parcel of land, supposed to belong to the Boston Ecclesiastical Seminary, bounded:

Northerly by Glenmont road, ten and 60-100 feet on a curve of three hundred thirty-three and 4-100 feet radius; southeasterly by land supposed to belong to the City of Boston, sixty and 8-100 feet; easterly by the same, seven and 19-100 feet on a curve of seven feet radius; southwesterly by other land supposed to belong to said seminary, fifteen and 63-100 feet, and northwesterly by the same, fifty-four and 46-100 feet, containing five hundred and ninety-five square feet, more or less.

Said parcel is shown on a plan marked "City of Boston, Glenmont Road, Brighton, September 21, 1929, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned estate sustains damages by the taking in fee of land situated on Glenmont road, Brighton district, for school purposes, under the order of the Board of February 27, 1941, in the amount hereinafter mentioned, and awards said amount therefor.

The Boston Ecclesiastical Seminary, 595 square feet, $1.

EXTENSION OF CONTRACTS.

The Mayor has approved the extension of contracts, with firms noted to the dates requested, by the Superintendent of Supplies, J. A. Breen:

The Platt Contracting Company, Incorporated, has been granted an extension of the time of completion of the contract for the erection and completion of men's dormitory at Long Island, Boston Harbor, which originally called for 130 working days.

Please find enclosed agreement for extension, together with the reasons for such request, which are as follows:

Item 1: July 26, 1940, carpenters' strike for travel time with carpenters returning to work on July 30, 1940; August 25, 1940, masons started brick work, with strike beginning, for the same reason, on August 30; men returning to work September 16, pending arbitration.

Item 2: January 1, 1941, serious delay began because of priority defense contracts, which caused considerable delay and shortage of men and materials, particularly skilled laborers and metal workers, and lack of cubicle partitions and metal trim.

As a result of this unforeseen delay the laying of asphalt tile flooring was substantially retarded since the flooring could not be laid until the cubicles were received, set up and put in place. These were received in very small lots up until Fbruary 4, 1941, which was the first date upon wrich the actual laying of the floor began, after which laying of floors the cubicles were finally placed.

Item 3: Because of the present cold weather the building is not acceptable and cannot be until warmer weather, on or about May 1, 1941.

Platt Contracting Company, Incorporated, has been allowed to amend the contract for the erection and completion of a men's dormitory on Long Island, Boston Harbor, by striking out in Article II thereof, the words "within one hundred thirty working days from the date of approval of this contract by his Honor the Mayor" and inserting in place thereof the words "on or before May 1, 1941," so that said Article II will read as follows:

"ARTICLE II. The contractor shall carry on the work with due diligence and dispatch, shall bring the work to entire completion as defined in the specifications on or before May 1, 1941, and shall be liable in damages for any failure so to do, all as defined in the specifications."

Said contract is further amended by striking out the words "one hundred thirty working days" in the sixth line of paragraph (d) of section 4 and inserting in place thereof the words "within the time designated herein" so that the first sentence in said paragraph will read as follows:

"In General: Upon the award of the contract and the approval thereof by the Mayor, the contractor shall commence work forthwith, carry it on with all reasonable activity and dispatch, give all notices, take out all permits, and pay all charges, fees and rates therefor and bring the work to entire completion within the time designated herein."

The Boston Consolidated Gas Company has been granted an extension of the contract (*a*) for furnishing illuminating gas, and (*b*) for equipment and the lighting and extinguishing of gas lamps, for a further period of one year, in accordance with the provisions of Article 8 of said contract.

RETIREMENT BOARD REPORT.

BOSTON, February 28, 1941.

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, February 14, February 19 and February 28, the retirement from active service of the following-named employees and members of the Boston Retirement System were approved to become effective at the close of business February 28, 1941:

BUILDING DEPARTMENT.

Edward H. Roemer, supervisor of construction, salary at time of retirement $7,500 a year.

FIRE DEPARTMENT.

Charles C. Boyd, hoseman, salary at time of retirement $2,100 a year.

OVERSEERS OF THE PUBLIC WELFARE.

John J. Bench, supervisor, salary at time of retirement $2,600 a year.

PARK DEPARTMENT.

Patrick F. Cullanan, foreman, salary at time of retirement $2,500 a year.

PUBLIC BUILDINGS DEPARTMENT.

Patrick F. Joyce, custodian, salary at time of retirement $1,716 a year.

PUBLIC WORKS DEPARTMENT.

Edward J. Feeney, laborer, salary at time of retirement $1,565 a year.

Frank E. Haley, laborer, salary at time of retirement $1,565 a year.

Timothy O'Brien, watchman, salary at time of retirement $1,565 a year.

Harry J. Rockett, chief clerk, salary at time of retirement $3,000 a year.

Patrick J. Galvin, mason, salary at time of retirement $2,184 a year.

SCHOOL DEPARTMENT.

Henry W. B. Arnold, master, salary at time of retirement $4,464 a year.

SUFFOLK COUNTY.

Michael Quirk, officer, salary at time of retirement $2,000 a year.

Edward J. Pigeon, officer, salary at time of retirement $2,172 a year.

Attest:

WILFRED J. DOYLE, *Chairman.*

POLICE DEPARTMENT ORDERS.

General Order No. 570.

Sergt. Thomas P. Gavin, Patrolmen Arthur E. Reeves and William R. Kilty, all attached to Division 9, are commended for efficient police duty in connection with the arrest of a man who had committed numerous handbag snatchings, robbery unarmed, and breaking and entering cases on Divisions 11 and 19.

The commissioner is pleased to recognize and commend these officers for their initiative and splendid judgment shown in effecting this important arrest.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Clover street, Dorchester district, as a highway, from Minot street to Gallivan Boulevard, bounded and described as follows:

A highway named Clover street is hereby laid out, from Minot street to Gallivan Boulevard, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Joseph Burke, City of Boston Tax Title, bounded:

Southeasterly by Gallivan Boulevard, ten and 55-100 feet; southwesterly by land hereinafter described as taken from Berlo and by other land supposed to belong to said Burke, by two measurements, ninety-seven and 1-100 feet and twenty-one and 53-100 feet; northwesterly by Clover street, thirty-one and 44-100 feet, and northeasterly by other land supposed to belong to said Burke, one hundred twenty-three and 79-100 feet, containing twenty-six hundred and eighty-two square feet, more or less.

A parcel of land, supposed to belong to Anthony G. Berlo, bounded:

Southeasterly by Gallivan Boulevard, twenty and 30-100 feet; southwesterly by other land supposed to belong to said Berlo, ninety-nine and 11-100 feet, and northeasterly by land hereinbefore described as taken from Burke, ninety-seven and 1-100 feet, containing nine hundred and eighty-five square feet, more or less.

The land, owners unknown, being the private way known as Clover street.

Trees or structures standing upon or affixed to the aforedescribed land will be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said highway as hereby laid out is bounded:

Southeasterly by Gallivan Boulevard, thirty and 65-100 feet; southwesterly by the southwesterly line of said Clover street as hereby laid out, four hundred eighty-three and 48-100 feet; northwesterly by Minot street, thirty feet, and northeasterly by the northeasterly line of said Clover street as hereby laid out, four hundred seventy-seven and 11-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Clover street, as laid out under this order, fom Minot street to Gallivan Boulevard, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Clover Street, Dorchester, Assessment Plan, November 21, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.		Amount.
1.	Herbert S. Campbell *et al*	$102 18
2.	Nellie Morrison	149 52
3.	Victor Seaburg *et al*	83 07
4.	Helen Murphy	82 71
5.	Rebecca Segal, City of Boston Tax Title	164 13
6.	Joseph Burke, City of Boston Tax Title	152 54
7.	Catherine A. Holloran	99 10
8.	Elmer P. Oakman	156 90
9.	John P. Riley *et al*	83 07
10.	John P. Riley *et al*	299 10
11.	Anthony G. Berlo	174 02
	Total	$1,546 34

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the making of the public improvement consisting of the laying out and construction of Clover street, Dorchester district, as a highway, from Minot street to Gallivan Boulevard, under the order of the Board of January 30, 1941, in the amounts hereinafter mentioned and awards said amounts therefor.

Joseph Burke, City of Boston Tax Title, 2,682 square feet, $1.

Anthony G. Berlo, 985 square feet, $1.

FIRE DEPARTMENT ORDERS.

General Order No. 9.

I. BOARD OF MERIT.

The Board of Merit of the Boston Fire Department, consisting of the chief of department and deputy chiefs, has considered all meritorious acts referred to it for the year 1940. After careful consideration and study the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

Case of Capt. William M. Phelan, Ladder Company 31, fire, still alarm, 9.26 a. m., May 10, 1940, 149 Bennington street, East Boston.

At 9.26 a. m., May 10, 1940, Engine 5, Ladder 31 and District 1 responded on a still alarm for a fire at 149 Bennington street, East Boston. Lieut. William C. McCarthy and Hoseman Arthur W. Howard of Engine Company 5 ran a booster line through the first floor to the cellar entrance. Lieutenant McCarthy then left to assist in laying a 2½ inch line. Hoseman Howard who carried a gas mask attempted to don it on the cellar stairs. While doing this, Hoseman Howard either missed his footing or was overcome by smoke and heat and fell from the stairs to the cellar floor being stunned by the fall and unable to help himself. Capt William M. Phelan of Ladder Company 31, who was on the first floor, heard Hoseman Howard's cry for assistance. He immediately groped his way down the cellar stairs through smoke and heat and found Hoseman Howard in a semi-conscious condition about 5 feet from the fire. He carried Hoseman Howard up the cellar stairs, through the first floor and thence to the street where Hoseman Howard was revived.

This heroic act by Captain Phelan undoubtedly prevented serious injury to Hoseman Howard and perhaps even the loss of his life, and he was highly commended by the Fire Commissioner in General Order No. 25, Series of 1940.

Because of the great personal risk to which Capt. William M. Phelan exposed himself in performing this rescue work, due to the presence of smoke, heat, illuminating and carbon dioxide gases from ruptured pipes in the building, the Board recommends that his name be placed on the Roll of Merit.

After carefully reviewing the following cases the Boarl is of the opinion that the members concerned have already received sufficient commendation for the services rendered and has no further recommendations to make regarding the same.

Rescue work at Box 315, 11.29 a. m., January 11, 1940, 171 and 173 Winthrop street, Roxbury.

The details concerning this rescue work are contained in General Order No. 5, Series of 1940, in which Hoseman Edward J. Clarke and Harold J. Goff of Engine Company 12 were highly commended by the Fire Commissioner for the services rendered by them at this fire. The Board is of the opinion that these members have received sufficient recognition for the services performed on that occasion.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

NOTICE TO DEPARTMENT HEADS

BOSTON, March 4, 1941.

To All Department Heads.

It has been brought to my attention that when letters are referred to city departments for report, many departments have not been answering promptly, and as long a period as one month has passed without a reply.

To every letter sent to any department head from my office, I insist upon an answer within one week at the most. The public has a right to receive a quick response to their letters and I want department heads to cooperate in this most important matter.

A follow-up system is being maintained in my office to check on late replies.

MAURICE J. TOBIN, *Mayor.*

RECEIPTS OF MILK IN BOSTON BY RAIL, STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 24, 1941.

Regular meeting of the City Council in the Council Chamber, at 2 p. m., President GALVIN in the chair, and all the members present, except Coun. Kelly and Ward.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weighers of Coal: Ralph F. Seretto, 22 Franklin street, Arlington, Mass.; Julius Wilansky, 80 Goodale road, Dorchester, Mass.

Weigher of Goods: Julius Wilansky, 80 Goodale road, Dorchester, Mass.

Constable for term ending April 30, 1941, without power to serve civil process and to serve without bond, *vice* Stanley Wollaston, resigned: Lawrence D. MacDougall, 182 Poplar street, Ward 19.

Severally laid over a week under the law.

APPROPRIATION FOR BOARD ON REPRESENTATIVE DISTRICTS IN COUNTY OF SUFFOLK.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1941.

To the City Council.

Gentlemen, I am in receipt of the attached request from the State Treasurer that a payment of five hundred dollars ($500) be made in connection with expenditures by the Board of Special Commissioners on Representative Districts appointed under the provisions of chapter 467 of the Acts of 1939. In accordance with this request, I submit the accompanying appropriation order and respectfully recommend its adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the sum of five hundred (500) dollars be, and hereby is, appropriated, to meet the expenses of the Board of Special Commissioners on Representative Districts in the County of Suffolk through November 30, 1940, as certified by the State Treasurer under the provisions of section 2 of chapter 467 of the Acts of 1939, said sum to be charged to the Contingent Fund.

Referred to Executive Committee.

APPROPRIATION FOR CEMETERY DIVISION.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1941.

To the City Council.

Gentlemen,—In the preparation of the 1941 budget, provision was made, as in previous years, that $60,000 of the maintenance expenses of the Cemetery Division of the Park Department should be charged against income of the Cemetery Fund.

Before this income can be utilized it is necessary that an appropriation be made.

I accordingly submit herewith, in accordance with the provisions of chapter 117 of the Acts of 1913, an order providing for the appropriation from the income of the Cemetery Fund in the sum of $60,000; the same to be utilized in meeting maintenance expenses of the Cemetery Division, and respectfully recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 117, Acts of 1913, the sum of $60,000 be, and hereby is, appropriated from the income of the Cemetery Fund, to be expended, under the direction of the Park Commissioner, for Cemetery Division, Maintenance and Improvement.

Referred to Executive Committee.

MINORS' LICENSES.

Application for minors' licenses were received from fifty-one newsboys and five bootblacks. Applications granted, under usual conditions.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Kenneth Baldassari, for compensation for injuries caused by an alleged defect in Cushman School.

Hilda Lee Drew Beede, for compensation for injuries caused by an alleged defect at 491 Boylston street.

Patrick J. Connolly, to be reimbursed for execution issued against him.

Daniel J. Crowley, for compensation for damage to car caused by an alleged defect in Dudley street.

Cornelius J. Danaher, for compensation for damage to fence at Westville and Fredonia streets, caused by snow plow.

Margaret Dolan, for compensation for damage to hedges at 35 Wait street, by snow tractor.

George Gifford, to be reimbursed as result of accident which occurred while in performance of duty as employee of Public Works Department.

William H. Gorton, for compensation for damage to car by city truck.

Dorothy Grimes, for compensation for injuries and damage to property on East Cottage street, caused by city car.

Michael J. Kilroy, to be reimbursed for execution issued against him.

Michael J. Kilroy, to be reimbursed for execution issued against him.

Michael J. Kilroy, to be reimbursed for execution issued against him.

Michael J. Kilroy, to be reimbursed for execution issued against him.

Joseph H. Kline, for compensation for damage to car caused by an alleged defect in Columbus avenue.

Margaret Leighton, for compensation for damage to coat caused by an alleged defect in Tremont street.

Jane V. Martin, for compensation for injuries caused by an alleged defect in G street, South Boston.

Mary Mercadante, for compensation for damage to coat caused by an alleged defect at 375 Washington street.

Hammond W. Ordway, Jr., for compensation for damage to car caused by an alleged defect in Boylston street.

Joseph Pagliarulo, for compensation for damage to car caused by an alleged defect in Sumner Tunnel.

Benjamin Peltz, for compensation for damage to property caused by city motor vehicle.

William Richards, for compensation for damage to truck by city wagon.

Mary Sullivan, for compensation for injuries caused by an alleged defect in Franklin avenue.

William Trayes, for compensation for damage to car by police department vehicle.

Nicholas Dunphy, to be reimbursed for trucking services rendered city during snow removal, 1936.

Robert J. Doherty, for compensation for damage to car caused by city car.

OPINION OF CORPORATION COUNSEL RE PROPOSED TRAFFIC ARTERY BILL.

Coun. SHATTUCK offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to give an opinion on the following questions of law arising with respect to the pending bill relating to an elevated highway and other highway improvements in and near the City of Boston:

1. Do the provisions of said bill as filed — which authorize the City of Boston to issue its bonds to defray the cost of said improvements and which provide that the State Treasurer shall pay the city to meet the principal and interest due on said bonds annually certain sums from the Highway Fund of the Commonwealth — impose a binding legal obligation on the Commonwealth, and upon the Legislatures thereof subsequent to the General Court elected for the years 1941 and 1942, to continue to provide for such payments?

2. Would it be possible for the General Court to repeal said provisions requiring payments from the Highway Fund to meet said principal and interest payments on the said bonds after said bonds had been issued by the City of Boston?

3. Would it be possible to frame a legislative provision requiring such payments from the Highway Fund (to the extent that it contained adequate funds from time to time) which would impose an obligation upon the Commonwealth and upon subsequent legislatures which could not be repealed without impairment of the obligation of contract in violation of the Constitution of the United States?

4. Would any constitutional provision prevent the enactment of a statute requiring the State Treasurer to place upon the City of Boston bonds issued for such highway improvements a statement that the revenues from the gasoline tax, to the extent of a specified annual amount for a specified period of years, were pledged to the payment of the principal and interest of said bonds and were permanently segregated and appropriated to said purpose, so as to make said statement a binding endorsement or guaranty of said bonds to the extent set forth in such statement?

5. If the answer to the preceding question is in the affirmative, would the authorization of such an endorsement require a two-thirds vote of both houses of the General Court?

6. Would it be competent for the General Court to authorize a special excise of 1 cent or some other amount per gallon upon all gasoline sold within the Metropolitan Parks, Sewer, and Water districts, or within some other defined area of Metropolitan Boston, the revenues from which would be devoted to defraying the principal and interest on said bonds so long as any of said bonds were outstanding?

Coun. SHATTUCK—Mr. President, this order requests information from the Corporation Counsel on various questions arising under the bill upon which we acted at the last meeting, for an elevated highway and other street improvements in and about Boston. At the time we discussed that bill, we assumed that if passed in the form in which it was presented, it would impose no obligation on the City of Boston, because, although bonds of this city were to be issued, the state would provide annually from the Highway Fund a sum sufficient to pay the principal and interest requirements as they fell due. We assumed that that would be so. Since then questions have arisen as to whether a subsequent Legislature would be bound, and as to whether in the year 1943 or 1944 the Legislators might decline to make any appropriation from the Highway Fund and thereby throw on the City of Boston the burden of meeting the principal and interest on the bonds. That, of course, is a very important question. The order I have filed also inquires of the Corporation Counsel as to whether, if the Legislature amended the bill so as to provide a pledge of money from the Highway Fund, as a guaranty on the bonds, that would be a contract binding on future legislatures; also whether, if the Legislature saw fit to do so, a special gasoline tax in some district comprising Boston and the surrounding cities and towns might be imposed to meet the interest and principal on the bonds. Of course, these questions are very important questions to decide, because I assume that the action taken last week might have been very different if we believed we were under obligation to meet the principal and interest on these bonds from City of Boston revenue, or that we might be figuring on legislation that a future Legislature would change. I hope, therefore, that these questions will be submitted to the Corporation Counsel.

Coun. GOTTLIEB—Mr. President, I would like to ask a question,—whether there would be an analogy between this situation and the legislative act by which the state agreed that 5 per cent dividends should be paid to the Elevated? The Legislature is bound by that statute, and why not by this?

Coun. SHATTUCK—That was a contract. It was a contract, a lease between the State and the Boston Elevated Railway Company, in which the State was the lessee and the Elevated Company the lessor. It was to last for a period of years, and subsequently a new lease increased the period. But it was a contract, and during the period of the contract between the state and the company, the contract could not be abrogated.

The order was passed under suspension of the rule.

ASSUMING OF RELIEF EXPENDITURES BY STATE.

Coun. TAYLOR offered the following:

Whereas, The public welfare expenditures have increased steadily since 1930;

Whereas, The assessed value of property in the City of Boston has decreased considerably since 1930;

Whereas, Practically the only means of income to the city is by taxes assessed on property; be it

Resolved, That the City Council of Boston requests his Excellency the Governor to initiate legislation to the effect that the greater portion of relief expenditures shall be assumed by the Commonwealth in order to relieve the overburdened house and property owner of the cities and towns of our state.

Coun. TAYLOR—Mr. President, I read an article in the newspaper the other day pertaining to a certain gentleman who comes out of his hole about this time every year, and I refer to Mr. Loeffler of the Boston Municipal Research Bureau. For some reason or other he has information which we have not as yet received. He makes a statement that the taxes of Boston are going to be increased considerably during this year. Well, I don't know where he gets his information. This same gentleman,—we hear from him only about once a year, just about the time that the appropriations for the budget come before the Council. He is a gentleman, of course, who receives a large salary from this particular bureau for the purpose of trying to reduce the tax rate in the City of Boston. I don't know whether he has ever been successful in so doing. All during the period that I have had contacts with him, or since I have had any interest in the affairs of the City of Boston, I have never heard him make any statement of approval or commendation of anybody or their efforts in trying to help the taxpayers of the City of Boston. He seems to think it is his duty to denounce those in charge of the city government. I imagine perhaps he gets paid his large salary for the purpose of trying to convince the members of his organization who pay him this handsome salary that something is wrong in the city government. Today I read an editorial in one of the Boston newspapers which commended our Mayor for the excellent administration he has given to the City of Boston while he has been in office. It is rather surprising to me, Mr. Chairman, that this distinguished gentleman should give so much of his time at this period of the year to try and convince the members of his organization

and the public at large that he is the watchdog of the treasury and that something ought to be done to cut down the tax rate of Boston. Well, we all know that something should be done to cut down the tax rate of the City of Boston, and no one knows better than he that the present administration has certainly done and is doing everything possible to cut down the tax rate of the City of Boston. But there are certain things that cannot be cut, and he knows it, but he would never lead any one to believe that these are the facts, but he would desire to place the blame on the Mayor and City Council with reference to the tax rate. He knows that the welfare expenses of the City of Boston has increased considerably since 1930, up to close to $15,000,000. Where does he believe that money is coming from? He knows it must come from the property owners. He knows these people must be fed, although there are times when I am of the opinion that perhaps he would rather have them starve in order to cut down the tax rate. He knows that we must pay for all the services we receive in the City of Boston, and he knows that since 1930 the administrative expenses of Boston have been cut down tremendously, particularly during the last three years, in Mayor Tobin's administration. He knows that these expenses have been cut down in all departments to such an extent that it has reached the point now that public service might be impaired. Then, why does he come out with these statements, when he knows the Mayor has submitted a budget far less than was spent by the City of Boston last year? He claims that the Mayor of Boston has done away with the no-hiring policy. That is absolutely not a fact. We know there is not a department in the entire City of Boston that could not use more help, but at th risk of impairment of service the Mayor has stuck pretty close to this particular policy, and if you will notice this year's budget you will observe that the chairman of the Committee on Appropriations has asked every department head who has appeared before him, "Have you increased the personnel this year?" and practically every answer has been, "No." So evidently this distinguished gentleman must be talking through his hat, or the department heads are not giving us the proper information. He seems to complain that there have been an additional ninety-five patrolmen added to the police force. We all know conditions in Boston so far as crime is concerned. I wish he would come out to my district and receive the complaints I receive from people who live in that neighborhood who complain that they have been attacked or have been robbed, and I wonder if he would then want to cut down the tax rate by depriving the people of Boston of that protection to which they are entitled. He has come in here year after year wanting to cut down salaries of people who are barely making enough for their existence. He wants to cut down our public service, particularly in the hospitals and in the Health Department so it would jeopardize the health of the people of Boston. He knows it cannot be done without causing tragedy in our city. To receive this publicity he comes out with statements in advance that the tax rate of the City of Boston is going to go up this year. Well, we have received no information to that effect, and as a matter of fact, I am convinced that it is going to go down this year, if for no other reason than the capable administration of the city officers. Why doesn't this gentleman do something constructive instead of giving us destructive statements? He knows the City of Boston during the past ten years has paid out a far greater amount of money in welfare than in any other period of its history. In 1930 it was $5,000,000, and it has gone to $15,000,000. That is an increase of over $10,000,000. The people of Boston have to be fed. The Boston Municipal Research Bureau is not going to feed them. Mr. Loeffler knows that during the past ten years our tax assessment has been reduced by about 25 per cent. The City of Boston property was assessed in 1930 close to two billion dollars. Today it is not assessed for any more than 1¾ billion, which is 25 per cent less. Mr. Loeffler knows of necessity that the tax rate must go up in the same proportion. Now, I say, Mr. Chairman, that the State of Massachusetts must do what other states are doing at the present time. They must begin to realize that the City of Boston and other cities and towns are a part of our Commonwealth. They must realize that we support the Commonwealth of Massachusetts, and they must realize that it is about time that upon the shoulders of the State should rest the burden of taking care of the welfare end of our city. We need help. Our expenses have been going down, but our welfare has gone up. Our assessment has gone down, and there is only one body that can give us help, and that is the Commonwealth of Massachusetts. They must assume a great deal of that burden, and some legislation must be initiated in that particular branch of the Legislature so that we may be helped. I say to you, Mr. Loeffler, instead of handing out statements that are sent out for the purpose of trying to discredit the present administration, I say to you that on the other hand you ought to come out with statements of commendation and go to that particular governing body which can do us some good, and which must do us some good if we are going to exist.

Coun. HUTCHINSON—Mr. President, I want to agree with the councilor from Ward 12. It always seems strange to me that Mr. Loeffler and his Municipal Research Bureau attack the City of Boston but do not try to levy a tax on intangibles up at the State House. It always seems unfair to me to have real estate owners paying the assessed value of real estate when the mortgagee really owns three fourths of the value of that house. In other words, where there is no tax on intangibles, the person who is the legal owner of that house may only have an equity of $2,000, but he has got to pay a tax on $8,000 while the mortgagee, the one who holds the intangible wealth, does not have to pay any tax to the state on it. I talked to Mr. Loeffler in the corridor the other day, and I asked him why he didn't try, or why his organization didn't try, to put through a law at the State House so the real estate owners of Boston would get some benefit and so the burden would be lightened. However, he didn't seem interested in that. All he was interested in was cutting the services of the city and calling politicians every name under the sun, but he wouldn't attack the thing at its proper source.

Coun. HURLEY—Mr. President, I agree entirely with Councilor Taylor. I happened to be at the committee hearing at the State House when the gentleman referred to was called Mr. "Loafer." Perhaps that is why he is not up on all the facts about city government. He was opposing or asking for the abolishing of the Northern Mortuary in Boston and criticized the Boston Council for retaining the Northern Mortuary, and he said that the Northern Mortuary was sold to the Massachusetts General Hospital for a hospital, but the city was losing plenty of taxes. I asked Mr. Loeffler where the city was ever collecting taxes on the Massachusetts General Hospital property. If Mr. Loeffler is left alone for a little while and not publicized so much by this body, I think he will be on our own welfare rolls. The society employing him at $6,000 will realize he is not the great Mr. Loeffler that they have in their employ.

Coun. M. H. SULLIVAN—Mr. President, I think the order introduced here by the councilor from Ward 12 is highly constructive, and has ample merit for our consideration. I was at a meeting of the League of Women Voters a few weeks ago, at Perkins Hall, on Boylston street, and I heard several gentlemen speak regarding a greater metropolitan Boston. One gentleman from Harvard University presented a chart to this gathering there showing the relative merits of the forty-three cities and towns constituting metropolitan Boston. As I recall it now, it was Brookline, Wellesley and Milton which ranked No. 1, 2 and 3 in that order. I anticipate no more success in this order than we have had in our efforts to achieve a flat rate for automobiles, but I think this is highly constructive. Brookline, Wellesley and Milton are not industrial communities. The residents from those communities do their business in Boston, and just go back on the street car, train or automobile in the evening. It is a sociological truth that the poorer classes mass in industrial areas where they won't have to pay to go to work in the morning. Boston, which has more industrial property than any other city in New England, naturally attracts those classes of people who, in the event of depression or economic distress, are going to go to the welfare rolls. Brookline, Wellesley and Milton were commended highly, and everybody seemed to forget they had no welfare load. It was an educational meeting. I think it was fine to get a real picture of this as far as the various municipal governments are concerned, but I think the residents of Wellesley, Brookline and Milton should start contributing to the Boston welfare. The welfare load should not be borne by any one community. The United States Government itself has realized that it is a national problem, a broader problem than involves one city or town or any industrial area. The method of taxation so far as welfare problems are concerned is highly inequitable Boston has been holding the bag for several years. The people of Brookline, Wellesley and Milton should be paying towards the Boston welfare load. They have a moral, although certainly not a legal, obligation to do so. We hear that Boston is a vanishing city. The young people do not settle in Boston. They move out to the surrounding towns —Newton and the like. If going anywhere they do not want to go to Boston, and Boston is fraught with economic, social and moral dangers. If we are going to maintain our standards as a metropolitan area, if we are going to be considered one of the great cities of the nation, something must be done about our welfare problem. It cannot be done by the city fathers of Boston. Under the charter we have no rights whatsoever. It must be done at the State House, and it must be done soon. $14,000,000 a year on our tax rate means $10 a year of the tax rate goes to welfare purposes. That cannot be denied. Councilor Taylor has rendered a service in introducing this order, and we must do something about it. The inaugural address of his Excellency the Governor was one of the most constructive so far as Boston is concerned. He spoke about our welfare and financial and traffic problems in Boston. I think a measure of this sort whereby the state governor would take over the whole cost of welfare and not maintain a supervision over our Welfare Department,— I think if introduced in the Legislature it should pass and thereby the welfare problem would become a state problem. I think it would work towards the development of Boston and Massachusetts as a whole, because Boston is the heart of the entire Commonwealth.

The order was passed under suspension of the rule.

RATES OF FIRE INSURANCE COMPANIES.

Coun. TAYLOR offered the following:

Whereas, The fire losses in the City of Boston have been on a steady decline for many years; be it

Resolved, That the Legislature and Insurance Commissioner of our Commonwealth investigate the rates charged by fire insurance companies with the view in mind to compel them to reduce their rates to a figure which will be more equitable in relation to the fire losses sustained by them.

Coun. TAYLOR—If I had a lot of money like some of the other members here in the Council, I think I would invest it in insurance stock because in my opinion they get away with more murder than anybody else I know of. The last speaker, Councilor Sullivan, made reference to our flat rate of insurance, to secure for Boston a flat rate of insurance. Insurance companies always cry that they do not make any money, yet when the proposition is put up to them to have the State take it over, they don't want that to happen. Now I have my car insured in the Federal Mutual of Providence, Rhode Island, and every year I get a check for 30 per cent as a dividend paid to the mutual stockholders, and so far as fire and theft is concerned, they send a dividend of 50 per cent, so it must be that the profits of insurance companies are very large because they do not hand out all their money in dividends. Now, the other day the Fire Commissioner was here before the Appropriations Committee, and the question was put to the Fire Commissioner whether or not in his opinion the fire losses in Boston during the last six years have been reduced somewhat, and he gave the answer that they have been steadily declining, and the fire losses are considerably less than they were in years gone by. If that is a fact, I cannot understand why the citizens of Boston who pay these high fire insurance rates are not entitled to lower rates They certainly come under our Insurance Commissioner who is supposed to do something to protect the citizens of Boston and the Commonwealth. Why they should allow these fire insurance companies to make these exorbitant profits, I cannot understand particularly since they come within the control of the Insurance Commissioner. It is a type of business that must be closely scrutinized and investigated from time to time, so that the people who must buy insurance will not be mulcted out of millions of dollars. One of our members of the Council is on the Insurance Committee in the State House. He is not here today. He is a member of that Insurance Committee, and I think he would be interested in this perhaps, and might be able to put up one of his old battles that he does put up, to secure for the people of Boston some reduction in fire rates. Meantime, the insurance companies have been getting away with too much in all branches of insurance and something must be done by those in charge to attempt to bring down these rates which the people of Boston are now paying in gross excess.

Coun. FISH—Mr. President, I have made quite a study of this, and I am not going to take the time of this Body today, but I am going to read a few figures, and let the Body determine themselves whether or not they think that there is justification in this order of Councilor Taylor as put in today. In 1938 the premiums paid in for fire insurance protection for property in Boston amounted to $5,176,946. They paid out in that year $2,265,380. In 1939, the premiums paid amounted to $5,190,994. They paid out for fire losses the same year $2,866,693. The total in those two years, 1938 and 1939, of premiums paid in, was $10,367,000, in which they paid out actual fire losses of $5,132,000. In other words, in two years, just one small branch of insurance in the City of Boston, fire insurance alone, which they can conduct in a corner office, has shown a profit of $5,235,366. I think that will allow the members of the Council to arrive at their own decision as to what they think should be done about fire insurance rates in Boston.

Coun. SHATTUCK—I don't happen to own any stock in insurance companies, and I hold no brief for them, but I think if anyone does not like the rates which the stock companies are charging, he has a remedy by taking out insurance in a mutual company. The mutuals have no stock. They pay no dividends to stockholders because they have no stockholders. They pay losses and expenses and then divide what is left over with their policyholders, so the policyholders get all there is in it, and that is a very good remedy for anybody who does not like stock company rates.

Coun. TAYLOR—You advise that we all get out of stock companies and go into mutual companies?

Coun. SHATTUCK—I didn't give any advice on the subject. There are a number of very good mutual companies. A person has an option on one or the other. Some people think the stock companies give more service than mutual companies, and I think that may be so. I know many people of good judgment who use mutual companies, and, of course, they get back in dividends whatever is left.

The order was passed under suspension of the rule.

MACHINE SHOP DEFENSE TRAINING.

Coun. GOODE offered the following:

Ordered, That the present plans formulated by the Board of Superintendents of the Boston Public

Schools and the State Department of Education, to provide machine shop defense training in certain Boston high schools, be modified to include the Hyde Park and Roslindale high schools so that a more equitable opportunity will be made available to the many young men residing in Boston who are desirous of obtaining instructions in defense trades.

Coun. GOODE—Mr. President, several weeks ago I introduced an order in this Body asking that the School Committee open all machine shops in the Boston high schools on a twenty-four hour basis to provide training for young men interested in learning trades that would be applicable to the defense needs. The Council should be commended in passing that order for since that time plans have been made to immediately open the schools on such a basis. Federal Funds approximating five hundred thousand dollars are now available for that purpose. Judging from the way this money is to be expended, young men in the Hyde Park and other sections of Boston will not have the opportunity to learn these trades that are now available in sections such as East Boston and Charlestown. To cite a case—on one project at the Charlestown Navy Yard, almost 40 per cent of the young men are former trainees in the Charlestown high school, who have benefited by the training they received in the Electrical Department at that school, to the extent that they are now gainfully employeed. Two classes of workers take these courses—the higher class is composed of semi-skilled laborers picked from the Navy Yard. They have been employed as machinists' helpers for a year or two. The second group is chosen from the Navy Yard civil service list. This latter group, with practically no experience and despite the fact that many of them live outside of Boston and have never contributed a dollar of taxes to the city, are allowed to usurp the opportunities that should be made available to Boston's young men, especially Boston's high school graduates, who have already had training along these lines. One instructor claims that the training given these men is equal to a gift of five thousand dollars put into their pockets. If anyone should receive this benefit it is Boston's own high school graduates, most of whom will be walking the streets next summer while their machine shop facilities are used by outsiders. Many of these trainees come from the State Employment Office. I would like to commend the patriotism shown by the school authorities in cooperating with the defense program and placing its facilities at the service of the Government, but let's not forget Boston young men. They should come first. They are the ones who should benefit by the half million dollars given to the School Department. They are the ones who will be looking for jobs when the defense boom is over, yet under the present program, they will be the ones without any training. Immediate action should be taken to have the young men of Boston receive the benefits of this expenditure of Federal Funds. Let's take care of our Boston youths first.

Passed under suspension of the rule.

INCLUSION OF ORCHARD PARK IN HOUSING PROJECT.

Coun. HURLEY offered the following:

Ordered, That the Boston Housing Authority be requested, through his honor the Mayor, to take from the Park Department Orchard park, and that said park be included in the Orchard Park Housing Project and maintained by the Housing Authority.

Coun. HURLEY—This park is a small park which has been neglected by the Park Department over a period of years. The new Orchard Park Housing Project will entirely surround the park, and I think if the Housing Authority would take over Orchard park from the Park Department they would keep it in good shape for the children of that district. I hope the order passes.

The order was passed under suspension of the rule.

DELIVERY OF FUEL TO WELFARE RECIPIENTS.

Coun. COFFEY offered the following:

Ordered, That the Boston Finance Commission be requested, through his Honor the Mayor, to investigate the contracts of the Boston Ice Company and others for the delivery of fuel to Public Welfare recipients.

Coun. COFFEY—Mr. President, we had a meeting the other day before the Committee on Public Welfare, and we had one of the officials from the Boston Ice Company before us. As a result of what took place there, I think it only fit and proper that I should ask the Finance Commission to investigate, as I claim, this wholesale waste of the taxpayers' money. This thing has been going on for the past three years. I not only ask the Finance Commission to investigate, but if it is in their power I ask them to break the contract of the Boston Ice Company and others on delivery of this fuel to welfare and soldiers' relief recipients, even if they have to take this case to court. Now, these contracts call for delivery within twenty-four hours of the time the monthly checks are issued, and the representative of the Boston Ice Company admits that they haven't enough equipment to make delivery, and what is more, when I questioned the gentleman who represented the Boston Ice Company he admitted that the company didn't make any deliveries at all. He ducked the word "sublet" and said he had other companies deliver the oil or coal in the eight districts in which they hold contracts. The Boston Ice Company are low bidder in seven districts. Two of the districts are put together in the Hyde Park and West Roxbury sections. Their bid for one hundred gallons of oil was $7.76, which is seven and a little more than one half cent per gallon. With the small commission they claim they pay back to the city for cash monthly, that brings the figure down to 7.5, and that is the lowest it can be brought down, which equals 7½ cents for each gallon of oil or $7.50 for each 100 gallons of oil. Now the Boston Ice Company admitted at that hearing that right over their counter they sell oil for 5½ cents a gallon. That would be $5.50 per 100 gallons and in every one of the eight districts in which they hold contracts they have oil dealers who deliver that oil for them, and they pay these oil dealers 80 cents for each 100 gallons delivered. That gives the Boston Ice Company a profit of $1.20 for every 100 gallons, even though they do not touch one single gallon of this oil themselves. Now, in my ward alone, I went over the figures, and the Boston Ice Company has contracts there for delivery of 600,000 gallons of oil, and in East Boston that gives the Boston Ice Company a profit of $7,200, even though they sublet the contract in East Boston to a man named Daniel Keegan who delivers this oil for the Boston Ice Company at 80 cents delivered. That is just one district, and there is a profit of $7,200 for the Boston Ice Company, even though they do not deliver one gallon of oil in my district. Just take into consideration that there are twenty-one other wards in Boston besides my ward. What I am getting at in this order,—and I think it is only logical,—I think it is possible for the Finance Commission to take the Boston Ice Company and others to court, and break their contracts because in the first place they admit they have not the equipment to deliver the oil. There is a clause in that contract which says the oil has to be delivered from twenty-four to seventy-two hours from the time the checks are issued, and everybody knows it is impossible for a man with two trucks to deliver 600,000 gallons of oil in the seventy-two-hour period. I think the Finance Commission can take these people to court and break that contract. Now, touching on that alone I claim that there must be at least $100,000 waste that is given to the Boston Ice Company as the middleman. In the coal situation, I have the figures on that, and I am only going to name a few of the districts where the Boston Ice Company has contracts for the delivery of coal. In the Roxbury district the Boston Ice Company has the contract there for delivery of 50,580 tons of coal. Now, I think that the councilors will agree because we know what the situation is in our own districts. The majority of the welfare and soldiers' relief recipients receive it by the quarter ton. The Boston Ice Company was successful bidder in the Roxbury district, at $2.95 per quarter ton. Now, if all that coal is delivered by the quarter ton it would give the Boston Ice Company $11.80 for each ton they deliver. I buy coal by the ton and I pay $12.50 for a high grade type of coal, and I buy that right from the coal companies in my ward, and I do not pay any summer price, by buying five, six or seven tons and getting a cut price. I buy the standard coal and only pay $12.50 myself, where the Boston Ice Company receives $11.80 for 50,580 tons delivered in the Roxbury district. In the Brighton district they receive $3.10 for each quarter ton of coal, and $5.70 for each one half ton. They have a contract there for 2,330 tons. In the South End of Boston, the Boston Ice Company also has the contract there, and they receive for a quarter ton $3.10, and for a half ton $5.70. Most of this coal is delivered by the quarter ton which gives the Boston Ice Company in the South End district $12.40 for each ton delivered, and they have a contract for 29,000 tons.

In the Charlestown area, the Boston Ice Company has a contract and receives $3.10 for a quarter ton and $5.79 for each half ton. The contract there is to deliver 10,586 tons, and if delivered in quarter tons that would give them approximately $12.40 for each ton. In the South Boston district they also have the contract, and the figures there are the same as in the Charlestown district,—$3.10 per quarter ton and $5.79 for each one half ton. They have a contract for delivery of 18,536 tons of coal, and that is at $12.40 a ton if delivered by the quarter ton. In all the five districts the Boston Ice Company has contracts to deliver 111,032 tons of coal. The Metropolitan Coal Company throughout the entire area of Boston has contracts to deliver 211,380 tons at $3.70 for each quarter ton, and $6.90 per half ton, and if delivered as is usual in the quarter ton they receive $14.80 for each ton delivered, and their contract calls for 211,380 tons. Now, nobody can tell me the City of Boston should be paying $14.80 for every ton of coal which is delivered to the welfare and soldiers' relief recipients. I have talked to some of the oil men in my district, and they say that the best way for the City of Boston to save from $300,000 to $400,000, according to these figures here for the delivery of fuel, is to do it this way: Have each local oil or coal dealer in the district sell the coal to the city for the regular price and have some local coal dealers that go from house to house selling their wares deliver the oil at 80 cents per 100 gallons. If they do that, that will eliminate the middleman. The Boston Ice Company do nothing but keep the figures in books as to how much they make for each five-month period, which is the period for delivery of fuel to welfare and soldiers' relief recipients. In my ward alone the Boston Ice Company makes a profit of $7,200 on oil, and if the figures are the same in the other wards, that would bring their profit up to twenty-two times $7,200, and would give a profit of something close to $150,000,—if the figures are the same in the other wards. I don't know that. But in Roxbury they have an order for 650,000 gallons of oil and some section of Dorchester has an order for 650,000 gallons of oil. Regarding the coal, it says here in the contract that is drawn up between the bidder and the City of Boston—it asks the question whether the bidder rents trucks from the U-Driv-It, and if they have a sufficient number to handle any volume of business. The Metropolitan Company say they have the trucks, 175 trucks from two to fifteen tons. The Tidewater Coal Company admits they hire their trucks from some contract trucker. The Everett Fuel hasn't any trucks, and they also have plenty of orders for the delivery of fuel and coal. The Boston Ice Company put down the figure that they have forty trucks. I think the five councilors who were at the meeting will bear me out when I say that they admitted that in the districts they let the contracts out to some other local dealer who made the deliveries for them. In this questionnaire, they also ask the bidder having an insufficient number of trucks to give the name and address of other companies who deliver the coal under this bid, and the Tidewater Coal Company admit they have to hire trucks from some man in Revere. The Everett Fuel admit they hire from Greenbaum, and J. J. Sullivan of Boston. But the Boston Ice Company put down that they have sufficient trucks, but at that hearing they admitted that they didn't have a sufficient number of trucks and they couldn't make delivery and it was impossible for any company to make these bids and still live up to the agreement in the contract. I say, Mr. President, right here it proves the Boston Ice Company gave misstatements when they claimed they had sufficient number of trucks to make these deliveries, and I say personally that they had no right to make bids on these contracts, and I am asking the Boston Finance Commission, if necessary, to go before the court and ask for an investigation and see if these contracts cannot be broken. I claim the city then can do business directly with coal companies in their district, and do the same thing that the Boston Ice Company does, hire the local merchants to make the deliveries for some 80 cents per 100 gallons of oil, and eliminate the Boston Ice Company and others rom making a profit of $1.20 on each 100 gallons delivered. On the coal, on that one coal company, the Metropolitan Coal Company, there is at least $100,000 stolen, when they can come into Boston and charge $14.80 for every ton of coal they deliver. There is at least $100,000 stolen of the city's money. When they can come into Boston and charge $14.80 for every ton of coal they deliver, there is something rotten in Denmark, when I as an individual can go out and buy coal at retail for $12.50 and have it delivered to my home. I say thousands of dollars of the taxpayers' money is being wasted and has been wasted for the past three years.

The order was referred to the Executive Committee.

PAYMENT TO THE CONNERS BROTHERS COMPANY.

Coun. GALVIN offered the following:

Resolved, That the City Council of Boston favors the enactment of legislation authorizing the payment of a sum of money to The Conners Brothers Company in settlement of its claim arising out of a contract for the alteration and enlargement of the old Suffolk County Court House, provided that such legislation includes a referendum to the Mayor and City Council.

Referred to Executive Committee.

SALE OF LAND IN EAST BOSTON.

President GALVIN called up No. 3 on the calendar, viz:

3. Order authorizing the sale to Roger A. Phinney for the sum of $500 of the city's interest in a parcel of land in East Boston, being a discontinued portion of Saratoga street.

On February 10, 1941, the said order was read once and passed, yeas 18, nays 0.

The order was given its second reading and passage, yeas 18, nays 0.

APPOINTMENT OF LEO J. GLENNON.

Coun. TAYLOR called up No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor June 3, 1940, of Leo J. Glennon to be a Constable authorized to serve civil process upon filing bond.

Coun. TAYLOR moved indefinite postponement, saying that the gentleman concerned was no longer interested in the position. Action was indefinitely postponed.

APPOINTMENT OF JOSEPH P. McGOVERN.

President GALVIN called up No. 2 on the calendar, viz.:

2. Action on appointment submitted by the Mayor February 17, 1941, of Joseph P. McGovern to be a Constable, without authority to serve civil process and to serve without bond.

The question came on confirmation. Committee, Coun. Lyons and Sullivan. Whole number of ballots 19, yes 19, and the appointment was confirmed.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. RUSSO, for the Committee on Public Lands, submitted the following:

Report on message of Mayor and order (referred December 2, 1940) for sale of land on Chestnut Hill avenue—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. COFFEY—Mr. President, whereas this land is to be sold for commercial purposes, I cannot for the life of me see why the price should be 35 cents a foot. I have in mind if anybody is going to invest for commercial purposes, the city should get a much higher price than 35 cents a foot. Therefore, I am going to oppose it.

President GALVIN—The Chair states that that is the minimum price. That is an upset price at public auction.

The question came on passage of the order. The order was given its first reading and passed, yeas 17, nay—Coun. Coffey—1.

DESIGNATION OF WILLIAM F. SMITH PLAYGROUND.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to erect a sign designating the William F. Smith Playground in Allston.

Passed under suspension of the rule.

REQUEST FOR RESCISSION OF HEALTH UNIT DECISION.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to rescind their action of four years ago whereby the construction of so-called Health Units was discontinued, in order that the construction of such Health Units may be permitted in the future out of the income of said Fund.

Coun. M. H. SULLIVAN—Mr. President, I understand that four years ago prior to the encumbency of at least two of the present members of the Board of Trustees of the White Fund, an order was passed whereby the construction of White Fund Medical Health Units would no longer be considered by that board. During the past three years, I in company with several other members of this Council, have requested the construction of such medical units in Ward 22 and other sections of the city. I feel the White Fund Trustees, with a large amount of money available, may be desirous of constructing health or medical units in the various sections of the city, and I am hopeful that a decision will be made to establish a White Fund unit in Ward 22. First of all, the step must be taken to abrogate that ruling, and I am hopeful the members of the board, the overseers of the White Fund, of which you are a member, will see fit to take action to rescind that order.

The order was passed under suspension of the rule.

PROTEST AGAINST W. P. A. LAY-OFF.

Coun. M. H. SULLIVAN offered the following:

Resolved, That the City Council of Boston, in meeting assembled, hereby vehemently protests against the proposed lay-off of 10,000 W. P. A. workers on March first next, with a further proposed lay-off of 25,000 on July first, which will result in untold hardship to workers with families, who have been separated from the program, with the resulting increase in welfare expenditures; and be it further

Resolved, That a copy of this resolution be sent to the two United States Senators from Massachusetts and the several Congressmen from Boston.

Coun. M. H. SULLIVAN—Mr. President, I am fearful that the Federal authorities are working under a false impression when they announce that on March 1st they are going to reduce the W. P. A. rolls in Massachusetts by ten thousand, and on or before July 1st the rolls will be reduced by twenty-five thousand. There are now 86,000 persons upon those rolls. I think possibly the belief has entered the minds of those responsible for the number of persons on W. P. A. that possibly Boston's welfare load, and the welfare load of the surrounding cities and towns, has been reduced to some substantial extent by the young men entering the draft. I made an investigation of that and I am informed that no, or practically no cases will be taken from the Boston welfare rolls as a result of the draft. I am informed no single men up to thirty-one years of age are now on the Boston public welfare rolls. When such cases made application to the City of Boston Welfare Department, they were informed they could make their applications to private agencies. The City of Boston does not take care of them, and the young men going into the draft who were in dire economic straits failed to find their way onto the welfare rolls. So Boston is not going to benefit so far as welfare rolls are concerned, by the entrance into military service of any of these young men who do not have a job or have the money to support themselves. I am sure the belief may be prevalent that the welfare rolls are being reduced by the number of persons entering defense employment, but as a matter of fact since January 1st of this year the welfare rolls have been at a standstill. There has been no substantial reduction since January 1st by those entering the defense program and, as I understand it, during the past week there has been an increase in the welfare load as a result of the reduction of men employed in the defense program. This is going to increase the welfare load and if the reduction goes through, I am fearful we will see an increase in the city's tax rate this year. The members of the Massachusetts delegation in Congress should be requested to confer with Mr. Delaney, the W. P. A. head,—and this is not meant to be a criticism of that gentleman,—but during the past several months we are informed that Boston has been under its quota, so far as W. P. A. is concerned. It has been stated that certifications from Boston have not come through, which were necessary to help Boston reach its quota; that Boston has not received its full amount of money during the last five or six months, and that the quota has been substantially under what Boston was entitled to in comparison to the quota allocated to the municipalities throughout the state. If that is so, Boston should reap the benefit of the fact it has not been taking all it has been entitled to, and if ten thousand are to be dropped from the W. P. A. rolls, I feel that they should leave Boston alone. I do not think Boston should be made to suffer because it hasn't enough on the W. P. A. at the present time. If we didn't take all we were entitled to, I think the ten thousand who are to be dropped should not be dropped from Boston. The money which was not used for the benefit of the city over the past six months should now be given to the men who are seeking W. P. A. employment in the city. Accordingly, Boston should reap the benefit. I hope the administrator and the Congressmen who represent the Boston district will work hard to see that Boston suffers no loss as the result of the proposed reduction which is very definitely going through next week. I hope Boston will have as many men on March 1st as on February 1st. Because of the fact that the young men who are going into the draft are not on welfare, I hope the W. P. A. officials will realize that our municipality cannot bear the added brunt of the loss in W. P. A. at the present time. I hope the Congressmen from Springfield to Boston will unite to do everything possible so there will be no reduction in the W. P. A. in Massachusetts.

The order was passed under suspension of the rule.

ALLOCATION OF FIRE PREVENTION COSTS TO INSURANCE COMPANIES.

Coun. LYONS offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the Legislature which will provide that insurance companies dealing in fire insurance be compelled to assume one half of the cost of maintaining the Fire Prevention Division of the Boston Fire Department.

Coun. LYONS—Mr. President, for quite a few years past we have had this fire prevention squad. They are composed of men who are hurt in the line of duty but not physically unable to do their work at the house, so they were transferred to the fire prevention squad here in Boston. Their job mainly is to go into all the business houses of Boston, and to weed out fire hazards and hazards of spontaneous combustion. Now, for years Boston has been paying these men $2,000 a year. I think we are aware of the economic problem, and here is something that, if the act is passed by the Legislature, will be a saving to Boston of over $65,000. Let the insurance companies assume the burden because they are getting 100 per cent benefit from the work these men are doing in Boston. As was stated at the hearing on the budget last Thursday, the last ten years the fire loss has decreased considerably and the fire rates have not been decreased one cent. So I hope this order will pass.

The order was passed under suspension of the rule.

RECESS.

By direction of the PRESIDENT the Council took a recess at 3.40 p. m. The members reassembled and were called to order by President GALVIN at 4.45 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred February 17) *re* application to Public Utilities Commission for alterations in Broadway Bridge—that same ought to pass.

Report accepted; said order passed.

2. Report on petition of Margaret M. Holland (referred October 14, 1940) to be paid an annuity on account of death of her husband, Thomas E. Holland, late member of Fire Department—recommending passage of accompanying order, viz.:

Ordered, That under the provisions of chapter 340 of the Acts of 1933, an annuity of twelve hundred dollars be allowed and paid to Margaret M. Holland, widow of Thomas E. Holland, a member of the Fire Department, who died on June 21, 1940, on account of injuries received in the performance of his duty, said annuity being made up of allowances as follows:

For the widow, Margaret M. Holland, so long as she remains unmarried, $1,000 per annum.

For the following-named child, during such time as he is under the age of eighteen or over said age and physically or mentally incapacitated from earning, $200 per annum, Thomas E. Holland, born December 14, 1927.

The payments to date from June 21, 1940, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; order passed.

3. Report on message of Mayor and order (referred February 3) amending agreement *re* South Boston Housing Project—that same ought to pass in a new draft.

Report accepted; order passed.

4. Report on message of Mayor and order (referred today) that $60,000 be appropriated from income of Cemetery Fund for Cemetery Division—that same ought to pass.

The report was accepted, and the order was passed, yeas 17, nays 0.

5. Report on message of Mayor and order (referred today) that $500 be appropriated to meet expenses of Board of Special Commissioners on Representative Districts in County of Suffolk—that same ought to pass.

The report was accepted.

The order failed of passage (15 votes being required), yeas, 10, nays 5.

Yeas—Coun. Carey, Chase, Englert, Fish, Galvin, Gottlieb, Linehan, Russo, Shattuck, M. H. Sullivan—10.

Nays—Coffey, Goode, Hurley, Lyons, D. F. Sullivan, Taylor—5.

On motion of Coun. SHATTUCK the foregoing vote was reconsidered, and the order was assigned to the next meeting.

6. Report on order (referred today) that Finance Commission investigate contracts of Boston Ice Company and others for delivery of fuel to Welfare recipients—recommending reference to Committee on Public Welfare.

The report was accepted, and the order was referred to the Committee on Public Welfare.

7. Report on resolve (referred today) that Council favors enactment of legislation authorizing payment to The Conners Brothers Company in settlement of claims arising out of contracts *re* old Suffolk County Court House—recommending reference to Committee on County Accounts.

The report was accepted, and the order was referred to the Committee on County Accounts.

SPEEDING, SOUTH STREET, WARD 19.

Coun. LANGAN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to enforce the speed laws on lower South Street, between Roslindale square and the Arborway, Ward 19.

Passed under suspension of the rule.

REFUND TO BURNER'S HOFBRAU.

Coun. LANGAN offered the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the city to refund to Burner's Hofbrau, Inc., the fee paid for a restaurant alcoholic beverage license which was granted but not issued; provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

OPPOSITION TO HOUSE BILL 141.

Coun. GOODE offered the following:

Resolved, That the Boston City Council does hereby record its opposition to House Bill No. 141 which would give the State Department of Public Utilities the power to over-rule the local licensing authority and place the power of granting future bus line permits under state control.

Passed under suspension of the rule.

PLACING OF NEW "PRESIDENT'S CONFERENCE CARS."

Coun. GOODE offered the following:
Ordered, That his Honor the Mayor request the trustees of the Boston Elevated Railway Company to consider the advisability of placing three of the new so-called "President's Conference Cars" on each of the following lines: Dedham line, Hyde Park line, Cummins Highway line.
Passed under suspension of the rule.

SEWERAGE SYSTEM, THOMPSON STREET HYDE PARK.

Coun. GOODE offered the following:
Ordered, That the Mayor of Boston require the Commissioner of Public Works to construct a proper sewerage system under the W. P. A. plan of construction for the residents of Thompson street, in Hyde Park.
Passed under suspension of the rule

APPROPRIATION FOR TRAFFIC LIGHTS.

Coun. HUTCHINSON offered the following:
Ordered, That his Honor the Mayor be requested to include the sum of $146,000, in the 1941 appropriation, for traffic lights.
Passed under suspension of the rule.

IMPROVEMENTS, PARKER HILL PLAYGROUND.

Coun. CAREY offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to make such alterations and improvements at the Parker Hill Playground in Ward 10 as will permit the flooding of this playground for skating purposes next winter.
Coun. CAREY—Just for the record, I would like to say there has been considerable agitation on the part of the fathers and mothers of the children in that neighborhood in the past few months asking that the playground be flooded for skating purposes. I am in hearty accord with them, and my purpose in introducing the order is to give the Park Commissioner sufficient time during the summer months to make the necessary alterations in order that skating may be provided for next winter.
Passed under suspension of the rule.

EXEMPTION OF DOCTOR LEARY FROM RETIREMENT ACT.

Coun. HURLEY offered the following:
Resolved, That the City Council of Boston hereby approves the enactment of legislation to provide for the exemption of Dr. Timothy Leary, Medical Examiner, from the provision of the Boston Retirement Act which requires his retirement at seventy years of age; provided that such legislation includes a referendum to the Mayor and City Council.
Passed under suspension of the rule.

REPAIRING OF STAIRS, JOHNSWOOD ROAD.

Coun. LANGAN offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to repair the stairs on Johnswood road, Ward 19.
Passed under suspension of the rule.

Adjourned, at 5.15 p. m., to meet on Monday, March 3, 1941, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

MALE ASSISTANT TO THE DIRECTOR, BOSTON PARK DEPARTMENT, MARCH 15, 1941.

Last date for filing applications, Saturday, March 1, 1941, at 12 noon.
Salary: $2,200 a year.
Vacancy: At the present time there is one vacancy.

Duties: Applicants should have a thorough knowledge of the rules of major sports, and of gymnasiums and playground programs; must plan contests and tournaments and be able to compute team schedules and batting and fielding percentages. They should be familiar with the official size of the areas required for various games, and understand how to organize recreational events and handle disputes.

A knowledge of typing and of the operation of a 16 m. m. sound projector and public address system is desirable.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday or who have passed their forty-fifth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application. Applicants must have had five years' experience in athletic and recreation work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5. The examination will include questions on the various recreational and athletic activities.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GROCERIES, CANNED GOODS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing groceries, canned goods, etc., as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for $500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Groceries, Canned Goods, Etc." There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* The bids will be publicly opened and read Monday, March 24, 1941, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(March 8.) *Superintendent of Supplies.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN THE SOUTH BOSTON DISTRICT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between March 17, 1941, and December 31, 1941, including the removal of all household refuse during the spring cleaning period between April 1, 1941, and May 15, 1941, and shall also remove grass, garden refuse and leaves during the entire term of the contract in the South Boston district, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, March 11, 1941, with a certified check for 5 per cent of the total amount bid for the district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars ($2) for each set of specifications taken out.* The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

GEORGE G. HYLAND,
Commissioner of Public Works.
(March 1-8.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about three thousand three hundred thirteen (3,313) square feet of land on the southerly side of Boylston street, Boston, being lot G, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5293, page 77, on Thursday, March 20, 1941, at 10 a. m., on the premises, at a minimum price of eighteen hundred dollars ($1,800).

A deposit required at the time and place of sale of two hundred dollars ($200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(March 8-15.)

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 33. SATURDAY, MARCH 15, 1941. NO. 11

BOSTON TO BE LESS NOISY AFTER MARCH 31 — MAYOR TOBIN SIGNS ORDINANCE PASSED BY CITY COUNCIL SEEKING TO HALT BLATANT BLASTS OF RADIOS, PHONOGRAPHS, AUTO HORNS AND THE LIKE AFTER REASONABLE HOURS — BIRDS THAT ARE VICIOUS OR NUISANCES ALSO INCLUDED AS AMONG HEALTH-DISTURBING INFLUENCES — AIM IS TO SAVE NERVES OF CITIZENS OF COMMUNITY.

Upon March 11 Mayor Tobin signed the Anti-Noise Ordinance passed by the City Council which aims to prohibit the nuisance created by the loud playing of radios, phonographs and musical instruments, as well as the loud and useless honking of automobile horns.

Because the ordinance will have to be advertised twice in the daily press, it will have no binding effect until about April 1. After that, radios turned on full blast and needless honking of automobile horns will bring a $10 fine.

The Anti-Noise Ordinance has nine sections. Generally, it forbids noise of such character, intensity and duration as to be detrimental to the life or health of any individual.

The ordinance reads as follows:

AN ORDINANCE.

CONCERNING THE PROHIBITION OF UNNECESSARY NOISE.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Sections 91 and 92 of chapter 39 of the Revised Ordinances of 1925, as amended, and chapter 4 of the Ordinances of 1931 are hereby repealed.

SECTION 2. Chapter 39 of the Revised Ordinances of 1925, as amended, is hereby amended by inserting therein the following section:

SECTION 91. (*a*) Subject to the provisions of this section, the creation of any unreasonably loud, disturbing and unnecessary noise in the city is prohibited. Noise of such character, intensity and duration as to be detrimental to the life or health of any individual is prohibited.

(*b*) The following acts are declared to be loud, disturbing and unnecessary noises in violation of this section, but said enumeration shall not be deemed to be exclusive, namely:

1. The sounding of any horn or signal device on any automobile, motorcycle, bus, street car or other vehicle, while not in motion, except as a danger signal; the sounding of any horn or signal device on any such vehicle while in motion, except as a danger signal after or as brakes are being applied and deceleration of the vehicle is intended; and the sounding of any such horn or signal device for an unnecessary and unreasonable period of time; provided that any such noise shall be plainly audible at a distance of one hundred feet.

2. The playing of any radio, phonograph, or any musical instrument or other instrument intended or utilized so as to reproduce sound, in such a manner or with such volume as to annoy or disturb the quiet, comfort or repose of persons in any dwelling, hotel, or other type of residence; provided that any such noise shall be plainly audible at a distance of fifty feet and provided that nothing herein contained shall be construed to prohibit playing by a band or orchestra in a hall, building, or in the open air.

3. The keeping of any animal or bird which by biting or by causing frequent or long continued noise shall disturb the quiet, comfort or repose of any person in the vicinity.

4. The use of any automobile, motorcycle, street car or other vehicle so out of repair or so loaded or in such manner as to create loud and unnecessary grating, grinding, rattling or other noise; provided that any such noise shall be plainly audible at a distance of one hundred feet.

5. The blowing of any steam whistle attached to any stationary boiler, except to give notice of the time to begin or to stop work or as an alarm or danger signal.

6. The discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine, motor vehicle, motor boat or outboard motor engine, except through a muffler or other device which will effectively prevent loud or explosive noises therefrom.

7. The erection, demolition, alteration, or repair of any building, and excavation in regard thereto, except between the hours of seven a. m. and six p. m. on week days or except, in the interest of public safety or welfare, upon the issuance of and pursuant to a permit from the Building Commissioner, which permit may be renewed for one or more periods of not exceeding one week each.

8. The creation of any excessive noise on any street adjacent to any school, institution of learning, or court while the same is in session, or adjacent to any hospital or church, which unreasonably interferes with the conduct of the foregoing; provided that any such noise shall be plainly audible at a distance of twenty-five feet and provided that a conspicuous warning sign, using appropriate words, has been displayed in such street indicating that the same is a school, hospital, church or court street.

9. The creation of a loud and excessive noise in connection with loading or unloading any vehicle or the opening and destruction of bales, boxes, crates and containers.

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of $2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record.* Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 24, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

EQUAL OPPORTUNITY AND THE SANCTITY OF THE BALLOT HAVE GIVEN AMERICA ALL THE FREEDOM THE CITIZENS OF THE UNITED STATES ENJOY, MAYOR TOBIN TELLS THE AUDIENCE GATHERED TO CELEBRATE BOSTON UNIVERSITY FOUNDERS' DAY, DURING DINNER AT COPLEY PLAZA — EXTENDS GREETINGS OF CITY TO GUESTS, AND POINTS TO PART GRADUATES OF INSTITUTION HAVE PLAYED IN CREATING AND PRESERVING OUR FREEDOM.

The following, in part, is the address of Mayor Tobin at the Boston University Founders' Day dinner, Thursday, March 13, 1941:

Mr. Chairman, President Marsh, Distinguished Guests, Ladies and Gentlemen.

It was James Bryce who gave us the clearest interpretation of the American ideal of life when he wrote, "Faith in equality and love of equality create the strongest passion in the American breast."

It has been the aim and purpose of the American college always to hold to that ideal, to foster it, to help it grow and to keep it America's strongest passion. Equality of opportunity and the sanctity of the ballot have given us all the freedom we enjoy and will enjoy. Trace the history of our country's progress down to the present, and through it you will find woven the influence of her colleges and her institutions of higher learning.

In this influence no institution of learning has played a greater part in providing equal opportunity for all than has Boston University, from whose portals have passed, after graduation, some of the best minds and the most potent influences for the shaping of the destinies of these United States America has ever known.

Here in Boston, where we have so many institutions of learning, the importance of Boston University has grown step by step along with others. The products of her classrooms have stepped into life to help shape and guide the destinies of our communities as positively as those of any schools that are known.

It is because of the realization of these facts that I, as Mayor of Boston, am glad to be present on this occasion, during these Founders' Day exercises, and to bring to you the official greetings of our great and cosmopolitan community.

Boston University has nobly played its role in the guidance of democracy to the present stage of its development. She has stood side by side with other agencies of learning in fitting the youth of the land to keenly love and to ardently desire the preservation of democracy. So long as she continues to send forth from her doors into the world, minds imbued with desire for equality, faith in equality, and love for equality, so long will our land be a land of freedom in all the word implies; and no dictatorial or totalitarian force will ever be powerful enough to even threaten, much less overthrow and destroy, our democracy.

In the fields of the law, medicine, religion, politics, the humanities, industry and commerce, wherever they may be found, those who have passed through the portals of this institution have caused the name of Boston University to be revered, respected, loved and honored. The record of Boston University's progeny has left upon the face of time a glorious impress. Into whatever corners of the earth they have gone they have carried the ideal of equality and brotherhood which makes for freedom and democracy, until these United States, in the eyes of the whole civilized world, have become, indeed, the Cradle of Liberty.

Because of what Boston University has been to the community; because of what it is today, and because of what it will surely be in the future of our community and our land, the City of Boston extends to this institution of learning, on this observation of Founders' Day, her warmest greetings. May the minds that come under her influence always be a power for great good, and contribute with increasing force to the preservation of the faith and the zeal that will continue to make this land the bulwark of democracy and the preserver of our civilization.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Public Works Department (Sanitary Service).

For the period from January 24 to February 8:

Gregorio Campo, teamster-chauffeur, 2 days, $11.

Public Works Department (Sanitary-S Service).

For the period from January 26 to 27:

Percy W. Blackadar, chauffeur, 1⅜ days, $7.56; Stephen J. Melia, laborer, 1¼ days, $8.75. Total, $16.31.

EXTENSION OF CONTRACT.

Carilli Construction Company has been ordered to proceed with the work in the exhibition room and stairway as shown on our Details Nos. 13, 14, 15 and 19 and according to your letters of February 3 and February 17. These changes are made necessary in order to support the bookcases on the balcony. Also install new pipe for roof drainage in curator's office, according to our letter of January 22, 1941.

The price of this extra work shall be the amount of three hundred and forty-two and 17-100 dollars ($342.17) in excess of the contract price, and will also necessitate an extension of the time limit by two weeks over the ten-week period allotted to the exhibition room.

FIRE DEPARTMENT ORDERS.

General Order No. 10.

I. CAPTAIN FREDERICK R. BROPHEY.

It is with deep regret that the Fire Commissioner announces the death, on February 17, 1941, of Capt. Frederick R. Brophey of Ladder Company 11. Capt. Brophey was appointed to the department on September 29, 1905 and his promotions were as follows: To lieutenant, January 31, 1914 and to captain, October 1, 1920.

The funeral was held from his late residence, 87 Wallingford road, Brighton, at 8 a. m., Wednesday, February 19, 1941, followed by services at St. Gabriel's Church 159 Washington street, Brighton, at 9 a. m.

The Chief of Department detailed Military Drill Company No. 1 to act as a funeral escort and members of Ladder Company 11 were excused from duty in order to attend the services.

II. JAMES F. CALLAHAN.

It is with deep regret that the Fire Commissioner announces the death on February 19, 1941, of Hoseman James F. Callahan of Rescue Company 2. Hoseman Callahan was appointed to the department on February 26, 1923.

The funeral was held from the home of his sister at 3 Dever street, Dorchester, on Saturday, February 22, 1941, at 7 a. m. followed by services at St. Peter's Church, Bowdoin street, Dorchester, at 8 a. m.

The Chief of Department detailed Military Drill Company No. 1 to act as a funeral escort and the members of Rescue Company 2 were excused from duty in order to attend the services.

III. RETIREMENT.

The following retirement, which took effect at 8 a. m., Saturday, March 1, 1941, is hereby announced:

Hoseman Charles C. Boyd, Rescue Company 2.

Hoseman Boyd was appointed to the department on June 22, 1925, and he leaves the department with the best wishes of his associates.

IV. REMOVAL OF FIRE ALARM BOX.

Fire Alarm Box 12-1461, R. H. White Company, 506-552 Washington street, has been permanently removed from service.

Company commanders shall make the necessary correction on the assignment cards for Box 1461.

V. CHANGES ON G. A. C. ASSSIGNMENT CARDS.

On General Alarm Corporation assignment cards, Box 12-1461 is given as the nearest city box to Signals 188-189-191-192 and 193.

Due to the removal of Box 12-1461 from service, the nearest Box to G. A. C. Signals 188-189 and 191 should be changed to read 1461. The nearest box to G. A. C. Signals 192 and 193 should be changed to read 1463.

VI. ACTING DISTRICT CHIEF.

Capt. Charles B. Lynch of Engine Company 51 has been designated as Acting District Chief of District 11, effective as of February 24, 1941.

(Continued on page 256.)

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon March 10 the Mayor approved a contract with the Massachusetts Lime and Cement Company, in the sum of $83, less 2 per cent per M. board feet of maple flooring for W. P. A. use during the year 1941. Bids, opened February 28, were as follows:

Massachusetts Lime and Cement Company, $83 per M. board feet; Barney and Carey Company, $94 per M. board feet.

—

Upon March 10 the Mayor approved a contract with the lowest bidder on each item as specified below for furnishing and delivering various kinds and dimensions of lumber as needed in connection with our W. P. A. program during the year 1941. Bids, opened February 28, were as follows:

Barney and Carey Company.

Item 1A—2-inch by 3-inch spruce, random, $43.80 per M. feet.

Item 2—2-inch by 4-inch spruce, random, $43.80 per M. feet.

Item 3—3-inch by 4-inch spruce, random, $43.80 per M. feet.

Item 4—2-inch by 6-inch spruce, random, $43.80 per M. feet.

Item 6—2-inch by 9-inch spruce, random, $49.80 per M. feet.

Item 7—2-inch by 10-inch spruce, random, $50.80 per M. feet.

Item 9—2-inch by 8-inch, 16-foot lengths, $49.80 per M. feet.

Item 10—2-inch by 9-inch, 16-foot lengths, $50 per M. feet.

Item 11—2-inch by 10-inch, 16-foot lengths, $53 per M. feet.

Item 12—1-inch by 7-inch, 16-foot lengths, $49 per M. feet.

Item 20—¼-inch fir plywood, sound 1 side, $50 per M. feet.

Item 21—⅜-inch fir plywood, sound 1 side, $55 per M. feet.

Item 22—½-inch fir plywood, sound 1 side, $85 per M. feet.

Item 24—¼-inch fir plywood, sound 2 sides, $57.50 per M. feet.

Item 25—⅜-inch fir plywood, sound 2 sides, $75 per M. feet.

Item 26—½-inch fir plywood, sound 2 sides, $95 per M. feet.

Item 27—⅝-inch fir plywood, sound 2 sides, $115 per M. feet.

Massachusetts Lime and Cement Company.

Item 5—2-inch by 8-inch spruce, random, $50 per M. feet, less 2 per cent.

Item 8—3-inch by 4-inch, 16-foot lengths, $50 per M. feet, less 2 per cent.

Item 13—1-inch by 7-inch, matched spruce boards planed 1 side, $48 per M. feet, less 2 per cent.

Item 14—1-inch by 2-inch furring, random, $45 per M. feet, less 2 per cent.

Item 15—1-inch by 3-inch furring, random, $45 per M. feet, less 2 per cent.

Item 16—6-inch by 8-inch, 16-foot lengths, $66 per M. feet, less 2 per cent.

Item 17—8-inch by 8-inch, 16-foot lengths, $70 per M. feet, less 2 per cent.

Item 18—8-inch by 12-inch, 16-foot lengths, $92 per M. feet, less 2 per cent.

Item 19—10-inch by 12-inch, 16-foot lengths, $92 per M. feet, less 2 per cent.

Item 28—⅝-inch concrete panels, $120 per M. feet, less 2 per cent.

Item 23—All bids rejected.

CONTRACTS AWARDED.

(*Continued from page 253.*)

Public Works Department.

Upon March 11 the Mayor approved a contract with Marinucci Brothers & Co. for collecting and removing garbage and refuse in South Boston district, at the rate of $2,449 per month.

The work to be done under this contract is to be completed December 31, 1941.

The following bids were received March 11:

Marinucci Brothers & Co., $2,449; Coleman Brothers Corporation, $3,200; Ward General Contracting Company, $3,210; Joseph P. McCabe, Inc., $3,220; Anthony J. Ryan, Inc., $3,795; Edward J. McHugh & Son, $3,899; Earl M. Carriere, $3,950; James F. Byrne, $4,067; Capitol Contracting Company, $4,444; Martin J. Kelly, $4,625; Albert P. Dooley, $4,945.

Supply Department.

Upon February 25 the Mayor approved a contract with the Mechanics Iron Foundry Company for furnishing approximately 315,000 pounds B iron castings (gates and hydrants) for the Water Division, Public Works Department, as required, until December 31, at a price of 7.5 cents per pound. The approximate amount of the contract was $23,625. Bids, opened February 7, were as follows:

Approximately 315,000 Pounds B Iron Castings (Gates and Hydrants), Per Pound.—E. L. LeBaron Foundry Company, 8 cents; Mechanics Iron Foundry Company, 7.5 cents.

Total.—E. L. LeBaron Foundry Company, $25,200; Mechanics Iron Foundry Company, $23,625.

Location of Foundry at Which These Castings Will be Made.—E. L. LeBaron Foundry Company, Brockton; Mechanics Iron Foundry Company, 38 Kemble street.

—

Upon February 25 the Mayor approved a contract with E. L. LeBaron Foundry Company for furnishing approximately 100,000 pounds C iron castings (sidewalk stock) for the Water Division, Public Works Department, as required, until December 31, at a price of 5.5 cents per pound. The approximate amount of the contract was $5,500. Bids, opened January 30, were as follows:

Approximately 100,000 Pounds C Iron Castings (Sidewalk Stock), Per Pound.—Mechanics Iron Foundry Company, 7 cents; E. L. LeBaron Foundry Company, 5.5 cents.

Approximate Total.—Mechanics Iron Foundry Company, $7,000; E. L. Le Baron Foundry Company, $5,500.

Location of Foundry at Which Castings Will be Made.—Mechanics Iron Foundry Company, 38 Kemble street; E. L. Le Baron Foundry Company, Brockton.

—

Upon February 25 the Mayor approved a contract with E. L. LeBaron Foundry Company for furnishing approximately 50,000 pounds D iron castings (frames and covers) for the Water Division, Public Works Department, as required, until December 31, at a price of 3.3 cents per pound. The approximate amount of the contract was $1,650. Bids, opened February 7, were as follows:

Approximately 50,000 Pounds (Frames and Covers), Per Pound.—E. L. LeBaron Foundry Company, 3.3 cents; Mechanics Iron Foundry Company, 3.5 cents.

Total.—E. L. LeBaron Foundry Company, $1,650; Mechanics Iron Foundry Company, $1,750.

Location of Foundry at Which Castings Will be Made.—E. L. LeBaron Foundry Company, Brockton; Mechanics Iron Foundry Company, 38 Kemble street.

—

Upon February 25 the Mayor approved a contract with the Foran Foundry and Manufacturing Company for furnishing approximately 275,000 pounds F iron castings (two-part boxes) for the Water Division, Public Works Department, as required, until December 31, at a price of 4.66 cents per pound. The approximate amount of the contract was $12,815. Bids, opened January 30, were as follows:

Approximately 275,000 Pounds F Iron Castings (Two-Part Boxes), Per Pound.—E. L. Le Baron Foundry Company, 8 cents; Foran Foundry and Manufacturing Company, 4.66 cents.

Approximate Total.—E. L. LeBaron Foundry Company, $22,000; Foran Foundry and Manufacturing Company, $12,815.

Location of Foundry at Which Castings Will be Made.—E. L. LeBaron Foundry Company, Brockton; Foran Foundry and Manufacturing Company, Flemington, N. J.

—

Upon February 25 the Mayor approved a contract with the Mechanics Iron Foundry Company for furnishing iron castings and bronze fittings for the Sewer Division, Public Works Department, as required, from March 15 to December 31, at the prices checked on the attached sheet. The approximate amount of the contract was $20,245. Bids, opened February 10, were as follows:

Item 1.

430,000 Pounds Class A, Per Pound.—E. L. Le Baron Foundry Company, 8 cents; Mechanics Iron Foundry Company, 3.4 cents.*

20,000 Pounds Class B, Per Pound.—E. L. Le Baron Foundry Company, 8 cents; Mechanics Iron Foundry Company, 5 cents.*

2,000 Pounds Class C, Per Pound.—E. L. Le Baron Foundry Company, 8 cents; Mechanics Iron Foundry Company, 5 cents.*

50,000 Pounds Class D, Per Pound.—E. L. Le Baron Foundry Company, 10 cents; Mechanics Iron Foundry Company, 8 cents.*

Item 2, 300 Bronze Pins, Etc., Each.—E. L. Le Baron Foundry Company, 80 cents; Mechanics Iron Foundry Company, 35 cents.*

Item 3, 300 Pounds Bronze Fittings, Etc., Per Pound.—E. L. Le Baron Foundry Company, 80 cents; Mechanics Iron Foundry Company, 70 cents.*

Item 4, 300 Pounds Tobin Bronze, Etc., Per Pound.—E. L. Le Baron Foundry Company, 80 cents; Mechanics Iron Foundry Company, 70 cents.*

V. CORRECTION IN G. A. C. RUNNING CARD.

For Signal 164 on G. A. C. running cards in this department the nearest box is given as 4164. Company commanders will change this so that it will read "Nearest Box 4166."

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 571.

Patrolmen Harvey B. Yates, Patrick Keane, and James F. Hanley, all attached to Division 4, are commended for efficient police duty performed in connection with the apprehension of a group of four boys who had criminally assaulted a fifteen-year-old girl while on her way home from school on the night of February 27, 1941.

The commissioner is pleased and gratified in commending these officers for the prompt action and initiative shown in accomplishing the arrest of these four dangerous youths.

In addition, each officer is hereby granted three days' additional vacation.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 572.

The Boston Junior Police Corps Second Jubilee will be held in the Boston Garden, Wednesday, April 16, 1941, beginning at 7.30 p. m.

The Jubilee is being held for the purpose of obtaining sufficient funds to maintain the summer camp in the Blue Hills for about 5,000 underprivileged boys of the City of Boston.

It is the desire of the commissioner and the superintendent that all members of the force interest themselves and make a special effort to dispose of tickets for the Jubilee in order that every worthy boy desiring a vacation at the Junior Police Camp this summer may be accommodated.

The tickets for the Jubilee will be distributed to each station by Deputy Supt. William J. Carey, Commanding Officer of the Junior Police Corps, who will receive a receipt therefor. Twenty thousand tickets at $1 each are being forwarded to the several station houses, and box seats at $2.50 each will be forwarded at a later date.

Captains of divisions will distribute the tickets among their officers, and will see that a correct list is kept of the number of tickets given to each man. Each officer will make a daily return to his captain of the number of tickets he has sold, together with the name and address of the purchaser, and will return the money received to his captain.

All officers will be held strictly responsible for the tickets delivered to them.

Captains will collect daily all money received by officers in the selling of tickets, and will forward to the superintendent by morning mail the following day all of such money. A correct list containing the ticket numbers, together with the names and addresses of purchasers of tickets, shall be kept on file at the various divisions.

Cash received by commanding officers will be converted into a check made payable to Joseph F. Timilty, Police Commissioner, and then forwarded to the Superintendent's Office.

All tickets that are unsold on April 16, 1941, will be collected by the captain of each division and returned to the Superintendent's Office where a receipt will be furnished not later than noon mail on this date.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 573.

Patrolmen Jeremiah J. Hagerty, Joseph S. Desmond and James F. McDevitt, all attached to Bureau of Criminal Investigation, are commended for efficient police duty performed on February 21, 1941, in connection with the arrest of four men who were involved in breaking and entering and larceny of a large quantity of merchandise from the New York, New Haven & Hartford freight shop in the South Boston yards, most of which has been recovered.

The commissioner is pleased to recognize and commend these officers for their zeal, perseverance and devotion to duty shown in performing this splendid police duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 574.

A trial board consisting of Captains Grace, Daley and McNabb, having heard by reference a complaint made by Thomas F. Casey, Captain, Division 10, against Harold E. Stilphen, patrolman, Division 10, charging him with absence without leave and conduct unbecoming an officer, has reported to the commissioner a finding of not guilty of charge 1 and guilty of charge 2.

The commissioner accepts the finding and the recommendation of the trial board and hereby orders that the said Patrolman Harold E. Stilphen be suspended from duty for a period of twenty days, effective as of February 8, 1941, at 7.45 a. m., and at the expiration of said suspension he perform 210 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

STATEMENT OF RECEIPTS AND APPROPRIATIONS FURNISHED CITY COUNCIL BY MAYOR TOBIN.

March 8, 1941.

To the City Council.

GENTLEMEN,—I am in receipt of your order of March 3, 1941, requesting me to furnish a statement of the receipts and appropriations for 1941 and a forecast of the probable tax rate, and I submit herewith in response a table prepared by the financial officers of the city.

But very few of the factors that enter into the determination of the tax rate are fixed at the present time and for that reason I do not consider it advisable to make any forecast.

Respectfully,

MAURICE J. TOBIN, *Mayor.*

SENIOR ARCHITECTURAL DRAFTSMAN, APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: $2,160 to $2,760 a year.

Vacancies: At present there is one vacancy in the Division of Park Engineering in the Metropolitan District Commission.

Duties: Under general direction, to make architectural drawings for buildings and park structures such as bathhouses, sanitaries, pavilions, overlooks, bridges, and overpasses; to prepare complete plans and specifications for the repair, alteration, or remodeling of existing park buildings; to prepare perspective renderings in pen and ink, or pastels; to inspect or supervise building work under construction; and to perform related work as required.

Entrance Requirement: Applicants must have at least five years' drafting experience. Substitution of training for experience: Architectural drafting training in a recognized school or college may be substituted for drafting experience, year for year, up to three years. Two years of other drafting training, such as mechanical or electrical drafting, may be substituted for one year of experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

VOTE FOR PRESIDENT IN MASSACHUSETTS, NOVEMBER 3, 1936.

Vote in the State for President: 942,716 for Roosevelt (Dem.); 768,613 for Landon (Rep.); 118,639 for Lemke (Union); 5,111 for Thomas (Soc.); 2,930 for Browder (Comm.); 1,305 for Aiken (Soc. Lab.); 1,032 for Colvin (Proh.); all others, 11; total votes, 1,840,357; blanks, 34,768. Plurality for Roosevelt, 174,103. There were 18,097 more ballots cast for President than for Governor.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field —an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

PHARMACIST, APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

These examinations are open to both males and females.

Salary: The entrance salary, with maintenance, is $1,200 a year; the maximum salary, with maintenance, is $1,440 a year.

Vacancies: From time to time. At present, there is one vacancy for a male at the Danvers State Hospital, Department of Mental Health.

Duties: To have complete charge of a drug room; to properly requisition drugs and related supplies; to manufacture pharmaceutical preparations; to fill any prescriptions signed by a physician; to keep accurate records of drugs in stock; to carefully supervise the dispensing of drugs, particularly poisonous drugs; to instruct the student nurses in materia medica and the proper handling of drugs; and to be responsible for the ordering and care of the numerous articles used on the wards and in the operating room, such as rubber goods, urinals, bed pans, graduates, glassware, etc.

Entrance Requirement: Applicants must be registered pharmacists under the State Division of Registration in Pharmacy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHOMETRIST, APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

These examinations are open to both males and females.

Salary: The entrance salary, with maintenance, is $780 a year; the maximum salary, with maintenance, is $1,080 a year.

Vacancies: From time to time. At present, there is one vacancy for a female at the Worcester State Hospital, Department of Mental Health.

Duties: Administration and interpretation of standard psychometrics tests used with psychotic subjects (including Stanford-Binet 1916 and 1937, Wechsler-Bellevue; Performance Tests; Healy PCII, K-S Formboards, Porteus and Leverett Mazes; Wells-Worcester Memory, Kent-Rosanoff Association, Aspiration Levels; Group tests: Army, Alpha, Otis, etc.); administration of Thematic Apperception and Rorschach Tests and acquaintance with principles of interpretation; acquaintance with principles of research in psychopathology.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

METROPOLITAN POLICE PATROLMAN, METROPOLITAN DISTRICT COMMISSION, APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: The entrance salary is $1,600 a year, and uniform; the maximum salary is $2,100 a year, and uniform.

Vacancies: From time to time.

Duties: The duties are those of a regular patrolman.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday or who have passed their thirty-fifth birthday at the time for filing application will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants must be not less than 5 feet 8 inches in height, and must weigh not less than 135 pounds without clothing.

Applicants must be able to swim, and will be given practical tests in swimming.

Subjects and Weights: Training and experience, 3; practical questions, including memory test and general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination, and in the strength tests, in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests.

The practical questions will be based largely upon information contained in a manual known as the "Blue Book." This manual may be obtained from the Secretary of State, Room 116, State House, Boston, at 10 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Before certification, applicants must possess a motor vehicle operator's license.

DENTAL ASSISTANT (FEMALE), APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: The entrance salary, with maintenance, is $780 a year; the maxi-

mum salary, with maintenance, is $1,080 a year.

Vacancies: From time to time in various institutions. At present there is one vacancy in the Grafton State Hospital, Department of Mental Health.

Duties: Under immediate supervision, and instruction, to assist a dentist by performing the simpler tasks as assigned; and to perform related work as required. Examples: Removing deposits, accretions and stains from teeth, polishing teeth, mixing filling materials, sterilizing instruments, preparing anaesthetizing solutions, assisting in dental laboratory work and in X-ray work; keeping office in order, and maintaining records of work done.

Entrance Requirement: Applicants must be registered dental hygienists in the State Board of Dental Examiners.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DENTIST, APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

Salary: The entrance salary, with maintenance, is $1,680 a year; the maximum salary, with maintenance, is $2,160 a year.

Vacancy: The present vacancy is at the Boston State Hospital, Department of Mental Health.

Duties: Under administrative direction, to perform operations and to give treatments common to dental practice, as required in a State hospital or other institution; and to perform related work as required. *Typical Tasks:* Serving as visiting or resident dentist for a State hospital or tuberculosis sanatorium; examining teeth, mouths, and gums; cleaning, filling, and extracting teeth; correcting dental deformities; performing crown, bridge, and plate work; instructing patients in dental hygiene; maintaining records of work performed.

Entrance Requirement: Applicants must be registered dentists under the State Board of Dental Examiners.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirments: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

TUBERCULOSIS FIELD NURSE, DEPARTMENT OF PUBLIC HEALTH, APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

Salary: The entrance salary is $1,560 a year; the maximum salary is $2,040 a year.

Duties: Under supervision, to visit local boards of health for purpose of checking reported cases of tuberculosis, and to prepare for field clinics to examine as necessary. To make home visits to such cases as required and to perform other field nursing duties under the direction of the Chief of Clinics.

Entrance Requirements: Applicants must be registered nurses under the State Division of Registration of Nurses. Applicants must have at least one year's experience in public health nursing. Applicants must possess a motor vehicle operator's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important: Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

OCCUPATIONAL THERAPIST, APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

Salary: The entrance salary is $780 a year and maintenance; the maximum salary is $1,080 a year and maintenance.

Vacancy: The present vacancy is at the Boston State Hospital, Department of Mental Health.

Duties: Under immediate supervision, to assist in the mental and physical reconstruction of patients by teaching them interesting or useful occupations and to perform related work as required. *Examples*: Training patients in weaving, basketry, knitting, painting, stenciling, and other arts and crafts; observing the progress of patients, and making notes of their condition; requisitioning supplies; seeing that classrooms are kept clean and in order; overseeing games and entertainments.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important: Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING MARCH 12, 1941.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
Louis Ferrillo	13½ Bromfield street	3	Installing two storage tanks	$225
A. A. Gardella	1 Russell place	3	Installing refrigerator	180
Arthur T. Milligan	49 Addington road	20	New connections to meter, installing range and two heaters.	325
Arthur T. Milligan	14 Bourne road	19	New connections to meter, installing refrigerator and range.	300
Arthur T. Milligan	115 Kittredge street	18	New connections to meter, installing range.	125
Arthur T. Milligan	49 Vincent road	20	New connections to meter, installing range.	100
Arthur T. Milligan	53 Vincent road	20	New connections to meter, installing range.	100
Arthur T. Milligan	45 Westchester road	19	New connections to meter, installing range and heater.	215
Samuel Rosen	42 Walnut park	11	Installing three ranges and three heaters.	500
I. Shannahoffski	48 Commonwealth avenue	5	New fittings, installing two ranges.	200
Isadore Silverstein	40 Jamaicaway	10	Testing throughout	50
I. D. Cohen	34 Anderson street	5	Installing refrigerator	160
William DiLorenzo	403 Meridian street	1	Installing restaurant equipment.	200
Sid Foley	36 Hampstead road	11	Installing refrigerator	250
Harry N. Haffer	56 Crawford street	12	Installing two refrigerators	320
William E. Hogan	143 Intervale street	14	Installing refrigerator	160
William E. Hogan	380 Riverway	10	Installing range	90
C. R. Maddocks	628 West Park street	14	New piping, new connections to meter.	25
Arthur N. Miller	1332 River street	18	New connections to meter, new piping, installing pilot.	50
Otto J. Morlock	28 Everett street	19	Installing refrigerator	160
Otto J. Morlock	43 Peter Parley road	11	Installing range	90
A. L. Richardson	363 Massachusetts avenue	4	Installing range	250
Bernard O. Szathmary	16 Wellington Hill street	14	Installing refrigerator	200
John F. Wilson	31 Winthrop street	12	New fittings, installing range,	90
Joseph Rosengard	10 Wolcott street	14	Installing two ranges and one storage system.	300
William E. Hogan	38 Winthrop street	12	Installing five ranges	1,000
John J. Mooney	10 Walnut street	5	Installing refrigerator	160
Samuel Landau	114 Strathmore road	21	Installing stove	100
Charles Lang	70 Prospect street	20	New connections to meter, replacing range.	120
Louis Guttel	106 Princeton street	1	Installing range	90
John J. Mooney	2 Portland street	3	Installing restaurant equipment.	500
M. A. Carder	16 Pine street	3	Installing refrigerator	160
Samuel Landau	151 Park Drive	5	Installing stove	100
William E. Hogan	620 Massachusetts avenue	9	Installing two ranges	400
Samuel Landau	15A Harriet street	22	Installing refrigerator	150
Louis Guttel	238 Bremen street	1	Installing two ranges	225
Louis Guttel	274 Chelsea street	1	Installing stove	125
Samuel Landau	30 Grenville avenue	21	Installing stove	100
Thomas C. Kelley	201 Belgrade avenue	20	Installing range and water heater.	150
John F. Wilson	8 Bartlett street	2	Installing combination range,	30
Samuel Landau	2 Ayr road	21	Installing stove	100
John J. Vogel	1636 Blue Hill avenue	18	Installing restaurant equipment.	75
Robert F. Fisher	2 Brooks street	22	Installing furnace	250
Harry Greenlaw	17–23 Forsyth street	4	Replacing ninety-one ranges	6,825
Israel Shulman	105 Peterborough street	21	New fittings from meter to range, repairing leak.	90
Otto G. Weider	106 Lonsdale street	16	Installing range	125
George H. Pentz	40 Windsor street	9	Installing laundry equipment,	100
C. J. Kay	333 Washington street	3	Installing jeweller's furnace	75
L. Berg	224–226 Purchase street	3	Installing oven	100
David Carlin	40 Cobden street	11	New connections to meter, new piping.	100
Francis D. Carr	40 Irving street	3	Installing refrigerator	160
John F. Clancy	12 Belfort street	13	New connections to meter, installing range and water heater.	300
John F. Clancy	15 Bodwell street	15	New connections to meter, installing range.	225
William DiLorenzo	94 Trenton street	1	Installing refrigerator	160
Morris Eskovitz	5 Balsam street	14	Installing range and water heater.	225
William J. Fair	34 Kenton road	11	Installing refrigerator	210
William J. Fair	95 Maynard street	18	Installing refrigerator	195
William J. Fair	185 Metropolitan avenue	18	Installing combination range,	290
William J. Fair	47 Reyem Circle	11	Installing refrigerator	195
B. F. Godfrey	779 Centre street	19	Installing radiator	65
D. H. Lane	24 Peacevale road	17	Installing range and heater	225
Aloysius A. Marrin	880 East Broadway	6	Installing refrigerator and heater.	300
D. J. Hull	245 A street	6	Installing restaurant equipment.	145
D. J. Hull	65 G street	7	Installing heater	100
John P. Teevan	421 Dorchester avenue	7	Installing tire shop equipment.	25
D. J. Rull	501 East Sixth street	7	Installing range and water heater.	200

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

INVESTIGATOR, BOARD OF REGISTATION OF HAIRDRESSERS, APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

This examination is open to both males and females.

Salary: $1,440 to $1,740 a year.

Vacancy: At present, there is one vacancy, for a female.

Duties: Under general direction, to investigate beauty shops and hairdressers in matters relating to sanitation, sterilization, and compliance with the rules relative to the registration of hairdressers, and with the rules and regulations of the Board of Registration of Hairdressers; to investigate complaints relative to violations of laws, rules and regulations pertaining to the licensing of hairdressers; and to perform related work as required.

Entrance Requirement: Applicants must be registered hairdressers in the State Board of Registration of Hairdressers.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

CHIEF SUPERVISOR OF PUBLIC HEALTH NURSING (FEMALE), APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: $3,180 to $3,720 a year.

Vacancy: At present there is one vacany in the Division of Administration, Department of Public Health.

Duties: To supervise all public health nurses employed by the Department of Public Health; to organize public health nursing in the District Health Units; to render advisory service to local public health nurses throughout the State; to teach public health nurses in groups, as required.

Entrance Requirements: Applicants must be registered nurses in the State Division of Registration of Nurses.

Applicants shall have had at least five years' experience in public health nursing, at least two years of which shall have been in charge of a public health nursing program.

It is desirable that applicants shall have had experience in acute communicable diseases, as well as in tuberculosis, syphilis and gonorrhea; clinical experience in medical, surgical, obstetrical and pediatric nursing, as well as experience in teaching public health nursing.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 3, 1941.

Regular meeting of the City Council in the Council Chamber at 2 p. m., President GALVIN in the chair. Absent, Coun. Kelly and Ward.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weighers of Coal: George Lea, 16 Valley Beach avenue, Hull, Mass.; L. C. Mullin, 26 Granite street, Somerville, Mass.; M. Passalacqua, 19 Sullivan street, Charlestown, Mass.

Weighers of Goods: Chester A. Clark, 74 Evans street, North Weymouth, Mass.; James F. Nee, 134 Dakota street, Dorchester, Mass.; Robert J. Carmichael, 283 Chestnut avenue, Jamaica Plain, Mass.; Charles F. Barry, 131 Manthorne road, West Roxbury, Mass.

Severally laid over a week under the law.

LAND ON MATTHEW STREET.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1941.

To the Members of the City Council.

Gentlemen,—I am in receipt of the attached communication from the Commissioner of Public Works in which it is stated that the Public Works Department is desirous of securing the parcel of land on Matthew street, Dorchester, now controlled by the Custodian of Foreclosed Real Estate.

The custodian has stated that he has no use for the land at the present time nor the future. I am agreeable to the transfer of this land from the Foreclosed Real Estate Department to the Public Works Department as contained in the accompanying order and respectfully request your approval.

Respectfully yours,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
February 26, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—At the present time the department is using as a local district yard, property located on Matthew street, Dorchester, that is under the jurisdiction of the Custodian of Foreclosed Real Estate.

The custodian has agreed to transfer the property to the jurisdiction of this department for the above-referenced purpose, as he has no use for the land at the present time nor does he anticipate being able to dispose of it at any time in the future to private parties.

I, therefore, respectfully recommend that you forward the enclosed order, that was prepared by the Law Department, to the City Council, for approval by that body, authorizing the transfer of the land from the jurisdiction of the Custodian of Foreclosed Real Estate to the Public Works Department.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated August 14, 1939, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5545, page 200, on about twenty-four thousand five hundred thirty-nine (24,539) square feet of land on the northwesterly side of Matthew street, adjoining an estate now or formerly of Standard Oil Company of New York, Inc., being lots 9 and 10, John H. Burroughs plan, dated April 7, 1924, recorded with Suffolk Deeds, Book 4568, page 106; and

Whereas, The Commissioner of the Public Works Department of the City of Boston is desirous of using the said premises as a district yard of the said department; now, therefore, it is hereby

Ordered, That the Custodian of Foreclosed Real Estate of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to transfer the care, custody, control and management of the hereinbefore described premises to the Public Works Department of the City of Boston.

Referred to Executive Committee.

APPROPRIATION FOR MUNICIPAL SURVEY COMMITTEE.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1941.

To the City Council.

Gentlemen,—The appropriation of $25,000 for the continuance of the Municipal Survey Committee, authorized by your Honorable Body on December 11, 1939, is practically exhausted. The value of this committee has been amply demonstrated in the past and on several occasions I have taken the opportunity of commending it for its valuable assistance to the administration. It is my purpose to continue the activities of this committee because I am of the belief that its work has amply justified its existence, and that it will continue to produce favorable results for the city.

I respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the sum of $25,000 be, and hereby is, appropriated, to be expended under the direction of the Mayor, for a survey of municipal departments, methods, activities, for the purpose of ascertaining what economies can be recommended; said sum to be charged to the appropriation for the Contingent Fund, when made.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Lucy Crowley, for compensation for injuries caused by an alleged defect at 8 Arlington street.

Martha K. Dunphy, to be refunded $2 which was deposited with the Building Commissioner.

Edward J. Kenney, for compensation for damage to property at 127 Conant street, caused by city truck.

Lillian F. Miller, for compensation for damage to property at 24 Walter street, Hyde Park, caused by blasting.

Thomas H. Nugent, to be reimbursed as result of accident which occurred while in performance of duty.

Harry P. Sheehan, to be reimbursed for execution issued against him.

Anthony Sinkavich, for compensation for damage to property at 191 Savin Hill avenue, caused by snowplow.

Francis H. Zeigler, to be reimbursed as result of accident which occurred while in performance of duty.

Licenses.

Lucy E. McDonald, for driveway opening at 214 North Beacon street.

REPORT OF COMMITTEE ON PUBLIC WELFARE.

Coun. LANGAN, for the Committee on Public Welfare, submitted the following:

1. Report on order (referred February 10) with reference to fuel deliveries to recipients of Dependent Aid, aid to Dependent Children and Old Age Assistance—that same ought to pass.

The report was accepted and the question came on the passage of the order.

On motion of Coun. M. H. SULLIVAN, the order was referred to the Executive Committee.

2. Report on order (referred from Executive Committee February 24) that Finance Commission investigate contracts of Boston Ice Company and others for delivery of fuel to welfare recipients — that same ought not to pass.

The report was accepted and the order was rejected.

3. The Committee on Public Welfare unanimously report that instead of 75 gallons of oil, 100 gallons be given to each welfare recipient.

Referred to the Executive Committee.

REPORT OF COMMITTEE ON CLAIMS.

Coun. M. H. SULLIVAN offered the following:

1. Report on petition of John D. Murphy (referred February 10) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Highway Division, Public Works Department, July 2, 1940 — recommending passage of accompanying order, viz.:

Ordered, That the sum of two hundred eighty-six dollars and eight cents ($286.08) be allowed and paid to John D. Murphy in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Highway Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of John D. Murphy (referred February 10) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Highway Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred two dollars and sixty cents ($102.60) be allowed and paid to John D. Murphy in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Highway Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

3. Report on petition of Michael J. Kilroy (referred February 24) to be reimbursed for amount of execution issued against him on account of his acts as operator of patrol wagon belonging to Police Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of two hundred eighty-nine dollars and thirty-seven cents ($289.37) be allowed and paid to Michael J. Kilroy in reimbursement for amount of execution issued against him on account of his acts as operator of a patrol wagon belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

4. Report on petition of Michael J. Kilroy (referred February 24) to be reimbursed for amount of execution issued against him on account of his acts as operator of patrol wagon belonging to Police Department — recommending passage of accompanying order, viz.:

Ordered, That the sum of two hundred fifty-five dollars and sixteen cents ($255.16) be allowed and paid to Michael J. Kilroy in reimbursement for amount of judgment issued against him on account of his acts as operator of a patrol wagon belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

5. Report on petition of Michael J. Kilroy (referred February 24) to be reimbursed for amount of execution issued against him on account of his acts as operator of patrol wagon belonging to Police Department — recommending passage of accompanying order, viz.:

Ordered, That the sum of one thousand four hundred ten dollars and eighty cents ($1,410.80) be allowed and paid to Michael J. Kilroy in reimbursement for amount of execution issued against him on account of his acts as operator of a patrol wagon belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

6. Report on petition of Michael J. Kilroy (referred February 24) to be reimbursed for amount of execution issued against him on account of his acts as operator of patrol wagon belonging to Police Department recommending passage of accompanying order, viz.:

Ordered, That the sum of five hundred thirty-four dollars and one cent ($534.01) be allowed and paid to Michael J. Kilroy in reimbursement for amount of judgment issued against him on account of his acts as operator of a patrol wagon belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

RETURN ON OLD COLONY HOUSING PROJECT.

Coun. CHASE offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to confer with the Federal Government officials in an attempt to obtain a fee in lieu of taxes on the Old Colony housing project which would be more nearly equivalent to the amount the city would receive if the property were privately owned, in view of the fact that the apartments are to be rented to non-residents of Boston and that the rents to be charged are to be the same as those charged in privately-owned apartment buildings.

Coun. CHASE—Since the Federal Government is going into the real estate business in housing defense workers at the Old Colony housing project in South Boston, it seems only reasonable that the Federal Government should be expected to pay to the City of Boston the same amount of taxes on the project as would be the case if it were privately owned. The Old Colony project under the present arrangement is certainly going to be no asset to the City of Boston. It is much more likely to prove a white elephant. In the first place, residents of Boston are going to be ineligible for residence in the project. Residents from other cities and towns are going to be brought into South Boston and housed in the Old Colony project. That means that when the present defense boom is over, many of these workers will be thrown out of jobs, and some of them are likely to be forced onto welfare rolls. If Boston were going to derive full benefit from their residence in the city while they are employed, it might be worth taking that chance that later they will become public charges. Actually they will be a partly subsidized group even while employed at good jobs. We have been told the government will pay to the city a fee in lieu of taxes which may run as high as $40,000 or $50,000, if all the apartments are rented. The government is to pay to the city 15 per cent of the shelter rent, but if the Old Colony project were privately owned and the Government certainly is competing with private real estate owners, the real estate taxes alone would amount to $200,000,—five times the amount the Government will pay to the city. For all practical purposes the city will have to render the same service to the Old Colony residents that would be the case if the property were privately owned. The city must provide police and fire protection. It must furnish schools for the education of the children of these defense workers. And may I say at this time that the expenses to the City of Boston for the cost of providing proper educational facilities for the children of these defense workers will be far in excess of $40,000. The city must furnish

many other municipal services which cost money, and the amount the city will receive back in lieu of taxes will not be adequate to cover the expenses that the children will incur. If the Old Colony project were being occupied by Boston families in the low income groups who had been living in sub-standard homes, the city could be expected to subsidize them, but here we have a case where the tenants are to be brought in from outside of Boston, where they are making good salaries and are well able to pay for the municipal services given them,—better able than many taxpayers who have to pay a little more to make up their deficit. If the rents for these apartments are to be the same as those charged in privately-owned dwellings, and that is what we have been told, then the Federal Government should pay the same taxes as if the buildings were privately owned. I believe that the Housing Authority should attempt to work out some plan with the Federal Government which would be fairer to the people of Boston. Mr. President, I ask suspension of the rule and passage of the order.

The order was passed under suspension of the rule.

RESURFACING OF CORLISS STREET, WARD 11.

Coun. ENGLERT offered the following:

Resolved, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth pavement Corliss street, Ward 11.

Passed under suspension of the rule.

COMMENDATION FOR REFUSAL OF GRANT OF OIL PERMIT.

Coun. HUTCHINSON offered the following:

Resolved, That the Board of Street Commissioners, through his Honor the Mayor, be commended for their recent action in refusing to grant a permit for the keeping, storage and sale of 800,000 barrels of petroleum products at 429 Mt. Vernon street, Ward 13.

Coun. HUTCHINSON—Mr. President, I want to congratulate the Board of Street Commissioners for refusing this permit, and also to congratulate the Mayor for appointing men who do their duty in a thing such as this. This permit, if granted, would ruin the beaches of Dorchester and South Boston. It would be a tremendous fire hazard to our district. It would increase fire insurance rates and would keep everybody in the district worried for fear of fire coming to burn their own homes. The Board of Street Commissioners has refused this permit and the Council and the people of Dorchester and South Boston ought to congratulate them for this work.

Coun. COFFEY—I don't know who the company is that asked for this permit, but I wish there was some way of letting them know that if they really want this permit, just put in an application for East Boston and they will get the permit.

The resolution was adopted.

LEGISLATION CONCERNING CITY.

Coun. WICKES offered the following:

Ordered, That the legislative agent of the City of Boston be requested, through his Honor the Mayor, to keep the City Council informed regarding legislation now pending or which may in the future be pending, if such legislation concerns the City of Boston; and be it further

Requested, That the said legislative agent furnish to the City Council the dates of hearings of such legislation.

Passed under suspension of the rule.

CANCELLATION OF BURLESQUE SHOWS ON GOOD FRIDAY.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the City Censor be requested, through his Honor the Mayor, to advise all operators of burlesque shows in Boston to cancel all shows on Good Friday.

Coun. M. H. SULLIVAN—Mr. President, I think most of the decent minded people of Boston were astonished on Christmas Eve,— which by people of all faiths and creeds is recognized to be one of the outstanding days of spiritual significance in the year,— people were horrified and astonished to find that Christmas Eve was ushered in, in four burlesque houses with shows that certainly closely border on what is definitely immoral. One of the outstanding religious organizations in this city approached me shortly after the time for filing bills in the Legislature was reached and asked me to introduce a bill up in the Legislature demanding that Sabbatical strictures be placed on theaters on the Christmas holiday. Unfortunately, due to the lateness of the hour when they contacted me, it was impossible for me to introduce such legislation that would make impossible the presentation of such shows on Christmas in the future. I think the people of Boston and all the people of the nation at the present time are concerned with the fate of the world and are gradually becoming more spiritual minded. On Good Friday, I think all citizens of Boston, regardless of their religious creed,— certainly the vast majority of them,— will be horrified this year when people's minds should be turned to other things rather than burlesque shows, if on Good Friday afternoon or at any time on that day burlesque shows are allowed to be presented in the City of Boston. I know that the Mayor has no power concerning such shows on any days, whether Christmas or Good Friday or any other day of such spiritual significance, but I do know likewise that the theaters of Boston in such a matter will be, if not happy, at least most willing, to agree to any strictures on them by the city censor in such a matter. Good Friday in many states meets with a more solemn observance than it does here. I read that in other places in the world,— in Arizona, Connecticut, Delaware, Florida, Louisiana, Maryland, Minnesota, New Jersey, North Dakota, Pennsylvania, South Carolina, Tennessee, the Canal Zone, Philippine Islands, Porto Rico, the Virgin Islands,— Good Friday is not only a holiday in those sections, but likewise, according to the dictates of the government in those states, a holy day, and in the state of Connecticut it is proclaimed by the government a day of fasting and prayer. Now I do not pretend to be any bluenose or reformer, but I think in the City of Boston this year, especially, in the future such dirty shows should definitely be banned. If they cannot be banned so far as the law is concerned, so far as city ordinances or statutes are concerned, then I think the city censor should impose upon whoever runs those dirty shows in Boston such strictures as will make such people realize it is not advisable to conduct such shows on such a day.

Coun. TAYLOR—I move the order be referred to the Committee on Rules.

Coun. M. H. SULLIVAN—If it be referred, I would like to ask for a roll call to find out how the members of the Council stand on it.

Coun. COFFEY—Talking on the order, the shows that are in Boston in these burlesque houses we all know are filthy. Making it short and coming to the point, there is nobody responsible but the city censor. He allows them.

Coun. TAYLOR—I will withdraw my motion.

The order was passed under suspension of the rule.

APPROVAL OF LEGISLATION RE DEBT LIMIT.

Coun. SHATTUCK offered the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation relative to the authority vested in the City of Boston to incur certain loans outside the debt limit, substantially as set forth in the proposed bill attached to the petition filed in January, 1941, in the General Court, by Henry L. Shattuck of Boston.

Coun. SHATTUCK.—Mr. President, this is a bill to cut off further borrowing by the treasurer, with the approval of the Mayor, on old authorizations that are more than ten years outstanding. For example, there is a remnant on the Avery street widening nearly thirty years old. There is a remnant on the Stuart street widening nearly twenty years old. There is a remnant on the East Boston Tunnel about ten years old, and also under the various transit acts beginning with the subway in 1894 authorizing a wide-open power to borrow money by the Transit Commission with the approval of the Mayor. This bill would cut off further borrowings without new authorization on authorizations over ten years old. It would make a situation in the case of the transit loans of permiting in future years the issuing of not more than $100,000 of transit loans in any one year without further authorization. So far as the transit loans are concerned, I think they have been handled quite conservatively and particularly during the administration of Commissioner Sullivan, but his administration will not last forever, and the acts do contain unlimited power to borrow money. This $100,000 limitation permits such things as they not infrequently do, of making small alterations in the Park Street Station, for instance. Those things they can continue to do without asking for another authorization, but if they want to do a major job involving large sums of borrowed money, if this bill is passed, they would have to come back to the Mayor and City Council. In short, this bill gives the Mayor and City Council control where at the present time they do not have control on these old authorizations where the major job which was intended and contemplated at the time the authorization was given has been long ago accomplished, and if they want to do any new large jobs they must come back for a further authorization.

The resolve was passed under suspension of the rule.

TRANSFER FOR TRAFFIC LIGHTS, WARD 18.

Coun. GOODE and Coun. LANGAN offered the following:

Ordered, That his Honor the Mayor be requested to provide that the sum of $3,000 be immediately transferred from the Contingent Fund to the Traffic Commission for the purpose of placing traffic lights at the intersection of Hyde Park avenue and Cummins Highway, Ward 18.

Coun. GOODE—Mr. President, as a member of the Committee on Appropriations it was brought to my attention that no money had been made available this year by the Traffic Commission for the purpose of placing traffic lights and other necessary signs in various sections of the city. At the same time it was brought to my attention that $75,000 was included in the budget for the expenditure of a part of a proposed $250,000 roof for the library. The very people who will be called upon to pay taxes to build this roof are daily being placed in danger of life and limb by the failure of the Traffic Commission to include in its budget the necessary expenditures for these traffic lights. I think these people are more interested in protecting their legs and arms and other parts of their body than they are in preserving the art treasures in the public library. Now I don't know whether this sum has been included in the budget and then taken out by the Budget Commissioner, or whether the Traffic Commissioner felt that no lights were needed, but in my section, in Ward 18, many housing projects are now being built. Consequently, much more traffic is converging into that section of the city, and an intersection that six months ago was not very busy may in a few additional months become as busy as intown Boston. I hope some action will be taken by the Traffic Commissioner to relieve these dangerous conditions that exist at present in my ward as well as in other sections of the city.

Coun. LANGAN—I am fully in accord with the councilor from Hyde Park in his description of the dangerous element involved at the intersection of Cummins Highway and Hyde Park avenue. I have been so much impressed with this situation in the past that at least on two occasions, in conjunction with the predecessor of the councilor from Hyde Park, I have introduced into this Council an order to have traffic lights put there. I trust that the Traffic Commission will in the near future come to a realization of the fact that this is one of the most dangerous spots in the entire city, and they should give it immediate attention.

Coun. CHASE—I, too, on many other occasions have sought necessary traffic lights in my district. I may say, Mr. President, with the completion of the Huntington Avenue Subway extension that there are two very dangerous spots on Huntington avenue which positively will have to be relieved by the installation of traffic lights, namely, at the corner of West Newton street and Huntington avenue, and also at the corner of Stuart street and Huntington avenue. As I understand it, the present flow of traffic on Huntington avenue will more than double on the completion of the street work, and I say to you, Mr. President, that we elected officials of the City Council who are put into this office by the residents of Boston should do everything within out power to protect the lives of those residents. We have a big traffic improvement proposition which is pending before the Legislature, and on such improvements the taxpayers of Massachusetts, especially outsiders, should be willing to stand the cost of this construction because it is the automobile owners from outside the City of Boston who are responsible for this tremendous flow of traffic in every street in Boston. Mr. President, I say that it is going to be the people from Newton, Brookline, Worcester and every other part of the Commonwealth that will create the extensive flow of traffic on Huntington avenue, that will place a definite traffic hazard at the doorsteps of every resident of ,the district, people who have put me into office people who are taxpayers in Boston. I say that that problem of providing adequate protection for those residents of Boston should come first. Priority should be given to the problem of raising necessary funds for the providing of adequate traffic lights throughout the entire city before the problem of providing a big artery to accommodate non-residents of Boston. I say, Mr. President, it is about time that the City Council and the Mayor of Boston recognize this problem. I know members of this Body have on many other occasions raised that question,— When are we going to be provided with the necessary traffic lights? And the old story is, "We lack the necessary funds." Well, now, Mr. President, if we have ways and means of securing the necessary money from the gasoline taxes to make the tremendous artery, surely the same proposition should be invoked in order to raise necessary money for traffic lights. Traffic lights are necessary because of automobile traffic, and your gasoline tax money positively should be used for that purpose. I say that the time has come now for us to do something about this problem. We don't want any more maimed bodies of the citizens of Boston because of this tremendous automobile hazard, and we positively should do something about it.

Coun. HUTCHINSON—At the budget hearings I asked the Budget Commissioner if there was any possibility of getting this money out of the state, out of the Highway Fund, and he said that at hearings up there it was felt it was a capital expense so they should not take it out of the Highway Fund. I introduced an order that was passed by the Council a week or two ago asking the Mayor to appropriate $146,000 for traffic lights for the City of Boston. The only way that we will get these traffic lights, seeing that the Mayor has not put it in the budget, is to refuse to pass the budget until an appropriation is made. It is a question whether that is too drastic a method, because it will probably hold up the salaries of employees and everything else. However, that is the only way we will be able to get our traffic lights, by holding up the budget until they put in an appropriation to take care of it.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

Report on petitions for driveway openings, recommending that licenses be granted as follows:

1. Lucy E. McDonald, 214 North Beacon street.

Report accepted; license granted on usual conditions.

2. Y. H. Realty Corporation, at Court street and Court square.

Coun. FISH—Mr. President, I am getting away from the usual procedure by getting up and saying a word on this particular opening. The reason is that the Young's Hotel property has been sort of clouded in a mystery which has surrounded the whole thing. I would not myself favor the granting of these permits, which concern the First National Bank, who hold the mortgage on that property to the extent of $43,000, plus interest charges over a period of years, which would, I dare say, approach $60,000, unless I had received a guaranty that the City of Boston will receive 50 per cent of the net revenue derived from the operation of the proposed parking business. Now let me say just how much that will amount to for the city. They estimate that the business of that particular parking area will be in the vicinity of $24,000 per year. The least money paid by the licensee, which the First National Bank will receive, is $12,000. That $12,000 is not to be deducted to arrive at what they call net revenue. We are definitely to receive $6,000 out of the $12,000 from the First National Bank and also payments on back taxes. It is so written in this agreement. Added to that, the $12,000 that is left from the approximately $24,000 in business which they hope to conduct will amount to the vicinity of $6,000. They deduct the taxes, the license fee, lights, water, which amounts to about $6,000. We are next to receive 50 per cent of the balance, which will be another $3,000. It is safely estimated that the City of Boston will receive from this property in the vicinity of $10,000. If we apply that to the valuation on that property plus the tax rate at $40, we will be receiving the full taxes on a generous $250,000 valuation plus on that property, which I feel is reasonably fair. If there are any questions which the Council would like to ask as to any other information that we have received in our committee meetings, I will be glad to answer them, but before sitting down I want to thank the members of this committee who cooperated with me in establishing a precedent for the first time in the history of Boston, especially from the First National Bank, where we are guaranteed payments for a privilege which we are granting.

Coun. HUTCHINSON—Mr. President, there is only one thing I want to clear up. The city would foreclose on this property if it had the power, but due to a case in the Supreme Court that is pending and probably will be pending for two or three years, the city cannot foreclose, and that is the reason why they made this agreement to collect a certain percentage of the net profits. I want to congratulate the committee on the fine work that they have done in getting this agreement.

Coun. FISH—I would like to send this agreement along with the order. Incidentally it has not only the signatures, but the corporate seal of the First National Bank and the licensee.

President GALVIN—The agreement will be incorporated in the license.

Coun. D. F. SULLIVAN—I would like to have it referred to the Executive Committee.

President GALVIN—Do you make a motion to that effect?

Coun. D. F. SULLIVAN—Yes.

President GALVIN—That the report be referred to the Executive Committee.

Coun. FISH—Mr. President, I have no objection to referring it to the Executive Committee, but I cannot see what is going to be gained by it. After all, I believe we have a piece of property down there, and if we are now going, starting today, to have a guaranty, you may say, of a $10,000 annual income, I don't see that we are working in the best interests of the city to delay it.

The report was referred to the Executive Committee.

JURORS DRAWN.

Jurors were drawn, Coun. LANGAN presiding at the box in the absence of the Mayor, as follows:

One hundred two traverse jurors, Superior Criminal Court, to appear April 7, 1941:

James E. Knowles, Ward 1; Webster A. Rich, Ward 1; Charles E. Lawless, Ward 2; Michael Bono, Ward 3; John W. Bradford, Ward 3; Robert Carletti, Ward 3; Herbert Downs, Ward 3; Nicholas Jacob, Ward 3; Alfred Ravanesi, Ward 3; Attilio Sciucco, Ward 3; James Somersett, Ward 3; William J. Shuryla, Ward 4; Simon Sternburg, Ward 4; Arthur Baker, Ward 5; Rudolph Bruce, Ward 5; Robert H. Warren, Ward 5; Thomas W. Jennings, Ward 6; John J. O'Sullivan, Ward 6; Edward W. Owens, Ward 6; Charles J. Peck, Ward 6; Joseph P. Campbell, Ward 7; Stephen J. Contons, Ward 7; David F. Cowhig, Ward 7; Frank W. Duqba, Ward 7; John J. Gorman, Ward 7; John J. Groden, Ward 7; Peter Joyce, Ward 7; Anthony J. Keber, Ward 7; James A. Lloyd, Ward 7; R. John Sheppeck, Ward 7; George J. Breen, Ward 8; Anthony Interlandi, Ward 8; Herbert Merritt, Jr., Ward 8; Alfred B. MacCannell, Ward 8; William F. Brock, Ward 9; Thomas F. Costello, Ward 9; Daniel A. McElwain, Ward 9; Floyd Stewart, Ward 9; Thomas P. Cronin, Ward 10; Stephen F. Davis, Ward 10; Walter P. Hodgkins, Ward 10; William F. Hughes, Ward 10; Patrick J. Sullivan Ward 10; John J. Connaughton, Ward 11; Frederick M. Fitzemeyer, Ward 11; James D. Gilfeather, Jr., Ward 11; Arthur R. McDermott, Ward 11; Bernard J. Starr, Ward 11; Patrick A. Coleman, Ward 12; John J. Corbet, Ward 12; James G. Hurley, Ward 13; John J. Mahoney, Ward 13; Paul F. McManus, Ward 13; Daniel W. Whalen, Ward 13; Benjamin Paul, Ward 14; John J. Donovan, Ward 14; Ralph Hines, Ward 14; Leo Hymoff, Ward 14; Samuel Illman, Ward 14; Irving H. Kessler, Ward 14; Samuel Levenbaum, Ward 14; Louis B. Sulkin, Ward 14; Lawrence Welling, Ward 14; James A. Butler, Ward 15; Richard G. Engel, Ward 15; Edward H. Ferguson, Ward 15; William P. Silva, Ward 15; John F. Callahan, Ward 16; Richard C. Donoghue, Ward 16; Andrew J. Fisher, Ward 16; William F. Henderson, Ward 16; Charles L. Sullivan, Ward 16; Leo T. Dalton, Ward 17; Robert Deans, Ward 17; George T. DeCastro, Ward 17; Arthur A. Duffly, Ward 17; John J. Keegan, Ward 17; Jeremiah F. Kelleher, Ward 17; Russell E. Moore, Ward 17; Alexander MacLean, Ward 17; William E. Fennessey, Ward 18; James L. Hennessey, Ward 18; George W. Letteney, Ward 18; John P. McGloin, Ward 18; Frank L. McGowan, Ward 18; Robert A. Tibbetts, Ward 18; Harold J. Brown, Ward 19; Joseph M. Cullinane, Ward 19; Joseph F. Feeney, Ward 19; Frederick K. Schwarz, Ward 19; Harry E. Burton, Ward 20; Alexander W. Clark, Ward 20; Gustave A. Gabulson, Ward 20; John F. Ring, Ward 20; F. Gerard Lake, Ward 21; Arthur W. Collier, Ward 22; Daniel F. Hogan, Ward 22; Patrick J. Quinn, Ward 22; Robert B. Reynolds, Ward 22; Joseph J. Sullivan, Ward 22; John H. Van Etten, Ward 22; John W. Walsh, Ward 22.

One hundred two traverse jurors, Superior Civil Court, to appear April 7, 1941:

Richard W.Bagley, Ward 1; Joseph J. Campatelli, Ward 1; Melchiore Grana, Ward 1; John J Jeffers, Ward 1; John E. MacDonald, Ward 1; Joseph A. McClellan, Ward 1; Walter Sawyer, Ward 1; A. Ralph Stasio, Ward 1; Joseph M. Crowe, Ward 2; Charles S. Aymie, Ward 3; Joseph Cortese, Ward 3; Anthony J. Gignati, Ward 3; Charles H. Krim, Ward 3; Bartholomew Palmisano, Ward 3; George Jones, Jr., Ward 4; John A. Manning, Ward 4; Sterling J. Bock, Ward 5; John A. Breen, Ward 5; David A. Burr, Ward 5; Stephen McLaughlin, Ward 5; Leslie G. Smith, Ward 5; Michael Berry, Ward 6; Bernard L. Cavanaugh, Ward 6; Gerard J. Dearden, Ward 6; William H. Haynes, Ward 6; Philip Knapp, Ward 6; John Joseph Ridge, Ward 6; William J. Rupp, Ward 6; James T. Shea, Ward 6; Thomas Wilson, Ward 6; William J. Cunningham, Ward 7; Daniel T. Galvin, Ward 7; William F. Wall, Ward 7; Horace W. West, Ward 7; Michael P. Coyne, Ward 8; James Hayes, Ward 8; William Miller, Ward 8; David J. Barry, Ward 9; Alfred Brinkert, Ward 9; John W. Kenny, Ward 9; Arthur J. Roberts, Ward 9; Henry F. Dempsey, Ward 10; Thomas E. Kilduff, Ward 10; Simon J. Loughman, Ward 10; Bernard Doherty, Ward 11; James J. Gilmartin, Ward 11; Maurice H. Lewis, Ward 11; Andrew Bohn, Ward 12; Augustin A. Fay, Ward 12; Edwin M. Kaufman, Ward 12; Frederick Keyes, Ward 12; Francis X. Oram, Ward 12; Herbert W. Toombs, Ward 12; Richard H. Barnett, Ward 13; Peter J. Coan, Ward 13; Richard H. McKenna, Ward 13; Isadore Katz, Ward 14; Thomas J. Kelley, Jr., Ward 14; Harry Sher, Ward 14; Nathan Siegel, Ward 14; Edmund J. Simmons, Ward 14; LeRoy E. Whitaker, Ward 15; David P. Condon, Ward 16; William D. Creighton, Ward 16; Harold J. Gallagher, Ward 16; Harry Talbot Harland, Ward 16; Thomas J. Mulhern, Ward 16; Dennis J. Shea, Ward 16; Richard W. Shea, Ward 16; John Crosby, Ward 17; John J. Cummings, Ward 17; Samuel B. Harvey, Ward 17; Halbert E. Jackman, Ward 17; Frank J. Mahoney, Jr., Ward 17; Edward A. Weiner, Ward 17; James A. Williams, Ward 17; William H. Brown, Ward 18; Arthur P. Killion, Ward 18; George Lampro, Ward 18; George E. Wyman, Ward 18; Thomas J. Dolan, Ward 19; Robert Ellis, Ward 19; Karl F. John, Ward 19; James A. Leavy, Ward 19; Thomas C. Manning, Ward 19; Alexander P. McVarish, Ward 19; Thomas P. O'Connor ,Ward 19; John T. Slattery, Ward 19; Edward J. Simonian, Ward 19; Cornelius J. Cadigan, Ward 20; George T. Roberts, Ward 20; Frederick C. Coyle, Ward 21; Daniel O. Driscoll, Ward 21; John F. Havey, Ward 21; Edward H. Nelligan, Ward 21; John C. Nelson, Ward 21, George D. Tremblay, Ward 21; Patrick J. Britt, Ward 22; William J. Burke, Ward 22; Edward A. Monahan, Ward 22; Leonard F. Simcock, Ward 22; John G. Sweeney, Ward 22.

RECESS.

The Council voted at 3.40 p. m., by direction of President GALVIN, to take a recess subject to the call of the Chair. The members reassembled and were called to order by President GALVIN at 4.40 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on order (referred today) with reference to fuel deliveries to recipients of Dependent Aid, Aid to Dependent Children, and Old Age Assistance — recommending passage of accompanying new draft, viz.:

Ordered, That the Overseers of Public Welfare and Superintendent of Supplies be requested, through his Honor the Mayor, when making preparations for the year 1942 for the delivery of fuel to recipients of Dependent Aid, Aid to Dependent Children, and Old Age Assistance, to discontinue the practice of arranging for this distribution by contract and instead to permit these recipients to purchase this fuel from their local dealers, and that suitable provisions be made in regard to price charged and quality delivered.

Report accepted; order passed.

2. Report on report of Committee on Licenses *re* driveway license for Y. H. Realty Corporation — that license be granted.

The report was accepted and the question came on granting the license.

Coun. COFFEY—Mr. President, I listened with amusement here to the report of this committee. One statement has been made, maybe two statements to the effect that the committee should be congratulated. I think there is only one way to congratulate them. They have more guts than any committee I ever sat on in my four years' experience in the Legislature, and my year and two months here in the Council. They should be congratulated all right. Less than a week ago, talking to some members of the committee, I thought this thing was going to be kicked out the window. Statements were made to that effect that when this came up for consideration, they were going to kick hell out of it, peeved with the fact that the Board of Street Commissioners saw fit to grant the permit in the first place. Now, they come in with a new argument today that a certain agreement has been made with the City of Boston. Still, when we question the Corporation Counsel he admits that there is no agreement made. There cannot be an agreement made. It is a very poor excuse to try to get us to railroad this thing through the Council, one of the poorest I have ever heard, and I have been a witness to many of them here in the past year. It seems this piece of property is owned by the First National Bank. Many times in the past have I heard the statement made that the First National Bank runs the City of Boston and, by God, if it doesn't bear fruit in this particular item here. Here is the First National Bank owing taxes to the City of Boston since 1932, taxes amounting to approximately $136,000. Then they want to come in here and get some sidewalk openings for a parking lot, so the First National can still continue to collect the money on this piece of property. And they go further. They bring in the Y H Realty Company, which is owned by some of those closely connected with the First National Bank, and in a deal between the First National Bank and the Court Square Parking Company they enter into an agreement with the City of Boston that they are going to turn over one half of the profits that are made by the letting of this piece of property out here in Court square to this Court Square Parking Company. Now I think I am right in stating that the Court Square Parking Company is nothing but the Y H Realty Company under another name, and their plan is this: To allow the First National Bank to collect $6,000 to $10,000 a year and also to allow this Court Square Parking Company which in my opinion is nothing but the Y H Realty Company also to collect a fee from that parking lot for the next God knows how many years. They propose at the same time to take out all expenses incurred, and then split with the City of Boston before they take any, according to an agreement, not with the City of Boston, but between the Court Square Parking Company and the mortagee, who happens to be the First National Bank. Now you take a small taxpayer in the City of Boston. I have plenty of them in my ward. They will come in and ask for an abatement, and they cannot get it. They are not given any period of years before their home is foreclosed. The tax may amount to a measly $80 or $100, and still the City of Boston sees fit to go out and foreclose, and in foreclosing it they advertise in the papers, in the "City Record," to let everybody in the immediate vicinity of that family know they are going to lose their house because they haven't a measly $80 or $100 to pay their taxes on it. But still this First National Bank can come up here and take control not only of the Street Commissioners, but it seems as though they are going to take control of the great majority of the councilors here present. I for one am not going to stand for it. Even if I have to ask for an investigation to find out why it has taken from 1932 to the present year before the City of Boston finally decides to foreclose on this property. They were assessed, when Young's Hotel building was standing, for, I guess, $711,000. Now, we every one of us know that the City of Boston is paying rent for their department heads who are quartered in buildings outside of city property. Everybody knows that the City of Boston could have foreclosed at any time from 1932 up to the present time and saved the City of Boston tens of thousands of dollars on rental for their department heads, for their Licensing Board and their Finance

Commission quarters, and many others. But the city took no action, for one reason,—that the First National Bank owned that property. The last assessed value was over $200,000. Some $43,000 each year is supposed to be paid on that land alone. Still the city isn't collecting any money whatsoever, but the City of Boston is going to allow this plan to go through. There isn't any doubt they are going to railroad it through here,—we saw out in the executive chamber the way they are going to act on it, although I think in my heart the majority of the councilors who are here are opposed to it. But they are not going to vote that way. They are going to give the First National Bank and the Y H Realty Company a chance to collect some money while they still owe the City of Boston $136,000 in back taxes. They are going to allow a phony outfit—and it is nothing else, this Court Square Parking Company—to come in here and earn a dollar on something that clearly belongs to the City of Boston. The city could take that land over any time—it is assessed for over $200,000,—and sell it, and they could surely get $1.00 a foot which would give them over $200,000 in cash. Let the city, if they want to be honest and fair about these things, work it that way and don't let the First National Bank come in and collect some thousands of dollars while they still owe the City of Boston this money. I think this report ought not only to be tabled but killed outright. It smells to heaven.

Coun. D. F. SULLIVAN—I couldn't be consistent to my oath of office here and go along and vote to pass this order. I have been called on several times in the past year to go to the assessors' office and to go to the collector's office, for extensions on behalf of home properties of constituents, but you know, and every property owner knows, that no one can get an extension of time when there is a lien put on his house. I had a case today. I have had to call at the collector's office several times, and so did the person in question, to try and get a thirty days' extension so he could pay up the taxes due on his property for 1939. The lien goes on that piece of property March 15th. Thirty days is all they were asking, and when the thirty days were up, if they didn't have the money to pay, then the city could foreclose. Due to several trips of mine to the collector's office, I finally got them to agree to extend the time for thirty days. If we cannot go along and give these small home owners more consideration, how can we pass a thing such as this? Here the city has reached some kind of an agreement we may say for $20,000 a year for three years,—$60,000. We are not being consistent when we do this, where $60,000 is involved, and refuse to give the small home owner a break. This agreement here says 50 per cent of the net income of this parking area, if they get the permit, goes for back taxes. Not one penny of the other 50 per cent that is going to the First National Bank and the corporation that is going to take over the parking lot, not one penny is going towards the present taxes. Now, how can we be consistent in passing an order such as this,—this order asking for these driveway openings? I could not be consistent and vote for this order because I have had to go unavailingly to the two offices that I have mentioned. I know we all have the interests of the city at heart, to get in all the money we can, but before you look for $60,000, why can't the poor home owner get a break? I hope, Mr. President, that this driveway opening does not pass.

Coun. FISH—Mr. President, I have been interested in home owners for just about the fourteen years that I and other members of my family have been in political life, and I say that today that if I voted against this order I would be inconsistent. We are going to get $10,000 for this privilege of parking. This $10,000 is in no way connected with the present taxes. It in no way affects the taxes that are overdue. If we do not grant it, it is just an additional $10,000 that we will be turning away from the city, and I think in a small measure it would fall on the home owner, for every $10,000 that we get is $10,000 less that the home owner has to pay. I do not think that any councilor in this Body should listen to the loose talk that is going on here today when it is going to mean $10,000 to this city if they have their way. I have given a full explanation of the committee meeting. Added to that, every member of this Council sat in executive and listened to the advice and to the explanation of the Corporation Counsel, and they learned that this in no way will interfere with the present taxes or any delinquent taxes that may be due.

Coun. GOTTLIEB—Mr. President, I think it would be only fair to the Corporation Counsel and to the members of this Body who have been accused in a sense of railroading through this order to put in the record the statement, as I remember it, of the Corporation Counsel, that no foreclosure could be made at this time on that parcel of property. That is a clear answer to the statement of the councilor from East Boston that, in view of the fact that the property is assessed, at least the land, in excess of $200,000 why doesn't the city take it over now? Well, the Corporation Counsel has clearly stated that the city cannot take it over now for legal reasons which he explained very plainly. The only question that now faces the City Council is whether or not we can obtain some revenue for the future years that must go by before the city can exercise its right to properly and legally foreclose on this particular parcel of property. The councilor from Ward 1 stated that this whole thing in no way affects back taxes. I believe that also is incorrect; that the amount to be paid by virtue of this agreement by which the City of Boston will be a beneficiary will eventually cut down the amount due on back taxes, and will also be a present revenue to the City of Boston. I am sympathetic also to the plight of the small home owners. But what has this case got to do with the case of home owners? We want to get some money in for property which is non-productive. This is a non-productive parcel of land to which no other use can be put for at least two more years. I feel that this is an agreement whereby the city can gain a substantial revenue, and I feel we would be foolish to overlook an agreement of this nature which plainly gives to the City of Boston a revenue which the city sorely needs.

Coun. RUSSO—Mr. President, I am in accord with the previous speaker. He has practically brought out everything I had in mind. We all know,—I know myself, as one intrested in the small home owner who owns his own home, what difficulties he has in order to keep that little home of his. But this is an entirely different picture. As a member of the committee, who has given thorough study to it before it was presented to this Council, I know that there is a case before the Land Court on this particular property; and the Corporation Counsel has stated to us today in executive, that his department cannot go ahead and foreclose, because it is awaiting the court decision, and the court is not hearing any more cases just now because they have a Land Court case by the name of, I believe, Barrett and some other case under consideration, and it will take two years before this present case can be heard by the Supreme Court of Massachusets. Therefore, I feel that if this permit is not granted, it means a total loss to the City of Boston of practically $20,000. I wish to remind the councilors that a permit for parking has been already granted, and that this is only for an opening wider than ten feet, because they could go ahead and do business right now with a ten-foot opening, without any obligation to the City of Boston. So therefore, having all these particulars in mind, I cannot help but vote for the passage of this order, because it will mean an additional revenue to come into the treasury of the City of Boston.

Coun. SHATTUCK—Mr. President, if the city could proceed with this foreclosure in this tax lien at the present time, I would be absolutely opposed to this proposed license, but the fact is that the city cannot proceed with foreclosure at the present time. In some of the earlier years in which there was a tax delinquency on which foreclosure was sought, there were some alleged defects in procedure. Those alleged defects have been brought before the Supreme Court in another case, in which similar alleged defects have been claimed, and that case is now pending before that court. The Corporation Counsel tells us he sought to have this Young's Hotel case assigned in the Land Court for foreclosure in the last month but the court stated that they would not entertain foreclosure cases when this litigated question was involved, until the litigated question had been disposed of. As the case has not been heard by the court, and based on experience in other cases, it will probably take the court some time to make a decision, after it has been argued. The city, by granting this license and making it possible to earn some revenue on this property, is sharing in that revenue and is doing so without impairing any of its rights in the foreclosure, and without impairing any of its rights with respect to current taxes. This money will be so much in the till. It will be deducted, of course, from what is owed, but the amount already accumulated which is owed, plus any amount which will accumulate pending this decision, will, I think, undoubtedly be sufficient to hold the property so that in the end the city should not only have the property but have in addition this intermediate money which it will receive under this proposed license understanding. For that reason I am in favor of proceeding with the license.

Coun. HUTCHINSON—Mr. President, the councilor from Ward 1 stated that various councilors some time ago, a week or so ago, were against a permit for this opening. At that time we knew that the city could not enforce their right of foreclosure. We knew that these people who are asking for this permit through legal technicalities were preventing the city from getting the money rightfully due them. Then they came in and asked for a special privilege from the City Council. Why should they get a special privilege from the City Council when they are using every legal technical means to prevent the city from getting any revenue? When they saw the attitude of the Boston City Council they immediately wrote a trust so that the city would get one-half of the net profits from the parking space there. In other words, even if the city could not legally enforce their rights to collect the money, this company that was asking for the special privilege would make a trust to see that the city got one-half the net profits, and when they made that and brought it in to the City Council we saw that there was some revenue going to be given to the city and that it was not going to hurt our legal rights or rights of foreclosure. We knew we would have to wait probably two years before we would be able to foreclose, so we did the next best thing. A little is better than nothing at all, so the Boston City Council should vote for this thing and see that at least a little revenue comes into the city.

Coun. TAYLOR—Mr. President, I suppose the only function of the City Council is to pass upon or grant this license when there is an application for a sidewalk opening over ten feet. Customarily in the past, the City Council has never refused these openings unless there has been some very good reason, and so far as my recollection is concerned, during my term in the City Council, we have not refused any. I cannot see the great objection to this one at this particular time. I was rather amazed, although, on the other hand, I was not too surprised, to hear the distinguished councilor from Ward 1 attempt to tie up this administration with the First National Bank. I can readily see his reasons for it, and in my opinion the statement was only made to defame the present administration. It has no bearing on the case whatsoever, because the gentleman from Ward 1 must know the true facts. I know he knows the facts because they were given to him in this Council Chamber. I cannot see any reason why he should say that the First National Bank and the Y H Realty Corporation are one and the same. It is not so. The First National Bank holds a mortgage on that property, as it holds a mortgage on many other thousands of parcels of property in the City of Boston, including parcels owned by small home owners. They have an interest to protect. Their mortgage is a small one. It is around $43,000. The property is assessed for many hundreds of thousands of dollars, and there is no question in my mind, from a business viewpoint, that if the Supreme Court should decide against the City of Boston, claiming that the owner of the property does not owe any taxes, the First National Bank isn't going to allow the City of Boston to secure this property, but will pay the back taxes on it and protect their mortgage interest in the property, if the equity holders do not pay it. The First National Bank is a Massachusetts corporation. The Y H Realty is a Michigan corporation, having no connection here whatsoever, and the Court Square Parking Company is a Boston corporation that owns several parking lots in Boston, who are desirous of leasing this particular plot of ground for the purpose of running a parking station. So the facts have been laid clearly before this Council, and there is no reason for any tie up of the administration with the First National Bank. It is an absolute falsehood. There is absolutely no truth to it whatsoever. Of course, as Councilor Russo has pointed out, they can have a ten-foot opening in this sidewalk without any vote in the City Council. Cars can go through a ten-foot opening, and this particular agreement which has been drawn up will enable the City of Boston to get some revenue while this case is pending in the Supreme Court. They could operate this station, perhaps not so conveniently with a small opening as they could with a larger opening, but there would be nothing to prevent them doing it. Now I cannot see Councilor Sullivan's argument as to how it affects the small home owner. It is true that the small home owner, like any large home owner, is not given any extension for foreclosure on tax liens in the City of Boston. I regret that fact exceedingly. I would like to see not only the small home owner but the large property owners given a little more leeway to attempt to collect money to pay up back taxes, but the small home owner hasn't got the money and they do not carry their troubles up to the Supreme Court. They have not exercised the legal rights that exist in this particular case. If they did the same thing they could get foreclosure proceedings delayed as well as the Y H Realty Corporation. So in no sense at all can I see how it affects the small home owner. The people of Boston are clamoring for parking space. They say there is not enough room in Boston to park their cars when they come in here to do business. They are being driven off the streets of Boston by the Police Department today in their drive on cars that are parking illegally. There is a bill in the Legislature now for off-street parking so as to try to remedy that sort of thing. We should encourage at the present time these parking lots so people can come into Boston to do business, and we would perhaps in a small measure drive them away from Boston if we should deny this permit, in my opinion. During the three years I have been in the City Council we have never turned down any one parking permit, and just because the councilor from Ward 1 desires to tie up the administration to the First National Bank, for which there is not one iota of truth or one iota of proof, I in my own conscience cannot see why that should be any deterrent to giving these people the sidewalk opening which they are seeking.

Coun. D. F. SULLIVAN—Mr. President, I have the greatest respect for the Licensing Committee and the Corporation Counsel. The only question in my mind is what is the city going to do for the present taxes if the ruling comes down favorable to the city from the Land Court? If this ruling comes down favorable from the Land Court which some have said would take two, three or four years, we are in the mean time giving them a license to go into business there and make money on the city, even if the city may make a few thousand dollars. Let us go into figures and say this parking lot takes in $25,000 in one year. Figure $5,000 for expenses. That leaves

a balance of $20,000. The net income to the city would be $10,000. That according to the figures on the assessed value at the present date is not sufficient to cover even the present-day taxes. That is going toward back taxes. I asked the question in Executive Committee relative to the present-day taxes if this license is granted. That is a question for the tax collector. Everyone knows the tax collector cannot step into this piece of property because it is in the Land Court.

Coun. TAYLOR—Will the councilor yield?

Coun. D. F. SULLIVAN—Yes.

Coun. TAYLOR—If the councilor thinks this license should not be granted and there is no parking space there, how would the city benefit by it?

Coun. D. F. SULLIVAN—I am not ready to go on record as being in favor of the city losing $40,000 or $60,000 which may be involved in this question. My question is this: I have gone, as I told you before, to the collector's office trying to have a home owner's taxes delayed before the lien was put on a house, and have that party given a little time. Here we are giving the First National Bank an opportunity to try to get their mortgage of $43,000. If you owned a piece of property and the First National Bank had a mortgage on it and you couldn't meet your payments, they would foreclose on you right away. I am not giving the First National Bank or any large corporation any breaks whatsoever. They do not give the little man any breaks at all, and, Mr. President, this $10,000 will go back to them; $10,000 goes to the city; $10,000 will go to the Y H Realty or to the Court Square Parking Company and also be split up with the First National Bank. There is $10,000 that they have coming in, and no agreement whatsoever to pay any portion of that $10,000 toward present taxes. That was one of the reasons that it was my intention to try and get this thing laid over for one week until we went into that a little further. Here we were going to give them this permit for a term of two or three years so they can go out and make double what the city will make, and then if in a period of three or four years this ruling comes down favorable to the city, where will the city be? It will be owed $100,000, because even what they will pay now will not pay present-day taxes and they are mounting up all the time. If my memory serves me correctly, there is some $90,000-odd due the city from Young's Hotel, and this money added over a period of years will run over $100,000. If the ruling comes back favorable, where is the city going to be? Are they going to start this procedure of foreclosing again and give them a couple of more years to mulct the city? And that, Mr. President, is the reason that I am asking that the order be laid on the table, and I hope now the order does not pass.

Coun. COFFEY—In answer to the councilor from Ward 13 who made the statement that some of the members of the committee were opposed to the granting of this permit, and as a result of that, that fact got to the First National Bank and in turn they came to the Council chamber, or I suppose the executive room, and entered into an agreement. That agreement he speaks of, I suppose, is the agreement that the chairman of the Licensing Committee brought out here and entered into the record, I think illegally, because the Corporation Counsel has said that there was an agreement between the Y H Realty and the First National Bank.

Coun. FISH—Will the councilor yield?

Coun. COFFEY—No. There was supposed to be an agreement between the Y H Realty Corporation and the First National Bank, but the City of Boston didn't enter into any agreement, although he did continue to say that the city might benefit by it. The proof of the First National Bank knowing that they are getting away with something is the fact that they came in here and offered to make an agreement with the Committee on Licenses. That is proof in itself that they know they have been getting away with something for the past nine years and God knows they will get away with it for many years to come. Now, having in view the fact that this decision by the Land Court may be rendered against the First National Bank, there is nothing to stop the First National Bank previous to the reaching of this agreement by the Land Court to sell this property. Then they can pay what they owe the city, and still be in, probably, $100,000 or more themselves, although they have owed the City of Boston taxes for the last nine years. Now, in answer to the gentleman from Ward 12, he said there is no tie-up between the Mayor, the present administration, and the First National Bank. That tie-up was made three years ago previous to the last contest for Mayor. I think the same tie-up was made when the then District Attorney was candidate for Mayor and the tie-up has taken place ever since, and will take place so long as the present administration is in power. I do not say that just because I happen to be at odds with the present administration. That is common talk all over the entire city. Now, nobody brought out the fact that while there was supposed to be $25,000 of revenue taken in, that would be less the expense of lights, the expense for the privilege of the parking lot, the expense it will cost for the opening, and the expense for the workers there, and the expense of the Court Square Parking Company, which naturally will have to make a profit. Then after that is all taken out, there is supposed to be a split between the First National Bank and the City of Boston, although it is illegal for the city to enter into an agreement according to the Corporation Counsel. Nobody has mentioned the fact that included in that also is the fact they are going to take out the expense for the tearing down of Young's Hotel, and that is to be taken out of the first year's net profit to be made on that parking lot, and, as the chairman of the Committee on Licenses said, that will amount to a little over $6,000. We don't know what that figure may be, so in the first year it is safe to assume that the City of Boston will get approximately nothing. Another question I would like to ask is this. The First National Bank is letting this property to a parking company to take over. Why should not the First National Bank take it over themselves? In that way the city could receive a larger income and we could take out expenses that the Court Square Parking Company was going to put in, which approximately will be $6,000 or $7,000 and maybe more before they get through. The figure they gave us was more than $5,000. Now the councilor from Ward 5 said that foreclosure proceedings were entered in the Land Court about a month ago. There is a property that has owed taxes to Boston for nine years, and foreclosure proceedings were made about a month ago, which shows that the First National Bank is doing just about what they very well please under the present administration. Now, a word of praise was given here for the Board of Street Commissioners. I think they were congratulated for seeing that the City of Boston is going to get some income for this Young's Hotel property. I have a word of praise for them! Without a hearing to any of the abutters or to myself they have been granting permits in the last few months for the storage of six oil tanks in East Boston, and also for the storage of millions of gallons of gasoline. No notification was sent to the abutters nor was I notified. I was not notified about it until those tanks went up. That is my praise for the Board of Street Commissioners! Somebody else mentioned they are only interested in this because it is going to bring revenue to the City of Boston. Just let that one word remain,—revenue. Somebody brought out the fact that $20,000 might be taken in taxes by the City of Boston. That figure is ridiculous, because according to a statement of the chairman of the Committee on Licenses the income will be $24,000 minus operating expenses, and the split with the city after the First National gets their half,—the city will probably take in $8,000 or $9,000 less demolition cost for the first year.

Coun. RUSSO—Mr. President, I wish again to enlighten this Body. The councilor from Ward 1 has stated that the amount of expenses that are going to be incurred here are going to be deducted. At the committee meeting it was stated there at that time that the expenses that were going to be deducted from the gross income were just as stated in this particular agreement that has been entered into by these two parties. I think the councilor from Ward 1 states that the city has not entered into any agreement. So far as the opinion of the Law Department is concerned, he is quite right, but the Law Department has given its opinion that the City of Boston as benefactor can compel in equity enforcement of this agreement so that they get a revenue out of it. I would like to ask the councilor from Wards 1 and 9 whether or not we as councilors are going to tie up our own hands to spite our face when our nose itches? In other words, are we going to spite the City of Boston and the taxpayers of Boston by refusing to get a certain revenue into the treasury of the city? I say that is the wrong attitude. We have no control over this particular situation. It is the law that is holding the City of Boston back. It is not the City Council that is trying to hold back. Therefore, I say do not let us spite ourselves by refusing to get in some revenue to the city. The Lord only knows it is bad enough as it is trying to get improvements in our various districts. If we refuse to get in a certain amount of revenue, how can we go out and face our own constituents, when we tell them that we cannot get certain little improvements that are necessary due to the fact that there is no money in the treasury? As I say, let us pass this bill.

Coun. CHASE—Mr. President, I have in other years consistently urged the foreclosure of the rights the city had under the tax title on Young's Hotel property. If I remember correctly, in my first year in the City Council, some three years ago, I couldn't quite understand why this corporation should be given the benefit of being allowed to hold onto the property when they were so far back in their taxes. At that time, there were many small property owners in my district and in the districts of other councilors here who were, as a result of cold-blooded foreclosures of mortgages, forced to give up their properties, the reason being that the high tax rate made it impossible for them to continue to pay the mortgage interest, principal and taxes. Now, I am firmly of the belief that we should have equality between the weak and the powerful. Every member of this Body realizes that any banking institution is a powerful institution, and everyone here realizes that small property owners cannot avail themselves of the legal facilities that these powerful banking institutions can avail themselves of. But that is not the fault of the City of Boston or the City Fathers. It just happens to be that there are laws in existence which enable one group to take advantage of certain technicalities and do not allow others to avail themselves of those same advantages. I am very sympathetic with the small property owners. I know of many dear friends of mine in my district who have lost their property and have been forced to give it up to the city, but that is beside the question. As I understand it, and I believe I understand it correctly, a prior administration under a different mayor, in attempting to avail themselves of a foreclosure procedure, in order to get that Young's Hotel property for the city, did so incorrectly, and the result was that the property owners are today legally within their rights, and taking advantage of legal technicalities. I do not blame onto the present administration something that a past administration has done. I know something of the law, and know that sometimes technicalities of the law will prolong a case so that years may go by before any final decision has been made. I realize that under the present proposition the City of Boston will be able to gather in some $10,000 revenue. Realizing that the City of Boston may not be able to foreclose within a reasonable time because of the pending litigation, I feel, as one of the councilors expressed it, it would be for the benefit of the city as a whole to get part of it instead of losing it all. So, Mr. President, I shall vote for this permit simply because I believe that it will enable the City of Boston to secure some revenue, whereas if we didn't give the permit, that property would remain idle and the litigants would be in court for another two or three years, and the city would be without any revenue at all. But I say at this time that I hope the legal department of the City of Boston will be more successful in their legal proceedings when they do foreclose on this property, and will be most careful in any agreement they make so that the city, instead of being the one to lose by it, will gain by it.

Coun. FISH—I think we have competed with the Lease-Lend bill long enough today, and so they won't think we are trying to drive them off the front page of the papers, I now move the previous question.

The motion was declared carried.

Coun. Coffey doubted the vote, and asked for the yeas and nays.

The motion was lost, yeas 9, nays 10.

Yeas—Coun. Englert, Fish, Galvin, Goode, Gottlieb, Hurley, Hutchinson, Langan, Taylor—9.

Nays—Coun. Carey, Chase, Coffey, Linehan, Russo, Scannell, Shattuck, D. F. Sullivan, M. H. Sullivan, Wickes—10.

Coun. LANGAN—I suppose, since the debate is not going to stop, that another version of what happened this afternoon in the executive session would not be amiss. I think the issues in this case are very simple. I don't know but what in this case there is much ado about nothing. On the one hand we have the question as to whether or not we are going to get any taxes for the next two years from this piece of property, while we await the ruling of the Supreme Court. If we are not going to get any taxes, then nothing this Body can do is going to change that situation. The Supreme Court stands in our way and I, for one, must recognize the Supreme Court of the Commonwealth of Massachusetts in its interpretation of the law. If, however, there is any possibility of getting anything from this piece of property by any means, I am for it. I will do anything that any member of this Body can suggest to me that is reasonable on its face to prevent this license going through, but it doesn't appear to me to be a fair or just thing to argue back and forth about something that comes before this Council because someone doesn't want to see what is apparently obvious. We had the Corporation Counsel down here this afternoon, and he explained that to protect the city's interest a particular legal method was resorted to that would enable the city to get a certain percentage of the income from the land during the next two years, and the most important and most vital thing is that the city in doing so does not prejudice its rights that now stand before the Supreme Court. If at any time the Supreme Court should decide on the cases now pending before it that the City of Boston is justified in going ahead with foreclosure proceedings, it can do so. Now my point, gentlemen of the Council, is this: If you cannot point out some substitute method by which the city is going to get at least an equivalent right, then why not go forward on the basis of what we have got? I am willing to stay here arguing this bill all night if from it is going to come something constructive, something that is good for the taxpayers and for the good of the city, but I am intelligent enough to have looked through this particular order, to look through the background of it and find out whether it has justification. Mr. President, I have found nothing in all that has been said here this afternoon that would indicate what has been done by the members of the License Committee is anything but fair and just. What has been put forth to us as the interpretation of the law and what may be the Supreme Court's decision is non-existent at the present time. So I propose to vote on this until I am assured there is some other logical and reasonable method of arriving at a fair conclusion.

The previous question was moved by Coun. GOTTLIEB. The motion was carried. Coun. Coffey doubted the vote and asked for the yeas and nays. The motion was carried, yeas 11, nays 9, viz.:

Yeas—Coun. Englert, Fish, Galvin, Goode, Gottlieb, Hurley, Hutchinson, Langan, Lyons, Scannell, Taylor—11.

Nays—Coun. Carey, Chase, Coffey, Linehan, Russo, Shattuck, D. F. Sullivan, M. H. Sullivan, Wickes—9.

The question came on the granting of the license. Coun. COFFEY moved reconsideration of the vote just taken.

President GALVIN ruled that the motion to reconsider was out of order, and the question came on the granting of the license.

The license was declared granted. Coun. Coffey doubted the vote and asked for the yeas and nays. The roll was called, and the license was granted, yeas 17, nays 3:

Yeas—Coun. Chase, Englert, Fish, Galvin, Goode, Gottlieb, Hurley, Hutchinson, Langan, Linehan, Lyons, Russo, Scannell, Shattuck, M. H. Sullivan, Taylor—17.

Nays—Coun. Coffey, D. F. Sullivan, Wickes—3.

Coun. COFFEY moved a reconsideration, which was declared lost. Coun. Coffey doubted the vote and asked for the yeas and nays. The motion to reconsider was lost, yeas 4, nays 14:

Yeas—Coun. Coffey, Langan, D. F. Sullivan, Wickes—4.

Nays—Coun. Carey, Englert, Fish, Galvin, Goode, Gottlieb, Hurley, Hutchinson, Lyons, Russo, Scannell, Shattuck, M. H. Sullivan, Taylor—14.

CONFIRMATION OF EXECUTIVE COMMITTEE APPOINTMENTS.

President GALVIN called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor, February 24, 1941, of Ralph F. Seretto and Julius Wilansky, to be Weighers of Coal; and Julius Wilansky to be a Weigher of Goods.

2. Action on appointment submitted by the Mayor, February 24, 1941, of Lawrence D. MacDougall, to be a Constable, without authority to serve civil process and to serve without bond.

The question came on confirmation of the appointments. Committee, Coun. M. H. Sullivan and Russo. Whole number of ballots, 17, yes 16, no 1, and the appointments were confirmed.

PUBLIC HEARING BY BUDGET COMMITTEE.

Coun. GOTTLIEB—Mr. President, the Committee on Appropriations will conduct a public hearing on Wednesday, March 5, at 10.30 a. m., in this Council Chamber. Members of the public who are interested in any item of the 1941 budget, submitted by his Honor the Mayor, may attend and submit their recommendations to the committee at that time.

FORECAST OF TAX RATE FOR 1941.

Coun. SHATTUCK offered the following:

Ordered, That his Honor the Mayor be requested to furnish the City Council on or before Monday next, if possible, with a forecast of the tax rate for 1941 and of the revenue to be derived therefrom, with itemized estimates of revenue from sources other than real estate and personal property based on last year's receipts, and of the amount by which it is proposed to supplement revenue from taxes and departmental receipts by loans, in the event that the pending budget is adopted as recommended and that subsequent provision is made for snow removal and for the probable additional appropriations needed for Dependent Aid, Mothers' Aid, Old Age Assistance and Soldiers' Relief, and in the event that school appropriations are no larger than in 1940.

Coun. SHATTUCK—Mr. President, this is similar to the order that was passed by the Council last year, and in response to it the Mayor gave an estimate of what the tax rate would be, based on his budget recommendations, the School Committee budget, and so forth. It is necessary to make certain assumptions because the School Committee has not yet passed on its budget, and the state tax has not been absolutely fixed. Therefore, the amount recommended by the Governor, the receipts from income taxes, the metropolitan payments, and so forth, have not been absolutely fixed. But it would give us some idea of how we will come out if we pass the budget as recommended by the Mayor. That is the purpose of the order.

The order was passed under suspension of the rule.

EXCHANGE OF FOOD ORDERS FOR FOOD STAMPS.

Coun. LANGAN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Overseers of Public Welfare relative to the advisability of allowing welfare recipients to exchange food orders for food stamps.

Coun. LANGAN—Mr. President, under the present set-up a person who receives a welfare order from the Welfare Department, say, for the amount of $2.00, must go to the store and get only the equivalent of his order in groceries. Under this order they could take that food order and go to the stamp department and get stamps to the amount of $3.00 and the city would be no more out of pocket then than if they had spent the original order in the grocery store. I feel that this would be of great importance not only to the Welfare Department but more especially to the welfare recipients who would receive an extra dollar in proportion to the money received.

The order was passed under suspension of the rule.

HOLIDAY FOR SCHOOL CHILDREN, MARCH 17.

Coun. SCANNELL and Coun. LINEHAN offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to grant a holiday to children attending the Boston public schools on Evacuation Day, March 17.

Passed under suspension of the rule.

HOLIDAY, MARCH 17, FOR CITY EMPLOYEES.

Coun. SCANNELL and Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor be requested to instruct department heads to grant a holiday on Evacuation Day, March 17, to employees of the various city departments.

Passed under suspension of the rule.

ARC LIGHT, 25 BOSTON STREET, WARD 7.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light in front of 25 Boston street, Ward 7, near the first car stop coming from Andrew square.

Passed under suspension of the rule.

RESURFACING OF LENOX STREET.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement Lenox street, from Washington street to Tremont street, Ward 9; and be it further

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to reset the curb and resurface the sidewalks on said street.

Passed under suspension of the rule.

TRAFFIC SIGNALS, HAMMOND AND TREMONT STREETS.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to erect traffic signals at the junction of Hammond street and Tremont street, known as Douglas square, Ward 9.

Passed under suspension of the rule.

SURVEY OF ROXBURY CROSSING SECTION WITH VIEW TO UNDERPASS.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Transit Commission be requested, through his Honor the Mayor, to make a survey of the Roxbury crossing section of Ward 9 to determine the advisability of constructing an underpass or a subway in said section.

Passed under suspension of the rule

REASONS FOR NON-ADMISSION, MISSION HILL HOUSING PROJECT.

Coun. CAREY offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to immediately notify all persons whose applications for apartments in the Mission Hill housing unit have been definitely disapproved, stating the reasons therefor.

Coun. CAREY—Mr. President, very briefly I would like to say the purpose of that order is to clear up a lot of concern that is present not only in Mission Hill but in other sections of the city. The first families moved into the Mission Hill housing project last Saturday. There are great numbers in the district who are still wondering what action has been taken on their application. In a great number of cases they even had one investigation and in numerous cases applicants have been visited at least twice. I think it is fair that in all cases where applications have definitely been disapproved that the Housing Authority adopt the practice of notifying applicants at the earliest possible moment, and at the same time given the reasons therefor.

The order was passed under suspension of the rule.

FURTHER AID TO OLD AGE ASSISTANCE RECIPIENTS.

Coun. M. H. SULLIVAN and Coun. HUTCHINSON offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation providing free false teeth, eye glasses and medicine for recipients of old age assistance.

Coun. M. H. SULLIVAN—Mr. President, there is pending before the Legislature at the present time, and hearings were held by the Committee on Public Welfare last week on bills which provide for the providing of money for the furnishing of false teeth, eyeglasses and such similar things to recipients of old age assistance. I know that with the pittance received each month, they would be unable to provide such things for themselves, involving such extraordinary costs.

The order was passed under suspension of the rule.

PAYMENT OF VACATION MONEY TO DRAFTEES.

Coun. HURLEY offered the following:

Ordered, That his Honor the Mayor be requested to instruct the legislative agent of the City of Boston to petition for legislation which will make possible the payment of vacation money to all employees of the City of Boston who would be entitled to this vacation pay if their service in the City of Boston employ was not interrupted by being called to military service in the United States Army.

Passed under suspension of the rule.

ATTRACTING OF TOURISTS TO CITY.

Coun. CHASE offered the following:

Ordered, That Director of Public Celebrations and Conventions be requested to consult with the Boston Chamber of Commerce and civic organizations with a view to conceiving a plan of attracting tourist business to the City of Boston; and be it further

Ordered, That the Director consider the advisability of advertising in national organs of publicity the ideal historic City of Boston for vacationists and tourists.

Coun. CHASE—Mr. President, the world is faced, especially the United States is faced, with a very unusual situation this year because of the World War which is preventing American tourists from visiting European countries. America is a land of vacationists, and the American public is known for its desire to tour historical places. In view of the fact that these American tourists and vacationists cannot go to Europe, and in view of the fact that they will have to find other places this year to spend their vacations in, I believe and I am convinced that the business people of Boston and the City of Boston would benefit tremendously if we were to embark upon an advertising campaign throughout the nation, informing people of other states of the desirability of the historical City of Boston and the remarkable State of Massachusetts of which Boston is the capital. We have every facility for wonderful vacations for any citizen of any state in the Union. We have beaches and historical spots. We have everything that man desires and I am convinced that Boston could take in millions of dollars from tourists and vacationists this year who under normal circumstances would go to Europe. Boston would benefit to a certain extent because of this European situation. If we were to advertise the great facilities that we have in this historical metropolitan Boston, I am sure we would benefit threefold. I say if the city director was authorized by his Honor the Mayor to embark upon some sort of an advertising program the city would materially benefit.

Coun. COFFEY—Talking on the order, I think it is a very important order, and for the sake of keeping the boys a little longer because of their shutting off debate, I will talk on it for a few minutes.

Coun. FISH—Does the councilor yield?

Coun. COFFEY—No, I refuse to yield. I think this is a very important order, and I think the city director should be asked by the Mayor of Boston to go into an extensive advertising program. We should bring the people from these other states over to historic Boston, as the genial councilor from Ward 4 states. We might get him to advertise some of the beaches we have in East Boston. We could bring them out to Condor street and they could take a dive in and get stuck in the mud about two feet. You could take them around to the East Boston Land Company and show them where there are ten million gallons of gasoline stored, and all the oil that comes in from the harbor and the refuse that comes into our bathing beaches in East Boston. It would be a nice sight to have those visitors come to greater Boston, or historic Boston, and allow me, the councilor from the district, to take them through my section of East Boston and show them the beautiful beaches we have there. Let them go out to Wood Island and see the beautiful beach, naturally one of the finest beaches in the entire country, and I can show them when the East Boston harbor was built, how oil and gasoline that is thrown out in the harbor from the airport comes right over onto that beautiful beach we have at

Wood Island. I might show them all the broken bottles we have there every year, and although an order is placed in the Council intended to clean up the Wood Island section, nothing is ever done about it. Then we should call attention to the fact that they have just got permits for the erection of six more oil tanks in East Boston along the waterfront—although a few years ago Boston was going to take over some of the wharfage along Border street waterfront and turn it into a swimming pool. It is a natural bathing beach, and if they just tore down the wharves, it would be a natural beach for the people of East Boston. I would like to take the visitors through the beaches and show them these new tanks that went up. Seeing that the hour is getting late, I realize that the boys want to go home. But they shut debate off, and I will keep the floor for a few more minutes. Then taking them to some of the historic points in East Boston, I can show them the beautiful garage there—

(During the above Coun. Langan interrupted several times, but Coun. Coffey refused to yield.)

Coun. LANGAN—Mr. President, is there a quorum here? I doubt the presence of a quorum.

Coun. COFFEY—No, and I was going to doubt that before we adjourned.

Coun. LANGAN—Will the President ascertain the presence of a quorum?

On roll call, ten councilors were present, and the President declared the meeting adjourned at 6.14 p. m., to meet on Monday, March 10, 1941, at 2 p. m.

Adjourned at 6.14 p. m., to meet on Monday, March 10, 1941, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list the applicant who filed his application first will be given precedence.

The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

CHAUFFEUR AND MOTOR TRUCK DRIVER, APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: The entrance salary for chauffeur is $960 a year and maintenance; the entrance salary for motor truck driver is $1,320 a year.

Vacancies: At present there is a vacancy for chauffeur at State Farm, Department of Correction, and a vacancy for motor truck driver, State Prison Colony, Department of Correction.

Duties of Chauffeur: Under supervision, to operate and make emergency repairs and adjustments to a passenger automobile, and to perform whatever duties are assigned in the steward's office. For example: Operating a passenger automobile and transporting prisoners and inmates; making trips to purchase supplies, materials and necessary equipment; keeping the cars clean and supplied with oil, gas and water; renewing tires and making minor repairs and adjustments; keeping operating and mileage records and keeping reports for the steward; driving a truck and doing other assigned work.

Duties of Motor Truck Driver: To drive the maintenance truck to the railroad, post office and to nearby cities and towns to pick up deliveries and groceries, etc.; to pick up the laundry from the various staff residences and deliver the same; occasionally, to drive a car while on a funeral trip or while taking a prisoner to court on a writ of habeas corpus, or while transferring a prisoner; to repair the cars and trucks, also the tractors of the Maintenance Department, consisting of four cars, six trucks and two tractors.

Entrance Requirements: Applicants who have not reached their twenty-first birthday or who have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Applicants must have at least one year's experience as an automobile mechanic.

Applicants must possess a motor vehicle operator's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DENTAL HYGIENIST, APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

This examination is open to both males and females.

Salary: The entrance salary is $1,440 a year.

Vacancy: The present vacancy is for a female in the Department of Public Health.

Duties: To make inspections of the mouths and teeth of children examined at Well Child Conferences; to inform parents of condition and instruct parents as to care and supervision of child's dental health; to assist in community demonstrations in dental hygiene; and to assist in the health education program of the Division in dental hygiene; and perform related work as required, under the supervision of the dentist of the Division.

Entrance Requirement: Applicants must be registered dental hygienists under the State Board of Dental Examiners.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

INSTITUTION SCHOOL TEACHER (MALE), APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

Salary: The salary of the present vacancy is $1,260 a year.

Vacancy: At present, there is one vacancy at the State Prison Colony.

Duties: To supervise and develop the curriculum of the institutional school as set up by the Principal Correction Officer (in charge of education); to supervise and train inmate teachers in teaching technique and procedure; to supervise and instruct a class three hours weekly in practical science; to formulate and supervise monthly tests in elementary academic subjects and administer Metropolitan Achievement tests semiannually and grade results; to assist in supervising inmate library on Saturday mornings, and be available to assist inmates in correspondence instruction; and to operate the State Prison Colony canning plant three months of the year and to supervise about thirty prisoners in the varying operations in said plant.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

APPLE INSPECTOR, DEPARTMENT OF AGRICULTURE, APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

Salary: $6.00 a day. The character of this inspection work is seasonal and temporary, and depends entirely upon the program of the Federal Government in purchasing surplus apples from our Massachusetts fruit growers. There is no assurance that this program will continue for any definite length of time, or be repeated during another year.

Duties: Inspection of apples under the Federal Surplus Commodities Purchasing Program. The inspector should be familiar with damage to apples caused by russetting, sunburn, spray burn, limbrubs, hail, drought spots, scars, disease, insects or other mechanical damage; and with the color requirements for the Federal grades of apples and the tolerances and conditions after storage or transit.

Entrance Requirement: Inspectors must be approved and licensed by the Federal Government.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirments: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (*i. e.*, in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was $28,559,995 (net) on July 1, 1937, or $1,283,454 more than in 1936 and $6,473,404 more than in 1927. It is divided thus: Water debt, $25,314,274; Park debt, $904,738; Sewer debt, $1,639,878; Charles River Basin debt, $701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to $4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, $3,282,201 (usually paid from water revenue); park, $786,974; sewer, $470.545; Charles River Basin, etc., $212,557.

POLICE DEPARTMENT (STATISTICS FOR 1938).

Number of police force, December 1, 1938, was 2,229, viz., the superintendent, 4 deputy superintendents, 30 captains, 66 lieutenants, 4 lieutenant-inspectors, 187 sergeants and 1,937 patrolmen, distributed in 19 divisions and a traffic division. Signal service men, 16; clerks, janitors, etc., 163.

Cost of maintenance for 1938, $5,997,107 or $16,491 less than in 1937.

Total number of arrests in year ending November 30, 1938, 97,187 or 1,239 more than in previous year; persons arrested on warrants, 14,745; without warrants, 52,490; summoned by the courts, 29,952; of those arrested, 6,931 were discharged and all others held for trial; foreign-born persons arrested, 12,116 or 12.46 per cent of total; boys under 17 years of age, 2,787; women and girls, all ages, 8,485; non-residents, 27,441, or 28.23 per cent of all arrested.

Drunkenness the cause of 40,815 arrests, an average of 111 per day or 42 per cent of total. This is 4,919 less than the number of such arrests in 1937 and 1,368 less than the average for the past five years. The prosecutions for homicide numbered 142; arrests for refusing to support family, 1,015; violation of automobile law, 15,544; violation of liquor law (State), 137; violation of City ordinances, 269; violation of street traffic regulations, 15,477; suspected persons, 5,400.

Sick and injured persons assisted, 9,410; insane persons taken in charge, 494; lost children restored to homes, 1,533; persons imprisoned, 7,017; persons fined, 17,957, the fines amounting to $157,817; stolen property recovered, $447,021.50; licenses issued, 21,356 (including 12,621 for dogs and 5,334 for vehicles and drivers), for which $67,209 was received. Of 2,629 applications for licenses to carry loaded revolvers, 2,431 were granted.

Accidents from all causes in the streets, parks and squares caused death of 122 and injury to 7,289. Automobile accidents killed 76 and injured 4,431. The automobile fatalities were 62.3 per cent of the 122 deaths.

Annual salaries: Commissioner, $8,000; superintendent, $7,000; deputy superintendents, 4 at $4.500 each; captains, $4,000; lieutenants and lieutenant-inspectors, $2,700; sergeants, $2,500; patrolmen, $1,600 the first year, with $100 yearly increase until maximum of $2,100 is reached. The Traffic Division numbered a force of 211 in 1938.

In 1938, the Police Charitable Fund amounted to $207,550 and $7,900 was paid to 54 beneficiaries during said year.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was $3,499,398,193 and the property tax on the same was $130,474,309. The average tax rate was $33.28. Strictly speaking, tax rates cannot be averaged. A rate of $37.28 would be required to raise $130,474,309 on a valuation of $3,499,398,198. Of the total valuation, 44.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was $1,126,838,735 with a total property tax of $42,494,084, requiring a tax rate of $37.71.

Boston's tax rate of $41.30 was exceeded by Chelsea ($46.20), Revere ($47.00), Saugus ($46.00) and Somerville ($43.90).

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt $100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

CIVIL SERVICE EXAMINATIONS. (STATE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

PUBLIC HEALTH NUTRITION WORKER (FEMALE), APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: $1,560 to $2,040 a year.

Vacancies: At the present time, there are three vacancies, two in the Division of Child Hygiene and one in the Division of Communicable Diseases, Department of Public Health.

Duties: Under supervision, to carry on work involving matters of nutrition, malnutrition, budgeting and related matters with mothers and children, and with lay and professional groups; *e. g.*, to give instructions to mothers and children seen at Well Child Conferences on matters of nutrition, budgeting, meal planning and correction of nutritional defects and health habits; to do home visiting in the interest of malnourished children and those with poor health habits related to nutrition; to serve as nutritionist on Well Child Conference Unit at conferences conducted by the Division of Child Hygiene; to conduct nutrition classes for the teaching of lay and professional groups in the field of nutrition and meal planning, budgeting, etc.; to assist in nutrition activities relating to summer health camps for children; to give lectures and demonstrations relating to foods and nutritions, and to assist in the preparation of educational material in the field of nutrition education.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

STATE EXAMINERS OF ELECTRICIANS, 1941.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, April 2.
Springfield, Thursday, April 3.
Boston, Wednesday, May 7.
Worcester, Thursday, May 8.
Boston, Wednesday, June 4.
Boston, Wednesday, September 10.
Worcester, Thursday, September 11.
Springfield, Wednesday, October 15.
Pittsfield, Thursday, October 16.
Boston, Wednesday, November 5.
Lowell, Thursday, November 6.
Boston, Wednesday, December 3.
New Bedford, Thursday, December 4.
New Bedford, Friday, December 5.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIEN,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of $1,200-plus up to $200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of $400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough 2,560-401; Manhattan 1,867,312; Bronx, 1,265,-258; Queens, 1,079,129; Richmond, 158,-346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,-733 or 25.0 per cent); Philadelphia, 1,950,-961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,-746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding $25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

HEALTH AND HOSPITAL.

The plant and equipment of the Cincinnati General Hospital have been largely rehabilitated during the year 1939. As a result the operating officials of the Hospital will be able to do much better work in caring for the sick than heretofore.

The hospital treated 18,963 patients this year compared to 18,765 last year, and 24,929 individuals were cared for in the Out-Patient Dispensary against 24,701 in 1938. There was also an increase of approximately 10 per cent in the number of persons treated in the receiving ward, resulting in a total of 25,082. (From Annual Address of City Manager.)

PROCEEDINGS OF SCHOOL COMMITTEE.

Feb. 17, 1941

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.55 o'clock P. M., the Chairman presiding.

Present: Messrs. Lee, McDevitt, Norton, and White.

—

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of previous meetings were amended as follows:

Jan. 20, 1941, on page 14, to provide that the appointment by promotion of Mary T. O'Connell, as master's assistant, James A. Garfield District, to take effect Feb. 3, 1941, shall read to take effect Feb. 5, 1941.

Jan. 20, 1941, on page 15, to provide that the appointment of James F. Breen as student assistant, science department, The Teachers College, to take effect Jan. 16, 1941, shall read—third year, to take effect Feb. 10, 1941.

Feb. 3, 1941, on page 27, to provide that the order authorizing the attendance of William S. Lenihan, Master, Mary Hemenway School, at the annual meeting of the American Association of School Administrators, at an expense to the city not to exceed fifty dollars ($50), shall read—at an expense to the city not to exceed ninety dollars ($90).

—

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed, as amended.

—

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

—

DEATHS

The Superintendent reported the death of the following-named teacher:

Brighton High School — William F. Gill, co-operative instructor, Feb. 12, 1941.

Placed on file.

The Superintendent reported the death of the following-named supervisor of attendance who had been retired on pension under the provisions of the Boston Retirement System:

Department of Attendance—Maurice F. Corkery, supervisor of attendance, Feb. 12, 1941.

Placed on file.

—

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the date stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies caused by promotion)

Donald McKay Intermediate District—John J. O'Brien, assistant, intermediate, Feb. 24, 1941.

Department of Manual Arts—Lawton G. Meredith, assistant, manual training, elementary, Feb. 24, 1941.

The rules were suspended and the appointments approved.

—

(BY PROMOTION)

(To fill vacancy caused by promotion)

Department of Manual Arts—Christopher J. Tosney, shop instructor (from assistant, manual training, elementary), Feb. 24, 1941.

—

Department of Physical Education—William J. McCluskey, junior master, military drill (from instructor, military drill), Feb. 24, 1941.

The rules were suspended and the appointments approved.

—

(DISCIPLINARY DAY SCHOOL)

Disciplinary Day School—Grace D. Lennon, assistant (from assistant, elementary, Agassiz District), Feb. 26, 1941.

The rules were suspended and the appointment approved.

—

TEMPORARY TEACHERS

Charlestown High School—Daniel F. Lordan, co-operative instructor, Jan. 23, 1941; Wellington B. Fairweather, co-operative instructor, Jan. 24, 1941.

East Boston High School—Frederick J. Teed, co-operative instructor, Jan. 24, 1941; Anthony J. Pignato, co-operative instructor, Jan. 27, 1941; Paul Poskus, co-operative instructor, Jan. 28, 1941.

Hyde Park High School—Daniel S. Santry, co-operative instructor, Jan. 20, 1941; Paul Poskus, instructor, mechanic arts, Jan. 31, 1941.

Mechanic Arts High School—John Tragakis, instructor, mechanic arts, Jan. 30, 1941.

South Boston High School—William L. Armstrong, co-operative instructor, Jan. 16, 1941; Wilfred J. Sullivan, co-operative instructor, Jan. 20, 1941; Paul Poskus, co-operative instructor, Jan. 22, 1941; Vincent C. Breen, co-operative instructor, Jan. 27, 1941; Wellington B. Fairweather, co-operative instructor, Jan. 27, 1941.

Approved.

EMERGENCY EMPLOYMENT IN AFTERNOON KINDERGARTEN

On motion of the Superintendent, it was

ORDERED, That the employment of Rebecca Hurwitz, assistant, kindergarten, one session, in the Winship School, Bennett District, is hereby authorized in the afternoon sessions of the kindergarten in that school for the period Jan. 16 to 21, 1941, inclusive; and that she be allowed and paid additional compensation at the rate of two dollars ($2) per session for such service.

—

GRADUATING EXERCISES

The Superintendent offered the following:

ORDERED, That for the current school year, the Superintendent is hereby authorized to advance the date of the graduating exercises of The Teachers College, the Latin and day high schools, and the Boston Trade School, to the week beginning Monday, June 9, 1941.

The regulations were suspended and the order passed.

—

On motion of the Superintendent, it was

ORDERED, That the Department of School Buildings is hereby requested to secure the use of the accommodations indicated for the graduating exercises of the several high schools on the dates specified:

Brighton High School—Capitol Theater, Friday morning, June 13, 1941.

Charlestown High School—Ford Hall, Tuesday evening, June 10, 1941.

Dorchester High Schools for Girls—Symphony Hall, Thursday afternoon, June 12, 1941.

English High School—Tremont Temple, Thursday evening, June 12, 1941.

Girls' High School — Tremont Temple, Wednesday evening, June 11, 1941.

Jamaica Plain High School—Jamaica Theater, Friday morning, June 13, 1941.

Jeremiah E. Burke High School for Girls—Symphony Hall, Wednesday afternoon, June 11, 1941.

Roslindale High School—Jamaica Theater, Thursday morning, June 12, 1941

Roxbury Memorial High School (Girls)—Symphony Hall, Friday afternoon, June 13, 1941.

—

NATIONAL DEFENSE CLASSES

On motion of the Superintendent, it was

ORDERED, That, in supplement to the orders passed at the meeting of the School Committee on Sept 9 1940 (see p. 136), the compensation of persons necessary for the conduct of classes for National Defense workers employed on a basis of two hours per session shall be paid at the rate of five dollars ($5) per session of two hours.

—

SUBSTITUTE LIBRARIAN

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized in his

discretion to employ a substitute librarian in the English High School for the remainder of the current school year on account of the absence of the regularly appointed librarian.

—

PAYMENT OF SALARY DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due Mary A. McDonald, late temporary teacher, be paid to her mother, Maude M. McDonald.

—

ATTENDANCE AT CONVENTIONS

On motion of the Superintendent, it was

ORDERED, That Helen E. Cleaves, Director of Manual Arts, is hereby authorized to attend the annual meeting of the American Artists Professional League, at New York City, Feb. 15, 1941, at an expense to the city not to exceed twenty dollars ($20).

—

On motion of the Superintendent, it was

ORDERED, That Malcolm D. Campbell, master, Dorchester High School for Boys, is hereby authorized to attend the meeting of the National Committee on Science Teaching, to be held at Atlantic City, N. J., Feb. 19 to 21, 1941, inclusive, at an expense to the city not to exceed sixty dollars ($60).

—

On motion of the Superintendent, it was

ORDERED, That May J. Duff, first assistant, head of department, High School of Practical Arts, is hereby authorized to attend the annual meeting of the American Association of School Administrators of the National Education Association, to be held at Atlantic City, N. J., Feb. 24 to 26, 1941, at an expense to the city not to exceed sixty dollars ($60).

—

AMENDMENT TO RULES AND REGULATIONS

The following was offered:

ORDERED, That the Rules are hereby amended as follows:

Section 80, paragraph IV. High School. Strike out the paragraph which describes the additional requirements to be met by candidates who elect the group in which Principles of Military Tactics is the major subject, and substitute in place thereof the following:

A candidate who elects the group in which Principles of Military Tactics is the major subject, in addition to the foregoing requirements, shall have completed an approved course in military training. Such candidate may receive credit year for year, toward the required teaching experience, for active service as a commissioned officer in the armed forces of the United States, namely, (a) United States Regular Army (b) National Guard of the United States (c) United States Navy (d) United States Marine Corps (e) Active Reserve Corps of the United States Regular Army (f) Organized Reserve Corps (g) United States Naval Reserves (h) United States Marine Corps Reserves; provided that no candidate shall be approved who has not completed one full year of approved service as teacher of military drill in an approved secondary school

Strike out the paragraph which describes the provisions for the granting of the IV. High School certificate to instructors and assistant instructors in certain subjects, and substitute in place thereof the following:

Instructors and assistant instructors in commercial branches, in manual arts, in mechanic arts, in military drill, in physical education, and in salesmanship, in day high schools; industrial instructors in household science, and vocational instructors and vocational assistants, in day high schools, and teachers permanently employed under an XI. Special: Valid in Day High Schools certificate, who while so employed obtain a degree from a college or university approved by the board of superintendents and, in the case of instructors of military drill, those who hold the rank of major through service in the armed forces of the United States, namely, (a) United States Regular Army (b) National Guard of the United States (c) United States Navy (d) United States Marine Corps (e) Active Reserve Corps of the United States Regular Army (f) Organized Reserve Corps (g) United States Naval Reserves (h) United States Marine Corps Reserves, may thereby become eligible for the certificate of qualification IV. High School, subject to such examination as the board of superintendents may determine. A person who is promoted under the IV. High School certificate because of obtaining a college degree, or an instructor of military drill who is promoted under the IV. High School certificate because of obtaining a college degree, or an instructor of military drill who is promoted under the IV. High School certificate through the holding of the rank of major as a result of service in the armed forces of the United States, as described in this paragraph, shall not receive at the time of such promotion the increase in salary as provided for in section 336, paragraph 1 (a) of the regulations. Persons receiving such promotions shall continue without change of salary on the schedule of their old ranks until the anniversary date of their old rank, on which date and on succeeding anniversaries until the maximum of their rank is reached, they shall receive an annual increment: provided that an instructor of military drill shall be placed on that step of his new schedule which most nearly approaches and is not less than the salary received at the time of promotion. When the promotions herein referred to are allowed, the superintendent shall, where necessary, notify the business manager of the status of persons affected.

Paragraph XI. Special: Under "Military Drill," strike out the requirements for instructors of military drill and substitute in place thereof the following:

For instructors of military drill: (a) Graduation from an approved high school or evidence of an equivalent academic education; (b) three years' active service as a commissioned officer in

(1) United States Regular Army
(2) National Guard of the United States
(3) United States Navy
(4) United States Marine Corps
(5) Active Reserve Corps of the United States Regular Army
(6) Organized Reserve Corps
(7) United States Naval Reserves
(8) United States Marine Corps Reserves;

(c) evidence of one year's (750 hours) successful experience in teaching Military Tactics to armed forces of the United States, counting hour for hour, from rank of sergeant up.

Active service in case of a reserve officer means evidence of active study in extension courses given by the various government service schools, and evidence of attendance at one of the recent summer duty camps.

Laid over.

—

APPOINTMENT OF CLERICAL ASSISTANT

A communication was received from the Superintendent, under date of Feb. 17, 1941, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has appointed Marie V Driscoll, clerical assistant, Mather District, as clerical assistant, Dorchester High School for Girls, to take effect Mar. 3, 1941.

Placed on file and the appointment approved, to take effect on the date stated.

—

ADVISORY COMMITTEE

A communication was received from the Superintendent, under date of Feb. 17, 1941, reporting the resignation of John M. Brewer from the Advisory Committee on Vocational Guidance.

Placed on file and the resignation accepted.

—

APPROPRIATIONS AND EXPENDITURES TO JAN. 1, 1941

A communication was received from the Business Manager under date of Dec. 31, 1940, submitting the final statement on the cost of maintenance of the public schools for the fiscal year 1940, showing the appropriations, the expenditures, and the balances for the fiscal year 1940, the expenditures for the fiscal year 1939, and the increases and decreases in the several items.

Placed on file.

—

APPOINTMENTS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1941, reporting that he has considered the candidates certified by the Division of Civil Service as eligible for appointment as permanent substitute custodian, and recommending that John J. McCafferty, Albert Grandmont, and James F. O'Hare, who

stand at the head of the list, be appointed permanent substitute custodians, to take effect Feb. 23, 1941.

Placed on file and the appointments approved, to take effect on the date stated.

—

TRANSFER OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1941, recommending that Cecil E. Atkins, permanent substitute custodian, who stands at the head of the list, be appointed as custodian, Bennett School-house, to take effect Feb. 23, 1941.

Placed on file and the appointment approved, to take effect on the date stated.

—

LAURA FISHER TAUSSIG MEMORIAL FUND

A statement of the receipts and expenditures of the Laura Fisher Taussig Memorial Fund for the year ending Dec. 31, 1940, as submitted by the Treasurer of the Corporation for that year, Mr. Joseph Lee, was presented, the balance to new account being $2,666.50.

Placed on file and the Chairman authorized to approve the same and to verify the sums and securities belonging to said Fund and in the possession of the Treasurer.

—

MABEL E. ADAMS-HANNAH T. OSGOOD BEQUEST

A statement of the Mabel E. Adams-Hannah T. Osgood Bequest for the year ending Dec. 31, 1940, as submitted by the Treasurer of the Corporation for that year, Mr. Joseph Lee, was presented, the balance to new account being $9,784 74

Placed on file and the Chairman authorized to approve the same and to certify the sums and securities belonging to said Bequest in the possession of the Treasurer.

—

UNEXPENDED BALANCES

Chairman: The Chair would like to announce that the information that he received today from the report of the Business Manager is that at the end of the fiscal year there remained unexpended balances totaling $260,239.07, consisting of unexpended balances in the appropriations under the control of the School Committee, of $218,472.36, and unexpended balances of the School Building Department amounting to $41,766.71.

This balance of $260,239.07 was due to a careful oversight of all expenditures during the year by the School Committee and the Department of School Buildings.

—

SAFETY IN TEACHING

Mr. Lee: May I just say, in view of our discussion last week on safety in teaching, that I meant to bring up certain aspects of that at this meeting, which I am postponing on account of the lateness of the hour.

At the next public meeting I would like to ask that the Committee take up some phases dealing with the report by the Board of Superintendents regarding my proposals for more instruction in politics and publicity analysis,—centering around phases of their reports which said, "The history of the past may be safely studied in our public schools."

—

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ETHYL ALCOHOL.

The Supply Department of the City of Boston invites proposals for furnishing ethyl alcohol for city departments, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for $100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containg bids to be sealed and plainly marked "Proposal for Ethyl Alcohol." There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* The bids will be publicly opened and read Tuesday, March 25, 1941, at 12 m., at Room 1001, City Hall Annex The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(March 15.) *Superintendent of Supplies.*

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about two thousand three hundred eighty (2,380) square feet of land, with buildings thereon, on the southwesterly side of Main street, Charlestown, numbered 162 in the present numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5547, page 457, on Tuesday, March 25, 1941, at 10 a. m., on the premises, at a minimum price of twenty-five hundred dollars ($2,500).

A deposit required at the time and place of sale of three hundred dollars ($300), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(March 15-22.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING HAY, GRAIN, STRAW, ETC.

The Supply Department of the City of Boston invites proposals for furnishing hay, grain, straw, etc., for city departments, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for $100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Hay, Grain, Straw, etc." There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* The bids will be publicly opened and read Friday, March 21, 1941, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(March 15.) *Superintendent of Supplies.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about one thousand two hundred (1,200) square feet of land, with buildings thereon, on the northwesterly side of B street, South Boston, numbered 412 in the present numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5364, page 560, on Wednesday, March 19, 1941, at 11 a. m., on the premises, at a minimum price of three hundred and fifty dollars ($350).

CITY OF BOSTON.

HOSPITAL DEPARTMENT (SANATORIUM DIVISION).

TO CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals for repairs to ice-making machinery and brine system in the Sanatorium Division of the Boston City Hospital, in accordance with the specifications. A bond in the sum of 45 per cent of entire contract price will be required for the faithful performance of the contract. Proposals must be obtained at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, on and after Tuesday, March 18, 1941. Said proposals are to be addressed "Proposal for Repairs to Ice-making Machinery and Brine System at Sanatorium Division." Proposals must be signed by the bidder and left before 12 o'clock noon, of Wednesday, March 26, 1941, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, at which time and place bids will be publicly opened and read. Each proposal must be accompanied by a certified check for $300, payable to the city if the proposal is not carried out. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, previous to the time named for opening the bids. The rate per hour of the wages to be paid to sheet metal workers, plumbers, and common laborers in the work to be performed under this contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application to the Assistant Superintendent of the Sanatorium Division. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. The Trustees reserve the right to reject any or all bids if it be in the public interest so to do.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
CARL DREYFUS,
President.
(March 15.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING SUPPLIES AND EQUIPMENT FOR PHYSICAL EDUCATION IN THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing supplies and equipment for physical education in the Boston Public Schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Supplies and Equipment for Physical Education." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for $50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, March 26, 1941. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(March 15.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING COFFEE.

The Supply Department of the City of Boston invites proposals for furnishing coffee for city departments, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for $100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Coffee." There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* The bids will be publicly opened and read Tuesday, March 25, 1941, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(March 15.) *Superintendent of Supplies.*

DEPARTMENT OF SCHOOL BUILDINGS.

TO FURNITURE DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering and setting up pupils' furniture, for the Department of School Buildings, in the elementary school in the Agassiz District, Louder's lane, Jamaica Plain, Mass., of the kind and quality as per specifications and samples on exhibition at the Department of School Buildings storehouse, 26 Norman street, Boston, and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the full amount of the contract. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 p. m. of Friday, March 21, 1941, at said office, with a certified check for $200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
Superintendent of Construction.
(March 15.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF FERRYBOAT "RALPH J. PALUMBO."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "Ralph J. Palumbo." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat 'Ralph J. Palumbo,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, March 21, 1941, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (2) dollars for each set of specifications taken out.* The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.
(March 15.)

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 33. SATURDAY, MARCH 22, 1941. No. 12

EVACUATION OF BOSTON BY BRITISH ONE OF MOST VITAL INCIDENTS IN HISTORY OF NATION, AS IT WAS EVENT WHICH MADE REVOLUTION SUCCESSFUL, MAYOR TOBIN TELLS AUDIENCE IN EVACUATION DAY ADDRESS — ALSO ASSERTS EVENT HAS NEVER BEEN GIVEN PROPER RECOGNITION BY HISTORIANS — PAYS GLOWING TRIBUTE TO MEN OF IRISH BLOOD WHO PLAYED PROMINENT PART IN STIRRING TIMES THROUGH WHICH OUR COUNTRY HAS PASSED.

The following is Mayor Tobin's address at the Evacuation Day exercises at South Boston High School, Sunday, March 16, 1941:

We have gathered tonight to take part in exercises commemorating an event that has never been given proper recognition by historians, who also have failed to award the proper credit due the one man above all others who assured the success of that event.

Were I asked what, in my opinion, was the most important feature in the history of our nation I would say it was the successful siege of Boston by George Washington's Continental Army, which forced the British garrison to evacuate Boston, 165 years ago tomorrow, never to return. Were I asked further what individual stood head and shoulders above all others in that feat of arms I would say it was the Boston Irishman, Capt. Henry Knox.

There are those who will flout my contention of the magnitude of that victory, but I am convinced that it was that and that alone that made the Revolution successful and gave to America its birthright of freedom. Had the British not been driven from Boston, the entire struggle for independence might quickly have ended in failure for the colonists.

True, the battle at Concord and Lexington had given heart to the American patriots, but a decisive victory seemed little more than a dream for the poorly-equipped and poorly-trained aggregation that Washington commanded. Britain had more than ten thousand well-armed and trained soldiers quartered in Boston, but although Washington had posted his troops on the hills stretching from Somerville to Roxbury he lacked the equipment to force a siege.

Powder Needed.

Powder was needed desperately; the only artillery available consisted of a few pieces of calibre and range that were of little value in shelling the town. Who can picture the anxiety and despair of the American commander-in-chief and his officers as they pondered the situation at their headquarters in Cambridge?

The first break came when Capt. John Manly, the first commodore of the American Navy, the first man, on the authority of John Adams, to hoist the new flag on an armed ship and the first captain to capture a British ship-of-war, captured the brigantine "Nancy," a munitions vessel filled with powder and shot.

And then there was written the most glowing page in the annals of how our nation came into being. General Washington learned that at Ticonderoga and Crown Point, on Lake Champlain, there was a supply of artillery which Jonathan Green and his Vermont militiamen had captured from the British. But the guns were more than 400 miles away. Winter had laid its embargo over the land.

The task of getting the cannon to Boston was given to Henry Knox, who was Washington's chief of artillery, and who had been a bookseller in Boston prior to the outbreak of the Revolution. Knox and his detachment left Boston early in December. There followed a period of greatest anxiety for General Washington.

He wanted Dorchester Heights, which commanded not only the town of Boston but the harbor, in which lay a fleet of more than 150 men-of-war and other British craft. He would have occupied the eminence before, but he realized he could not hold the position should the British attack. There never has been an explanation of why General Howe did not fortify and occupy Dorchester Heights. Probably his reason was based on his knowledge of the Continental Army's lack of artillery.

Mission Fulfilled.

Then one day a train of weary men was seen marching along the Post road toward Boston. Knox and his command had fulfilled their mission and had brought back fifty-nine pieces of artillery that had been captured from King George's men in May.

That was a saga of hardship and indomitable courage that rivaled Arnold's march to Quebec. The only transportation available consisted of ox sleds. Forty of these were used, with eighty yoke of the plodding beasts. With these, Knox and his men had brought to Boston nineteen thousand pounds of cannon, some of which weighed five thousand pounds each. There were fourteen mortars and cohorns, varying in calibre from four and one-half inches to thirteen inches; two iron howitzers and the rest included fourteen cannon ranging from three-pounders to eighteen-pounders.

Much of the trip was made through all but trackless wilderness where the Colonial soldiers had to fell trees to clear a way. The route lay over the mountainous Berkshire Hills. It was a feat that can best be described by borrowing the words with which Winston Churchill recently paid tribute to the Royal Air Force — "Never before have so many owed so much to so few."

Meanwhile, Washington had secured from Congress permission to burn Boston if necessary, and in forwarding it, John Hancock, president of the Congress and probably the largest property owner in Boston, had added his blessing and his prayers.

On the night of March 4, 1776, while the British troops were sleeping, Washington's men erected their fortifications. Two thousand of them were engaged in the work and because the frozen ground made earthworks out of the question, barricades and redoubts were fashioned from wood and other materials. *(Continued on page 283.)*

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., *Associate Editor.*

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of $2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 24, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending March 15, 1941.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 770,816; number of deaths (stillbirths excluded): Residents, 178; nonresidents, 50; total, 228.

Death rate per 1,000 of population: All deaths, 15.38; nonresidents deducted, 12.00.

Death rate per 1,000 of population: Last week, 15.38; corresponding week last year, 13.52.

Deaths by age periods, sex, etc.: Under one year, 11; one year to four years, inclusive, 3; sixty years and over, 138. Total deaths: Male, 119; female, 109; deaths in hospitals and institutions, 139; deaths of colored, 7.

REPORTABLE DISEASES: CASES AND DEATHS.*

DISEASES.	Cases and Deaths Reported Week Ended Mar. 15, 1941.		Cases and Deaths Reported Week Ended Mar. 16, 1940.

MAYOR'S ADDRESS.

(*Continued from page 281.*)

Importance of Event.

On the morning of March 5, when General Howe saw what had transpired, he remarked, "I know not what I shall do. The rebels have done more in one night than my whole army would have done in a month."

Further indication of the importance that King George's men attached to the deed of the Americans is found in a letter written by a British officer of distinction in Boston to a friend in London and published in Almon's "Remembrancer." Under date of March 5, 1776, he said: "This is, I believe, likely to prove as important a day to the British empire as any in our annals. We underwent last night a very severe cannonade which damaged a number of houses and killed some men. This morning, at daybreak, we discovered two redoubts on the hills at Dorchester Point, and two smaller works on their flanks. They were all raised during the night with an expedition equal to that of the genii belonging to Aladdin's wonderful lamp. From these hills they commanded the whole town, so that we must drive them from their post or desert the place."

Howe prepared to attack from the lower end of South Boston and from the Dorchester side. Washington knew his artillery would be of little value against an infantry attack, so had ordered his men to fill barrels with sand and stones to roll down on the enemy. Providence intervened. A storm arose that prohibited sending troops by water and when it had subsided the Americans were so strongly intrenched that the British gave up the idea of attacking.

General Howe agreed to evacuate Boston if Washington would withhold fire and two weeks later, on March 17, the British fleet carrying the soldiers and 1,000 Tories, sailed for Halifax, never to return.

Thus the first major event of the Revolutionary War was a great American victory, to the glory of a rabble of untrained, undisciplined but courageous men, who had been made into an army by a little group of officers who, themselves, were hardly more than amateurs; the Irishmen, Henry Knox, John Sullivan, William Thompson, Joseph Reid; the Yankees, Israel Putnam, Nathaniel Greene and Artemas Ward, and the Virginian, George Washington.

In my opinion, that victory, though it took place early in the war, was a guarantee that the Revolution was to be successful. Certainly, it ended the war in New England.

Because tomorrow also marks the nativity of St. Patrick, we have come to link the names of the Saint and Washington in connection with our celebration. It was St. Patrick who taught the Irish people to love religious freedom and political independence. It was Washington who made it possible for America to control its destiny.

So much has been said about members of the Irish race who aided in establishing America's independence that some people may believe the picture has been overdrawn. Recently, in Lingard's "History of England," I read the following: "There was a very large proportion of Irish soldiers in Washington's army, and they formed a powerful fighting element in the Massachusetts levies earlier in the struggle. Thus, though the Catholic emigrants were a small minority of the total, there were probably some two hundred even of those in the small force at Bunker Hill."

Men of Irish Blood.

Men of Irish blood fell in the Boston Massacre, at Bunker Hill, at Lexington and Concord, and marched with Washington from Dorechester Heights to Yorktown and Valley Forge. We should always be proud to proclaim that in every war fought under the American flag, representatives of the Irish race have bravely shed their blood that liberty and union might be preserved and with it freedom of speech, freedom of religious worship and freedom of the press. I am proud to know that the deeds and accomplishments of men of Irish blood have illuminated the pages of the history of Boston, strongest Irish city in America, from pre-Revolutionary days down to the present. And not alone in war have the Irish given illustrious service. They have been dominant in political leadership, in education, the medical profession, the sciences, in commerce, in literature, in athletics and sports.

In every way, members of the Irish race have shown their appreciation of the opportunities that American held open to them when she provided a haven from persecution and oppression, and they have always been in the forefront in defending those blessings. So it shall be to the end of time.

Tonight we meet almost in the shadow of Dorchester Heights. The narrow neck and the peninsula are more than twice as broad as in Colonial days. Most of the old landmarks are gone, destroyed by the advance of progress and the mindlessness of man. Boston is a great city, thickly populated, progressive, reasonably secure from foreign invasion and siege. But tonight, perhaps for the first time in many, many years, the celebration of a major event in our history finds us reflective and inclined to self-examination. Momentous occurrences have taken place in our national life. We are plunged into the great tasks of re-arming and of creating a vast army. The wealth and the productive power of our great nation have been thrown into the balance to aid those countries that are battling against oppression, even as Americans fought it 165 years ago.

We do not know what the immediate future holds; whether the course chosen by those who navigate our ship of state can be followed without the necessity of armed conflict. But we stand committed to doing what we may to check the spread of that wave of arrogant might that has enslaved so much of the civilized world and which has openly declared that it sees nothing good in our way of life.

Our patriotism is being put to the test. As Americans we abhor the things the dictators stand for. Accordingly, we should preach the doctrine of Americanism at every opportunity. We must fight the subversive forces that have infiltrated into our citizenship and we must show to those despots who are bent on ruining civilization as we have come to know it that America has no place for their followers or their creeds.

It may be that our courage will be sorely tried before peace returns once more to the earth. But if we keep in mind the teachings and the precepts of the Godly St. Patrick and the courage and perseverance of George Washington we will be strengthened and heartened.

Flag Unstained.

Washington's guiding star in the great struggle for independence was his belief in the justness of the cause for which he fought. It is comforting to know that the American flag bears no stain of dishonor. It has never been carried into battle to support an unworthy cause. On the other hand, it has flown over our soldiers in wars that were waged to put down aggression and oppression. And, best of all, it has never been carried in a losing war.

Let us resolve to be real Americans, which means real patriots. Let us profit by the lessons learned from those grimly courageous men who fought our war for independence and who disregarded hardships and suffering to create this greatest of all Democracies.

And I feel sure that everyone within hearing will concur with me when I say that I give humble thanks to Almighty God that I am able to live and to rear my children under a flag that stands for tolerance and freedom and justice.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 20, 1939, determining that no person sustains damages by the making of the public improvement, consisting of the laying out of Upcrest (formerly Upland) road, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Home Owners Loan Corporation, $89. That the amount $89 be, and the same hereby is, awarded to Home Owners Loan Corporation, for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of December 21, 1937, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Tafthill terrace, formerly Taft's place, be, and the same hereby is, amended, by adding to said order the amount $30 as an award to Isabella Bohman, that the amount $30 be, and the same hereby is, awarded to Isabella Bohman for the damages so sustained.

RENAMING OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the names of the following public ways in the City of Boston, be, and the same are hereby changed, as follows, and that said ways be hereafter known under the names respectively assigned thereto in this order:

Hobart street, Brighton district, between Faneuil street and Falkland terrace; new name, Falkland street.

Falkland terrace, Brighton district, between Hobart street and Brooksdale road; new name, Falkland street.

Vale street, South Boston district, between Dorchester street and Mercer street; new name, Rev. Richard A. Burke street.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon March 10 the Mayor approved a contract with the Firestone Tire and Rubber Company for furnishing automobile batteries for the city departments, as required, from February 1, 1941, to December 31, 1941, with the privilege of purchasing on the same terms and conditions extended to January 31, 1942. The approximate amount of the contract was $2,082.65. Bids, opened January 20, were as follows:

Approximate Amounts on All Items.

Item 1, 30 Batteries, 6–8 Volts, 13 or 15 Plates, Capacity at 20 Hours, Rate Not Less Than 85 Amperes, Overall Dimensions, 9 Inches Long by 7 Inches Wide by Eight and One Half Inches High.

12 Months Guarantee, Each.—Norwalk Tire and Battery Company, $4.18, 15MS, 15 months; Thomas E. Hogan, Inc., $4.59; Brunswick Auto Supply Company, $4.02; Lee Tire and Rubber Company of New York, Inc., $4.46; Globe-Union, Inc., $3.67, No. 52, supplied in Ebrok containers only.

18 Months Guarantee, Each.—The Firestone Tire and Rubber Company, $4.50*; Cities Service Oil Company, $4.60; Norwalk Tire and Battery Company, $5.06, 15SP, 21 months; Thomas E. Hogan, Inc., $5.10; Automotive Distributors, Inc., $4.485; Brunswick Auto Supply Company, $4.55; Lee Tire and Rubber Company of New York, Inc., $5.49; Globe-Union, Inc., $4.33, No. 63, supplied in Ebrok containers only.

Item 2, 100 Batteries, 6–8 Volts, 15 or 17 Plates, Capacity at 20 Hours, Rate Not Less Than 95 Amperes, Overall Dimensions, Ten and One Half Inches Long by Seven and One Quarter Inches Wide by Eight Inches High.

12 Months Guarantee, Each.—Norwalk Tire and Battery Company, $3.88, 17NE; Thomas E. Hogan, Inc., $5.34; Lee Tire and Rubber Company of New York, Inc., $4.95; Globe-Union, Inc., $4.26, No. 59, supplied in Ebrok containers only.

18 Months Guarantee, Each.—The Firestone Tire and Rubber Company, $4.85*; Cities Service Oil Company, $4.50; Norwalk Tire and Battery Company, $4.96, 17XL, 21 months; Thomas E. Hogan, Inc., $5.34; Automotive Distributors, Inc., $4.338; Brunswick Auto Supply Company, $4.49; Lee Tire and Rubber Company of New York, Inc., $5.73; Globe-Union, Inc., $4.89, No. 64, supplied in Ebrok containers only.

Item 3, 70 Batteries, 6–8 Volts, 13 or 15 Plates, Capacity at 20 Hours, Rate Not Less Than 100 Amperes, Overall Dimensions, 9 Inches Long by 7 Inches Wide by Nine and One Quarter Inches High.

12 Months Guarantee, Each.—Thomas E. Hogan, Inc., $5.34; Lee Tire and Rubber Company of New York, Inc., $7.23; Globe-Union, Inc., $4.33, No. 63, supplied in Ebrok dontainers only.

18 Months Guarantee, Each.—The Firestone Tire and Rubber Company, $4.91*; Cities Service Oil Company, $6.50; Norwalk Tire and Battery Company, $6.16, 21 months, 13XT; $6.58, 27 months, 13HT; Thomas E. Hogan, Inc.,

$5.34; Automotive Distributors, Inc., $7.117; Brunswick Auto Supply Company, $5.17; Lee Tire and Rubber Company of New York, Inc., $8.45; Globe-Union, Inc., $4.76, No. 65.

Item 4, 30 Batteries, 6–8 Volts, 15 or 17 Plates, Capacity at 20 Hours, Rate not Less than 100 Amperes, Overall Dimensions, Ten and One Quarter Inches Long by 7 Inches Wide by 9 Inches High.

12 Months Guarantee, Each.— Norwalk Tire and Battery Company, $4.92, 17MS, 15 months; Thomas E. Hogan, Inc., $6.81; Brunswick Auto Supply Company, $4.79; Lee Tire and Rubber Company of New York, Inc., $5.89; Globe-Union, Inc., $4.81, No. 75, Ebrok containers.

18 Months Guarantee, Each.— The Firestone Tire and Rubber Company, $6.55*; Cities Service Oil Company, $7.15; Norwalk Tire and Battery Company, $6.74, 19HP, 24 months; Thomas E. Hogan, Inc., $6.81; Automotive Distributors, Inc., $6.435; Brunswick Auto Supply Company, $5.61; Lee Tire and Rubber Company of New York, Inc., $6.95; Globe-Union, Inc., $6.01, No. 78.

Item 5, 15 Batteries, 6–8 Volts, 17 or 19 Plates, Capacity at 20 Hours, Rate Not Less Than 115 Amperes, Overall Dimensions, 13 Inches Long by 7 Inches Wide by 9 Inches High.

12 Months Guarantee, Each.— Thomas E. Hogan, Inc., $10.75.

18 Months Guarantee, Each.— The Firestone Tire and Rubber Company, $8.86*; Cities Service Oil Company, $10; Norwalk Tire and Battery Company, $9.17, 21X, 21 months; $10.88, 19HT, 27 months; Thomas E. Hogan, Inc., $10.75; Automotive Distributors, Inc., $10.871; Brunswick Auto Supply Company, $8.21; Lee Tire and Rubber Company of New York, Inc., $11.68; Globe-Union, Inc., $8.11, No. 89.

Item 6, 10 Batteries, 6-8 Volts, 17 or 19 Plates, Capacity at 20 Hours, Rate Not Less Than 125 Amperes, Overall Dimensions, 13 Inches Long by Seven and One Eighth Inches Wide by 9 Inches High.

12 Months Guarantee, Each.— Thomas E. Hogan, Inc., $10.75.

18 Months Guarantee, Each.— The Firestone Tire and Rubber Company, $8.86*; Cities Service Oil Company, $9.50; Norwalk Tire and Battery Company, $9.17, 21X, 21 months; $10.88, 19HT, 27 months; Thomas E. Hogan, Inc., $10.75; Automotive Distributors, Inc., $10.871; Brunswick Auto Supply Company ,$9.10; Lee Tire and Rubber Company of New York, Inc., $11.68; Globe-Union, Inc., $9.84, No. 128.

Item 7, 5 Batteries, 6–8 Volts, 17 or 19 Plates, Capacity at 20 Hours, Rate Not Less Than 150 Amperes, Overall Dimensions, Sixteen and Three Quarter Inches Long by Seven and One Half Inches Wide by 10 Inches High.

12 Months Guarantee, Each.—Thomas E. Hogan, Inc., $17.28.

18 Months Guarantee, Each.—The Firestone Tire and Rubber Company, $16.35*; Cities Service Oil Company, $16; Norwalk Tire and Battery Company, $14.36, No. 116, 36,000 miles; Thomas E. Hogan, Inc., $17.28; Automotive Distributors, Inc., $14.966; Brunswick Auto Supply Company, $13.61; Lee Tire and Rubber Company of New York, Inc., $26.40; Globe-Union, Inc., $16.47, No. 125.

Laborers: J. L. Hennessey, J. E. Murray 2 days each, $10. Total, $169.75.

Public Works Department (Highway Division).

Approval has been given for the overtime of the following employees of the Public Works Department who worked on snow removal in contract snow removal area No. 6 for the period from March 8 to March 9, 1941.

Charles Gilmore, laborer, 2¾ days, $13.75; Albert Tontodonato, supervisor, 2½ days, $12.50. Total, $26.25.

Approval has been given for the overtime in snow area No. 7, for March 9, 1941, of John Sheehy, chauffeur mechanic, 10½ hours at 75 cents per hour, $7.88.

The snow storm of March 8, necessitated the following emergency employments to supplement the work of the department forces in the clearing of streets, effective from March 8, and to be charged to Snow Removal, as follows:

902 laborers from ½ to 2¾ days at $5 a day; 12 foremen from 1¼ to 2⅜ days at $8 a day; 12 subforemen from 1¼ to 2¾ days at $6 a day; 25 supervisors from 1⅜ to 1½ days at $5, $6 and $8 a day; 4 clerks, 1⅜ to 2⅜ days at $5 a day; 8 chauffeurs from 1¼ to 2¾ days at $6 a day; 3 loader operators from 1⅜ to 1½ days at $8 a day; 2 hoisting engineers from 1⅜ to 2⅜ days at $8 a day; 5 blacksmiths from ⅞ of a day to 4⅝ days at $6 a day; 132 checkers from ¼ of a day to 2¾ days at $6 a day.

EXTENSION OF CONTRACTS.

Donohue and Riordan have been granted an extension of the contract with the city to furnish uniforms and uniform overcoats from February 1 to April 15, at which time it is expected that the uniform clothing already cut will have been fitted and made up for the employees of the Fire Department.

W. H. Ellis and Son Company have been granted an extension of the time of completion of the contract for constructing a snow dump wharf at the North Ferry.

The work under the contract was to be completed January 21, 1941. An extension of time was granted on January 25, 1941, extending the time of completion to February 3, 1941, and the wharf was ready for use on that date. As all the fastenings on the low water girders are not in place due principally to the tides not running low enough between January 21 and February 3, 1941, the contractor has requested an extension of time until February 17, 1941. Between the dates of February 3 and February 17 there will be minus tides which will allow the low water work to be completed in every detail.

CLAIMS ALLOWED.

The Mayor upon recommendation of the Corporation Counsel, has approved the following claims:

Andrew Murphy, 21 Bardwell street, Jamaica Plain, to be reimbursed in the sum of $10, as the result of an accident which occurred on December 23, 1940, when truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Marie Gormley.

Joseph H. Lussier, 114 Havre Street, East Boston, to be reimbursed in the sum of $9, as compensation for damage to automobile caused by hole in highway in front of 373 Chelsea street, East Boston, March 1, 1940.

John J. Carey, 14 Edson street, Dorchester, to be reimbursed in the sum of $18, as the result of an accident which occurred on January 24, 1941, when car belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Marion R. Coughlin.

Charles H. Hatch, 15 Jenkins street, South Boston, to be reimbursed in the sum of $16, as the result of an accident which occurred on December 31, 1940, when truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by John J. Boyan.

Joseph V. Hanbury, Jr., 140 Minden street, Jamaica Plain, to be reimbursed in the sum of $12, as the result of an accident which occurred on December 4, 1940, when truck belonging to the Paving Division, which he was operating, collided with an automobile owned by John J. Kelliher, Jr.

Waldorf System, Inc., 169 High street, Boston, to be reimbursed in the sum of $4, as refund on awning permit for store at 786 Dudley street, Dorchester, which was included in list covered by their check of December 18, 1940, and for which no awnings were required due to a remodeling of the premises.

Leah P. Shepard, 15 Greendale road, Mattapan, to be reimbursed in the sum of $7, as refund of fee paid for soft drink license at store at 160 Wellington Hill street, Mattapan, on April 11, 1940, the applicant for which (Wolfe Malheel) died before the license became effective.

Joseph Betty, 29 Vinton street, South Boston, to be reimbursed in the sum of $50, as compensation for damage to property caused by backing up of sewer December 6, 1940.

Earl C. Lewis (Lewis of Lynn, Inc.), 466 Union street, Lynn, to be reimbursed in the sum of $3, as refund of fee paid for neon sign permit at Moore Drug Company, 618 Washington street, Brighton, permit No. 80515, for which two permits were taken out through error.

John P. Burke, Franklin Park Refectory, Dorchester, to be reimbursed in the sum of $5, as refund of fee paid for fruit license No. 1875 on January 6, 1941, through error, as his present license does not expire until April 30, 1941.

DRAIN CONSTRUCTION.

The Mayor has approved the following order of the Board of Street Commissioners:

Whereas, An order of the Board of Street Commissioners, approved by the Mayor February 26, 1940, provided for the construction of a 12-inch sanitary sewer pipe, a 12-inch surface drain pipe, and two catch-basins in Codman Hill street, Roxbury district, between Washington street and Codman park; and

Whereas, The Public Works Department, under date of February 26, 1941, informed this Board that it is unnecessary at this time for public necessity to construct said sewerage works; it is hereby

Ordered, That said order be, and the same hereby is, revoked and made void.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and three catch-basins, W. P. A. project, in Beatrice street, between Paula road and Groveland street, in the Dorchester district, at an estimated cost of $12,644.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Bradlee street, bounded:

Northwesterly by Thatcher street, twenty-five feet; northeasterly by the northeasterly line of Bradlee street, three hundred forty-five and 80–100 feet; southeasterly by land hereinafter described as taken from owners unknown, Safford street, twenty-five feet, and southwesterly by the southwesterly line of Bradlee street, three hundred forty-five and 60–100 feet, containing eight thousand six hundred and forty-five square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Safford street, bounded:

Northwesterly by land hereinbefore described as taken from owners unknown, Bradlee street, twenty-five feet; northeasterly by land supposed to belong to Quinn and by land hereinafter described as taken from said Quinn, by two measurements, two and 43–100 feet and thirty-five and 2–100 feet; southeasterly by another part of Safford street, twenty-five and 2–100 feet; southwesterly by the same, thirty-six and 56–100 feet, containing nine hundred and twenty-five square feet, more or less.

A parcel of land, supposed to belong to Timothy F. Quinn, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown, Safford street, thirty-five and 2–100 feet; northwesterly by other land supposed to belong to said Quinn, sixty-eight and 39–100 feet; northeasterly by land hereinafter described as taken from owners unknown, Safford street, and from Oakland Gardens Land Trust, fifty-four and 73–100 feet; southeasterly by land hereinafter described as taken from owners unknown, Rosa street, six and 76–100 feet; southeasterly by other land supposed to belong to said Quinn, eighteen and 82–100 feet; and again southeasterly by the same, fifty and 62–100 feet, containing twenty-four hundred and fifty-three square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Safford street, bounded:

Southwesterly by land hereinbefore described as taken from Quinn, fifty and 54–100 feet; northwesterly by the northwesterly line of Safford street, twenty and 30–100 feet; northeasterly by another part of Safford street, fifty and 23–100 feet, and southeasterly by land hereinafter described as taken from Oakland Gardens Land Trust, thirty-two and

46-100 feet, containing thirteen hundred and nineteen square feet, more or less.

A parcel of land, supposed to belong to Oakland Gardens Land Trust, bounded:

Northwesterly by land hereinbefore described as taken from owners unknown, thirty-two and 46-100 feet; northeasterly by other land supposed to belong to said Trust, three and 56–100 feet; southeasterly by land hereinafter described as taken from owners unknown, Rosa street, thirty-three and 42–100 feet, and southwesterly by land hereinbefore described as taken from Quinn, four and 19–100 feet, containing one hundred twenty-seven square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Rosa street, bounded:

Northwesterly by land hereinbefore described as taken from Quinn and from the Oakland Gardens Land Trust, by two measurements, six and 76-100 feet and thirty-three and 42–100 feet; northeasterly by the northeasterly line of Rosa street, three hundred and fifteen and 62–100 feet; southeasterly by another part of Rosa street, forty feet, and southwesterly by the southwesterly line of Rosa street, three hundred nineteen and 27-100 feet; containing twelve thousand six hundred and eighty-nine square feet, more or less.

A parcel of land, supposed to belong to the Oakland Gardens Land Trust, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown, Rosa street, twelve feet; northwesterly by other land supposed to belong to said Trust, one hundred feet; northeasterly by other land hereinafter described as taken from said Trust, twelve feet, and southeasterly by other land supposed to belong to said Trust, one hundred feet, containing twelve hundred square feet, more or less.

A parcel of land, supposed to belong to the Oakland Gardens Land Trust, bounded:

Southwesterly by land hereinbefore described as taken from said Trust, twelve feet; northwesterly by other land supposed to belong to said Trust, one hundred feet; northeasterly by land hereinafter described as taken from owners unknown, Denby road, twelve feet, and southeasterly by other land supposed to belong to said Trust, one hundred feet, containing twelve hundred square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Denby road, bounded:

Southwesterly by the southwesterly line of Denby road, two hundred and twelve feet; northwesterly by another part of said road, forty feet; northeasterly by the northeasterly line of said road, two hundred fourteen and 40–100 feet, and southeasterly by land hereinafter described as taken from owners unknown, Westminster street, forty and 7–100 feet; containing eighty-five hundred and twenty-eight square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Westminster street, bounded:

Southwesterly by another part of Westminster street, fifty and 9–100 feet; northwesterly by the northwesterly line of said street, two hundred eighty and 34–100 feet; northeasterly by another part of said street, fifty and 10–100 feet, and southeasterly by the southeasterly line of said Westminster street, two hundred eighty and 55–100 feet, containing four thousand and twenty-three square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Ayles road, bounded:

Northwesterly by land hereinbefore described as taken from owners unknown, Westminster street, forty and 8–100 feet; northeasterly by the northeasterly line of Ayles road, seven hundred eighty and 16–100 feet; southeasterly by another part of said road, forty and 8–100 feet, and southwesterly by the southwesterly line of said road, seven hundred eighty and 16–100 feet, containing thirty-one thousand two hundred and six square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Edwards street, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown, Ayles road, forty and 8–100 feet; northwesterly by the northwesterly line of Edwards street, two hundred and 41–100 feet; northeasterly by easement taken by the City of Boston, December 27, 1940, for sewerage purposes, seventeen and 3–100 feet; northwesterly by the same, ten and 2–100 feet; again northeasterly by easement taken by the City of Boston, September 19, 1935, for sewerage purposes, twenty-three and 5–100 feet, and southeasterly by part of Lewis street and by the southeasterly line of Edwards street, two hundred ten and 43–100 feet, containing eighty-two hundred and forty-seven square feet, more or less.

The sewerage works to be constructed are as follows: In Edwards street, 219 linear feet of 15-inch pipe sanitary sewer and 219 linear feet of 4-foot, 3-inch concrete surface drain.

In Ayles road, 788 linear feet of 12-inch and 15-inch pipe sanitary sewer and 788 linear feet of 4-foot, 3-inch and 4-foot concrete surface drain.

In Westminster street, 213 linear feet of 12-inch pipe sanitary sewer and 213 linear feet of 3-foot, 9-inch concrete surface drain.

In Denby road, 211 linear feet of 12-inch pipe sanitary sewer and 211 linear feet of 3-foot, 6-inch concrete surface drain.

In private land between Rosa street and Denby road, 186 linear feet of 12-inch pipe sanitary sewer and 186 linear feet of 3-foot, 6-inch concrete surface drain.

In Rosa street, 336 linear feet of 12-inch pipe sanitary sewer and 336 linear feet of 3-foot, 6-inch concrete surface drain.

In Safford street and private land, 90 linear feet of 12-inch pipe sanitary sewer and 90 linear feet of 2-foot, 9-inch concrete surface drain.

In Bradlee street, 300 linear feet of 10-inch pipe sanitary sewer and 390 linear feet of 2-foot, 9-inch concrete surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on Bradlee street, between Thatcher street and Safford street, excluding the lots at the corners of Thatcher street; the lot of land between the easterly and westerly parts of Safford street; the abutting lot of land on the northwesterly side of Safford street, designated as assessment lot 9; the abutting lots of land on the northeasterly and southeasterly sides of Rosa street, between Safford street and a point approximately three hundred and fifty feet southeasterly; the abutting lots of land on Denby road, between Westminster street and a point approximately two hundred and sixty feet northwest; the abutting lots of land on Westminster street, between Denby road and Ayles road; the abutting lots of land on Ayles road, between Westminster street and Edwards street, and the abutting lots of land on Edwards street, between Ayles road and Lewis street, excluding the lots at the corners of Lewis street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1254, Sewerage Works, Edwards Street, Ayles Road, Westminster Street, Denby Road, Rosa Street, Safford Street, Bradlee Street, Hyde Park, February 3, 1941, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

RESTORATION OF SALARIES.

The Portland City Council has granted full restoration of salaries to all city employees, at an estimated cost (for the remaining six months of the year) of $162,430. This will put the city in the red at the end of the year unless additional revenue is obtained. Increases and adjustments of salaries for individuals will be considered as soon as finances permit.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, section 8-A of the Revised Traffic Rules and Regulations, which reads as follows:

"Section 8-A.

Parking of passenger vehicles is prohibited from 8 a. m. to 9.30 a. m., except on Sundays and holidays, in the district bounded by the southwesterly line of Dartmouth street, the southwesterly line of West Dedham street, the southwesterly line of East Dedham street, South Bay, Fort Point Channel, Boston Harbor, Charles River, and Charles River Basin."

is stricken out, effective March 14, 1941.

Voted, That as urgently required by considerations of public safety and convenience, during the period of repairs to Blue Hill Avenue Bridge over the New York, New Haven and Hartford Railroad, estimated to be three (3) months, the following street is one-way in the direction indicated, effective March 18, 1941:

Babson Street, Dorchester.
From Blue Hill avenue to Blue Hill avenue in a northerly direction.

Voted, The Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 31, 1941:

Section 8, Part 2, is amended by adding the following:

Castle Street, Downtown Boston.
North side, from Shawmut avenue to Washington street, twenty-four hours.
Lincoln Street, Brighton.
South side, from Leo F. Birmingham Parkway to Portsmouth street, twenty-four hours.
Rutherford Avenue, Charlestown.
Northeast side, from Cambridge street to Baldwin street, 4 p. m. to 6 p. m.
Southwest side, from Cambridge street to Baldwin street, 7 a. m. to 9 a. m.
Taber Street, Roxbury.
South side, from Harrison avenue to Warren street, twenty-four hours.

Section 24, Part 1, is amended by adding the following:

Tufts Street, Charlestown.
From Bunker Hill street to Medford street.

Section 47 is amended by adding the following:

Baldwin Street, Charlestown.
From Bunker Hill street to Medford street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 20, 1941:

Section 8, Part 2, is amended by adding the following:

Glen Road, West Roxbury.
South side, from Washington street to Forest Hills street, twenty-four hours.
Huntington Avenue, Roxbury.
Southeast side, from Calumet street to Wait street, 8 a. m. to 9.30 a. m.

Section 9 is amended by adding the following:

Cross Street.
Southwest side, from a point ninety (90) feet southeast of Hanover street to a point one hundred and ninety (190) feet southeast of Hanover street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 20, 1941:

Section 22 is amended by adding the following streets:

Beacon Street.
South side, from Charles street to opposite Beaver street.
Joy Street.
East side, from a point fifty (50) feet north of Beacon street to Myrtle street.

so that the section will read as follows:

SECTION 22. PARKING OF VEHICLES NEAR THE STATE HOUSE BY MEMBERS AND OFFICERS OF THE GENERAL COURT.

The provisions of these rules and regulations prohibiting or restricting the parking and standing of vehicles on public ways shall not, so for as they relate to the following streets, apply to vehicles owned or used by members and officers of the General Court:

Beacon Street:
South side, from Charles street to opposite Beaver street.
Bowdoin Street.
West side, from Beacon street to Mt. Vernon street.
Derne Street.
South side, from Bowdoin street to Hancock street.
Hancock Street.
East side, from Derne street to Mt. Vernon street.
Joy Street.
East side, from a point fifty (50) feet north of Beacon street to Myrtle street.

CITY SAVES ON GARBAGE COLLECTION.

Upon March 14 the Mayor issued the following statement:

This week the city received bids for the collection and removal of garbage and refuse in the South Boston district. Previously, this was a city collection district. The lowest bidder, Marinucci Brothers & Co. offered to collect and remove for $2,449 per month, or approximately $30,000 per year. It will require the services of not more than two inspectors to inspect the work of collection in this district which would add about $5,000 to the cost of collection under the contract system in this district, making a total cost of about $35,000. In contrast, the Public Works Department figure for the cost of removal in this district by city forces in 1938 was $89,150. In 1939 it was $81,219. Apparently, therefore, there is a saving of approximately $50,000 per year by the shifting from city collection to contract collection.

This year, for the first time, the work of collection and removal of garbage and refuse in the Back Bay is being done under a contract. The Back Bay was formerly part of a larger district which included the South End. The district is being given two and three collections per week service. During the recent snowstorms the contractor made regular collection. He was able to do this because he had equipped his trucks with plows which made it possible for him to plow his way through the alleys.

Previously, in periods of snowstorms, usually there was no collection of refuse and ashes in the districts handled by city men until after the snow was removed, the reason being that both the men and their equipment of truck were transferred to snow removal work during the emergency. Very often much complaint resulted because sometimes weeks went by without collection of refuse or ashes. It is impossible to give comparative figures in this instance, because, as stated above, what is now the Back Bay collection district was formerly a part of a larger district.

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that the undermentioned persons sustain damages in their estate by the taking of an easement for sewerage purposes in Edwards street, Ayles road, Westminster street, Denby road, Rosa street, Safford street and Bradlee street, in the Hyde Park district, under the order of the Board of even date herewith in the amounts hereinafter respectively set against them and awards said amounts therefor.

Owners unknown, Bradlee street, 8,645 square feet, $1.
Owners unknown, Safford street, 925 square feet, $1.
Timothy F. Quinn, 2,453 square feet, $1.
Owners unknown, Safford street, 1,319 square feet, $1.
Oakland Gardens Land Trust, 127 square feet, $1.
Owners unknown, Rosa street, 12,689 square feet, $1.
Oakland Gardens Land Trust, 1,200 square feet, $1.
Oakland Gardens Land Trust, 1,200 square feet, $1.
Owners unknown, Denby road, 8,528 square feet, $1.
Owners unknown, Westminster street, 4,023 square feet, $1.
Owners unknown, Ayles road, 31,206 square feet, $1.
Owners unknown, Edwards street, 8,247 square feet, $1.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

VOTE FOR PRESIDENT IN BOSTON, NOVEMBER 3, 1936.

Vote in Boston for President: 199-504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 10, 1941.

Regular meeting of the City Council in the Council Chamber at 2 p. m., President GALVIN in the chair. Absent, Coun. Kelly, Langan and Ward.

The meeting was opened with the salute to the Flag.

SALE OF EQUIPMENT, NORTH FERRY.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I am informed by the Commissioner of Public Works that at both ends of the abandoned North Ferry are steel bridges, gallows frames and appurtenances no longer of any use to the city. There is little question of the hazards entailed in the condition now existing at these piers, and I am in agreement with the opinion of the Commissioner of Public Works that this abandoned equipment should be dismantled and hauled away.

In view of the fact that this material is needed for no other city purpose, I believe it should be sold and I therefore recommend the passage of the accompanying order for the sale of this equipment at an upset price of $1,200.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 3, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—At the present time, at the Boston and East Boston piers of the abandoned North Ferry, there are located two steel ferry bridges, gallows frames and appurtenances that were formerly used in connection with the operation of the North Ferry system.

They are a potential hazard to the children of the districts referred to, are of no use to the department, and, in my opinion, therefore, it would be to the best interests of the city to dispose of them as soon as possible. The value of the two bridges, the gallows frames and appurtenances has been estimated at $1,712, taking into consideration the cost of labor and equipment necessary to dismantle them and haul them away.

I respectfully recommend that the inclosed order be forwarded to the City Council, requesting the approval of that Body to the disposition of the above-referenced structures, in accordance with the provisions of said order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell, at public auction, at an upset price of twelve hundred dollars ($1,200), the two ferry bridges, gallows frames and appurtenances that are located at the site of the abandoned North Ferry piers on the Boston side at the foot of Battery street and on the East Boston side at the foot of Border street.

Referred to Executive Committee.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.:

Weigher of Goods: George B. Goslin, 86 Francis street, Roxbury.

Laid over a week under the law.

ESTIMATED PAYMENTS AND RECEIPTS, 1941.

The following was received:

City of Boston,
Office of the Mayor, March 6, 1941.

To the City Council.

Gentlemen,—I am in receipt of your order of March 3, 1941, requesting me to furnish a statement of the receipts and appropriations for 1941 and a forecast of the probable tax rate, and I submit herewith in response a table prepared by the financial officers of the city.

But very few of the factors that enter into the determination of the tax rate are fixed at the present time and for that reason I do not consider it advisable to make any forecast.

Respectfully,
MAURICE J. TOBIN, Mayor.

COMPARATIVE ESTIMATE OF PAYMENTS AND RECEIPTS.

Placed on file.

BILL RE COSTS OF FIRE PREVENTION DIVISION.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Corporation Counsel relative to your order of February 24, 1941, concerning the drafting a bill for presentation to the Legislature which will provide that insurance companies dealing in fire insurance be compelled to assume one half of the cost of maintaining the Fire Prevention Division of the Boston Fire Department.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, March 1, 1941.

Mr. William T. Doyle,
Chief Clerk, Office of the Mayor.

Dear Sir,—I am answering your communication of February 27, 1941, enclosing the following vote adopted by the City Council on February 24, 1941:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the Legislature which will provide that insurance companies dealing in fire insurance be compelled to assume one half of the cost of maintaining the Fire Prevention Division of the Boston Fire Department."

I wish to advise you that the last day for filing in due course petitions for legislation in the current sitting of the General Court was Saturday, January 11. Of course, that date has long since gone by and no further petitions for legislation may now be filed as a matter of right by a municipality.

In view of the foregoing situation and of the grave doubt which exists as to whether the Legislature has the power to compel fire insurance companies or other companies to contribute to the cost of maintaining a fire prevention division of a municipal fire department, I shall await further advices in the foregoing connection.

Yours very truly,
ROBERT CUTLER,
Corporation Counsel.

Placed on file.

PRESIDENT'S CONFERENCE CARS.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the president and general manager of the Boston Elevated Railway relative to your order of February 24, 1941, concerning the advisability of placing three of the new so-called "President's Conference Cars" on each of the following lines: Dedham line, Hyde Park line, Cummins Highway line.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
March 4, 1941.

Mr. William T. Doyle,
Chief Clerk, Office of the Mayor.

Dear Sir,—In reply to your letter of February 27, I would say that the twenty "President's Conference Committee" cars are being placed in service on the Newton-Brighton-Watertown line operating between Watertown Station and Park Street Subway Station, this being the most heavily traveled line with single cars through the subway.

Dividing a few cars on several lines would not give us the benefit of the efficiency of these new cars.

The trustees do not believe it feasible to comply with the request of the City Council that three of these cars be assigned to each of the Dedham, Hyde Park and Cummins Highway lines.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

LIGHTING BUTLER STREET, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 13, 1941, concerning the making of a survey in regard to the lighting conditions on Butler street, Dorchester, at the entrance to the Elevated Station, Ward 17.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 3, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 13, 1941:

'Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey in regards to the lighting conditions on Butler street, Dorchester, at the entrance to the Elevated Station, Ward 17."

I shall make immediate arrangements to comply with the provisions of the above-referenced order and shall make further arrangements to improve the existing lighting conditions, if it is determined, upon the completion of the survey, that such action is necessary.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING NORWELL STREET, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 13, 1941, concerning the resurfacing of Norwell street, Ward 17, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 3, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 13, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Norwell street, Ward 17, under the W. P. A. plan of construction."

I shall have an examination made of the above-referenced street in order to determine the necessity of complying with the provisions of the order during the current year.

In the event that it is determined, as a result of the examination referred to, that the street should be resurfaced, I assure you that I shall make arrangements to have a project submitted to the W. P. A. authorities providing for the necessary resurfacing work.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING WHITFIELD STREET, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 13, 1941, concerning the resurfacing of Whitfield street, Ward 17, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 3, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 13, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Whitfield street, Ward 17, under the W. P. A. plan of construction."

If the department engineers determine that it is necessary to resurface the above-referenced street, you may be assured that a project will be submitted to the W. P. A. authorities providing for the necessary construction work.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

FLOOD LIGHT, ARMY BASE ENTRANCE.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 13, 1941, concerning the installation of a flood light at the entrance to the Army Base on Summer Street Extension.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 3, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 13, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a flood light at the entrance to the Army Base on Summer Street Extension."

In connection with the lighting of streets, the department does not install flood lights. Arrangements will be made, however, to increase the candle power of the existing street light that is located at the above-referenced location, or to install an additional standard type of street light in order to provide adequate lighting facilities at this location.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING VICTOR STREET, WARD 13.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 13, 1941, concerning the resurfacing of Victor street, Ward 13, and install sidewalks thereon, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 3, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 13, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Victor street, Ward 13, and install sidewalks thereon, as a W. P. A. project."

A project providing for the resurfacing of the above-referenced street in the current year will be forwarded to the W. P. A. authorities for approval, assuming, of course, that the department engineers find it necessary to effect the resurfacing work referred to above.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

LIGHT, BIRD AND VIRGINIA STREETS, WARD 13.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 13, 1941, concerning the installation of an electric street light near the junction of Bird and Virginia streets, Dorchester, in Ward 13.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 3, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 13, 1941.

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install an electric street light near the junction of Bird and Virginia streets, Dorchester, in Ward 13."

Arrangements will be made to improve the street lighting facilities at the above-referenced intersection, if the results of a survey determine that such action is necessary.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

STAIRS, JOHNSWOOD ROAD, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 24, 1941, concerning the repairing of the stairs on Johnswood road, Ward 19.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 3, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 24, 1941:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to repair the stairs on Johnswood road, Ward 19."

A project is being prepared, for submission to the W. P. A. authorities, providing for the repairs to the stairway referred to in the above-referenced order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SEWERAGE SYSTEM, THOMPSON STREET, HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Public Works Commissioner relative to your order of February 24, 1941, concerning the construction of a proper sewerage system under the W. P. A. plan of construction for the residents of Thompson street in Hyde Park.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 3, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 24, 1941:

"Ordered, That the Mayor of Boston require the Commissioner of Public Works to construct a proper sewerage system under the W. P. A. plan of construction for the residents of Thompson street in Hyde Park."

A study will be made in the near future by the engineers of the Sewer Division of the department in connection with the above-referenced order.

You may be assured that every effort will be made to provide proper sewerage facilities in the above-mentioned location.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

George W. Brooks, for compensation for damage to car caused by an alleged defect in Bennington street, East Boston.

Colonial Wood Heel Company, to be reimbursed for tax paid under protest.

Edward A. Cummings, to be reimbursed for accident which occurred while in performance of duty.

Morris Freedman, to be reimbursed for clothes which were destroyed by fire.

Agnes Gray, for compensation for injuries caused by an alleged defect at 2042 Centre street.

John J. Gueli, to be reimbursed for clothes destroyed by fire.

Teresa E. LaBombard, for compensation for injuries caused by an alleged defect in Church green.

William J. Lyon, to be reimbursed as result of accident which occurred while in performance of duty.

Joseph Mancuso, to be reimbursed for clothes which were destroyed by fire.

Marie McIntyre and Ann Flannery, for compensation for injuries caused by ice falling from roof.

Helen R. Mercier, for compensation for injuries caused by an alleged defect at 1891 Columbus avenue.

Gertrude M. Mueller, for compensation for injuries and damage to clothing caused by an alleged defect at 28 Downer avenue.

Guy H. Northrop, for compensation for damage to car caused by snow falling from roof.

Charles H. Reilly, for compensation for injuries caused by an alleged defect at 37 Beach street.

Achille Risti, to be reimbursed for clothes which were destroyed by fire.

Alfred J. Torpey, to be reimbursed as result of accident which occurred while in performance of duty.

Samuel Waxman, for compensation for injuries caused by an alleged defect at 1891 Columbus avenue.

Ephraim Wise, for compensation for damage to property at 12 Rochester street, caused by defective water main.

Michael A. Woodford, to be reimbursed for clothes which were destroyed by fire.

Executive.

Petition of Skating Club of Boston for children to appear at Skating Club Hall, March 20–23.

Committee on Licenses.

Petition of Oakdale Community Garage Bus Line to operate motor vehicles from Dedham and Boston line on Washington street over Washington street to Columbus avenue and over Columbus avenue to and over Stuart street to and over Broadway to the B. & W. terminal.

BUS SERVICE TO SANATORIUM.

Coun. GOODE and WICKES offered the following:

Ordered, That the Trustees of the Boston Elevated be requested to arrange the schedule of bus service on the River street line so that buses will be available to visitors of the Boston Sanatorium during the visiting hours—two-thirty to three-thirty in the afternoon and six to seven in the evening.

Coun. GOODE—Mr. President, some time ago in conjunction with the councilor from Ward 17 (Coun. Wickes), I introduced an order into this Body to have a shelter erected in the vicinity of the Boston Sanatorium, so that those visiting patients in that institution might have the benefit of its protection. I understand that the Trustees of the Boston Elevated are considering the question at the present time. In the meantime, I have received requests that the bus service schedule be made to fit in with the visiting hours at the hospital, which would mean that the bus service would be increased at the hours when it is needed in that respect. I trust, therefore, that the Bos-

ton Elevated will see that there is increased bus service at those particular hours. I hope the order will receive the favorable action of this Body.

The order was passed under suspension of the rule.

EMPLOYMENT OF W. P. A. WORKERS ON DEFENSE.

Coun. CAREY offered the following:

Ordered, That his Honor the Mayor be requested to confer with the proper Federal officials both here and in Washington with a view to devising some plan that will provide employment on defense work for those being discharged from W. P. A. projects due to lack of funds or quota reductions.

Coun. CAREY—Mr. President, during the past few months the Federal government has appropriated billions of dollars for defense purposes, and as a result thousands of men and some women have secured employment at very high wages. With these many billions being spent for defense there has been a very pronounced reduction in the allowance for W. P. A., with the result that at the present time a quota cut is being effected that is working severe hardship on many who can ill afford it. I am heartily in favor of the expenditures that are being made for adequate national defense, but it is a pity that more citizens cannot benefit from it. It is pathetic to see fathers of families who have been on W. P. A. for three or four years discharged and unable to get the $13.20 weekly for W. P. A. laborers, while so many are getting $50, $80 and $150 a week on defense work. At the same time, these others who have been employed on W. P. A. and who have received as laborers as little as $13.20 a week are now being forced to give up such employment. I trust that the Mayor will have a conference with the proper Federal officials and that, if possible, it will be taken up with the President of the United States, to see if this situation cannot be remedied, if some arrangement cannot be made whereby there can be a continuance of the W. P. A. work. As I say, I am heartily in favor of the defense work that is being carried on, but I also believe that these people who have been depending on W. P. A. should be given an opportunity to continue such work.

The order was passed under suspension of the rule.

LEVELING OF BLUE HILL AVENUE RESERVATION.

Coun. GOTTLIEB and GOODE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to confer with the Manager of the Boston Elevated Railway relative to the leveling of the Elevated reservation from American Legion Highway to Mattapan square in order that uniform safety zones may be established on Blue Hill avenue.

Coun. GOTTLIEB—Mr. President, during the past year the construction of the new double-barreled highway from Seaver street and Blue Hill avenue to the American Legion Highway and Blue Hill avenue was started. Part of that work has been done, the section from approximately a point near McClellan street to the American Legion Highway having been finished. I offer this order so that Blue Hill avenue from Seaver street to Mattapan square may have uniform safety zones provided for pedestrians, so that those crossing the boulevard may be assured of safety in close proximity to the car line. At present, there is no place at all for pedestrians to wait, when they are getting off or getting on to cars, for the passing of automobiles. I think the greater number of accidents that have occurred in that section during the last few years have resulted from the condition of that reservation, which is a raised reservation with very inadequate lighting and with no safety zones, extending now from American Legion Highway to Mattapan square. The condition has been remedied at Mattapan square, but it has not been remedied for the rest of the distance from the American Legion Highway to the square. If this proposed leveling of the Elevated reservation is carried out, and uniform safety zones are established on Blue Hill avenue, there will be protection to pedestrians and to those using the Elevated service that they do not now have. When you are getting on or alighting from the cars on Blue Hill avenue at the regularly designated car stops, you find it exceedingly difficult to avoid automobiles, and it is difficult for those driving automobiles at times to distinguish the pedestrians. I realize that from driving at times on the avenue myself. It results in these accidents, many of them fatal. With the leveling of the Elevated reservation that is proposed and the establishment of uniform safety zones, the present trouble will be avoided. I have talked with the Commissioner of Public Works on this matter, and he agrees with me that there might be a better lighting system for that area. I feel strongly that if a project of this nature was started at the present time there would be a considerable saving of human life in that section of Dorchester. I tust that the order will pass.

The order was passed under suspension of the rule.

SALE OF CHESTNUT HILL AVENUE LAND.

President GALVIN called up, under unfinished business, No. 2 on the calendar, viz.:

2. Order authorizing the sale at public auction at an upset price of 35 cents a square foot of about 31,000 square feet of land on Chestnut Hill avenue, being a portion of the large tract of land formerly used as a district yard by the Public Works Department.

On February 24, 1941, the foregoing order was read once and passed, yeas 17, nays 1.

The question came on the second reading and final passage of the order.

The order was given its final reading and passage, yeas, 15, nays 3:

Yeas—Coun. Carey, Chase, Englert, Fish, Galvin, Goode, Gottlieb, Hutchinson, Linehan, Lyons, Russo, Scannell, Shattuck, D. F. Sullivan, Taylor, 15.

Nays—Coun. Coffey, M. H. Sullivan, Wickes —3.

Coun. COFFEY—Mr. President, I ask for reconsideration of the action on that order. I am glad to see the councilor from Brighton (Coun. M. H. Sullivan) opposing the sale of this land. I opposed it two weeks ago, when it came up and had its first passage. I object to 31,000 square feet of land on Chestnut Hill avenue, land in a very valuable section, being sold at an upset price of 35 cents a square foot. My sole purpose in opposing it is that this is a piece of land in a very busy section of Brighton, and I think there should be a starting upset price of at least a dollar a foot. I ask the councilor from Brighton if he does not feel that that is so?

Coun. M. H. SULLIVAN—Mr. President, I am quite confident that when an auction is had on this land it will be found that the price obtained will be very much more than the upset price here suggested. Whie it is true that the upset price is here put at 35 cents a square foot, and while I think the upset price should be higher than 35 cents, there is no doubt that the price obtained will be very much higher because this is one of the best sites in Brighton. It does not happen to be in my ward, incidentally.

Reconsideration was declared lost. Coun. Coffey doubted the vote and asked for the yeas and nays.

The motion to reconsider was lost, yeas 7, nays 9:

Yeas—Coun. Chase, Coffey, Hutchinson, Linehan, D. F. Sullivan, M. H. Sullivan, Wickes—7.

Nays—Coun. Carey, Englert, Fish, Galvin, Gottlieb, Lyons, Russo, Shattuck, Taylor—9

EXPENSES OF BOARD OF SPECIAL COMMISSIONERS ON REPRESENTATIVE DISTRICTS.

President GALVIN called up assignment No. 3 on the calendar, viz.:

3. Ordered, That the sum of five hundred dollars be, and hereby is, appropriated to meet the expenses of the Board of Special Commissioners on Representative Districts in the County of Suffolk through November 30, 1940, as certified by the State Treasurer under the provisions of section 2 of chapter 467 of the Acts of 1939; said sum to be charged to the Contingent Fund.

Coun. COFFEY—Mr. President, when this order came in a few weeks ago, I had very serious doubts. This is an order calling for the payment of $500 to the Board of Special Commissioners on Representative Districts in the County of Suffolk. I also felt that the Commissioners representing the Democratic party had sold the Democratic party out in this particular case. For instance, my ward, with a population of 25,000, some years ago had four Representatives. The representation was cut down ten years ago to three, and last year it was cut down to two. So that is what has been done to my district. Then, in Roxbury the wards have been cut down from two to one, showing what has been done not only to East Boston but to Roxbury, while in the Back Bay they are still allowed to elect their two Representatives. I trust that this order will not be passed.

Coun. TAYLOR—Mr. President, I fully agree with the Councilor from Ward 1 (Coun. Coffey) with respect to the actions of this particular commission in gerrymandering the City of Boston. But I have learned, whether we pass the order or not, that the city must pay the bill. The state has charged it to the City of Boston, and Boston must pay this portion of the bill. Therefore, we cannot avoid it. If I thought for one moment that we could sting the state in this particular instance, I would vote accordingly because of the way they have treated the City of Boston. But I understand that we will have to foot the bill, anyway. If it is referred to the Executive Committee, however, we can obtain some further information upon it. I would move, therefore, that it be referred to the Executive Committee.

Coun. CAREY—Mr. President, if it goes to the Executive Committee, I would ask that the City Auditor be sent for.

The order was referred to the Executive Committee.

RESURFACING OF STILLMAN STREET.

Coun. RUSSO offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth paving Stillman street, Ward 3.

Passed under suspension of the rule.

EXEMPTION OF DOCTORS FROM TAGGING.

Coun. RUSSO offered the following:

Ordered, That the Police Commissioner be requested to instruct all members of his department to refrain from placing tags for parking violation on the cars of doctors bearing the insignia of the medical profession.

Coun. RUSSO—Mr. President, during the last week or so I have had two complaints from doctors who are residents of the City of Boston and practicing in this city in regard to this matter. I do not believe it is proper or fair that the Police Commissioner should instruct the officers who are engaged in this tagging campaign to tag cars that belong to doctors who are engaged in their profession. The officers certainly know doctors' cars. I can realize that a doctor must have his car handy, and we cannot expect him to place his car in a garage. He holds a responsibility for the lives of people in this city, and he must be ready at any time to go to any place, getting there in the most expeditious way and parking at a handy spot. With all these facts in mind, I believe that all doctors' cars should be allowed to stand on the streets of the city without being molested or tagged. I trust, therefore, that this order will pass.

The order was passed under suspension of the rule.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President GALVIN called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor, March 3, 1941, of George Lee, L. C. Mullin, M. Passalacqua, to be Wieghers of Coal; and Chester A. Clark, James F. Nee, Robert J. Carmichael, Charles F. Barry to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Wickes and Chase. Whole number of ballots 14, yes 13, no 1, and the appointments were confirmed.

PHYSICIAN AT EAST BOSTON RELIEF STATION.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor request the trustees of the Boston City Hospital to place a competent physician in the East Boston Relief Station in place of the interne now there.

Coun. COFFEY—Mr. President, this order is along the line of others I have introduced and spoken on in the past year. You all know the situation in which we are placed in East Boston in the matter of medical relief. At the present time, at the East Boston Relief Station we have an interne in charge. A young girl six years old suffered an accident as a result of which she lost a part of her chin. She was taken to the East Boston Relief Station, and as a result of the way that the skin was sewn up she will be disfigured for the rest of her life. I think that we should at least have in that Relief Station a competent physician in place of the interne now there. They have compelled us to get along on an eight-hour basis and have been subjecting us to other disabilities in connection with that Relief Station, but they should at least have there during those eight hours a competent physician and not the butcher who is now there.

The order was passed under suspension of the rule.

RACING SUPERVISION.

Coun. SCANNELL offered the following:

Ordered, That the Massachusetts Legislature, through his Honor the Mayor, be requested to amend the law relative to racing in this Commonwealth, so that the District Attorney of Suffolk County and the Attorney General of the Commonwealth be authorized to each employ two men whose duties shall be to keep constant daily vigilance over racing in order that no crooked racing or racing scandals may occur in this state, said employees to be paid by the race tracks at the rate of fifty to one hundred dollars per day.

Passed under suspension of the rule.

ROPING OFF STREETS, MARCH 17TH.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the City Messenger be, and he hereby is, authorized to rope off the streets wherever necessary, along the route of the Evacuation Day

parade, March 17th, in South Boston, the expense incident thereto to be charged to the appropriation for City Council, Flags, Ropes and Stakes.

Passed under suspension of the rule

CLEANING OF STREETS FOR MARCH 17 PARADE.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the cleaning of all streets along the route of the Evacuation Day parade, March 17th, in South Boston.

Passed under suspension of the rule.

RE-SANDING OF SOUTH BOSTON BEACHES.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to make arrangements for the re-sanding of the various beaches in South Boston.

Coun. LINEHAN—Mr. President, on the first two orders, dealing with the Evacuation Day parade, there is nothing further to be said except that I do wish to extend an invitation to all the councilors to come over to South Boston a week from today. But, speaking to the last order, dealing with sand, I would like to incorporate in the minutes an item quoted in one of Boston's papers, from Portland, Maine. This item reads as follows:

"English sand for Portland's beach. Portland, Me., March 5. Sand brought from England as ballast in ships coming here to load will be used to improve a Portland municipal bathing beach next summer. The City Council today authorized removal of one thousand tons of sand from wharves to the beach."

I sincerely hope that the Mayor will advise the Park Commissioner to get in touch with the English shipping concern that has occasion to use this beautiful fine white sand, so that some of that sand may be obtained for the beaches in South Boston or for the beaches in suburban cities and towns. I think there would be a good deal of advantage to us in getting some of that sand here, and probably it could be obtained at little expense to the City of Boston. I trust that an effort in this direction will be made.

The order was passed under suspension of the rule.

INVESTIGATION OF REST HOMES.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to consider the advisability of undertaking an investigation of rest homes to which payment is made by the City of Boston for the care of recipient of old age assistance, or welfare relief.

Coun. M. H. SULLIVAN—Mr. President, several times in the course of the year I have heard persons who have relatives or friends who are in rest homes to which payment is made by the city for the care of recipients of old age assistance or welfare relief, complain of the assistance received in these private homes. I picked up the Boston *Post* this morning and in one of the columns found a letter, unsigned, in which certain allegations are made relative to the treatment received by an old lady over seventy who is on old age assistance at one of these homes. The complaint is from a daughter. I think it is encumbent upon the Overseers of the Welfare Department to make an investigation of conditions existing in some of the rest homes or convalescent homes throughout the city. I am quoting from a letter which, as I say, is unsigned, but I think the allegations are of such a nature that they should be brought to the attention of the proper authorities. This lady says:

"I have seen my mother's tray brought to her many times, and it is always the same in every home, all food alike; for breakfast, half-cooked oatmeal, and a cheap egg, one thin slice of bread, weak coffee; for dinner, soup made from a pork shoulder bone with a can of cheap vegetable soup thrown in, or corn chowder of skimmed milk with evaporated milk in it to look like cream; supper, a dropped egg on toast, toasted on one side only, weak tea. In summer, tomato sandwich every night, cup of tea, two soda crackers. That isn't much nourishment for weak people. I have had to take and send food to my mother or she would have had to go to bed hungry."

As I say, this letter is unsigned, but it does contain allegations substantially the same as members of the Council have heard for the past several years. I am not making any reflections on the authorities of the Welfare Department. They are doing a wonderful job. But I do think that this matter is at least worthy of investigation. The writer of the letter further alleges that when visits are made to these homes and when there is inspection by the welfare authorities, things are apparently improved for the time being, but they subsequently immediately go back to the old conditions. So I think it might well be encumbent upon the authorities of the Welfare Department to make an investigation into these rest or convalescent homes. There are certain sections of the city, more or less given over to industrial or commercial enterprises, where there are more or less convalescent homes, and I don't think the rest homes should be placed in such sections. I ask, therefore, that the welfare authorities make an investigation. I do it without prejudice against the welfare authorities, because, as we all know, they are not at all to blame. But if such conditions as are suggested in this letter do prevail, they should be unearthed by the authorities, so that the unfortunate poor people receiving such assistance, people who are not in the best of health, may receive proper treatment.

The order was passed under suspension of the rule.

DISTRIBUTION OF MILK.

Coun. GOODE offered the following:

Ordered, That the Overseers of Public Welfare be requested to consider the advisability of providing facilities for the delivery of milk in the Ward 18 district in cases where sickness or infirmity prohibits any member of the family from visiting the local distributing station.

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to arrange for additional cashiers at milk distributing stations, as recipients are now compelled to stand in line for hours until the arrival of the cashier.

Coun. GOODE—Mr. President, it has been brought to my attention that the distributors of milk in the Hyde Park Municipal Building keep the recipients waiting two or three hours in the morning before the arrival of the supervisors of the distribution of the milk. When this matter was brought to the attention of the Public Health Commissioner, he said it was due to the shortage of cashiers, that the milk was first distributed in the early hours of the morning in the downtown section, and then the same cashiers moved with the milk drivers to the out-of-town sections, and that it was usually in the vicinity of eleven o'clock before the milk was distributed there. Ward 18 is the largest ward of the city in area, and many of these people have quite a distance to travel, and unfortunately in some of the homes where sickness and infirmity are prevalent, they are unable to have anyone contact the Milk Distribution Bureau. I made a visit to the Hyde Park Municipal Building where these facts were ascertained, and I saw a sign at the Municipal Building to the effect that the milk was distributed between the hours of 11 and 4. In the majority of homes where there are youngsters the milk should be available at some of the early hours of the morning, before these children set out for school, and these people certainly should not have to wait for two or three hours, much to their embarrassment, among the many people who go to the Municipal Building. I think in fairness to all concerned, and to the taxpayers interested in seeing that these people are taken care of, the milk should be delivered in the morning hours in those outlying sections, or even delivered to the homes of the children who should have milk for their breakfast. I certainly hope this order will receive favorable consideration from his Honor the Mayor and the Commissioner of Health, and that these conditions will be remedied in the near future. I trust that the Body will see fit to pass the order.

The order was passed under suspension of the rule.

SERVICE ON ARBORWAY LINE.

Coun. WICKES, for Coun. LANGAN, submitted the following:

Ordered, That the trustees of the Boston Elevated be requested, through his Honor the Mayor, to immediately increase the service on the Arborway-Subway line.

Passed under suspension of the rule.

ACCEPTANCE OF CEDAR AVENUE, WARD 19.

Coun. WICKES, for Coun. LANGAN, offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Cedar avenue, Ward 19, under the W. P. A. plan of construction.

Passed under suspension of the rule.

TRAFFIC LIGHTS, MORAINE AND CENTRE STREETS, WARD 19.

Coun. WICKES, for Coun. LANGAN, offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the corner of Moraine and Centre streets, Ward 19.

Passed under suspension of the rule.

RECESS.

The Council voted, at 3.11 p. m., to go into executive session, on motion of Coun. GOODE. The members reassembled and were called to order by President GALVIN at 4.26 p. m.

REPORT OF COMMITTEE ON CLAIMS.

Coun. M. H. SULLIVAN, for the Committee on Claims, submitted the following:

Report on petition of Patrick J. Connolly (referred February 24) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty dollars ($50) be allowed and paid to Patrick J. Connolly in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

EXECUTIVE COMMITTEE REPORTS.

Coun. SHATTUCK, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred March 3) transferring $25,000 from Contingent Fund to be expended for Municipal Survey Committee—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. COFFEY—Mr. President, I rise to a point of order. I doubt the presence of a quorum.

The Clerk called the roll, and it appeared that thirteen members, or a quorum, were in attendance.

The order failed of passage (fifteen votes being required for passage), yeas 14, nays 0.

Yeas—Coun. Carey, Coffey, Englert, Fish, Galvin, Goode, Gottlieb, Hutchinson, Lyons, Russo, Shattuck, D. F. Sullivan, M. H. Sullivan, Taylor—14.

Nays—0.

President GALVIN—The order is rejected, lacking the necessary votes.

On motion of Coun. SHATTUCK, the Council voted to reconsider and assign the order until later in the meeting.

President GALVIN, at 4.32 p. m., declared a recess of five minutes. The Council was called to order at 4.37 p. m., and the above order was called up by President GALVIN.

The question came on the passage of the order, and the roll was called.

The order was passed, yeas 15, nays 1:

Yeas—Coun. Carey, Englert, Fish, Galvin, Goode, Gottlieb, Hutchinson, Linehan, Lyons, Russo, Scannell, Shattuck, D. F. Sullivan, M. H. Sullivan, Taylor—15.

Nay—Coun. Coffey—1.

2. Report on message of Mayor and order (referred today) that $500 be appropriated for expenses of Board of Special Commissioners on Representative Districts in County of Suffolk—that same ought to pass.

The report was accepted, and the order was assigned to the next meeting.

3. Petition of Skating Club of Boston for children to appear at Skating Club Hall, March 20–23—recommending that leave be granted on usual conditions.

Report accepted; leave granted on usual conditions.

POLICE PROTECTION FOR SCHOOL CHILDREN, WARD 18.

Coun. GOODE offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to provide the services of a policeman at the junction of Mt. Hope street and American Legion Highway, Ward 18, while children are going to and coming from school.

Passed under suspension of the rule.

ACCEPTANCE OF CERTAIN MATTAPAN STREETS.

Coun. GOODE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept the following-named streets in the Mattapan section of Ward 18: Roseberry road, Orlando street, Newcastle street.

Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families for the month of March.

Report accepted; said order passed.

THE NEXT MEETING.

The Council voted, on motion of Coun. ENGLERT, that when it adjourn it be to meet on Monday, March 24, at 2 p. m.

W. P. A. PROJECT FOR PLAYGROUND, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to immediately start work on the W. P. A. project for the construction of a children's playground on the vacant lot bounded by Dudley, Folsom, Harlow streets and Howard avenue, Ward 13.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. LYONS, for the Committee on Ordinances, submitted the following:

Report on message of Mayor and ordinance (referred February 17) concerning prohibition of unnecessary noise—recommending passage of ordinance with the amendment that section 92 be stricken out.

The report was accepted, section 92 was ordered stricken out, and the ordinance as amended was passed.

Adjourned, on motion of Coun. HUTCHINSON, at 4.42 p. m., to meet on Monday, March 24, 1941, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

INVESTIGATOR, BOARD OF REGISTATION OF HAIRDRESSERS, APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

This examination is open to both males and females.

Salary: $1,440 to $1,740 a year.

Vacancy: At present, there is one vacancy, for a female.

Duties: Under general direction, to investigate beauty shops and hairdressers in matters relating to sanitation, sterilization, and compliance with the rules relative to the registration of hairdressers, and with the rules and regulations of the Board of Registration of Hairdressers; to investigate complaints relative to violations of laws, rules and regulations pertaining to the licensing of hairdressers; and to perform related work as required.

Entrance Requirement: Applicants must be registered hairdressers in the State Board of Registration of Hairdressers.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

CHIEF SUPERVISOR OF PUBLIC HEALTH NURSING (FEMALE), APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: $3,180 to $3,720 a year.

Vacancy: At present there is one vacany in the Division of Administration, Department of Public Health.

Duties: To supervise all public health nurses employed by the Department of Public Health; to organize public health nursing in the District Health Units; to render advisory service to local public health nurses throughout the State; to teach public health nurses in groups, as required.

Entrance Requirements: Applicants must be registered nurses in the State Division of Registration of Nurses.

Applicants shall have had at least five years' experience in public health nursing, at least two years of which shall have been in charge of a public health nursing program.

It is desirable that applicants shall have had experience in acute communicable diseases, as well as in tuberculosis, syphilis and gonorrhea; clinical experience in medical, surgical, obstetrical and pediatric nursing, as well as experience in teaching public health nursing.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INSTITUTION SCHOOL TEACHER (MALE), APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

Salary: The salary of the present vacancy is $1,260 a year.

Vacancy: At present, there is one vacancy at the State Prison Colony.

Duties: To supervise and develop the curriculum of the institutional school as set up by the Principal Correction Officer (in charge of education); to supervise and train inmate teachers in teaching technique and procedure; to supervise and instruct a class three hours weekly in practical science; to formulate and supervise monthly tests in elementary academic subjects and administer Metropolitan Achievement tests semi-annually and grade results; to assist in supervising inmate library on Saturday mornings, and be available to assist inmates in correspondence instruction; and to operate the State Prison Colony canning plant three months of the year and to supervise about thirty prisoners in the varying operations in said plant.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

APPLE INSPECTOR, DEPARTMENT OF AGRICULTURE, APRIL 5, 1941.

Last date for filing applications, Saturday, March 22, 1941, at 12 noon.

Salary: $6.00 a day. The character of this inspection work is seasonal and temporary, and depends entirely upon the program of the Federal Government in purchasing surplus apples from our Massachusetts fruit growers. There is no assurance that this program will continue for any definite length of time, or be repeated during another year.

Duties: Inspection of apples under the Federal Surplus Commodities Purchasing Program. The inspector should be familiar with damage to apples caused by russetting, sunburn, spray burn, limbrubs, hail, drought spots, scars, disease, insects or other mechanical damage; and with the color requirements for the Federal grades of apples and the tolerances and conditions after storage or transit.

Entrance Requirement: Inspectors must be approved and licensed by the Federal Government.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirments: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

PUBLIC HEALTH NUTRITION WORKER (FEMALE), APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: $1,560 to $2,040 a year.

Vacancies: At the present time, there are three vacancies, two in the Division of Child Hygiene and one in the Division of Communicable Diseases, Department of Public Health.

Duties: Under supervision, to carry on work involving matters of nutrition, malnutrition, budgeting and related matters with mothers and children, and with lay and professional groups; *e. g.,* to give instructions to mothers and children seen at Well Child Conferences on matters of nutrition, budgeting, meal planning and correction of nutritional defects and health habits; to do home visiting in the interest of malnourished children and those with poor health habits related to nutrition; to serve as nutritionist on Well Child Conference Unit at conferences conducted by the Division of Child Hygiene; to conduct nutrition classes for the teaching of lay and professional groups in the field of nutrition and meal planning, budgeting, etc.; to assist in nutrition activities relating to summer health camps for children; to give lectures and demonstrations relating to foods and nutritions, and to assist in the preparation of educational material in the field of nutrition education.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

On the report of the Superintendent, leaves of absence under a suspension of regulations were granted as follows:

Girls' Latin School—Angela Cadigan, assistant, Mar. 1 to June 30, 1941, without pay.

Mary Hemenway District—Consuelo S. Sedley, assistant, kindergarten, Feb. 13 to May 12, 1941, without pay.

Speech Improvement Classes—Mary J. Browne, assistant, Jan. 1 to 31, 1941, without pay.

On motion of the Superintendent, it was

ORDERED, That the following-named are hereby granted leave of absence without loss of pay for the period Feb. 24 to 28, 1941, inclusive, to attend the annual meeting of the American Association of School Administrators of the National Education Association, held at Atlantic City, N. J.:

Thomas N. Hart District—Catherine M. McHugh, assistant, elementary.

Martin District—Mary G. Sullivan, assistant, Model School.

—

TEACHER OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Mar. 3 1941, reporting that subject to the approval of the School Committee, he has assigned Katherine M. Lavin, temporary teacher, for home instruction of physically handicapped children, to take effect Mar. 3, 1941.

Approved.

—

CLASSES IN DISTRIBUTIVE OCCUPATIONS

A communication was received from the Superintendent, under date of March 3, 1941, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the meeting of Dec. 16, 1940 (see p. 200), he has appointed the following-named persons to the classes in distributive occupations, to take effect on Feb. 24, 1941:

Gerard F. Burke, Charles Levin, Thomas L. O'Connor, Lily Stephenson, Percy E. Thayer, instructors.

The regulations were suspended and the appointments approved.

—

TWO-SESSION KINDERGARTENS

A communication was received from the Superintendent, under date of Mar. 3, 1941 reporting that subject to the approval of the School Committee, he has terminated the service of Mildred M. Sughrue, assistant, kindergarten, Bennett District, in the afternoon sessions of that kindergarten, to take effect Feb. 12, 1941.

Placed on file and the termination of service approved, to take effect on the date stated.

—

On motion of the Superintendent, it was

ORDERED, That the employment of Florence I. Crawford, first assistant, kindergarten, one session, William E. Endicott District, is hereby authorized in the afternoon sessions of the kindergarten in that school for the period Jan. 13 to 16, 1941, inclusive; and that she be allowed and paid additional compensation at the rate of two dollars ($2) per session for such service.

—

GARDENING, SEASON OF 1941

The Superintendent offered the following five orders:

ORDERED, That the Superintendent is hereby authorized to conduct instruction in gardening during the season 1941 from March 1 to December 31, the summer term of which shall coincide with the summer vacation period.

ORDERED, That the Superintendent is hereby authorized to appoint teachers of gardening to the following ranks for service during the season 1941:

Supervisor of gardening
Garden teacher
Garden assistant
Assistant in school gardens

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in gardens during the season 1941.

ORDERED, That any teacher of gardening appointed for the season 1941 may be transferred by the Superintendent from one position to another for which said teacher holds the required license, and said teacher shall be paid according to the schedule established for the position actually filled during any session certified to by the Associate Director of Manual Arts.

ORDERED, That the hours of service of teachers and custodians employed in gardening during the season 1941, unless otherwise specified, shall be such portion of the time between eight o'clock A. M. and eight o'clock P. M. as the Superintendent may direct.

The five orders passed.

—

EMERGENCY EMPLOYMENT OF INSTRUCTORS OF MILITARY DRILL

A communication was received from the Superintendent, under date of March 3, 1941, reporting that subject to the approval of the School Committee, he has discontinued the leave of absence without loss of pay granted Michael J. Lannon, armorer, Department of Physical Education, at the meeting of Jan. 20, 1941 (see p. 16), said discontinuance to take effect Feb. 14, 1941.

Placed on file and the discontinuance approved from the date stated.

—

A communication was received from the Superintendent, under date of March 3, 1941, reporting that subject to the approval of the School Committee, he has terminated the service of Michael J. Lannon, armorer, Department of Physical Education, as temporary instructor of military drill, Department of Physical Education, to take effect Feb. 14, 1941.

Placed on file and the termination of service approved from date stated.

—

A communication was received from the Superintendent, under date of March 3, 1941, reporting that subject to the approval of the School Committee, he has assigned the following regularly appointed teachers to serve as temporary instructors of military drill, Department of Physical Education, to take effect Feb. 24, 1941, and to continue to the close of school, June 26, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee:

Abraham Lincoln District—Harold E. Sanford, assistant, intermediate.

Martin District — Frederick S. Whelton, sub-master.

These assignments are made to fill, temporarily, vacancies caused by the absence of regularly appointed instructors of military drill on account of military service.

Placed on file and the assignments approved, to take effect on the date stated.

—

APPOINTMENTS TO CAFETERIAS

A communication was received from the Superintendent, under date of Mar. 3, 1941, reporting that subject to the approval of the School Committee, and with the approval of the Division of Civil Service, he has made the temporary transfer of Emilie Dillon, cafeteria manager, Roslindale High School, to Supervisor of Cafeterias, for a period of six months, beginning Mar. 1, 1941; compensation to be at the rate of eight dollars ($8.00) per day of service.

Placed on file and the temporary transfer approved for the period specified.

—

A communication was received from the Superintendent, under date of Mar. 3, 1941, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has appointed Mary R. Shallow as cafeteria manager in the Patrick T. Campbell Intermediate District (from cafeteria attendant, Roslindale High School), to take effect Mar. 4, 1941.

Approved.

—

CLERICAL ASSISTANTS

A communication was received from the Superintendent, under date of Mar. 3, 1941, reporting that subject to the approval of the School Committee, with the approval of the Division of Civil Service, and at the request of the person concerned, he has appointed Margaret H. Carroll, assistant, Group D, in the offices of the Superintendent-Secretary, to the position of clerical assistant, Girls' High School, to take effect Mar. 10, 1941.

Placed on file and the appointment approved, to take effect on the date stated.

—

A communication was received from the Superintendent, under date of Mar. 3, 1941, reporting that subject to the approval of the School Committee and at the request of the person concerned, he has appointed Alice R Norton, clerical assistant, Girls' High School, as clerical assistant, Mather District, to take effect Mar. 10, 1941.

Placed on file and the appointment approved, to take effect on the date stated.

—

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Mar. 3, 1941, recommending that the following-named custodians, who stand at the head of their lists, be appointed as indicated, to take effect Mar. 9, 1941:

John Dellea, from the Asa Gray to the custodianship of the Henry Vane School-house.

Charles F. Sullivan, from the Anne Hutchinson to the Benedict Fenwick School-house.

George H. Thompson, from the Noble School-house and Annex, to the custodianship of the Tappan School-house.

Placed on file and the appointments approved, to take effect on the date stated.

—

ANNUAL REPORT, BOARD OF TRUSTEES OF THE PERMANENT SCHOOL PENSION FUND

The thirty-third annual report of the Board of Trustees of the Permanent School Pension Fund for the financial year ending Dec. 31, 1940, was received. The total amount appropriated for pensions during the year was $30,000; the balance unexpended, 1939, from pension appropriation was $8,028.80; reimbursement received from the State, $115,580; total, $153,608.80; total payments to pensioners, $149,013.61; balance unexpended, 1940, $4.595.19. The total fund, Dec. 31, 1940, was $1,457,843.72. Total number of teachers drawing pensions, Dec. 31, 1939, 280; number added during the year, 32; deaths during the year, 20; number now drawing pensions, 292.

The report was accepted.

—

UNFINISHED BUSINESS

The order laid over at the meeting of Feb. 17, 1941 (see pp. 38-39), amending Section 80, paragraphs IV. and XI of the rules, establishing the requirements for the certificates which qualify for service as teacher of military drill, was taken up and passed.

—

PUBLICITY ANALYSIS

Mr. Lee: I would like to bring up here for discussion the question of whether we should undertake to teach propaganda analysis in the schools, having in mind the report of the Board of Superintendents which recommended against that idea.

It was, I think, unfortunate that the Board, perhaps, was talking at cross purposes with myself on that question. Maybe a clearer expression would be publicity analysis rather than propaganda analysis.

My thought was confined to one single form of publicity analysis whereas the Board reported on the question in a much broader way, in such a way that anybody's statement on a subject could be put down as propaganda or deceptive publicity, and nobody would ever get to an agreement.

Many people believe that we have seen our nation coming nearer to the verge of war by reason of the deceptive publicity of different warring nations. I think the Committee believes that it would be a fine thing if we could give the youngsters in our schools some clues or some tip-off as to how to detect deceptive publicity from genuine publicity.

The particular aspect that I wanted to stress—and all that I want to stress—is this: Where a person makes a statement which is other than what it purports to be, to my mind that is a fit subject for study to see whether or not the statement is what it purports to be. When a man makes a statement which is ingenuous and candid, even though it be a statement with which we very much agree, that calls for no publicity analysis. For instance, Mr. Hitler might make the statement that Naziism was the hope of mankind and the salvation of humanity. To my mind that would call for no publicity analysis because the statement is exactly what it purports to be. You may disagree with him but there is no screening or deception carried in the words.

If, for example, an American citizen made the statement that Naziism is the solution of all human problems, and if he were making that of his own accord, that would not be propaganda or deceptive publicity because again the statement would be essentially what it appears to say.

If an American citizen made statements claiming all sorts of blessings from the Nazi system, and it should develop that that citizen was in the pay of the Nazi government, or it appeared from his record, experience and interest that he was affiliated with the Nazi government and was not talking for the benefit of the American audience to whom he purported to be talking, there we would have a variance between what the statement said and the inspiration or source of the statement. It is a question of what is controlling the statement. If by coincidence a man happens to agree with Mr. Hitler and it is not shown that his actions and conduct are controlled by Mr. Hitler, there is no reason to analyze the source of his statement because it is simply what it purports to be.

What I wanted to focus attention on was the detection of cases where what seems to be an appeal to the best interests of the American citizen is in reality an appeal by a person whose controlling motive and whose conduct by his record, his affiliations and his consistent attitude on the question, show that his affiliation is to a government which does not put the interests of the American people first. I know it is a difficult subject to define and a difficult wedge to drive in, but it seems to me we could do something to help the youngster to detect false publicity from genuine publicity and at the same time keep him from dismissing as propaganda everything he hears merely because it varies with what he thinks.

The kinds of cases or the kinds of instruction you can give on a point like that can be seen by taking a variety of examples. For example, in days gone, let us say, certain Boston newspapers never mentioned tragedies which occurred by reason of explosions in oil burners when oil burners in homes were something new. If it appears that the newspapers that do not mention explosions of oil burners have been carrying a good deal of advertising to promote the sale of oil burners, it is a tip-off

that the news may not be what it purports to be; it may not be in keeping with the interest and curiosity of the reader; it may be controlled by a consideration which is outside of what it purports to be controlled by.

If a newspaper is owned by a public utility group and you find it gives little or no place to an adverse report on public utility questions, such as a report of the Federal Rural Electrification Administration, while other papers publicize such a report, there again you have a clue to the fact that you are probably not getting genuine news which the paper purports to be giving you.

Again, take a more customary case. If the editorial policy of a newspaper leans strongly toward one political candidate and you know that candidate gets a great deal of favorable publicity in the news columns, after all there is an indication that perhaps the wishful thinking of the editorial staff has governed the news treatment.

In the case of a struggle such as the present struggle in Europe, if one of the warring nations always gets the big play when it has a victory, whereas the other warring nation always gets an obscure position, that is an indication to make you watchful as to whether the paper is giving you the unbiased news which it purports to be giving you.

I believe we can do something, not to have the youngster enter into controversial questions, but simply to have him detect whether a certain body of publicity, which might be an uncontroversial subject, is what it purports to be or not. I think we are suffering because people who speak in opposition to the Lease-Lend Bill are smeared by many people or are put down as fifth columnists. If a person speaking against the Lease-Lend Bill can be shown on his record for years to be in the pay of, say, the German government, or if his affiliation and record show him to be more concerned with a foreign government than with our government, then, to be sure, there may be grounds for making an accusation against such a man. Just because a person expresses an opinion against the Lease-Lend Bill or some provision of it is no reason to believe that what he says is at variance with what it purports to be, namely, the statement of one citizen for the benefit and guidance of other citizens. Then there is no excuse for smearing a person as being unpatriotic or as being a fifth columnist.

Being a nation beset as we are with various strains of publicity, much of it intentionally deceptive, we should take some steps to try to give the youngster pointers as to what signs to look for to detect the deceptive publicity from the publicity with which he may not agree, but which nevertheless wears its heart on its sleeve and uses no screening.

Inasmuch as that is a different point than the point which the Board of Superintendents commented on in their report, I would like to send the report back.

Superintendent: Do you refer to the Board of Superintendents or the Committee of Head Masters?

Mr. Lee: It was the Head Masters Association reporting through the Board of Superintendents.

Superintendent: There was a request by the Board of Superintendents to the Head Masters' Association for a report on this subject. The Board of Superintendents has recently submitted the report.

In our history classes, for instance, you will find that the different points of view concerning the Lease-Lend Bill are being discussed. The pupils themselves discuss these current questions and the viewpoints of the Senate leaders. The students follow the debate from day to day.

If I understand you correctly, you mean that some of these questions shall be talked over in the class? You do not mean to establish an actual course in propaganda analysis or publicity analysis?

Mr. Lee: I do not care about the course. I mean to include, as part of some course, attention to the detection of spurious publicity from genuine publicity on any subject.

As far as the instruction material is concerned I do not refer alone to controversial questions. The material used could be material about the write-up of a baseball game, so long as the student got some dexterity and some hint on what to look for in determining whether the article is what it purports to be. In his own life he may apply that to a controversial question. I do not think that only controversial questions should be taken as subjects for propaganda analysis or publicity analysis in the classroom.

Mr. Norton: Is there any way that we could enlarge upon that field of discussion of the Lease Lend Bill, for instance? That taps into the heart of this whole business of keeping up with current events. Have we somebody who might give ten reasons for the passage of the Lease-Lend Bill and ten reasons against its passage, without the teacher getting into trouble?

Superintendent: I think so. I think you would find almost any advanced class in current history discussing these vital issues. In fact, you could not teach effectively in a class room with these young people without discussing it.

Mr. Norton: That is so important.

Superintendent: For instance, every radio broadcast that the President gives is discussed and analyzed by the pupils in our high schools.

Mr. Norton: Somebody has to do a lot of reading and a lot of work to boil those arguments down for the youngsters.

Superintendent: That type of question does not cause great difficulty. It is only where racial issues come up.

Mr. Norton: Only one question in a hundred causes difficulty. Why should we allow that question to hold us up?

Superintendent: I think we do not allow it to hold us up. We encourage a critical attitude on the part of the pupils not only in current history but in literature, science and other subjects.

The questions that involve difficulty are those involving a criticism of racial background.

Mr. Norton: If you discuss the good and bad points of Hitler you will have trouble. We can discuss the Lease-Lend Bill and we can discuss 99 out of 100 questions, but we should not arouse racial and religious feeling.

Mr. Lee: I can explain exactly what I mean by stating my point in reference to the interchange that you just had.

Suppose a class is discussing a subject such as the Lease-Lend Bill or something altogether different, and some youngster said, "That is all propaganda," as to the German side or as to the English side. I want to have the teacher say, "Stop! Now we will find out what propaganda means." Then I would have the teacher differentiate between a statement which is made by a representative of one of those governments, which was exactly what it purported to be and which shows no indication of screening anything, and show that what is meant by deceptive publicity is not that. Perhaps the teacher can take an example from the discussion which the children are having, where the motives of the writer are entirely concealed and, by all indications, are something different than they purport to be where, for example, the man making an argument for the welfare of America is known to be a member of the German embassy or a member of the British embassy, and it is well known that his private interest—carefully concealed—is with one of these governments and not at all with ours. I am trying to have the child taught to detect deceptive publicity, in an accurate sense, so that the child may be apprehensive and on edge to detect the spurious from the genuine.

There are clues you can get, I think, out of the way a newspaper or a leaflet is written, and even out of the way that a speaker talks, which do help you a good deal to see whether the speaker is saying what he seems to be saying or whether he is controlled in what he says by something which he is keeping back.

Chairman: Why don't we ask the Superintendent to get the teachers in current history to try to interpret what is true and what is spurious in what comes up in the current history class?

Superintendent: The pupils themselves bring it up in the classes.

It is exceedingly difficult to get the evidence that Mr. Lee suggests as to whether this one or that is in the pay of the German government. That requires a good deal of research, and frequently you have no substantial proof of it.

Mr. Lee: Oftentimes you cannot tell but often you can tell. Often the speaker is a leader in some German organization. As I said the other day, the writer of an article about the Boston Latin-High School of Commerce football game in a school paper might be expected to have his account controlled by a dominating interest in his school.

Chairman: Why not refer the record of this discussion to the

Committee of Head Masters for review and report?

Mr. Norton: I think we should give more emphasis to the presentation of these current subjects pro and con.

Chairman: We do a lot of that.

Superintendent: You couldn't be a teacher today without doing it.

Mr. Norton: I like to think that is so. Yet when they become 21 years of age, where do we find that? How much of that has stuck? Why is there so little interest in Boston today, in politics and in government? Why will a tap dancer draw more people than a scholarly discussion of subjects that relate to the bread and butter of everyone? Why is there so little interest on the part of these youngsters when they get out of school?

Superintendent: That is a difficult question to answer in a short period of time.

Chairman: What is the cure for it?

Mr. Norton: We should have more and more of this stuff. We make progress only in a crisis. Only through hardship and crisis do we make progress. We are fumbling in a dark night of uncertainty. I do not expect the Superintendent to answer that. I couldn't answer it myself.

You and I know that amongst the rank and file of people there is no interest in these current problems. There should be an interest because the fundamental supposition of democracy is that the rank and file of people will have an intelligent interest in these current problems which at this time are threatening the very life of what we call the democratic form of government. What can we do in the schools to impregnate or to orient those youngsters with an interest in these problems that will carry over? Can we do any more than we are doing? I do not know. I would like to try to do as much as we can. I think that is what Mr. Lee is hitting at.

Superintendent: You want that referred back?

Chairman: It is unanimous to refer it back.

—

INSTRUCTION IN POLITICS

Mr. Lee: On the matter which Mr. Norton touched on I intend to be very brief, because I believe the matter is left open for a further study by the Board, or it is left open for them to bring in with their new course on the Principles of Democracy.

Superintendent: Yes.

Mr. Lee: Switching off to the subject of government and local political problems, then, I think one reason we fail to get sufficient interest in the class room is that government in its most essential feature means control. You say such-and-such governs the action of a falling body. You mean that such-and-such controls it. When you speak of governing your family, you certainly mean that you control your family. In its most vital aspects government means control.

In teaching politics and government we teach the framework of government, how the city government is made up, the division of power between the Council and the Mayor and the different departments, and the same for the State and Federal Government. Yet we do not teach what controls those governments. If the child is not shown what controls those governments he is not shown the thing that governs. I have tried to bring into this course some of the things that seem to me to exercise a control in any government.

I think the Board of Superintendents and the members of the School Committee have shied away from that on the ground that some of the influences that control government are not too wholesome, and, therefore, why concern the child's mind with what is not wholesome or with what we do not like to see there?

If your instruction is set up to show the child not what government is supposed to be, but what actually controls it and what controls him as far as he is controlled by government, you are setting up something along the lines of his own interest, because he is interested in what is controlling him and how much he can control his own government.

I brought in certain items like the measure of control that large corporations have, merely because they can employ lawyers to draw up laws and they can finance the youngster who is running for ofice, and by little contributions can win sympathy for themselves. That was one item of control which is in the picture, the control by what some people call the moneyed interests or the banking interests.

Then there is the item of control which is exercised by the newspapers. Newspapers can sway public opinion tremendously. They can withhold news about a candidate or they can build him up. I do not say that necessarily all those means are exercised, and I am not saying that the interests or the control which a newspaper exercises is inconsistent with the welfare of the people. But the financial interests and the newspapers are two bodies that have a marked degree of control over the official who goes into office and who stays there.

At other times I have mentioned the illicit element which, because of its activities, wants protection from government and, therefore, is concerned with those who go into office and is willing at times of election to back a man who they think will win and thus gain more reciprocation from him than would be obtained by an average citizen.

You have those three forces which bring a certain degree of control into our government.

Along with the popular ballot which of course is the other item of control, I think we can seriously consider to what extent these different groups and forces bring control into government, and begin by putting some of the mental levers in the child's hand by which he sees how the thing operates and is put in a better position of advantage to exert his own control and be more on guard against any control which is not in accord with his own interest. By putting the levers in his hands in that way we make him a more interested citizen in a picture which he knows than if we had not pictured to him some of the forces that control government.

Chairman: At what age would you start to teach such control?

Mr. Lee: I would not start any of that until the last year of high school.

Chairman: You have a very fundamental and a very sound suggestion. The question is, at what time of life is the child mature enough to absorb that?

Mr. Norton: And how should it be presented?

Superintendent: Assuming, for example, that a teacher in the school sees that a candidate for public office has the backing of one of our newspapers, what inference is the teacher to draw from that, in so far as presenting it to the pupils is concerned?

Mr. Norton: There is no significance there.

Mr. Lee: I do not see how a teacher could go into a specific case like that without obstructing the thing she is trying to do by creating turmoil in the classroom. I can suggest what I should do. Doubtless I would be a bad teacher.

I would always put the class in the position of starting a government, as though we did not have any government and suddenly a lot of people were dumped down and had to devise their own government. I would say, "Johnnie, we can have everybody allowed to vote. When it comes to running for office, if you are going to run, would you find you had to cater more to this group or to that group?"

I would then take up the different groups, like the newspapers, the intrenched interests and the racketeering group, and work it out as if we were building up a fictitious state. I would show how the members of that class might assemble and work out the kinds of problems which they would inevitably run into. In that way you would be making the child imagine himself as one who helps formulate the government, to imagine himself as creating a government. By having him imagine the government not to exist until the class starts the framework, you get him thinking in terms of this thing as being his own government. You would get him so that he saw and anticipated such obstacles as were likely to come up. You could go through the exercise again and again in different aspects, without any suspicion of ill will, rancor or resentment toward any group. It would be just a matter of getting a lot of individuals doing complex things, getting them to elect and operate a government in the most peaceable way.

Mr. Norton: What Mr. Lee is referring to is something that we all know is so. You and I cannot walk into the State House or into the governmental offices in Washington without saying to ourselves, "Look who is here?"—meaning the lobbyists. You and I know why they are there but we cannot go out and discuss this matter before a group of children.

There is something to what Joe is advocating.

The only way I can think to present such a subject to pupils would be by presenting certain chapters of such recognized books on government as, say, those of Professor

Munroe of Harvard or of Professor Charles Merriam of the University of Chicago. Quote the remarks of these scholars upon subjects having to do with entrenched interests in government and politics.

Chairman: If you take out only certain things you would nullify what Mr. Lee wants to do.

Mr. Norton: What he is hinting at is this: The country has 12,000 press agents working for special interests; there are 6,000 lobbyists and 5,000 lawyers in Washington representing special interests. At times you wonder how it is that Government moves at all.

And you do not find an ordinary citizen there at all, not any more than if you were to go into the State House tomorrow morning in any state of the Union. The average man or woman never shows up in the halls of Congress or in the State House. You know who will be found there and you know why they are there. You cannot say so publicly.

That is what this gentleman is alluding to. He has something. How you are going to present it to 125,000 school children I do not know.

I wonder if any other city in the country has the same problem? I merely make the suggestion of contacting these established authorities and allowing somebody to present the views which may be given to the youngsters in high school. How it is going to be handled I do not know.

Chairman: How are you going to successfully handle that sort of question in the public schools without getting into a difficult situation?

You can digest certain of the treatises on municipal government, but Mr. Lee is suggesting that we leave in, reference to such interests as the public utility interests. He wants to expose those interests among the children.

Mr. Lee: I do not like the word "expose."

Chairman: It is your own word.

Mr. Norton: This material alludes directly to that phase of the subject. There is nothing antagonistic between what Mr. Lee mentions and what these gentlemen have written.

I have often thought how we could discuss the fact that a chief executive is defeated in his desire to put in a certain tax schedule by the efforts of certain gambling interests in the midst of an emergency when he needs the money to run the Commonwealth. He is defeated by certain well organized minority groups. How we can discuss that at any stage in the curriculum I do not know.

Chairman: Are the schools the place to discuss it?

Mr. Norton: If the schools are not the place to discuss it, what is the place to discuss it?

Mr. Lee: I think you have one safe thing that you can go in on, although I am probably prejudiced by a certain optimistic faith in democracy in a republic. I am not so ashamed of our government, even as it is, that I want to screen its operations from any high school boy.

I think you can say to the youngster that "Some things in government may not be to your liking." I will not use the word "bad." "Some things in government may not be the way we would like to see them. But what would you suggest that is better?"

Superintendent: There is no objection to that at all.

Mr. Lee: In my estimation I would have an awful job making out a case for a non-republican form of government such as existed a thousand years ago. About the only direction in which the youngster's mind can run is to possible improvements in our election machinery, in our point of view or in our education, which may help to eliminate some of the abuses of government.

Superintendent: You would not object to teaching what wonderful progress this government has made?

Mr. Lee: I certainly would teach that.

Superintendent: The standard of living in this country of ours, with all its faults in government, is higher than that of any country in the world. Some of us believe that has come about because the individual has had an interest in his government and has had the opportunity to express that interest. I do not want to leave out that side of it.

Mr. Lee: I agree with you there. There has been a controversy lately about the influence of the report of the National Association of Manufacturers. You have been all through that.

Superintendent: I have heard both sides of that question.

Mr. Lee: Someone asked me to write a letter expressing my views on the matter. I have no doubt that I was supposed to say it was outrageous for the National Association of Manufacturers to make any report on school text books. I said, "Why in the name of the Lord has not the National Association of Manufacturers told us how manufacturing works?"

If you ask people about the contributions of a man named Maudsley, or the significance of the name Nasmyth, or the name Bentham, they do not know who they are. It is these men, or their associates, who made the slide-rest—who made the screw by which the whole world is pinned together. Little more than a hundred years ago a screw was not an article, and only occasionally one was made with prodigious labor by some eccentric mechanic. Eli Whitney should not be known by his cotton gin. As a matter of fact, he invented "go" and "no-go" gauges, which made possible the manufacture of interchangeable parts. You cannot understand your way around in this world unless you understand these elementary processes of our industrial setup.

I am for stating the positive, creative, constructive side of what every group in our industrial life has been. I do not want to exclude from discussion any of the obstacles that lie in the way of our government. I want to run them all through the mill with a view to letting the child find his way through the difficulties that lie ahead of him.

Superintendent: I am glad to hear you say that. Each of us is what he is because of his experiences. You have the whole perspective of what has happened in the history of nations and you can study the causes of success or failure. A fundamental background is necessary for us if we are not to make the mistakes that have been made by other nations whose history we know I think we should put the major stress on the fine things about our government.

Mr. Norton: And also to be objective in our outlook

Mr. Lee: I would agree with this wholly, so long as that means that included among the finest things in our form of government is the thought that the citizens shall control it and, therefore, that we shall scrutinize to what extent various forces exercise a control which may or may not be to our liking, so that the child knows what the levers are in the ship of state and can have before him in the class room the thought, "Yes, everything is not to our liking, but what can we suggest that is better? And let us have all the ideas by which you and I can go forward." I think we can include that.

Chairman: If there is no objection I suggest that we refer a transcript of your remarks to the Board of Superintendents for further study.

Mr. Norton: I think the remarks of Mr. Lee in this discussion are very provocative of thought.

Superintendent: That will come up again when this committee of head masters now working on the editing of the material on the Principles of Democracy makes its report.

Chairman: A transcript of this discussion will be submitted to them

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, $5,742,161,541 ($18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, $525,039,493; aggregate valuation, $6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was $222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of $35.45+ on $1,000 valuation. Boston's valuation, $1,590,544,700, equal to 25.38 per cent of total valuation in the State.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

PARKS.

Cincinnati has one of the most beautiful park systems in the United States and the public approval of these parks is indicated by the large attendance in all the parks throughout the year.

The total area now under the control of the Park Board is 4,270 acres. Of this, the Public Recreation Commission operates approximately 1,000 acres for supervised and directed play. Important additional acreage has been acquired by the City during the year, including approximately 22 acres purchased on the south side of Columbia Parkway, and 47 acres in College Hill presented as a gift for park purposes by a civic-minded citizen.—*Cincinnati City Bulletin.*

NOTICE TO CONTRACTORS.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FURNITURE DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering lunch room tables and serving table, for the Department of School Buildings, to the department storehouse, 26 Norman street, Boston, Mass., of the kind and quality as per specifications, and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the full amount of the contract. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 p. m. of Friday, April 4, 1941, at said office, with a certified check for $200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
Superintendent of Construction.
(March 22.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about two thousand four hundred forty (2,440) square feet of land on the easterly side of Common street, Charlestown, numbered 23, 24, 24 rear in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, Document No. 125733, Certificate No. 14499, on Tuesday, March 25, 1941, at 10.30 a. m., on the premises, at a minimum price of three hundred and fifty dollars ($350).

A deposit required at the time and place of sale of one hundred dollars ($100), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(March 15-22.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING OF BITUMINOUS CONCRETE PAVING MIXTURE (BASE COURSE, BINDER COURSE AND TOP COURSE), INCLUDING SUPERVISORS, RAKERS, ROLLERS AND OPERATORS IN PAVING DISTRICTS NOS. 1, 2, 3, 4, 5, 6, 7, 8, 9 AND 11 AND SHEET ASPHALT BINDER AND SHEET ASPHALT SURFACE LAYER IN PAVING DISTRICTS NOS. 1, 2 AND 8.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing of bituminous concrete paving mixture in Paving Districts Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9 and 11, including supervisors, qualified rakers, tools, including eight to fifteen ton tandem rollers and operators and sheet asphalt binder and sheet asphalt surface layer in Paving Districts Nos. 1, 2 and 8. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing of Bituminous Concrete Paving Mixture, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, March 28, 1941, with a certified check for eight thousand (8,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (2) dollars for each set of specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.
(March 22.)

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR SIGNAL CABLE.

The Police Department of the City of Boston invites proposals for furnishing and delivering signal cable. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for $1,000, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, March 28, 1941, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required of the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

JOSEPH F. TIMILTY,
(March 22.) *Police Commissioner.*

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about two thousand three hundred forty-five (2,345) square feet of land, consisting of two parcels, on Liverpool avenue and Liverpool street, East Boston, numbered 1 Liverpool avenue and 68 Liverpool street, and more fully described in tax deeds, recorded with Suffolk Deeds, Book 5291, page 598, and Book 5544, page 629, on Wednesday, April 2, 1941, at 10 a. m., on the premises, at a minimum price of two hundred fifty dollars ($250).

A deposit required at the time and place of sale of fifty dollars ($50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING BASEBALL UNIFORMS AND SUPPLIES FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing baseball uniforms and supplies for the Boston Public Schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Baseball Uniforms and Supplies." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for $50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, April 2, 1941. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening bids. The School Committee reserves the right to reject any or all bids, and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(March 22.)

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR AUTOMOBILES.

The Police Department of the City of Boston invites proposals for furnishing and delivering automobiles. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for $1,000, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, March 28, 1941, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required of the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

JOSEPH F. TIMILTY,

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR ENGINE, MACHINE AND CYLINDER OILS.

The Supply Department of the City of Boston invites proposals for furnishing engine, machine and cylinder oils, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* The bid, with a certified check for $200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Monday, March 31, 1941, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(March 22.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ANGLE IRON AND BAND IRON FOR THE PUBLIC WORKS DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing angle iron and band iron for the Public Works Department, according to specifications, copies of which may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bid, with a certified check for $200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before Tuesday, April 1, 1941, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PROPOSALS FOR PATROL WAGONS.

The Police Department of the City of Boston invites proposals for furnishing and delivering patrol wagons. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for $1,000, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, March 28, 1941, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required of the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

JOSEPH F. TIMILTY,
(March 22.) *Police Commissioner.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR WELDED STEEL PIPE, HUNTINGTON AVENUE UNDERPASS.

The Transit Department of the City of Boston, Room 936, 294 Washington street, invites proposals for furnishing and delivering on Huntington avenue, near Massachusetts avenue, 16-inch and 24-inch welded steel water pipe. Plans and specifications may be obtained at the office of the Department on and after Monday, March 24, 1941. A deposit of $5, in cash or certified check, will be required for detail plans and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Thursday, April 3, 1941. A properly certified check in the sum of one hundred and fifty (150) dollars, payable to the city, must accompany the proposal. The Department reserves the right to reject any or all bids and to award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

WILLIAM T. DOYLE,
(March 22.) *Secretary.*

CITY OF BOSTON.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 33. SATURDAY, MARCH 29, 1941. NO. 13

MAYOR TOBIN WELCOMES NATIONAL COMMANDER MILO J. WARNER, OF AMERICAN LEGION, TO BOSTON, AT BREAKFAST—WARNS OF DUTY OF LEADERS IN PRESENT WORLD CRISIS TO SEE THAT CITIZENS DO NOT LOSE SENSE OF BALANCE AND FALL VICTIMS OF HYSTERIA—TO FACE ALL SITUATIONS IN TRUE AMERICAN SPIRIT, CONFIDENT THAT RIGHT MAKES MIGHT, AND CONFIDENT THAT OUR WAY OF LIFE WILL SURVIVE—EXTENDS GREETINGS IN BEHALF OF CITY.

At the breakfast tendered to Milo J. Warner, National Commander of American Legion, Hotel Statler, Saturday, March 22, Mayor Tobin spoke, as follows:

In welcoming the head of the American Legion to Boston, I am reminded of the pleasant occurrence of last fall when that great organization of American fighting men convened here. That convention, the lessons it taught and the magnificent pageantry that was a part of it impressed us all.

You of the Legion are the men who stepped into the breach on the last occasion when the world was threatened with disruption; in the present crisis that has flared your experience and your wise counsel can be invaluable.

Not all of us are satisfied that our foreign policy is the best possible for this nation, but, regardless of our personal opinions, the time has come when we must get together and show a united front. Only by getting solidly behind the Administration can we assure the success of the tremendous program to which our country stands committed.

Your recent trip to Europe, Commander Warner, gave you intimate knowledge of the situation there. You probably know just how far we shall have to go in stamping out the fire that threatens all of civilization. We who are charged with the administration of public affairs can profit by the counsel that comes from your knowledge. It is for you and the others who direct the American Legion to do your utmost to see to it that our people do not lose their sense of balance and succumb to hysteria.

The weight of American money and American industry has been cast into the balance to crush the arrogance of dictators. God grant that it does not become necessary to again send our young men into battle, but whatever the situation may become, we must meet it with the true American spirit, confident that right makes might. The American way of living and those things that are guaranteed us by the Bill of Rights must survive.

To you, Commander Warner, I give warm greeting and the hope that your term as head of the Legion will be one of great achievement. I am sure that under your guidance the Legion will accomplish many worth-while things.

For you, Mrs. Dadley, I also wish a year of prosperity and success in guiding the important affairs that are handled by the Auxiliary. I extend to you and all the others the most cordial welcome that Boston can bestow and I charge you not to relax for an instant the teaching of Americanism, which is one thing the Legion and its affiliate have always stood for.

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., *Associate Editor.*

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 31, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catchbasins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon March 10 the Mayor approved a contract with the Trimount Bituminous Products Company for furnishing approximately 5,000 tons bituminous patching mixture for the city departments, as required, until December 31, 1941, at a price of $3.93 per ton, less 2 per cent cash discount for payment in ten days. The approximate amount of the contract was $19,650. Bids, opened February 25, were as follows:

Approximately 5,000 Tons Bituminous Patching Mixture, for Each Ton Furnished and Delivered to the City Yards, or to Any Street Designated in the City of Boston (East Boston, South Boston, Charlestown, City Proper, Ashmont and Hyde Park), as Per Specifications, Per Ton.—National Contractors Company, $4.49; total, $22,450; Samuel J. Tomasello Corporation, $4.29; total, $21,450; Warren Brothers Roads Company, $4.38; total, $21,900; Trimount Bituminous Products Company, $3.93*; total, $19,650; Vulcan Construction Company, $4.50; total, $22,500; Central Construction Company, $4.75; total, $23,750.

Cash Discount, Ten Days.—National Contractors Company, 2 per cent; Samuel J. Tomasello Corporation, 2 per cent; Warren Brothers Roads Company, 2 per cent; Trimount Bituminous Products Company, 2 per cent; Vulcan Construction Company, 2 per cent; Central Construction Company, 2 per cent.

Net Total.—National Contractors Company, $22,001; Samuel J. Tomasello Corporation, $21,021; Warren Brothers Roads Company, $21,462; Trimount Bituminous Products Company, $19,257; Vulcan Construction Company, $22,050; Central Construction Company, $23,275.

* Contract awarded.

Upon March 10 the Mayor approved a contract with lowest bidders as indicated for furnishing hay, grain, straw, etc., for the city departments, as required, during March, 1941. The approximate totals of awards were as follows:

John J. White Company, $1,351; Gordon-Dawson Company, $500; Curley Grain and Fuel Company, $53.57. Total, $1,904.57.

Bids, opened February 21, were as follows:

50,000 Pounds Hay, Per Hundredweight.—John J. White Company, $1.045; Gordon-Dawson Company, $1.00.*

20,000 Pounds Oats, Per Hundredweight.—John J. White Company, $1.675*; Curley Grain and Fuel Company, $1.68.

1,000 Pounds Straw, Per Hundredweight.—John J. White Company, $1.50; Curley Grain and Fuel Company, $1.27.*

Cash Discount, Ten Days.—Barney & Carey Company, 2 per cent.

Net Total.—Barney & Carey Company, $837.31.

Upon March 19 the Mayor approved a contract with the National-Boston Lead Company for furnishing lead pipe for the city departments, as required, until December 31, 1941, with the privilege of purchasing on the same terms and conditions extended to January 31, 1942, at a price of $2.25 per hundredweight over the American Smelting & Refining Company's price of pig lead in New York on the day order is received, less 2 per cent cash discount for payment in ten days.

The American Smelting & Refining Company's price of pig lead in New York on the day of the opening of the bids was $5.65 per hundredweight. The approximate amount of the contract was $3,989.50. Bids, opened February 28, were as follows:

American Smelting & Refining Company's Price of Pig Lead in New York on the Day of Opening of Bids, Per Hundredweight.—Cambridge Smelting Company, $5.65; National-Boston Lead Company, $5.65*; American Smelting & Refining Company, $5.65.

8 Tons, 16,000 Pounds, Five Eighths Inch Diameter, 3 Pounds to Foot.—Cambridge Smelting Company, $2.25; National-Boston Lead Company, $2.25*; American Smelting & Refining Company, $2.25.

1 Ton, 2,000 Pounds, Three Quarter Inch Diameter, 4 Pounds to Foot.—Cambridge Smelting Company, $2.25; National-Boston Lead Company, $2.25*; American Smelting & Refining Company, $2.25.

15 Tons, 30,000 Pounds, 1-Inch Diameter, 6 Pounds to Foot.—Cambridge Smelting Company, $2.25; National-Boston Lead Company, $2.25*; American Smelting & Refining Company, $2.25.

1 Ton, 2,000 Pounds, One and One Half Inch Diameter, 10 Pounds to Foot.—Cambridge Smelting Company, $2.25; National-Boston Lead Company, $2.25*; American Smelting & Refining Company, $2.25.

One Quarter Ton, 500 Pounds, 2-Inch Diameter, 15 Pounds to Foot.—Cambridge Smelting Company, $2.25; National-Boston Lead Company, $2.25*; American Smelting & Refining Company, $2.25.

Approximate Total.—Cambridge Smelting Company, $3,989.50; National-Boston Lead Company, $3,989.50; American Smelting & Refining Company, $3,989.50.

Cash Discount, Ten Days.—Cambridge Smelting Company, 2 per cent; National-Boston Lead Company, 2 per cent; American Smelting & Refining Company, 2 per cent, fifteen days.

Lead pipe must be prime quality, perfectly fabricated, uniform wall thickness.

* Contract awarded.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening of Parker street, Roxbury district, as a highway, at the corner of Alleghany street, bounded and described as follows:

The highway named Parker street is hereby widened at the northerly corner of Alleghany street.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the Boston Society of Redemptorist Fathers, bounded:

Southeasterly by Parker street, one hundred fifty and 10-100 feet; southwesterly by Alleghany street, five and 88-100 feet; and northwesterly by other land supposed to belong to said society, by two measurements, one hundred thirty-two and 32-100 feet and nineteen and 12-100 feet, containing six hundred and fifty-nine square feet, more or less.

Said highway as hereby widened is bounded and described as follows:

Southwesterly by the northeasterly line of said Alleghany street as it existed previously to this widening, five and 88-100 feet; northwesterly by the northwesterly line of said Parker street as hereby widened, by two measurements, one hundred thirty-two and 32-100 feet and nineteen and 12-100 feet; and southwesterly by the northwesterly line of said Parker street as it existed previously to this widening, one hundred fifty and 10-100 feet, containing six hundred and fifty-nine square feet, more or less.

Voted, That this Board determines that the undermentioned persons sustain damages in their estate by the making of the public improvement consisting of the widening of Parker street, Roxbury district, under the order of the Board of March 19, 1941, in the amount hereinafter mentioned and awards said amount therefor.

The Boston Society of Redemptorist Fathers, 659 square feet, $1.00.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch, 12-inch, 15-inch and 18-inch pipe, W. P. A. Project, in Eastwood circuit, between Prospect street and 365 feet west of Eastwood place, in the West Roxbury district, at an estimated cost of $30,527.

A sanitary sewer of 15-inch pipe and a surface drain of 18-inch pipe, W. P. A. Project, in Gould street, between Rockliffe street and Prospect street, in the West Roxbury district, at an estimated cost of $9,816.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe, W. P. A. Project, in Oakmere street, between Eastwood circuit and Billings street, in the West Roxbury district, at an estimated cost of $3,908.

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch pipe, W. P. A. Project, in Billings street, between Prospect street and Oakmere street, in the West Roxbury district, at an estimated cost of $8,330.

A sanitary sewer of 10-inch pipe and a surface drain of 15-inch pipe, W. P. A. Project in private land, between Rockliffe street and Eastwood circuit, in the West Roxbury district, at an estimated cost of $5,705.

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch and 15-inch pipe, W. P. A. Project, in Prospect street, between Gould street and Billings street, in the West Roxbury district, at an estimated cost of $7,328.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and four catch-basins, W. P. A. Project, in Gaity avenue, between 80 feet northwest of Barna road and Mercier avenue, in the Dorchester district, at an estimated cost of $7,293.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and three catch-basins, W. P. A. Project, in Regan road, between Range road and 325 feet westerly, in the Dorchester district, at an estimated cost of $7,930.

BOSTON HOUSING AUTHORITY ANNOUNCES ARCHITECTS FOR NEW SOUTH BOSTON PROJECT.

Chairman John A. Breen of the Boston Housing Authority, on March 20, announced that preliminary work had started in the preparation of the architectural plans for the new project in the westerly end of South Boston in the B and D street areas,

The work will be done by an association of architects. The firms named were Maginnis and Walsh, of 11 Statler Building, Boston; Griswold and Gulick, Inc., of 73 Newbury street, Boston; and Putnam, Cox and Saltonstall, of 111 State street, Boston.

PROCLAMATION ON "RADIO MOVING DAY."

In these days of world unrest it is most vital to the United States of America to secure the cooperation and good will of all our neighbors in this hemisphere. Any step that is conducive to better relations with these countries and that will promote the feeling of good neighborliness should be encouraged by us all. In order to improve radio broadcast reception in the countries of this hemisphere, our Government has entered into treaties with certain sister republics for the purpose of eliminating, as much as possible, interference and conflict in radio reception. Under such treaties certain radio broadcast frequencies must be reallocated among American radio broadcast stations on March 29. The radio stations in Boston have been assigned the following frequencies:

Massachusetts	Present Frequency in KC.	New Frequency March 29.
WAAB	1410	1440
WBZ	990	1030
WCOP	1120	1150
WEEI	590	590
WHDH	830	850
WMEX	1470	1510
WNAC	1230	1260
WORL	920	950

The assignment of new locations on the radio dial will afford better reception to the people of Boston and New England.

It is most important that the news of these changes be brought to the attention of the citizens of Boston as speedily and effectively as possible in order that there may be no interruption in the reception of news, educational and public service broadcasts and entertainment. Therefore, I designate Saturday, March 29, as "Radio Moving Day" in the City of Boston and I urge our citizens to make any necessary adjustment of their receivers as promptly as possible.

MAURICE J. TOBIN,
Mayor of Boston.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, March 27:

HOSPITAL DEPARTMENT.

The following persons were employed as substitutes for nurses out ill at the rate of $1,200 per year:

Approval has been given for the following overtime on the rolls of the Sumner Traffic Tunnel for the week ending March 18:

Dennis J. Galvin, chauffeur-auto mechanic, 2¼ days, $13.50.

POLICE DEPARTMENT ORDERS.

General Order No. 575.

Patrolmen Joseph H. Curran and John J. McNicholas, both attached to Division 16, are commended for efficient police duty performed in connection with the arrest of three persons who committed an armed holdup and robbery in a Back Bay hotel on December 8, 1940.

The commissioner is pleased to recognize and commend these officers for their zeal and devotion to duty shown in apprehending these three dangerous characters who have been given substantial sentences in State Prison.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 576.

A trial board, consisting of Captains Daley, Haggerty and McNabb, having heard by reference a complaint made by Capt. John J. McArdle, Division 17, against Charles E. Moore, patrolman, Division 17, for alleged violation of the Rules and Regulations of the Police Department, charging him with neglect of duty and absence from duty, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Charles E. Moore perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 577.

Deputy Superintendent John M. Anderson of the Bureau of Records is hereby designated as Supervisor of Divisions, and under the direction of the superintendent will have full charge of all divisions and be responsible for their efficiency.

This order becomes effective Monday, March 24, 1941, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 578.

The following information received in a letter from the Soldiers' and Sailors' Club, 8 Fayette street, Boston, to the Police Commissioner, is published for the attention of the members of the Force:

POLICE COMMISSIONER JOSEPH F. TIMILTY,
Police Headquarters, Boston, Mass.

MY DEAR COMMISSIONER TIMILTY,—It has been brought to our attention from service men who have sought such information that some of your officers are not aware that there is a Soldiers' and Sailors' Club in Boston or where it is located.

The Soldiers' and Sailors' Club (an aftermath of the Army and Navy Canteen on the Boston Common during the World War) is a clubhouse for men in active service and provides reading rooms, canteen, check-room facilities, shower baths, stationery, pool tables, etc., at no charge. Dormitory facilities are also available at 35 cents per man. We are a non-profit organization, incorporated as such, under the laws of the Commonwealth.

If there were some way, provided we are not imposing, that the officers on duty in downtown Boston could be advised that there is such a place and advised of its location (near corner of Broadway and Tremont street), in the event inquiries are made, we would be extremely grateful.

Very truly yours,

JEANNETTE T. CADY,
(Mrs. Thomas E. Cady)
Executive Secretary.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

ASSESSMENTS ABATED.

The Mayor has approved the following vote of the Board of Street Commissioners:

In the matter of application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of 1896, and deeming it just and proper that such action should be taken

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated.

Hyman Shapiro, Hyman Schutz, Ormond street, lot 16, 1932 apportionment, $10.40, assessed March 23, 1927.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Michael J. Foran, 121 Williams street, Jamaica Plain, in the sum of $33.40, as compensation for damage to automobile caused by broken cover on a Water Department manhole in front of 101 McBride street, May 19, 1940.

Paul C. Keleher, 48 Pleasant street, Woburn, in the sum of $80, as compensation for personal injuries caused by hole in highway in front of 535 Commonwealth avenue, March 23, 1940.

Emily A. Quinn, 11 Water street, Neponset, in the sum of $60, as compensation for damage to property at above address caused by leak in water pipe at defective hydrant on Taylor street, September 21, 1940.

Joseph T. Murphy, 20 Crockett avenue, Dorchester, to be reimbursed in the sum of $36.37 for expense incurred in excavating and laying new service pipe to repair water leak which was later found to be on city property under the sidewalk, October 11-16, 1940.

Economy Grocery Stores Corporation, 393 D street, South Boston, in the sum of $10, as compensation for damage to property in cellar of their store at 608 Washington street, Brighton, caused by backing up of sewer, April 20, 1940.

ASSESSMENTS CANCELLED.

The Mayor has approved the following order of the Board of Street Commissioners:

Whereas, An order of the Board of Street Commissioners, approved by the Mayor January 27, 1939, and recorded in Suffolk Registry of Deeds January 28, 1939, Libro 5768, page 542, provided for the laying out and construction of Hutchinson street, Dorchester district, from Gallivan Boulevard southeasterly, as a highway; and

Whereas, The Public Works Department, under the date of March 12, 1941, has informed this Board that said Hutchinson street was not entered for construction within the two years specified by law; it is hereby

Ordered, That the assessment liens created by said order of January 27, 1939, be, and the same hereby are, canceled.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston which was adopted and was effective January 20, 1941, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from March 21, 1941:

Section 47 is amended by adding the following:

Baldwin Street, Charlestown.
From Bunker Hill street to Medford street.

—

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 20, 1941:

Section 8, Part 2, is amended by striking out the following:

Central Street, Downtown Boston.
Both sides, from Atlantic avenue to India street, 7 a. m. to 6 p. m.

Section 8, Part 2, is amended by adding the following:

Duties: Under general direction, to make architectural drawings for buildings and park structures such as bathhouses, sanitaries, pavilions, overlooks, bridges, and overpasses; to prepare complete plans and specifications for the repair, alteration, or remodeling of existing park buildings; to prepare perspective renderings in pen and ink, or pastels; to inspect or supervise building work under construction; and to perform related work as required.

Entrance Requirement: Applicants must have at least five years' drafting experience. Substitution of training for experience: Architectural drafting training in a recognized school or college may be substituted for drafting experience, year for year, up to three years. Two years of other drafting training,

such as mechanical or electrical drafting, may be substituted for one year of experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Prospect street, bounded:

Northeasterly by Gould street, forty-three and 27-100 feet; southeasterly by the southeasterly line of Prospect street, four hundred four and 20-100 feet; southwesterly by Laurie avenue, forty feet; and northwesterly by the northwesterly line of Prospect street, three hundred eighty-seven and 70-100 feet, containing fifteen thousand eight hundred and thirty-eight square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Gould street, bounded:

Northwesterly by another part of Gould street, forty-three and 27-100 feet; northeasterly by the northeasterly line of said street, by two measurements, one hundred thirty-five and 34-100 feet and three hundred fourteen and 23-100 feet; southeasterly by another part of said street, forty feet; and southwesterly by the southwesterly line of said street, by two measurements, three hundred eighteen and 30-100 feet and one hundred fifty-five and 90-100 feet, containing eighteen thousand four hundred and seventy-five square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Eastwood circuit, bounded:

Northwesterly by Prospect street, forty feet; northeasterly by the northeasterly line of said Eastwood circuit, eighty-nine and 61-100 feet; easterly by the easterly line of said Eastwood circuit, by three measurements, three hundred sixty-five and 30-100 feet on a curve of four hundred fifty-eight and 45-100 feet radius, three hundred fifty-eight and 56-100 feet on a curve of sixteen hundred and fifty-three feet radius, and three hundred and 70-100 feet on a curve of five hundred and forty feet radius; southeasterly by the southeasterly line of said Eastwood circuit, one hundred and fifteen feet; southwesterly by the southwesterly line of said Eastwood circuit, four hundred and forty-three feet; northwesterly by another part of said Eastwood circuit, forty feet; northeasterly by the northeasterly line of said Eastwood circuit, three hundred and twenty-eight feet; northerly by the northerly line of said Eastwood circuit, one hundred seventeen and 81-100 feet on a curve of seventy-five feet radius; wsterly by the westerly line of said Eastwood circuit, by three measurements, two hundred seventy-eight and 43-100 feet on a curve of five hundred feet radius, three hundred forty-nine and 87-100 feet on a curve of sixteen hundred and thirteen feet radius, and three hundred thirty-three and 50-100 feet on a curve of four hundred eighteen and 43-100 feet radius; southwesterly by the southwesterly line of said Eastwood circuit, eighty-nine and 61-100 feet, containing sixty-five thousand two hundred and forty-one square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Billings street, bounded:

Northwesterly by Prospect street, forty feet; northeasterly by the northeasterly line of said Billings street, one hundred and twenty-five feet; easterly by the easterly line of said Billings street, by two measurements, one hundred eighty-eight and 58-100 feet on a curve of two hundred and ten feet radius, and two hundred one and 71-100 feet; southwesterly by Oakmere street, forty and 12-100 feet; westerly by the westerly line of said Billings street, by two measurements, one hundred ninety-eight and 57-100 feet and one hundred fifty-two and 64-100 feet on a curve of one hundred and seventy feet radius; and southwesterly by the southwesterly line of said Billings street, one hundred and twenty-five feet, containing nineteen thousand eight hundred and thirty square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Oakmere street, bounded:

Northwesterly by another part of said street, forty feet; northeasterly by the northeasterly line of said street, two hundred twelve and 69-100 feet; southeasterly by Eastwood circuit, forty feet; and southwesterly by the southwesterly line of said Oakmere street, two hundred twelve and 90-100 feet, containing eighty-five hundred and twelve square feet, more or less.

A parcel of land, supposed to belong to MacDonald Home Building Corporation (right of way), bounded:

Westerly by Eastwood circuit, five feet; northerly by other land supposed to belong to said corporation, by two measurements, one hundred two and 35-100 feet and 26-100 feet; easterly by land hereinafter described as taken from Mary A. Reed, City of Boston Tax Title, five and 6-100 feet; and southerly by other land hereinafter described as taken from said corporation, one hundred one and 22-100 feet, containing five hundred and ten square feet, more or less.

A parcel of land, supposed to belong to MacDonald Home Building Corporation (right of way), bounded:

Westerly by Eastwood circuit, five feet; northerly by land hereinbefore described as taken from said corporation, one hundred one and 22-100 feet; easterly by land hereinafter described as taken from Mary A. Reed, City of Boston Tax Title, five and 16-100 feet; and southerly by other land, supposed to belong to said corporation, one hundred and 7-100 feet, containing five hundred and three square feet, more or less.

A parcel of land, supposed to belong to Mary A. Reed, City of Boston Tax Title, bounded:

Westerly by land hereinbefore described as taken from MacDonald Home Building Corporation, ten and 22-100 feet; northeasterly by other land of said Reed, one hundred sixty-two and 76-100 feet; southeasterly by easement taken by the City of Boston for sewerage purposes, ten feet; and southwesterly by other land supposed to belong to said Reed, one hundred and sixty-one and 26-100 feet, containing sixteen hundred and twenty square feet, more or less.

The sewerage works to be constructed are as follows: In private land, between Eastwood circuit and Rockliffe street, two hundred eighty-five linear feet of 10-inch pipe sanitary sewer and one hundred eighty-five linear feet of 15-inch and 18-inch pipe surface drain.

In Gould street, four hundred and forty-five linear feet of 15-inch pipe sanitary sewer and two hundred and twenty linear feet of 18-inch pipe surface drain.

In Prospect street, three hundred and seventy-nine linear feet of 10-inch pipe sanitary sewer and three hundred and seventy-five linear feet of 10-inch and 15-inch pipe surface drain.

In Oakmere street, two hundred and fourteen linear feet of 10-inch pipe sanitary sewer and two hundred and eight linear feet of 12-inch pipe surface drain.

In Billings street, five hundred and thirty-seven linear feet of 10-inch pipe sanitary sewer and five hundred and thirty-nine linear feet of 10-inch pipe surface drain.

In Eastwood circuit, fifteen hundred and ninety-three linear feet of 10-inch pipe sanitary sewer and fifteen hundred and ninety linear feet of 10-inch, 12-inch, 15-inch and 18-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on Prospect street, between Gould street and Billings street; the abutting lots of land on Gould street, between Prospect street and Rockliffe street; the abutting lot of land on the northeasterly side of Gould street, designated as lot 1; the abutting lots of land on Eastwood circuit, between Prospect street and a point approximately two hundred and fifty feet southeasterly from Laurie avenue, excluding lot 67; the abutting lots of land on Billings street, between Prospect street and Oakmere street, excluding the lot at the corner of Laurie avenue and the lot at the northerly corner of Billings street and Oakmere street; and the abutting lots of land on Oakmere street, between Billings street and Eastwood circuit, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respective-

ly set against it, and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1253, Sewerage Works, Billings Street, Eastwood Circuit, Gould Street, Oakmere Street, Prospect Street, West Roxbury, January 5, 1941, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

	Total	$10,274 78

Voted, That this Board determines that the following persons sustain damages in their estate by the taking of an easement for sewerage purposes in Billings street, Eastwood circuit, Gould street, Oakmere street, Prospect street, and private land between Eastwood circuit and Rockliffe street, West Roxbury district, under the order of the Board of March 20, 1941, in the amounts hereinafter respectively set against them, and awards said amounts therefor:

Owners unknown, Prospect street, 15,838 square feet	$1 00
Owners unknown, Gould street, 18,475 square feet	1 00
Owners unknown, Eastwood circuit, 65,241 square feet	1 00
Owners unknown, Billings street, 19,830 square feet	1 00
Owners unknown, Oakmere street, 8,512 square feet	1 00
MacDonald Home Building Corporation (right of way), 510 square feet	1 00
MacDonald Home Building Corporation (right of way), 503 square feet	1 00
Mary A. Reed, City of Boston Tax Title, 1,620 square feet	1 00

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of ten-mile road race of the Presentation Literary and Social Association, vehicles are excluded from the following street on Saturday, April 5, 1941, from 2.30 p. m. to 4 p. m.

Tremont Street, Brighton.
From Oak square to Cufflin street.

—

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Opera Season at the Metropolitan Theatre, the following rules are effective from March 27, 1941, to April 5, 1941, inclusive:

The one-way rules in the following streets are reversed and they are one way in the direction now indicated:

Hollis Street, Downtown Boston.
From Washington street to Tremont street.

Common Street, Downtown Boston.
From Tremont street to Washington street.

Vehicles are excluded from the following street when signs are placed:

Dillaway Street, Downtown Boston.
From Dore street to Hollis street.

—

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 19, 1941:

Section 8, Part 2, is amended by striking out the following:

Winthrop Square.
Southwesterly end, from Otis street to Devonshire street, twenty-four hours.

Section 9 is amended by adding the following:

Winthrop Square.
Southwesterly end, from Otis street to Devonshire street.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (*i. e.,* one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9,563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

INTERSTATE MUNICIPAL COOPERATION.

At a recent meeting in New York City a new type of interstate municipal cooperation was launched by officials of cities in New York, New Jersey, and Pennsylvania. The plan is based on direct cooperation among officials of a region on pressing problems of local government.

POLICE DEPARTMENT (STATISTICS FOR 1938).

Number of police force, December 1, 1938, was 2,229, viz., the superintendent, 4 deputy superintendents, 30 captains, 66 lieutenants, 4 lieutenant-inspectors, 187 sergeants and 1,937 patrolmen, distributed in 19 divisions and a traffic division. Signal service men, 16; clerks, janitors, etc., 163.

Cost of maintenance for 1938, $5,997,107 or $16,491 less than in 1937.

Total number of arrests in year ending November 30, 1938, 97,187 or 1,239 more than in previous year; persons arrested on warrants, 14,745; without warrants, 52,490; summoned by the courts, 29,952; of those arrested, 6,931 were discharged and all others held for trial; foreign-born persons arrested, 12,116 or 12.46 per cent of total; boys under 17 years of age, 2,787; women and girls, all ages, 8,485; non-residents, 27,441, or 28.23 per cent of all arrested.

Drunkenness the cause of 40,815 arrests, an average of 111 per day or 42 per cent of total. This is 4,919 less than the number of such arrests in 1937 and 1,368 less than the average for the past five years. The prosecutions for homicide numbered 142; arrests for refusing to support family, 1,015; violation of automobile law, 15,544; violation of liquor law (State), 137; violation of City ordinances, 269; violation of street traffic regulations, 15,477; suspected persons, 5,400.

Sick and injured persons assisted, 9,410; insane persons taken in charge, 494; lost children restored to homes, 1,533; persons imprisoned, 7,017; persons fined, 17,957, the fines amounting to $157,817; stolen property recovered, $447,021.50; licenses issued, 21,356 (including 12,621 for dogs and 5,334 for vehicles and drivers), for which $67,209 was received. Of 2,629 applications for licenses to carry loaded revolvers, 2,431 were granted.

Accidents from all causes in the streets, parks and squares caused death of 122 and injury to 7,289. Automobile accidents killed 76 and injured 4,431. The automobile fatalities were 62.3 per cent of the 122 deaths.

Annual salaries: Commissioner, $8,000; superintendent, $7,000; deputy superintendents, 4 at $4,500 each; captains, $4,000; lieutenants and lieutenant-inspectors, $2,700; sergeants, $2,500; patrolmen, $1,600 the first year, with $100 yearly increase until maximum of $2,100 is reached. The Traffic Division numbered a force of 211 in 1938.

In 1938, the Police Charitable Fund amounted to $207,550 and $7,900 was paid to 54 beneficiaries during said year.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was $3,499,398,193 and the property tax on the same was $130,474,309. The average tax rate was $33.28. Strictly speaking, tax rates cannot be averaged. A rate of $37.28 would be required to raise $130,474,309 on a valuation of $3,499,398,198. Of the total valuation, 44.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was $1,126,838,735 with a total property tax of $42,494,084, requiring a tax rate of $37.71.

Boston's tax rate of $41.30 was exceeded by Chelsea ($46.20), Revere ($47.00), Saugus ($46.00) and Somerville ($43.90).

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt $100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

VOTE FOR PRESIDENT IN MASSACHUSETTS, NOVEMBER 3, 1936.

Vote in the State for President: 942,716 for Roosevelt (Dem.); 768,613 for Landon (Rep.); 118,639 for Lemke (Union); 5,111 for Thomas (Soc.); 2,930 for Browder (Comm.); 1,305 for Aiken (Soc. Lab.); 1,032 for Colvin (Proh.); all others, 11; total votes, 1,840,357; blanks, 34,768. Plurality for Roosevelt, 174,103. There were 18,097 more ballots cast for President than for Governor.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field —an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over $200,000,000.

RECEIPTS OF MILK IN BOSTON BY RAIL STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR EDGESTONE.

The Supply Department of the City of Boston invites proposals for furnishing edgestone for the Public Works Department, as per specifications, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for $200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. *There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Edgestone."* Bids will be publicly opened and read Monday, April 7, 1941, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

NOTICE OF TAX SALE.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

TO THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN BOSTON IN THE COUNTY OF SUFFOLK AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that the taxes on the following parcels of land severally assessed for the year hereinafter specified according to the list committed to me by the Board of Assessors, remain unpaid after demand therefor, and that on Tuesday, the fifteenth day of April, 1941, at 10 a. m., at the City Collector's Office, on the second floor of the City Hall Annex on Court street, in said City of Boston, pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 43, and by virtue of the authority vested in me as Collector of Taxes, I shall sell by public auction for the amount of the taxes and interest, if any, and necessary intervening charges, or any unpaid balance of said taxes, the smallest undivided part of each parcel of said land which will bring the amount of tax due thereon, or the whole of each parcel for such amount if no person offers to take an undivided part thereof. An immediate deposit will be required.

LIST OF PARCELS TO BE SOLD.

WARD 21.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 33. SATURDAY, APRIL 5, 1941. NO. 4

MAYOR TOBIN MOVES TO DISPOSE OF UNUSED CITY LAND TO FEDERAL GOVERNMENT ON ADVANTAGEOUS CONDITIONS — SUBMITS ORDER TO CITY COUNCIL FOR PROVIDING FOR SALE OF THIRTY ACRES IN WEST ROXBURY, KNOWN AS "PARENTAL SCHOOL" PROPERTY, TO BE USED FOR DIAGNOSTIC HOSPITAL AND MAIN ADMINISTRATIVE OFFICES OF VETERANS' BUREAU IN NEW ENGLAND — SITE CHOSEN BY OFFICIALS AS MOST DESIRABLE, AFTER STUDY OF ALL AVAILABLE OFFERINGS.

Mayor Tobin, in an order to the City Council on Monday, moved to dispose of approximately thirty acres of land in West Roxbury to the Federal Government, at an advantage to the city. The property is located at Spring street and Veterans of Foreign Wars Parkway. In presenting the matter to the Council for consideration the Mayor's communication was as follows:

To the City Council.

GENTLEMEN,— I inclose herewith an order providing for the sale to the United States Government of approximately thirty acres of land located in West Roxbury at Spring street and Veterans of Foreign Wars Parkway.

This property is commonly known as the old "Parental School" property, acquired by the city in 1892 and in 1901, and variously used since that time as a school for truant and absentee school children, United States Veterans' Hospital, and branch hospital for the City of Boston.

At the present time the property is in the custody of the Commissioner of Public Works. All buildings on the property have been demolished.

The attached communication from the Corporation Counsel gives in orderly sequence the various changes which have occurred in this property since its acquisition.

This property is no longer needed for any public purpose and, in my opinion, should be disposed of by the city. It was my original intention that this large tract of land be sold by the city for home sites and were it not for the fact that the United States Government is most desirous of obtaining this property for a diagnostic hospital and main administrative offices for the Veterans' Bureau in New England, our original intentions would have been carried out.

The Veterans' Administration of the United States Government, after a thorough survey of this section of the country of possible sites for a veterans' hospital, decided upon this location in West Roxbury. An offer of $40,000 has been made for the purchase of the property.

The site is admirably located for the purpose intended and will not in any way injure the surrounding properties. The hospital will be conducted in accordance with rigid governmental standards and will meet a long recognized necessity for such a hospital near the largest center of population in this section of the country.

Both the State Departments of the American Legion and the Veterans of Foreign Wars are strongly in favor of a veterans' hospital in Boston and have approved this location.

The accompanying order authorizes the execution of an agreement to sell and the sale of the property abovementioned at a purchase price of $40,000, and I respectfully recommend its passage by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, *Mayor.*

March 28, 1941.

WILLIAM J. WALLACE, Esq.,
Secretary to the Mayor.

DEAR MR. WALLACE,— I inclose herewith the original and four carbon copies of an order which may be transmitted to the City Council authorizing the execution of an agreement to sell and the sale of the so-called "Parental School" property to the United States of America.

The facts relative to this property are substantially as follows:

1. Property purchased by the City of Boston: (*a*) About 1,207,918 square feet, October 13, 1892, Suffolk Deeds, Book 2089, page 123, purchase price, $30,000. (*b*) About 709,072 square feet, October 7, 1901, Suffolk Deeds, Book 2783, page 605, purchase price, $35,262.27.

2. Taking of land, Veterans of Foreign Wars Parkway: The Department of Public Works of the Commonwealth by an order dated December 8, 1931, recorded with Suffolk Deeds, Book 5300, page 201, took in fee about 649,000 square feet. Award, $36,800.

3. This property was purchased by the City of Boston to provide for the establishment of a school for truants and absentees from school in the County of Suffolk in accordance with the provisions of chapter 282 of the Acts of 1886.

(*Continued on page 335.*)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the shipteeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., *Associate Editor.*
EDWARD F. O'DOWD, *Business Agent*, 73 City Hall, Boston.

Entered as second class matter at Boston Post Office

By Subscription . . . . . $2.00 per year
Single Copies . . . . . 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of $2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, April 7, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the Board of Street Commissioners, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

To the Boston Traffic Commission, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the Commissioner of Public Works, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catchbasins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the Health Department, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the Board of Park Commissioners, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the School Committee, 15 Beacon street, for information relative to the operation of the schools of the city.

To the Department of School Buildings, 11 Beacon street, for information as to the construction and repair of school buildings.

To the Board of Examiners, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the Statistics Department, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the Wire Division of the Fire Department, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the Board of Zoning Adjustment, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending March 29, 1941.

MOVES TO DISPOSE OF UNUSED LAND—Continued.

4. The Parental School was abolished March 23, 1915, in accordance with the provisions of chapter 738 of the Acts of 1914.

5. This property was transferred to the care and custody of the trustees of the Boston City Hospital by an order of the City Council, March 23, 1915, in accordance with the provisions of chapter 34 of the Special Acts of 1915.

6. This property was leased to the United States Government by an order of the City Council passed October 21, 1918, for the term ending June 30, 1919, with the right to renew said lease annually for the duration of the war and for the period of one year thereafter. Rent, $1 per year.

7. By an order of the City Council passed January 17, 1921, a new lease was authorized on the basis of rental payment equal to 7 per cent of the assessed valuation of April 1, 1920 (7 per cent x $502,000 = $35,140). Term July 1, 1921–June 30, 1926.

8. By an order of the City Council passed July 12, 1926, a new lease was authorized on basis of annual rent of $35,175. Term one year, July 1, 1926–June 30, 1927.

9. Premises vacated by the United States Government some time in 1927.

10. Premises used by City Hospital, West Department, 1928–1938.

11. By an order of the City Council passed February 14, 1939, the premises were transferred to the care and custody of the Department of Public Works of the City of Boston.

12. A W. P. A. project sponsored by the Public Works Department of the City of Boston demolished the buildings on this property.

13. The 1941 assessment is to be based at five cents a square foot.

Inclosed please find a plan of the said area, and also please find inclosed the original and three carbon copies of the proposed sales agreement.

Very truly yours,

John J. Tobin,
Assistant Corporation Counsel.

The engineers of the Street Laying-Out Department are working on the preparation of the above plan but due to the complications arising out of the laying out of the State Highway — Veterans of Foreign Wars Parkway — through this land, this plan will not be completed before Tuesday or Wednesday of next week, therefore I have prepared the inclosed order to be submitted to the City Council. The letter of transmittal of this order to the City Council, it is my understanding, is to be prepared by your office.

John J. Tobin.

Whereas, The City of Boston is the owner of a certain parcel of land containing approximately thirty acres, situated in that part of Boston called West Roxbury. This parcel of land was acquired by purchase and the deeds of conveyance to the City of Boston are recorded with Suffolk Deeds, Book 2089, page 123, and Book 2783, page 605. This parcel of land is shown, bounded and described on a plan marked "City of Boston, Spring Street, Veterans of Foreign Wars Parkway, Gardner Street, Wycliff Avenue, Linden Street, Webster Street, West Roxbury, March 28, 1941, William J. Sullivan, Chief Engineer, Street Laying-Out Department" — "Plan of land in West Roxbury District belonging to the City of Boston. Scale, 80 feet to an inch," on file in the office of the Street Laying-Out Department of the City of Boston, City Hall, Boston, Massachusetts, and incorporated herein and made a part of this order;

Whereas, The City of Boston does maintain and is to extend and construct surface drainage sewerage works in and through this parcel of land in the location shown, bounded and described on the plan, hereinbefore referred to and marked thereon, "Location, City of Boston, Surface Drainage Sewer"; and

Whereas, This parcel of land is now in the care and custody of the Commissioner of Public Works of the City of Boston; and

Whereas, This parcel of land, except as to that part thereof shown, bounded and described on the plan hereinbefore referred to, necessary for the maintenance, extension and construction of surface drainage sewerage works, is no longer needed by the City of Boston for public purposes; and

Whereas, The United States of America desires to purchase this parcel of land and has through the Administrator, Veterans' Affairs, offered to the City of Boston the sum of $40,000, as the purchase price therefor; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to execute an agreement to sell and to sell without public auction, this parcel of land shown, bounded and described on the plan hereinbefore referred to, subject, however, to the right and easement in the City of Boston to maintain, extend and construct surface drainage sewerage works in the location shown, bounded and described on the plan, hereinbefore referred to, to the United States of America for the sum of $40,000; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to convey this parcel of land shown, bounded and described on the plan hereinbefore referred to, excepting and reserving the right and easement in the City of Boston to maintain, extend and construct surface drainage sewerage works in the location shown, bounded and described on the plan hereinbefore referred to, by an instrument in writing satisfactory in form to the Law Department of the City of Boston and in consideration of the sum of $40,000, to the United States of America.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

Hospital Department (Sanatorium Division).

Upon March 22 the Mayor approved a contract with the low bidder as indicated for the window cleaning contract of the Sanatorium Division. Bids, opened at the Sanatorium on February 26, were as follows:

Careful Cleaning Company, $900; Federal Window Cleaning Company, $1,150; Bay State Cleaning Company, $1,150.

Supply Department.

Upon March 22 the Mayor approved a contract with M. W. Gillespie for furnishing two 1941 Model 71 Buick Roadmasters, or equal, for the city departments. The approximate amount of the contract was $2,340, less 2 per cent cash discount for payment in ten days, or a net amount of $2,293.20. Bids, opened March 13, were as follows:

Requisition No. 76, For Delivery at 134 North Street, Boston, Boston Traffic Commission.

One 1941 Model 71 Buick Roadmaster, or Equal, Delivered.—M. W. Gillespie, $1,468; Noyes-Buick Sales Company, $1,384, Buick Model 61, Century, six-passenger; $1,460, Buick Model 71.

Less Excise Tax.—M. W. Gillespie, $39; Noyes-Buick Sales Company, $38, Buick Model 61, Century, six-passenger; $39, Buick Model 71.

Less Trade-In, One 1934 Buick Sedan, Model 67. M. W. Gillespie, $259; Noyes-Buick Sales Company, $225, Buick Model 61, Century, six-passenger; $225, Buick Model 71.

Cash Discount, Ten Days.—M. W. Gillespie, 2 per cent, $23.40.

Net Price.—M. W. Gillespie, $1,146.60; Noyes-Buick Sales Company, $1,121, Buick Model 61, Century, six-passenger; $1,196, Buick Model 71.

Requisition No. 114, To be Delivered at West Roxbury Court House Garage, Arborway, Public Buildings Department.

One 1941 Model 71 Buick Roadmaster, or Equal, Delivered.—M. W. Gillespie, $1,468; Noyes-Buick Sales Company, $1,384, Buick Model 61, Century, six-passenger; $1,460, Buick Model 71.

Less Excise Tax.—M. W. Gillespie, $39; Noyes-Buick Sales Company, $38, Buick Model 61, Century, six-passenger; $39, Buick Model 71.

Less Trade-In, One 1936 Buick Sedan.—M. W. Gillespie, $259; Noyes-Buick Sales Company, $275, Buick Model 61, Century, six-passenger; $275, Buick Model 71.

Cash Discount, Ten Days.—M. W. Gillespie, 2 per cent, $23.40.

Net Price.—M. W. Gillespie, $1,146.60; Noyes-Buick Sales Company, $1,071, Buick Model 61, Century, six-passenger; $1,146, Buick Model 71.

Grand Net Total. M. W. Gillespie, $2,293.20 Noyes-Buick Sales Company, $2,192, Buick Model 61, Century, six-passenger; $2,342, Buick Model 71.

—

Upon March 22 the Mayor approved a contract with Joseph H. Wright for furnishing approximately 24,500 square feet sods to be delivered, as required, at various locations in the Cemetery Division and Park System, Park Department, at a price of 4.75 cents per square foot,

less one half of 1 per cent cash discount for payment in ten days. The approximate amount of the contract was $1,163.75. Bids, opened on March 10, were as follows:

Approximately 24,500 Square Feet Sods, as Per Specifications.—Joseph H. Wright, 4.75 cents per square foot; total, $1,163.75; discount, ten days, one half of 1 per cent.

—

Upon March 24 the Mayor approved a contract with Joseph Columbo & Sons for furnishing 2,500 cubic yards unscreened run of bank gravel to be delivered at Perkins street, Olmsted Park, Jamaica Plain, Park Department, at a price of 50 cents per cubic yard, less 2½ per cent cash discount for payment in ten days. The approximate amount of the contract was $1,250. Bids, opened March 7, were as follows:

2,500 Cubic Yards Unscreened Run of Bank Gravel, Per Cubic Yard.—John Deveney & Co., Inc., 53 cents; total, $1,325; Quincy Sand and Gravel Company, 69 cents; total, $1,725; M. McGinnis Company, 58 cents; total, $1,450; Joseph Columbo & Sons, 50 cents; total, $1,250; Crystal Concrete Company, $1; total, $2,500; George H. Noone Sand and Gravel Company, 83 cents; total, $2,075; R. E. Cunniff, Inc., 54 cents; total, $1,350.

Cash Discount, Ten Days.—Quincy Sand and Gravel Company, 2 per cent; M. McGinnis Company, 2 per cent; Joseph Columbo & Sons, 2½ per cent; Crystal Concrete Company, 3 per cent; George H. Noone Sand and Gravel Company, 2 per cent; R. E. Cunniff, Inc., 2½ per cent.

Net Total.—John Deveney & Co., Inc., $1,325; Quincy Sand and Gravel Company, $1,690.50; M. McGinnis Company, $1,421; Joseph Columbo & Sons, $1,218.75; Crystal Concrete Company, $2,425; George H. Noone Sand and Gravel Company, $2,033.50; R. E. Cunniff, Inc., $1,316.25.

Fill to be examined and approved by Park Department engineers before delivery.

—

Upon March 29 the Mayor approved a contract with the Glidden Company for furnishing white and red lead for the city departments, as required, until December 31, 1941, with the privilege of purchasing on the same terms and conditions extended to January 31, 1942. The approximate amount of the contract was $2,018.99. Bids, opened February 23, were as follows:

20,000 Pounds White Lead in Oil. Per Hundredweight.

100-Pound Kegs.—The Glidden Company, $8.28*; National-Boston Lead Company, $8.51.

50-Pound Kegs.—The Glidden Company, $8.53*; National-Boston Lead Company, $8.76.

25-Pound Kegs.—The Glidden Company, $8.77*; National-Boston Lead Company, $9.01.

Twelve and One Half Pound Kegs.—The Glidden Company, $9.02*; National-Boston Lead Company, $9.26.

Average Price.—The Glidden Company, $8.65; National-Boston Lead Company, $8.88.

Approximate Total.—The Glidden Company, $1,730; National-Boston Lead Company, $1,776.

1,200 Pounds Red Lead in Oil. Per Hundredweight.

100-Pound Kegs.—The Glidden Company, $10.75*; National-Boston Lead Company, $10.04.

Approximate Grand Total.—The Glidden Company, $2,018.99; National-Boston Lead Company, $2,052.72.

* Contract awarded.

Transit Department.

Upon March 22 the Mayor approved a contract with the Yeomans Brothers Company for furnishing centrifugal pumps, Huntington Avenue Underpass. Bids, opened on February 27, were as follows:

Hayes Pump and Machinery Company, $1,731; Lawrence Machine and Pump Company, $1,710; Fairbanks, Morse & Co., $1,386; Starkweather Engineering Company (alternate), $1,384; Economy Pumps, Inc., $1,373; Chicago Pump Company, $1,349; Yeomans Brothers Company, $1,271.70; Starkweather Engineering Company, $1,270.

A study of all the pumps from data submitted shows the following:

1. The Yeomans pump requires a seven and a half horse power motor; the Starkweather pump requires a ten horse power motor. It is figured that this ten horse power will cost at least $75 more a year for electric power to operate than the other.

2. The Yeomans pump has a contact type switch much more preferable for durability and dependency than the mercury switch furnished with the Starkweather pump. Note that the Starkweather Engineering Company has bid $116 more for their pump furnished with a contact type switch.

3. The Yeomans pump has not only a separate float and float switch for each pump but an additional float which gives alternate operation of the two pumps so that in case of any difficulty the individual floats and float switches on each pump will function.

4. The efficiency of the Yeomans pump at 600 gallons per minute, as called for, is 72 per cent, while that of the other pump is only 59 per cent.

5. The Yeomans pump has a closed type of impeller while the other one has an open type impeller, which is less efficient.

6. The Yeomans pump will take 3-inch solids, while the other pump will take only ⅝-inch solids. This requires a smaller mesh screen, which is more easily clogged.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contracts, etc., for furnishing supplies, labor, merchandise, etc., to the various departments interested. Communications from the heads of the departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, March 11, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

Dear Mr. Mayor,—In connection with the work of snow removal by the Public Works Department, following the storm of March 8, 1941, it was necessary to obtain certain equipment from outside firms and individuals to assist the department. We were obliged to hire snow loaders, cranes, tractors, etc., for plowing and removing snow, and in one instance an agreement was made with a contractor to remove snow at a cost of 50 cents per cubic yard. The bills for some firms and individuals will exceed $1,000.

Authority is requested to pay the bills incurred for the hire of the above-referenced equipment without issuing service orders. A service order will be issued, however, to the contractor for removing snow at an agreed-upon price of 50 cents per cubic yard.

Authority is also requested for the payment of such of these charges as will exceed $1,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

—

BOSTON, March 20, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

Dear Mr. Mayor,—As the result of a contract that was entered into between the advertising firm of C. I. Brink, Inc., and the City of Boston, approved by your Honor on September 23, 1939, there are located—one in Saugus and one in Dedham—billboard types of posters advertising the Sumner Tunnel. The contract referred to terminated on December 27, 1940.

As I feel that this type of advertising is of benefit in promoting the use of the Sumner Tunnel, I am desirous of renting the boards from the above-referenced firm during the current year, at the same price per month, namely, $116.67, previously paid, in accordance with the provisions of said contract.

I respectfully request your permission, therefore, to rent from the advertising firm of C. I. Brink, Inc., the two billboards referred to above, during the current year, at a monthly rental charge of $116.67.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

WIRE INSTALLATION PERMITS ISSUED FOR THE WEEK ENDING MARCH 29.— Concluded.

SUPPLY DEPARTMENT.

BOSTON, March 3, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

Dear Mr. Mayor,—Under date of February 25, your Honor approved my letter of February 20 in which permission was requested to award a contract to the Royal Typewriter Company, Inc., in the amount of $6,232.09, which represented the final payment due on 125 Royal typewriters delivered to the Library Department in 1940.

It has now come to my attention that only eight payments, totaling $4,027.20, have been made on this contract, instead of eleven as stated in my letter of February 20; permission is, therefore, respectfully requested to award a contract to the Royal Typewriter Company, Inc., in the amount of $7,742.29 in order that the Library Department may assume full ownership of the equipment.

Yours respectfully,

JOHN A. BREEN,
Superintendent of Supplies.

—

BOSTON, March 3, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

Dear Mr. Mayor,—Permission is respectfully requested to award a contract, without publicly advertising, for bids to the Lorch Trading Company for furnishing approximately 20,000 pounds of tea, at 32.4 cents per pound, to city departments from October 1, 1941, to December 31, 1941, with the privilege of purchasing on the same terms and conditions extended to September 30, 1942.

At the present time this department is purchasing tea under a contract with the Lorch Trading Company at 29.47 cents per pound. Inasmuch as the price of tea is advancing daily and, in view of war conditions prevailing abroad, will undoubtedly be much higher at the expiration of the current contract, it is my considered opinion that to enter into the proposed contract is an excellent investment.

The tea which this company is now supplying and which it proposes to furnish has been analyzed and recommended by the tea tester for the Port of Boston.

The approximate amount of the contract will be $6,480, less 2 per cent cash discount for payment in ten days.

Yours respectfully,

JOHN A. BREEN,
Superintendent of Supplies.

—

BOSTON, March 13, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

Dear Mr. Mayor,—In my letter dated January 31, asking for approval of awards of contracts to supply paper drinking cups, etc., the approximate amount of the award made to the Massachusetts Envelope Company was stated at $2,998. The correct approximate total is $5,683.

I should appreciate very much your approval of an award to the Massachusetts Envelope Company to supply paper drinking cups, etc., in accordance with the proposal publicly read on January 22, in the amount of $5,683.

Yours respectfully,

JOHN A. BREEN,
Superintendent of Supplies.

—

BOSTON, March 19, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

Dear Mr. Mayor,—On January 29, 1941, your Honor approved permission to award the rental of 1½-ton trucks to the Public Welfare Department, as needed, for the period from January 1, 1941, to December 31, 1941, inclusive, to the Nutter System, Inc., without publicly advertising, as follows:

Rental of 1½-ton trucks, without operators, furnishing of fuel, approximately 100 hours per month, at the rate of 50 cents per hour, $50. Estimated cost for twelve months, $600.

Due to a misunderstanding, permission was requested to rent the 1½-ton trucks at a price of 50 cents per hour.

The Nutter System, Inc., has informed this office that the lowest price they can rent 1½-ton trucks to the Public Welfare Department is 65 cents per hour, and as I believe that this price is the lowest obtainable, I request permission to award the rental of the above trucks to the Nutter System, Inc., at a price of 65 cents per hour.

The approximate total of this award will be $780.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, March 12, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Permission is requested to sell seventy-six 30-inch, 116-pound, wide flanged I-beams, 41 feet long, to the Sawyer Construction Company for United States Government work at the Charlestown Navy Yard, at the rate of $51.20 per ton, less discount, amounting to approximately $9,212.61 which is the same price the department paid for them.

These beams are a part of the lot of two hundred purchased for use on the Huntington Avenue Subway for supporting surface cars during construction of the subway below. They have served their use for the city and we have no further use for them.

Very respectfully yours,

D. P. MCGILLICUDDY,
Commissioner.

TREASURY DEPARTMENT.

BOSTON, March 14, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for authority to purchase from the Todd Sales Company, Inc., Rochester, N. Y., without advertising, the following equipment for use in the Treasury Department:

One Todd adding and listing protectograph (Model No. 35), $1,475; one Todd five-unit check signer (Model No. 4100), $1,667.50—$3,142.50.

Payment is to be made over a twenty-four-month period at a rate of $131 per month for the first twenty-three months and $129.50 for the twenty-fourth month.

Inasmuch as the above concern is the manufacturer of these machines and the sole agents for their sale, no purpose will be served by advertising.

Very truly yours,

JAMES J. MCCARTHY,
City Treasurer.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, April 3:

BOSTON PORT AUTHORITY.

James Joseph McCarthy, of 76 Bennett street, Brighton, has been appointed to the Boston Port Authority for the term ending July 24, 1947.

FIRE DEPARTMENT.

Hoseman James McTiernan, 231 Belgrade avenue, of the Fire Prevention Division, has been retired at $1,400 a year.

Capt. Robert A. Nugent, 181 Sycamore street, Roslindale, of Engine Company 31, has been retired at $1,800 a year.

HOSPITAL DEPARTMENT.

The following special nurses have been employed at $4.50 a day:

Nora Bennett, 10 Caulfield street, Ruth Larkin, Brookline, 1 day; Jemima Mahan, 21 Worcester square, Ruth Robinson, 42 Greenwood street, 5 days; Helen Sheehan, 97 King street, 3 days; Katherine Welch, 65 Perham street, 5 days.

—

The following persons were employed as substitutes for nurses out ill at the rate of $1,200 a year:

Kathleen Almeda, 71 Ballou avenue, for Mary Walker, Rita Webb, Estelle Florek, Alice Kirby, Madeline McCaul, Mary Hyde. Total, 1 week.

Marion Brennan, 308 Washington street, for Helena Messina, Loretta DuBois, Rita Webb. Total, 4 days.

Margaret Costello, 44 Market street, for Clara Saraghan, Margaret Caruso, Mary Cronin, Salvina Adler. Total, 1 week.

Laura Crawford, 11 Marble street, for Ingrid Rosendale. Total, 6 days.

Loretta Kelley, 47 Whitfield street, for Anne Spillane. Total, 1 week.

Frances Kramer, 26 Irwin avenue, for Reba Wingate. Total, 1 week.

Claire McCue, 21 Mt. Vernon street, for Anne Smith, Alice McGowan, Rita Webb. Total, 3 days.

Ann Regan, 327 West Third street, for Rose Maloney, Loretta DuBois, Mary Murphy. Total, 1 week.

Alice Rioux, Waltham, for Mary Walker. Total, 1 week.

Florence Verry, 108 East Canton street, for Lucille Charest. Total, 1 week.

Mary Presutti, 11 Everett street, for Anne Smith, Catherine Fay, Ruth Connor. Total, 3 days.

Mary Greene, 638 Beacon street, for Ruth Conner, Audrey Coon, Irene Dastague, Mary Sullivan (South). Total, 5 days.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

PARK DEPARTMENT (*Boston Airport.*)

For the week ending March 11:

Richard Geehan, tractor operator, 4½ days, $27; Paul Rouillard, tractor operator, 2 days, $12; Edwin Banks, truck driver, 2 days, $10; Robert H. Kopp, laborer, 3½ days, $17.50; Carmine Sturniolo, laborer, 3½ days, $17.50.

PUBLIC WORKS DEPARTMENT (*Sanitary Street Cleaning Service.*)

For the period from March 8 to March 17:

James Hennessey, laborer, 1⅜ days, $6.88; Daniel McCarthy, laborer, 3⅜ days, $15.63; Richard S. Judge, chauffeur, 3⅛ days, $17.19; Joseph Herbst, Patrick M. Costello, laborers, 3⅛ days, $15.63 each; George F. Golden, chauffeur, 3⅛ days, $17.19; Matthew Muliero, chauffeur, 8 15/16 days, $49.16; Hugh P. Doherty, Martin J. McDonough, chauffeurs, 3⅛ days, $17.19 each; Frank Diaz, chauffeur, 3½ days, $19.25; Edward C. Merchant, chauffeur, 4 7/16 days, $24.41; Samuel Rotondo, chauffeur, 3½ days, $19.25; Herbert S. Lawrence, laborer, 3½ days, $17.50; Edward J. Murphy, chauffeur, 3½ days, $19.25; James J. Shea, laborer, 2½ days, $12.50; Neil M. Murphy, laborer, 3½ days, $17.50; James P. Johnson, laborer, 2 days, $10; Edward Batson, Charles J. Wood, laborers, 3½ days, $17.50 each; John F. Doyle, Samuel R. Puleo, chauffeurs, 3½ days, $19.25 each; Melvin J. Melanson, chauffeur, 2 7/16 days, $13.41, and 2 days, $10; Karry J. Kane, laborer, 3⅛ days, $15.63; William H. Cochran, laborer, ⅜ day, $1.88; Salvatore Puopolo, laborer, 1¾ days, $8.75; Leo L. Duffy, laborer, 4⅛ days, $20.63; William O. McLaughlin, laborer, ¾ day, $3.75; Edward Skane, laborer, 1¾ days, $8.75; James H. McGough, laborer, 3⅛ days, $15.63; John J. McDonald, chauffeur, 4½ days, $24.75; August P. Charbonnier, laborer, 1⅜ days, $6.88; Julius P. Charbonnier, laborer, 1¾ days, $8.75; Henry F. Collett, laborer, 1⅜ days, $6.88; Joseph L. Gould, laborer, 3⅛ days, $15.63; William McGahey, laborer, 4⅛ days, $20.63; Daniel Kelly, Dennis J. Dempsey, laborers, 3⅛ days, $15.63 each; William Cunningham, Arthur D. Doherty, chauffeurs, 4⅛ days, $22.69 each; William Logue, laborer, 4⅛ days, $20.63; Michael Carroll, David C. Kelleher, Michael J. Kelley, George E. Mason, laborers, 3⅛ days, $15.63 each; Michael S. Ryan, laborer, 2¾ days, $13.75; James F. Cosgrove, laborer, 1⅜ days, $6.88; Walter A. Bliven, chauffeur, 3⅛ days, $17.19; William J. Kelly, chauffeur, 4⅝ days, $25.44; Walter J. Rose, chauffeur, 5 days, $27.50; Edward J. Sweeney, chauffeur, 3⅛ days, $17.19; James P. McLaughlin, laborer, 2⅜ days, $11.88; John Clancy, James W. Collins, Paul F. Daley, Michael F. Doherty, Daniel J. Murphy, laborers, 2⅞ days, $14.37 each; William D. Watson, chauffeur, 2⅞ days, $15.81; Dennis Dacy, laborer, 2⅞ days, $14.37; Thomas F. Smith, laborer, 4¾ days, $23.75; William T. Gillen, laborer, 2⅞ days, $14.37; William F. Hinchey, laborer, 2¾ days, $13.75; John J. Monohan, laborer, 2½ days, $12.50; Patrick Walsh, laborer, 3¾ days, $18.75; Hugh Barry, chauffeur, 10 1/16 days, $55.34; Frank M. Kelley, laborer, 8 13/16 days, $44.06; Edward F. Noonan, laborer, 3 9/16 days, $17.81; Richard Kelley, laborer, 9 1/16 days, $45.31; John Lynch, laborer, 2½ days, $12.50; John Marley, chauffeur, 8 1/16 days, $44.31; Thomas E. Madden, laborer, 1 day, $5; Charles J. Donners, chauffeur, 6 days, $33; Henry McFadden, teamster-chauffeur, 6⅜ days, $31.88; William H. Bennett, chauffeur, 1½ days, $8.25; James L. Brooks, chauffeur, 3⅝ days, $19.94; Warren L. Eastman, laborer, 3 15/16 days, $19.68; John Marshall, George Brookfield, chauffeurs, 9 1/16 days, $49.84 each; Daniel J. Dolan, chauffeur, 6⅛ days, $33.69; John J. Hillen, laborer, 8 13/16 days, $44.06; George M. Turner, chauffeur, 8 3/16 days, $45.03; John R. Martin, Angelo Foppiano, chauffeurs, 3½ days, $19.25 each; Francis Archilles, laborer, 2⅛ days, $10.63; Charles Daly, James M. Igoe, laborers, 3⅜ days, $16.88 each; Charles F. McCarthy, laborer, 2⅝ days, $13.13; Francis McLaughlin, laborer, 3⅜ days, $16.88; Frank H. Williams, chauffeur, 3½ days, $19.25; Joseph Mudge, laborer, ¾ day, $3.75; Andrew Morrissey, laborer, 3 days, $15; Patrick J. Ryan, Patrick J. Sullivan, laborers, 1⅜ days, $6.88 each; Joseph Engano, laborer, 3⅝ days, $16.88; George Freeman, chauffeur, 9 3/16 days, $50.53; Maurice McCarthy, laborer, 2⅛ days,

$10.63; Walter G. Glennon, John J. Carter, Gordon H. Morrill, Walter Donovan, Frederick Harnden, chauffeurs, 3½ days, $19.25 each; Michael J. Kennedy, John J. Maguire, laborers, 3⅜ days, $16.88 each; John F. O'Toole, laborer, 2⅛ days, $10.63; Cornelius Sullivan, feeder, 2⅛ days, $10.63; John Sullivan, stableman, 2⅛ days, $10.63; Thomas Hession, laborer, 3⅜ days, $16.88; Patrick Costello, chauffeur, 3 days, $16.50; Joseph R. POLICE DEPARTMENT ORDERS.

General Order No. 579.

Patrolman Michael F. O'Brien, Thomas E. Donahue and Michael J. McDonough, all attached to the Bureau of Criminal Investigation, are commended for efficient police duty in connection with the arrest of a man who had assaulted a woman and attempted to commit rape in a house in the South End on November 21, 1940.

The commissioner is pleased to recognize and commend these officers for their initiative and devotion to duty shown in performing this splendid police service.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 580.

Whereas, It appears that Patrolman Burton W. Mullins of the City Prison has performed faithful service in the Police Department for twenty-one and five-twelfths years; and that the Medical Board, provided for by section 18 of chapter 521, Acts of 1922, has certified that the said Patrolman Burton W. Mullins is incapacitated for useful service on the Police Force of the City of Boston; therefore, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Mullins be retired from active service in the Police Department under the provisions of chapter 353, Acts of 1892, as amended by chapter 6, Acts of 1920, and chapter 387, Acts of 1930, and that his name be placed upon the department pension roll with pay at the rate of one thousand and fifty (1,050) dollars per annum (to be paid monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect as of Wednesday, March 26, 1941, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 581.

The following appointment and assignment is hereby ordered to take effect Monday, March 31, 1941, at 7.45 o'clock a. m.:

To the Grade of Deputy Superintendent.

Capt. James F. Daley, from Division 2 to Bureau of Records; to be in charge of Bureau of Records.

In addition to his duties in charge of the Bureau of Records, Deputy Superintendent James F. Daley will have supervision and regulation over all civilian employees in the department, wherever situated, excepting the civilian personnel in the offices of the commissioner and the chief clerk, who shall continue to be under the immediate direction of the commissioner.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 582.

The following transfer is hereby ordered, effective as of Monday, March 31, 1941, at 7.45 o'clock a. m.:

Deputy Superintendent John M. Anderson, from Bureau of Records to Superintendent's Office.

Effective as of Monday, March 24, 1941, Deputy Superintendent John M. Anderson was designated as Supervisor of Divisions, and is by this order transferred from his present duty assignment of record to the Superintendent's Office.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 583.

The following promotions and assignments are hereby ordered to take effect Monday, March 31, 1941, at 7.45 o'clock a. m.:

To the Grade of Captain.

Lieut. James J. Hinchey, from Division 3 to Bureau of Criminal Investigation.

Lieut. Hugh D. Brady, from Division 14 to Division 2.

Lieut. Robert A. Lynch, from Division 4 to Bureau of Criminal Investigation.

Lieut. Lawrence L. Waitt, from Bureau of Operations to Bureau of Operations.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 585.

A trial board consisting of Captains Grace, Daley and McNabb, having heard by reference a complaint made against Patrolman Michael J. Griffin, Division 1, charging him with conduct unbecoming an officer, has reported to the Police Commissioner a finding of not guilty.

The commissioner accepts the finding and recommendation of the Trial Board and hereby orders that the complaint against the said Patrolman Michael J. Griffin be dismissed.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 586.

The following-named persons are hereby appointed patrolmen, to take effect Monday, March 31, 1941, at ten o'clock a. m., and they have been assigned as follows:

James W. Robinson, Division 13.
John A. Woods, Division 18.
Rufus E. Browne, Division 17.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 587.

The following-named persons are hereby appointed as military substitute patrolmen, to take effect Monday, March 31, 1941, at ten o'clock a. m., and they have been assigned as follows:

Thomas C. O'Dwyer, Division 9.
David J. Kehoe, Division 10.
Joseph P. Foley, Division 7.
John M. McDonnell, Division 11.
Albert F. Rielly, Division 14.
Joseph C. Baxter, Division 6.
James V. Concannon, Division 15.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 584.

The following transfers are hereby ordered to take effect Monday, March 31, 1941, at 7.45 o'clock a. m.:

Captains.

The Superintendent of Police will promulgate this order.

Joseph F. Timilty,
Police Commissioner.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 12 Chapman street, Ward 2.

Due to the structurally unsafe condition of the building at 522 East Seventh street, Ward 7, owned by Mary A. Courtney Heirs, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 10 Marble street, Ward 9, owned by Ada V. Ward of 11 Arnold street, Roxbury, to enter the premises and vacate and remove the building.

The building at 1 Lincoln street, Ward 2.

Due to the structurally unsafe condition of the building at 3 Dennis street, Ward 3, owned by Francis D. Manning *et al.*, of 20 Linwood street, Roxbury, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 151 Albany street, Ward 3, owned by the estate of Daniel McNamara, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 12 Lovis street, Ward 6 owned by the Daniel Buckley Estate, to enter the premises and remove the building.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

(STATE SERVICE.)

Note.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

Chauffeur and Motor Truck Driver, April 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: The entrance salary for chauffeur is $960 a year and maintenance; the entrance salary for motor truck driver is $1,320 a year.

Vacancies: At present there is a vacancy for chauffeur at State Farm, Department of Correction, and a vacancy for motor truck driver, State Prison Colony, Department of Correction.

Duties of Chauffeur: Under supervision, to operate and make emergency repairs and adjustments to a passenger automobile, and to perform whatever duties are assigned in the steward's office. For example: Operating a passenger automobile and transporting prisoners and inmates; making trips to purchase supplies, materials and necessary equipment; keeping the cars clean and supplied with oil, gas and water; renewing tires and making minor repairs and adjustments; keeping operating and mileage records and keeping reports for the steward; driving a truck and doing other assigned work.

Duties of Motor Truck Driver: To drive the maintenance truck to the railroad, post office and to nearby cities and towns to pick up deliveries and groceries, etc.; to pick up the laundry from the various staff residences and deliver the same; occasionally, to drive a car while on a funeral trip or while taking a prisoner to court on a writ of habeas corpus, or while transferring a prisoner; to repair the cars and trucks, also the tractors of the Maintenance Department, consisting of four cars, six trucks and two tractors.

Entrance Requirements: Applicants who have not reached their twenty-first birthday or who have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Applicants must have at least one year's experience as an automobile mechanic.

Applicants must possess a motor vehicle operator's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Senior Architectural Draftsman, April 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: $2,160 to $2,760 a year.

Vacancies: At present there is one vacancy in the Division of Park Engineering in the Metropolitan District Commission.

Duties: Under general direction, to make architectural drawings for buildings and park structures such as bathhouses, sanitaries, pavilions, overlooks, bridges, and overpasses; to prepare complete plans and specifications for the repair, alteration, or remodeling of existing park buildings; to prepare perspective renderings in pen and ink, or pastels; to inspect or supervise building work under construction; and to perform related work as required.

Entrance Requirement: Applicants must have at least five years' drafting experience. Substitution of training for experience: Architectural drafting training in a recognized school or college may be substituted for drafting experience, year for year, up to three years. Two years of other drafting training, such as mechanical or electrical drafting, may be substituted for one year of experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

SEEKS COMMUNITY AID IN ARMY CAMP CITIES.

The army welcomes the aid of civic organizations in helping to protect soldiers from intemperance and vice when they are away from their duty stations.

The War Department is endeavoring in various ways to protect its personnel from temptations while at military posts and camps. Healthful and wholesome entertainment is furnished. Commissioned officers are charged with the responsibility for the men in their commission. Understanding leaders offer them advice and counsel, and medical officers guard their physical well-being. —*American City Magazine.*

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following streets, effective April 1, 1941:

Cookson Terrace, Dorchester.

From Babson street to 360 feet easterly.

Stock Street, Dorchester.

From Minot street to 582 feet southerly.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Hammatt road, West Roxbury district, as a highway, from Cummins Highway northerly, with the name of Harding road, or some other distinctive name, bounded and described as follows:

A highway named Harding road is hereby laid out from Cummins Highway to Stella road and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land supposed to belong to Catherine J. Callahan, bounded:

Northerly by Stella road, forty feet; easterly by other land supposed to belong to said Callahan, fifty-eight feet; southerly by Hammatt road, forty feet and westerly by other land supposed to belong to said Callahan, fifty-eight feet, containing twenty-three hundred and twenty square feet, more or less.

The land, owners unknown, being the private way known as Hammatt road.

Trees or structures standing upon or affixed to the aforedescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said highway as hereby laid out is bounded and described as follows:

Southwesterly by Cummins Highway, forty-six and 41-100 feet; westerly by the westerly line of said Harding road as hereby laid out, six hundred fourteen and 13-100 feet; northerly by Stella road, forty feet and easterly by the easterly line of said Harding road as hereby laid out, six hundred thirty-seven and 66-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Harding road as laid out under this order between Cummins Highway and Stella road will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Harding Road, West Roxbury, Assessment Plan, January 8, 1941, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.		Amount.
1.	Catherine J. Callahan	$108 00
2.	Lloyd A. Murray, trustee of the Lloyd Trust	150 00
3.	Lloyd A. Murray, trustee of the Lloyd Trust	150 00
4.	Lloyd A. Murray, trustee of the Lloyd Trust	150 00
5.	Wilhelmina Van Lier	150 00
6.	Wilhelmina Van Lier	150 00
7.	Wilhelmina Van Lier	150 00
8.	Carl O. Weaner *et al*	150 00
9.	Hannah C. Nelson *et al*	150 00
10.	Barbara E. Witol *et al*	120 00
11.	Albina Cerutto	120 00
12.	Thomas Conlon *et al*	43 50
13.	Philip G. Clifford, receiver	64 80
14.	Catherine J. Callahan	58 00
15.	Mary H. E. Tallandier Heirs	225 00
16.	Horace T. Fogg, City of Boston Tax Deed	150 00
17.	William F. Dick *et al*	150 00
18.	Katherine Sullivan	147 00
19.	Mary C. Madden *et al*	115 86
20.	Barbara K. Deichert	117 10
21.	Barbara K. Deichert	66 25
	Total	$2,675 51

Voted, That this Board determines that the undermentioned person sustains damages in her estate by the making of the public improvement consisting of the laying out and construction of Harding road (formerly Hammatt road), West Roxbury district, under the order of the Board of March 19, 1941, in the amount hereinafter mentioned and awards said amount therefor.

Catherine J. Callahan, 2,320 square feet, $1.00.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE).

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. ASSISTANT DIETITIAN (FEMALE), MAY 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary for this position is $840 a year and maintenance.

Vacancies: At present, vacancies exist at the Boston State Hospital, Danvers State Hospital, and Gardner State Hospital, Department of Mental Health.

Duties: To assist a head dietitian in planning menus and in the preparation and serving of meals in a state institution; and to perform related work as required.

Entrance Requirement: Applicants must have at least one year's experience in a hospital, cafeteria, lunchroom, hotel, or other similar field.

Substitution of Training: Two years of training in a school of dietetics may be substituted for one year's experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CARPENTER FOREMAN, SEWERAGE DIVISION, METROPOLITAN DISTRICT COMMISSION, MAY 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary is $1,740 a year; the maximum salary is $2,040 a year.

Vacancies: At present there is one vacancy.

Duties: To make all patterns incidental to the maintenance of the pumping stations in the entire Sewerage Division. Under general direction, to supervise a group of carpenters and helpers on all-round work in the making and repairing of articles and structures of wood, and incidental work involving painting, masonry and related trades; to have charge of carpenters and assistants in the construction of new buildings and repair work on existing buildings, and all shop work, including cabinets and pattenmaking, the making of windows and doors, and the use and repair of woodworking machines; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

ELECTRICIAN, MAY 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary, with maintenance, is $1,080 a year; the maximum salary, with maintenance, is $1,380 a year. The entrance salary, without maintenance, is $1,440 a year; the maximum salary, without maintenance, is $1,740 a year.

Vacancies: At present there is one vacancy at Gardner State Hospital in the Department of Mental Health.

Duties: To take care of all electrical work and repairs, including lesser repairs of motors of various capacities. Applicants should be familiar with repair of all electric house and shop wiring of various voltage of alternating current. Applicants should have a knowledge of the care of lighting and power transformers of various capacities; of the installation and care of electrical attachments such as electric ranges, irons, lamps and hospital instruments; of the care of, and be able to make repairs to, X-ray and other treatment appliances such as the ultra-violet and infra-red light and the high frequency used in treatment; and of the installation and repair of outside wiring of 2,300 volts and of underground cable work.

Entrance Requirement: Applicants must possess a journeyman electrician's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over $200,000,000.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 24, 1941.

Regular meeting of the City Council in the Council Chamber at 2 p. m., President GALVIN in the chair. Absent, Coun. Kelly.

Preceding the regular meeting, the following exercises took place:

HONOR PAID TO COUNCILOR WICKES.

Preceding the regular Council meeting, Mayor Tobin and Mrs. Annie V. Hauer, accompanied by representatives of the Dorchester Mothers' and Dorchester Woman's Clubs, and a number of other citizens, appeared.

Mayor TOBIN—Mr. President of the City Council, City Clerk Wilfred J. Doyle, Ned Leary, members of the City Council and citizens of Boston, the duty which is mine today is indeed a most pleasant one, concerning a member of your Body who has been singled out for honor because of the outstanding heroism he showed last year in rescuing two small boys from drowning in Muddy river. As a consequence, he has become the recipient, at the hands of the Carnegie Foundation, of a medal rarely awarded, and only given in cases where unusual bravery has been shown by the recipient. For the heroism he displayed in rescuing from the Muddy river on March 7, 1940, two Roxbury boys, Henry and Elliot Gillard, aged eleven and nine years respectively, who had broken through rotten ice and were struggling in the water, he is entitled not only to the award of the Carnegie Foundation, but to the appreciation of his associates here and of the citizens of Boston generally. I can well remember the conditions that were prevailing in Boston at that time, because of the severe snowstorm we had had, and because of the bad after-effects of the storm. As I remember the circumstances, Councilor Wickes was passing in his car and at once took in the situation, plunging into the icy water and rescuing one boy who had broken through the ice and was drowning, and then rescuing the second boy, who had fallen from his ice cake and was also in the same danger. He took both boys to the City Hospital in his car, where all received treatment. The rescue was accomplished after considerable difficulty and danger, and because of the bravery he displayed he has not only been awarded the Carnegie bronze medal but also the Massachusetts Humane Society medal. It now gives me great pleasure to present to Councilor Wickes the Carnegie bronze medal, given to him in token of his heroism on that occasion.

(Mayor Tobin here presented to Councilor Wickes the Carnegie medal, amid applause.)

Mayor TOBIN then said: It also gives me great pleasure at this time to present to you Mrs. Annie V. Hauer, president of the Dorchester Center Community Chorus, who also has a medal to present to Councilor Wickes on behalf of the Massachusetts Humane Society.

Mrs. Hauer, accompanied by representatives of the Dorchester Mothers' and Dorchester Woman's Clubs, and by other citizens, here stepped forward.

Mrs. HAUER—Your Honor Mayor Tobin, members of the City Council, and also many friends of Councilor Wickes, I represent the mothers of the Dorchester district, who are indeed happy to appear here today in recognition of the heroic act of our fine, courageous councilor, who risked his life to save two boys who were drowning in Muddy river. We are indeed happy to know that we have such a fine, brave councilor, and in recognition of his act I am very much pleased at this time to present to him this medal of the Massachusetts Humane Society.

(Mrs. Hauer here pinned the medal of the Massachusetts Humane Society on Coun. Wickes' coat, amid applause.)

The regular Council proceedings were opened by the salute to the Flag.

CLEANING OF PORTRAITS.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1941.

To the City Council.

Gentlemen,—Before the reconstruction of the Council Chamber and rooms began in 1937 there were four valuable portraits hung on the walls, namely, George Washington, Zachary Taylor, Major Robert Anderson and Washington P. Gregg. While the work was going on these portraits were stored in the vaults of City Hall. I am informed by the chairman of the Art Commission that their condition is such that the commission would not permit them to be replaced in their former locations unless they were properly cleaned and repaired. To do a permanent job of restoration of these four portraits would cost several thousand dollars but the chairman agrees that for the sum of two hundred fifty dollars they can be put in sufficiently good condition to warrant rehanging them in the Council Chamber.

I accordingly recommend the passage of the accompanying order.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the Art Commission be authorized to expend a sum not exceeding two hundred and fifty dollars in the cleaning and repair of portraits belonging to the city; the amount so expended to be charged to the Contingent Fund.

Referred to Executive Committee.

CHANGING LIGHTING SYSTEM IN WARD 12.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 17, 1941, concerning the changing of the lighting system in the Ward 12 section of Boston from gas to electricity.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 17, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to change the lighting system in the Ward 12 section of Boston from gas to electricity."

A study is being made at the present time by the department engineers, in conjunction with a representative of the Boston Edison Company, to determine the advisability of changing the existing street lighting system in Ward 12 from gas to electricity.

I feel reasonably certain that the study referred to will result in the adoption, in a large part of the ward, of an electrical street lighting system, to replace the existing gas system.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

LEVELING OF ELEVATED RESERVATION BLUE HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of March 10, 1941, concerning the conferring with the manager of the Boston Elevated Railway relative to the leveling of the elevated reservation from American Legion Highway to Mattapan square in order that uniform safety zones may be established on Blue Hill avenue.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 24, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 10, 1941:

"Ordered, That the Commissioner of Public Works be ordered, through his Honor the Mayor, to confer with the manager of the Boston Elevated Railway relative to the leveling of the elevated reservation from American Legion Highway to Mattapan square in order that uniform safety zones may be established on Blue Hill avenue."

While, unquestionably, it would be desirable to eliminate the existing street car reservation that is located in that section of Blue Hill avenue that extends from American Legion Highway to Mattapan square it is more urgent, due to the large number of accidents that have occurred in the area, to first eliminate the reservation that is located in that section of the avenue that extends from American Legion Highway to Seaver street.

Last year the department, in conjunction with the Boston Elevated Railway, removed the street car reservation and reconstructed that part of Blue Hill avenue that extends from American Legion Highway to Charlotte street. During the current year it is proposed to extend this work to Columbia road, and in 1942 to complete the work as far as Seaver street. By eliminating the street car reservation in the latter-referenced sections of Blue Hill avenue, a substantial improvement will be effected by providing additional roadway area for the use of vehicular traffic and also by reducing, to a substantial extent, the dangerous condition now existing to pedestrians, due to their being required to cross vehicular traffic that is moving in both directions. In the latter-referenced sections of the avenue there is no safety island dividing the movement of traffic that is proceeding in both directions.

The section of Blue Hill avenue referred to in the above order, however, is not so dangerous from a pedestrian standpoint as the section that extends from American Legion Highway to Seaver street, as the motor traffic in the American Legion Highway to Mattapan square section is already divided by the existing street car reservation, and the only improvement that would be effected by eliminating the reservation in this section would be that involving vehicular traffic. The eliminating of the reservation would not, however, reduce the pedestrian hazard existing in that section at the present time, and, in view of this, it is not my opinion that it is as important to remove the reservation in that section as it is in the section of Blue Hill avenue that extends from American Legion Highway to Seaver street.

I feel, therefore, that there is no necessity at the present time for considering the elimination of the street car reservation in the American Legion Highway to Mattapan square section until the reservation has been eliminated and the street reconstructed in that section of the avenue that extends from American Legion Highway to Seaver street.

I discussed this matter with Mr. Dana of the Boston Elevated Railway two years ago, and, as a result of that conference, it was decided to extend the American Legion Highway to Seaver street work over a period of three years and upon the completion of that work to consider the elimination of the reservation in the section from American Legion Highway to Mattapan square. In view of the above-referenced conference, there is no necessity of my discussing the matter with Mr. Dana at this time.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

EXCHANGE OF FOOD ORDERS FOR FOOD STAMPS.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the Public Welfare Department relative to your order of March 3, 1941, concerning the advisability of allowing welfare recipients to exchange food orders for food stamps.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Overseers of the Public Welfare,
March 12, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Attention Mr. William T. Doyle.

Dear Sir,—This department has received your communication with inclosed copy of an order from the City Council, dated March 3, 1941, reading as follows:

"Ordered, That his Honor the Mayor be requested to confer with the Overseers of Public Welfare relative to the advisability of allowing welfare recipients to exchange food orders for food stamps."

May I inform the City Council through you that the Public Welfare Department has discontinued the issuance of grocery orders and now issues, by permission of the Surplus Marketing Administration, food stamps in their stead. This, I feel, is a very progressive step in that the recipient receives a food stamp book which has the orange stamp equivalent of the grocery orders formerly issued, and the blue stamps that are contained are an addition to that amount for food needs. In this way the person is allowed a much more extensive buying power.

Yours truly,
WILLIAM G. O'HARE, Secretary.

Placed on file.

ARC LIGHT, BOSTON STREET, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of March 3, 1941, concerning the installation of an arc light in front of 25 Boston street, Ward 7, near the first car stop coming from Andrew square.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 3, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light in front of 25 Boston street, Ward 7, near the first car stop coming from Andrew square."

I shall have an investigation made to determine the necessity of complying with the provisions of the above-referenced order.

In the event it is determined that street lighting conditions at the location referred to above are inadequate, you may be assured that I shall comply with the provisions of the order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING OF WARD 13 STREETS.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 10, 1941, concerning the resurfacing of the following streets in Ward 13, as W. P. A. projects: Brook avenue, Ingleside street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 10, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface the following streets in Ward 13, as W. P. A. projects: Brook avenue, Ingleside street."

In the event that it is determined by the department engineers that the above-referenced streets need to be resurfaced, I assure you that I shall make the necessary arrangements to comply with the provisions of the order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

RESURFACING OF WEST FIRST STREET.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 10, 1941, concerning the resurfacing with smooth pavement of West First street, from Farragut road to D street, and to install granolithic sidewalks thereon.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 10, 1941:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement West First street, from Farragut road to D street, and to install granolithic sidewalks thereon."

In the event that it is determined by the department engineers that it is necessary to install granolithic sidewalks and to resurface the roadway area of the above-referenced street, you may be assured that I shall make the necessary arrangements to comply with the provisions of the order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

RESURFACING OF CORLISS STREET, WARD 11.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of March 3, 1941, concerning the resurfacing with smooth pavement of Corliss street, Ward 11.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Bosxton,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 3, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth pavement Corliss street, Ward 11."

In the event that it is determined by the department engineers that the above-referenced street needs to be resurfaced, I assure you that I shall make the necessary arrangements to comply with the provisions of the order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING OF STILLMAN STREET, WARD 3.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of March 10, 1941, concerning the resurfacing with smooth paving of Stillman street, Ward 3.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 10, 1941:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth paving Stillman street, Ward 3."

In the event that it is determined by the department engineers that the above-referenced street needs to be resurfaced, I assure you that I shall make the necessary arrangements to comply with the provisions of the order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING LENOX STREET, WARD 9.

The following was received:

City of Boston,
Office of the Mayor, March 21, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of March 3, 1941, concerning the resurfacing with smooth pavement of Lenox street, from Washington street to Tremont street, Ward 9, and also to reset the curb and resurface the sidewalks on said street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 3, 1941:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement Lenox street, from Washington street to Tremont street, Ward 9; and be it further

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to reset the curb and resurface the sidewalks on said street."

In the event that the department engineers should determine that it is necessary to resurface the roadway area of Lenox street and to reset the curb and resurface the sidewalks, you may be assured that I shall make the necessary arrangements to comply with the provisions of the above-referenced order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

MEMORIAL, WORLD WAR VETERANS, UNION SQUARE.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 10, 1941, concerning the erection of a bronze plaque on the large circle at Union square commemorating the memory of the veterans who died in the World War.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 10, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to permit the erection of a bronze plaque on the large circle at Union square commemorating the memory of the veterans who died in the World War."

Before the Public Works Department is allowed to issue a permit in connection with matters similar to that referrred to in the above order, the Board of Street Commissioners must, in accordance with existing City Ordinances, authorize the issuance of such a permit.

In view of this, therefore, it will be necessary for the Street Commissioners to act on this matter before this department is authorized to issue the necessary permit providing for the erection of the plaque.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PARKING EXEMPTIONS FOR PHYSICIANS' CARS.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Police Commissioner relative to your order of March 10, 1941, concerning the members of the Police Department refraining from placing tags for parking violation on the cars of doctors bearing the insignia of the medical profession.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Police Department, March 20, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

My dear Mr. Doyle,—I have your communication of March 13 inclosing copy of City Council order passed on March 10, 1941, to wit:

"That the Police Commissioner be requested to instruct all members of his department to refrain from placing tags for parking violation on the cars of doctors bearing the insignia of the medical profession."

While there is a great deal of merit in the order passed by the City Council, I regret to advise you that the Police Commissioner, under the law, has no authority to effect any discrimination on the part of police officers in the matter of tagging cars for violation of the Parking Rules and Regulations.

The Boston Traffic Commission is the only authority empowered by law to modify any of the existing parking regulations from which relief may be desired by any particular group of motorists.

It is incumbent upon the Police Department to enforce the Traffic Rules and Regulations without discrimination, and this will continue to be the policy of this department.

I would thank you to have this information conveyed to the members of the City Council in order that the position of this department may be thoroughly understood in the premises.

Yours very truly,
JOSEPH F. TIMILITY,
Police Commissioner.

Placed on file.

INFORMATION RE PROPOSED LEGISLATION CONCERNING CITY.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Legislative Agent relative to your order of March 3, 1941, concerning the keeping the City Council informed regarding legislation now pending or which may in the future be pending, if such legislation concerns the City of Boston and be it further requested that the said Legislative Agent furnish to the City Council the dates of hearings of such legislation.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston, March 14, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 3, 1941:

"Ordered, That the Legislative Agent of the City of Boston be requested, through his Honor the Mayor, to keep the City Council informed

regarding legislation now pending or which may in the future be pending, if such legislation concerns the City of Boston and be it further requested that the said Legislative Agent furnish to the City Council the dates of hearings of such legislation."

I shall be pleased to cooperate with the members of the City Council, and shall keep them informed of all legislation pertaining to the city and the dates assigned for committee hearings on such legislation. I shall also send a weekly calendar.

Sincerely,
DAVID M. OWENS,
Legislative Agent.

Placed on file.

RESURFACING WARD 13 STREETS.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 17, 1941, concerning the resurfacing of the following streets in Ward 13, as W. P. A. projects: Denny street, Spring Garden street, Mayfield street.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
March 21, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 17, 1941:

"Ordered, That the Commissioner of Public Works be requested, through his honor the Mayor, to resurface the following streets in Ward 13, as W. P. A. projects: Denny street, Spring Garden street, Mayfield street."

In the event that it is determined by the department engineers that the above-referenced streets need to be resurfaced, I assure you that I shall make the necessary arrangements to comply with the provisions of the order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

BUS SERVICE, MASSACHUSETTS AVENUE TO BOYLSTON AND CHARLES STREETS.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the President and General Manager of the Boston Elevated Railway Company relative to your order of March 10, 1941, concerning the bus service from Massachusetts avenue to Boylston and Charles streets.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

Boston Elevated Railway,
March 17, 1941.

Mr. W. T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letter of March 11, with order of the City Council, the Board of Trustees plan to operate bus service from Massachusetts avenue to Boylston and Charles streets in the near future as soon as the street conditions are found to be reasonably satisfactory for such operation. They cannot operate this five-cent fare for a longer distance than set forth.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

TRAFFIC SIGNALS, DOUGLAS SQUARE, WARD 9.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of March 3, 1941, concerning the erecting of traffic signals at the junction of Hammond and Tremont streets, known as Douglas square, Ward 9.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Traffic Commission, March 21, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,— This is in reply to Council order dated March 3, 1941, which reads as follows:

"Ordered, That the Traffic Commission be requested through his Honor the Mayor, to erect traffic signals at the junction of Hammond and Tremont streets, known as Douglas square, Ward 9."

I regret to state that at the present time there are no funds available for the installation of traffic signals.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.:

Weigher of Goods: Miss Mary Conroy, 24 Bellingham avenue, Everett.

Laid over a week under the law.

SURVEY RE EDUCATION OF REFUGEE CHILDREN.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Secretary of the School Committee of the City of Boston relative to your order of February 10, 1941, concerning the making of a survey in the City of Boston to determine how many refugee children are now residing in this city with a view to providing for their education.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
School Committee, March 21, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—Under date of March 7, 1941, you referred to the School Committee an order passed by the City Council in meeting February 10, 1941:

"That the Boston School Committee consider making a survey in the City of Boston to determine how many refugee children are now residing in this city with a view to providing for their education."

The School Committee would respectfully report that Boston now is providing education in the public schools for any refugee children who may be residents of the city. The number of such children is not available, but the School Committee is satisfied that the number is small and that there is no occasion for making any special survey to determine the actual numbers at this time.

Very truly yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Mrs. Ralph B. Snow, for compensation for injuries caused by an alleged defect in Massachusetts avenue.

George Sperry, to be reimbursed for clothing lost in fire.

Helen D. Vincent, for compensation for injuries caused by an alleged defect at 390 Chelsea street.

James Mansour, for rebate on parking license.

Executive.

Petition of Mary E. Foster to be paid an annuity on account of death of husband, William J. Foster, late member of the Fire Department.

Petition of Mary E. Nary, to be paid an annuity on account of death of her husband, Thomas M. Nary, late member of the Fire Department.

Petition of Boston American League Baseball Company for license for Sunday sports.

SIDEWALK ASSESSMENTS.

Communications were received from the Commissioner of Public Works together with orders assessing half-cost of sidewalk construction in front of their estates to owners of said property, viz.:

	Half-Cost.
Bellflower street, Ward 7	$59 85
Savin Hill avenue, Ward 13	61 81
Train street, Ward 16	55 70
Oakwood street, Ward 17	31 50
Gibson street, Ward 16	82 80

The orders were severally passed under suspension of the rule.

REPORT OF COMMITTEE ON APPROPRIATIONS.

Coun. GOTTLIEB, for the Committee on Appropriations, submitted the following report on the annual budget, viz.:

The Committee on Appropriations, to whom was referred January 27, 1941, appropriations and tax orders for the year 1941, commonly referred to as the budget, having considered the same, respectfully submit the following report:

Department heads appeared before this committee and were interrogated on all major items in their respective budgets. Appropriations were carefully checked in the hope that reductions might be made without impairment to municipal services required to be rendered. Public hearings were conducted by this committee and attended by representatives of various civic organizations. The committee was pleased to accord every possible consideration to recommendations made by parties interested in municipal administration. Every recommendation which was submitted was carefully scrutinized with the viewpoint of sound economy in city government.

The committee recommends that the allowance of $75,000 for the partial reconstruction of the roof of the Central Library be cut from the budget without prejudice, for the reason that it is still an unsettled question whether or not this roof should be entirely reconstructed or given extensive repairs. Whatever is decided can be made the subject of a later appropriation.

The committee recommends that the special appropriation, $500,000, for snow removal be reduced to $450,000.

The committee recommends that the Public Works appropriation for Sanitary Service be reduced $10,000 in the B Schedule for Contractual Service.

It is significant that although no salary cuts have been made and no necessary services have been curtailed that there is a marked decrease in the expenditures in the city for personal service. The committee feels that it has now become a well-known fact that the taxpayers are aware that many appropriation schedules, such as the State Assessment, the Metropolitan District Assessment, the Boston School System, Debt Requirements, Pension Fund Assessments, Mandatory County Appropriations, and other expenses, under existing law, are not subject to reduction or revision by the City Council.

Many of the recommendations made to the committee should have been presented to the Legislature and were totally outside the scope and duties of the City Council. Moreover, it is the belief of the committee that several of the recommendations made did not take into consideration the human element involved.

The committee believes that the budget as submitted to the full membership of the City Council has effected every possible recommendation which, considering the scope of our jurisdiction, meets the needs, desires, and expectations of the city. We are of the opinion that at present no further reductions are feasible.

The committee therefore recommends passage of the accompanying orders which are the same as those submitted by the Mayor with the exception of the elimination of $75,000 for the partial reconstruction of the library roof, a reduction of $50,000 in the special appropriation for snow removal, and a reduction of $10,000 in the appropriation of the Sanitary Division, B Schedule, Public Works Department.

Respectfully submitted,

JOSEPH J. GOTTLIEB.
For the Committee.

—

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1941.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1941, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the State, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for the *City Record* be met by the income of said publication and any excess over income from taxes; and the appropriation for the Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; and the appropriation for the Foreclosed Real Estate Division be met by the income of said division, exclusive of proceeds from the sale of foreclosed property, and any excess over income from taxes; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1940, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation by the income of the financial year beginning January 1, 1941, and by taxes on the polls and estates in the City of Boston, and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1941, or for any other taxes or assessments payable to the Commonwealth shall be payable in two equal installments, on July first and on October first of 1941; that interest shall be charged on all taxes remaining unpaid after the first day of November, 1941, in accordance with the provisions of chapter 59, section 57, of the General Laws, as amended, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the first day of October, 1941, until paid, and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

The report was accepted, and the question came on the passage of the appropriation orders.

Coun. D. F. SULLIVAN—Mr. President, before the vote is taken I would like to ask, if in order, that the Park Department budget be referred back to the Mayor, not being passed today, but if possible being acted upon separately later. I realize, of course, that we have not the power to increase any item in the budget, that that power rests in the Mayor alone. But I would like to have the Park Department's budget referred back to the Mayor, with the hope that an increase may be made in the personal service schedule of the Park Department, so that the department may be better able to take care of our parks and playgrounds, which are in a deplorable condition. The department has been some 200-odd men short for a period of years, with the result that there has necessarily been a lack of such supervision as we should have. For example, we have this afternoon seen medals presented to our colleague, Councilor Wickes, for saving a couple of lives in Muddy river about a year ago, at which time, because of the ice conditions, which might have been remedied if there had been more employees, a very dangerous situation had arisen. If there had been an opportunity to have more complete supervision, those boys probably would not have been playing around Muddy river at that particular point. The playgrounds and parks, not only in my section, but in the entire city, even in spite of the W. P. A. work that has been going on, are still in disgraceful condition. Our parks need re-sodding, need to have benches repaired and replaced, and the houses and the grounds generally need a going over. In many of our playgrounds there is only one man in charge, and, of course, he is unable to completely take care of the playground. Something should be done about the hard stones that stick up in several of our playgrounds, with the result that youngsters have to go to the City Hospital frequently by reason of falling on these stones and being injured. The shortness of help, resulting in the impossibility of attending to these details, and the difficulty of proper supervision, is the reason why many children feel that they have to play out in the streets, with the resulting menace to life and limb. I hope, therefore, that this appropriation may be referred back to the Mayor for possible action, which, by giving a larger force to the department, will result in doing away with troubles of this kind. I would, therefore, favor this portion of the budget being referred back to the Mayor.

President GALVIN—The Chair will state that that is a matter that can be taken up later, if the Mayor feels that an additional appropriation should be made to cover what the gentleman has in mind.

Coun. TAYLOR—Mr. President, I was present at a great many of these Appropriation Committee hearings, and was rather impressed with what was said by most of the department heads who appeared before us, to the effect that there has not been for some years any increase in personnel in the different departments, but as a matter of fact a large decrease in personnel in many of the departments through the carrying out of the no-hiring policy. The reduction has been made, however, without firing one city employee or without cutting their pay one cent. I was also

impressed by the fact in a great many of our departments, under the D supply of materials schedule, that there had been a considerable decrease from one year to another since 1937. As a result, at the present time the City of Boston is spending considerably less for supplies and materials than it had spent in years heretofore. This, of course, made it particularly difficult, in my opinion, for the Appropriations Committee to cut down the budget one red cent. So far as the removal of snow is concerned, by reason of recent favorable weather and on account of economy in the Public Works Department, something can be cut from that appropriation. As far as the library roof is concerned, while I believe that at some time in the future that matter can be taken up more intelligently when it is determined what it will really cost, I am in sympathy at the present time with the committee's suggested action in that matter, because of the city's finances. There was, however, one thing that particularly impressed me. We had before us at the public hearings, as usual, Mr. Loeffler, of the Municipal Research Bureau. Mr. Loeffler, who is the head of this particular bureau, this year came before the committee as usual and attempted to convince the members of the Body that certain reduction should be made. Year in and year out, for many years, he has come in and made the same recommendation in that respect, until many of us felt that he was really serious in his attempt to reduce the tax rate of the City of Boston in the interest of the home owner, although he would from year to year recommend the reduction of wages and salaries of those employed by the city, and would recommend year by year the curtailment of personnel, to an extent in fact that would result in the people of the city not receiving the service to which they are entitled at the hands of the municipal government, in return for their payment of taxes; to an extent, in fact, where they would suffer because of curtailment of City Hospital, Fire Department, Police and other public services. Nevertheless, I had thought, as other members of the Body had probably thought, that this man was carrying out a job for which he was employed, and that he thought he was acting in the interest of the city. We were inclined to think that there might be some merit to his argument if he could give us some facts that could prove to us he was interested in spending this money in a way that would be to the advantage of the citizens. But this year Mr. Loeffler came in with some facts and we attempted to check up on them, and I am now convinced that Mr. Loeffler does not represent the taxpayers of the City of Boston. He represents the wealthy group, in my opinion, not the small real estate owners, but the bondholding group in the City of Boston. He is interested in securing these bonds, and he undoubtedly feels that the lower the tax rate of the City of Boston is, regardless of the shoulders upon whom it falls, the more it will help the bondholders of the City of Boston. I am convinced that this man represents those people, the bondholders, and not the ordinary citizenship of the City of Boston. But he has the nerve and temerity to come before the Body and suggest certain things. For example, he suggests that the eight milk inspectors of the city, hired for the purpose of seeing that the milk that comes into the city is proper milk for the consumption of women and children, be dropped from our rolls. He has the nerve and temerity to say that the City of Boston could save $16,000 in that way. He claims that there is a duplication of those services, that this service is now handled by state inspectors, and that it is unnecessary for the City of Boston to have milk inspectors.

From various reliable sources I have learned that the state inspectors do not perform this work, that what they do is to visit the various farms once a year only for the purpose of determining whether the dairy farms have sufficient equipment. They do not go any farther than that, and they never call more than once a year, and they never have inspected the milk that comes to the City of Boston or made up a check-up in regard to the subsequent handling of the milk. They only look the farms over at the beginning. The City of Boston hires eight milk inspectors for the purpose of inspecting the equipment many times during the year, and determining whether the machines are kept in a sanitary condition, so as not to jeopardize the lives and safety of the children of the city. Statistics show that twenty to thirty years ago, out of every 100,000 infants in Boston, 300 would die chiefly because of improper milk coming into the city. Today there are only 33 such deaths out of 100,000, a drop from 300 to 33. When I put the question up to Mr. Loeffler, asking him if he knew that the state inspectors did not do the work that the city inspectors do, he said, "No, he did not know that." He was not at all familiar with that fact. Then I said, "Assuming that that statement is true and that the City of Boston is the only authority that takes it upon itself to inspect the milk, would you advocate making such a reduction in the city's inspectors?" And he said, "No, I wouldn't recommend it." So that is only one instance of this man coming before you and recommending the taking of $16,000 out of the budget to carry these eight milk inspectors, and at the same time jeopardizing the health of the people of the City of Boston. If that is economy, I am afraid that I can never be a party to such economy. But the fact is that he cuts here, in order to save something for the bondholders of the city, and recommends the dropping of eight milk inspectors in that instance, when we all know that the most important duty of a member of the City Council or of anybody connected with the city government is to protect the health and welfare of the people of Boston. That is, however, only one instance. Then he came in and said, "Reduce the number of constables in the City of Boston." We showed to him the fact that the City of Boston today hires some sixty-odd constables, whereas in other administrations the number was as high as 120, the number having been reduced one half. I said, "Don't you think it is necessary to have those constables?" He said, "No." I said, "What do you base your conclusion on?" He said that they were unnecessary, that they were only a source of expense. When I showed to him the amount of revenue collected by the constables of the City of Boston that we were receiving, and asked him whether, if he knew that such was the fact, he would recommend the reduction, he said he did not know whether or not what I sated was the fact. Now, Mr. President, how can we, as members of the city government today, take any stock in the advice of a man who comes here and says there should be a reduction, just because he desires a reduction, probably in the interest of the bondholders, the wealthy people whom he represents? He does not have the facts to back up his assertions. He also says, "Reduce the Police Department by so many policemen." Of course, Mr. Loeffler lives in Cambridge and does not have to be protected here in the City of Boston. He does not know that in my district we do not have enough policemen and that the people of the district continually have to submit to hold-ups and attacks on women. Doesn't he know that a proper number of policemen are required here to handle that sort of thing, to prevent hold-ups, breaks, and attacks on women? I showed him that in 1930 there were 2,400 policemen in this city, and today there are but 2,000, a reduction of 400. I said to him, "That being the fact, do you still want to reduce the number?" And he said, "Yes." I asked him upon what facts he desired to reduce the number of police. Well, it appeared that there was some out-of-town chief of police who said that we could reduce the number. So that is the character of the statements that he came and made to our committee. I don't think the members of the City Council are going to be influenced by any such so-called testimony.

The fact is, Mr. Chairman and gentlemen, that he comes here for one purpose, and one purpose alone,—because he is being paid by his wealthy bondholders of the city, trying to reduce the taxes and protect their security. We are not, however, interested in the bondholders of the City of Boston, but in the people of the City of Boston, in whom Mr. Loeffler is not very much interested. We all know what our problems are, and that their solution depends principally upon the Legislature. This Mr. Loeffler wishes to take away from the poor unfortunates money that they receive from the City of Boston through welfare. He is willing to allow them to starve on the streets. He knows, or should know, that the welfare expense of the City of Boston has increased to the extent of $10,000,000 in ten years. Does he think that he can cut $2,000,000 or more from the welfare recipients in order to pay $2,000,000 or more of our money to bondholders? Is he making any attempt to reduce the amount paid the state, the millions that are paid to the Commonwealth? How can that be reduced? There is only one answer. The State of Massachusetts controls that, and I say to you, Mr. Loeffler, that that is the place to do your work, if you are really serious in your efforts. To sum up, Mr. President, we have not had one single decent recommendation from any outside interest that would help us in this matter. Mr. Loeffler is simply representing the bondholders, and I say that we should disregard his suggestions, and pass the budget as recommended by the Appropriations Committee.

The Council passed the budget as submitted by the Appropriations Committee, yeas 20, nays, Coun. Coffey—1.

ADDITIONAL SERVICE IN PARKS AND PLAYGROUNDS.

Coun. D. H. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to initiate an additional appropriation for personal service in the Park Department for the purpose of furnishing additional service for the parks, playgrounds and other play areas.

Passed under suspension of the rule.

ASSESSMENTS IN WARD 16.

Coun. FISH offered the following:

Ordered, That the Board of Assessors, acting in accordance with the law, set a fair cash value on real and personal properties in Ward 16.

Coun. FISH—Mr. President, I shall be very brief in speaking on this order. The present method of setting a fair cash value on real and personal properties in Ward 16 is the most absurd thing I have heard of for a long while. Just think of the idea that the assessors today should promote any movement to increase the valuations of property in Ward 16! The same remark could be applied, I think, to any ward in Boston today. I think all the members of the Council will agree with me on that. I appreciate the fact that many of the orders we put in here do not represent final reality. They are merely recommendations or requests. But this particular order that I have offered goes a little farther than that. This is a warning to the Board of Assessors from the people of Dorchester that we will not tolerate any increase in valuations in Ward 16. And, while I am standing on my feet, I will give one particular warning to one particular assessor, whose name I will mention,—Mr. Henry Hartmere,—that he will have to stop his insulting and contemptuous treatment of the people of Ward 16.

The order was passed under suspension of the rule.

SEATING ACCOMMODATIONS FOR WELFARE RECIPIENTS.

Coun. WICKES offered the following:

Ordered, That the Commissioner of Public Welfare be requested, through his Honor the Mayor, to make arrangements for the installation of benches or chairs on the second floor of the welfare building on Hancock street, Dorchester, for the convenience of recipients of public welfare.

Coun. WICKES—Mr. President, recently when I went to the welfare office on Hancock street, Dorchester, I witnessed almost two hundred people standing for approximately two hours awaiting their turn to see those in charge to talk over their business. Those poor people had to stand there all that time. There are no chairs and no benches in that hall. Many of the women who go there are in delicate condition. There is no question that benches and chairs should be provided for those recipients who have to wait such a long period of time to have their business taken care of. I had been promised on my previous visit that something would be done, but I have been there since, and again found those people standing, those poor people who, for many years, practically all their lives, have been paying taxes, and who certainly deserve some consideration at the hands of those people. The least the City of Boston can do is to provide benches or chairs for them to sit down while awaiting their check or welfare relief. I certainly trust that the Commissioner of Public Welfare will see that something is done to relieve this condition, that the people up there will keep their promise and see that chairs or benches are supplied. I trust that the order will pass.

The order was passed under suspension of the rule.

PUBLIC REST ROOMS AT CITY HOSPITAL.

Coun. WICKES offered the following:

Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to make arrangements to have the doors of the ladies' and gentlemen's rest rooms, near the main entrance, open twenty-four hours a day.

Coun. WICKES—Mr. Chairman, recently when Doctor Manary and Mr. Dreyfus came before the Appropriations Committee, of which I am a member, I particularly asked Doctor Manary if he would see to it that those two rest rooms—namely, one for the ladies and one for the gentlemen—at the main entrance of the City Hospital remain open after eight o'clock at night, as well as during the day. I reminded him at that time that we human beings must use those rooms after eight o'clock just as much as before eight. He said at that time that he was amazed to learn that the doors of those rest rooms were not open to the public after eight o'clock at night. Mr. Dreyfus also said that he would take care of it. I have been going there right along, as much as usual, and to my amazement I find that the doors are still locked after eight o'clock at night. Last Saturday night, when I went to the City Hospital, there were two ladies visiting a relative of theirs on the dangerous list, and it was necessary for those ladies to use the rest room, and there was no rest room, or, talking plainly, toilet for those ladies to use. The person at the desk said that after eight o'clock at night many people requested a key to those doors but he was sorry to inform the people that the doors were not kept open and that those rooms could not be used after eight. In my opinion and, I am sure, the opinion of the people of the City of Boston generally, that is a deplorable condition, expecially when Doctor Manary promised me most emphatically that he would see to it that those doors would be unlocked after eight o'clock at night. I hope now that the Council will pass this order, and that those doors to the rest rooms will be open all night as well as all day.

The order was passed under suspension of the rule.

LIGHTING CONDITIONS, GREENWOOD SECTION, HYDE PARK.

Coun. GOODE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of the lighting conditions in the vicinity of the newly developed Greenwood section

of Hyde Park, particularly along West street, from Hyde Park avenue to the George Wright Golf Course.

Passed under suspension of the rule.

ACCEPTANCE OF WARD 18 STREETS.

Coun. GOODE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway, under the W. P. A. plan of construction, Stow road, Ward 18.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway, under the W. P. A. plan of construction, Burmah street, in the Mattapan section of Ward 18.

Severally passed under suspension of the rule.

CONSTRUCTION OF SIDEWALKS, WARD 18.

Coun. GOODE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct sidewalks on River street, Ward 18, at the intersection of Perkins street, under the W. P. A. plan of construction.

Order, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct sidewalks on Harvard avenue, between Everett street and Hyde Park avenue, Ward 18, under the W. P. A. type of construction.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct a sidewalk on the left-hand side of Almont street, from Blue Hill avenue to the Almont Street Playground.

Severally passed under suspension of the rule.

RECESS.

By direction of President GALVIN, the Council took a recess at 3.05 p. m. The members reassembled and were called to order by President GALVIN at 3.35 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on petition of Boston American League Baseball Company (referred today) for license for Sunday sports, Fenway Park—that license be granted.

Report accepted; license granted under the usual conditions.

2. Report on message of Mayor and order (referred today) appropriating $250 for cleaning of portraits—that same ought to pass.

The report was accepted and the order passed, yeas 18, nays 0.

PERSONS CALLED FOR JURY SERVICE.

Coun. ENGLERT offered the following:

Ordered, That the Board of Election Commissioners be requested, through his Honor the Mayor, to so arrange it that persons receiving notices in connection with jury service may call at the office of the Board after the usual hours in order that they may not lose any time from their employment.

Coun. ENGLERT—Mr. President, in introducing this order I might say that a number of men in my district went before the Election Board one day last week in regard to jury service between the hours of nine and five. Many of those men lost two or three hours in the day, and in some cases half a day's pay. I think some arrangement could be made through the Election Department to keep the office open after the usual hours, so that men having occasion to go there in connection with jury service may do so at night, without losing any pay.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

Report on petition of Vincent Mottola (referred December 30, 1940) for driveway opening at corner of Market and Faneuil streets—that same ought to pass.

Report accepted; license granted under usual conditions.

INDORSEMENT OF H. R. 3301.

Coun. COFFEY offered the following:

Resolved, That the City Council of Boston, in meeting assembled, hereby favors the enactment of H. R. 3301, now pending in Congress, which provides for the restoration of the percentage wage differential for a leading man and for a quarterman at any Navy Yard in the United States; and be it further

Resolved, That a copy of this resolution be sent to the Clerk of the House of Representatives and Clerk of the Senate in Washington.

Passed under suspension of the rule.

YOUTH CENTER, WARD 3.

Coun. RUSSO offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to erect a youth center in Ward 3.

Passed under suspension of the rule.

STATUE TO HEROES OF SPANISH-AMERICAN WAR.

Coun. RUSSO and GALVIN offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to erect a statue at a suitable location in commemoration of the heroes of the Spanish-American War.

Passed under suspension of the rule.

TRAINING MEN FOR NATIONAL DEFENSE, ETC.

Coun. D. F. SULLIVAN offered the following:

Ordered, That his Honor the Mayor instruct the Director of Public Welfare to consider the advisability of retraining eligible men on the Public Welfare by utilizing existing agencies such as the schools so that these men may be prepared to fit into the National Defense Program; and be it further

Ordered, That his Honor the Mayor instruct the Director of Public Welfare to devise a sound educational program whereby eligible persons on the public welfare rolls may be prepared for American citizenship; and be it further

Ordered, That his Honor the Mayor instruct the Director of Public Welfare to cooperate with the Federal Government and instruct all eligible persons on the public welfare rolls to register at the State Employment Office in connection with the National Defense Program.

Coun. D. F. SULLIVAN—Mr. President, I am offering this series of orders so that we may utilize every possible source of aid to our Government. I feel that such a program as set forth in the above orders can be developed as a supplement to the existing National Defense Training Program as carried out in our schools. Selected W. P. A. workers are enrolled in these courses. I feel that there are many eligible workers on our welfare rolls who, due to technical restrictions of the W. P. A. quota system have been denied this opportunity for possible retraining and usefulness to the Government. As a possible rebuttal to the claim of some that many non-citizens are on our rolls and therefore ineligible for any such retraining program, although possibly qualified from a technical standpoint, I believe steps should be taken immediately to prepare these persons for citizenship. This is a plan which will take time but if started now may assist in preparing another source of labor for the Government. I trust that the orders will pass.

The orders were passed under suspension of the rule.

SIDEWALKS, SAVIN HILL AVENUE, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic sidewalks on both sides of Savin Hill avenue, between Southview street and Evandale terrace, Ward 13, as a W. P. A. project.

Passed under suspension of the rule.

RESURFACING OF CEYLON STREET, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Ceylon street, from Bird to Quincy street, Ward 13, as a W. P. A. project.

Passed under suspension of the rule.

ARC LIGHT AT PEABODY SQUARE.

Coun. FISH offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install an arc light for the protection of the police officer directing traffic at Peabody square.

Coun. FISH—Mr. President, all I wish to say on this order is that some night they will find a dead officer out at Peabody square if an arc light is not installed there.

The order was passed under suspension of the rule.

FREE TRANSPORTATION FOR MEN IN SERVICE.

Coun. FISH offered the following:

Ordered, That the Trustees of the Boston Elevated be requested, through his Honor the Mayor, to extend half-fare transportation privilege to all men wearing the uniform of the military, naval and air force of the United States.

Coun. FISH—Mr. President, briefly, I think the time is going to come very soon, from information I have gathered from various sources, through the investigation by the Finance Commission and otherwise, when the people of Boston will once again be able to enjoy five-cent fares, which never in the first place should have been taken away from them. But I certainly think that uniformed men should be given some such privilege as is suggested here at the hands of the Elevated.

Coun. CHASE—Mr. President, I would move that the order be amended so that the privilege of riding without paying a fare shall be extended to our armed forces the same as to the policemen and firemen of the City of Boston. I feel that young men who are taken away from their homes and taken away from jobs where they are getting good wages, to go into training for a whole year or more, should be given some such special privilege. I think they are sacrificing a lot, and I feel that the citizenry of Massachusetts, particularly of Boston, would be very much in favor of giving them this consideration. So I would move that the order be amended accordingly, striking out the words "half-fare transportation privilege" and inserting in place thereof the words "free transportation."

The question came on the adoption of the amendment.

Coun. CAREY—Mr. President, I think the order is a very good one. The only fault I find with it is that these young men, who are receiving only $21 a month, are being given little enough consideration if they are allowed to ride free on the cars of the Elevated road. When they have an opportunity to go home and see their folks they should at least have a chance to ride free on the Elevated.

Coun. Chase's amendment was adopted, and the order as amended was passed.

OPPOSITION TO TAX ON WEEKLY WAGES.

Coun. FISH offered the following:

Ordered, That the members of the Massachusetts delegation in Congress be requested, through his Honor the Mayor, to register opposition to the proposed legislation which would place a tax of five per cent on weekly wages.

Passed under suspension of the rule.

MONUMENT TO 28TH MASSACHUSETTS VOLUNTEER REGIMENT.

Coun. GOODE and M. H. SULLIVAN offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to erect at Camp Meigs, Readville, a suitable plaque, or monument, memorializing the 28th Massachusetts Volunteer Regiment which was disbanded here shortly after the Civil War, in which the regiment achieved an outstanding record for feats of heroism.

Coun. GOODE—Mr. President, it is surprising to me that in a city as Irish as Boston is, the exploits of the old 28th Massachusetts Volunteer Regiment, which was disbanded at Readville on July 6, 1865, should be forgotten. The regiment was composed pre-eminently of young Irishmen and men of Irish extraction, many of them coming from South Boston, and it distinguished itself particularly in the Civil War, under the leadership of Thomas Francis Meagher, at Fredericksburg, Appommatox and other important battles. It suffered many fatalities and had to have replacements by other young Irishmen in Boston, who were always ready to step in and fill the vacancies. They were inducted into the service at Camp Cameron, in North Cambridge, and were mustered out at Readville, near the race track. It seems to me that it is only proper that their services should be commemorated in some substantial form, and I trust that the Body will see fit to pass the order.

The order was passed under suspension of the rule.

ROPING OFF STREETS MARCH 29.

Coun. LANGAN, LYONS, ENGLERT, CAREY and GOODE offered the following:

Ordered, That the City Messenger be requested to arrange for the roping off of the streets at the points necessary along the route of the annual race conducted by the Reddish A. A. on March 29, the expense of same to be charged to the City Council appropriation for Stakes, Ropes and Flags.

Passed under suspension of the rule.

WARD 19 IMPROVEMENTS.

Coun. LANGAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to pave Newbern and John A. Andrew streets, under the W. P. A. plan of construction.

—

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to construct sidewalks on the following streets in Ward 19: Newbern street, Everett street and John A. Andrew street, under the W. P. A. plan of construction.

Severally passed under suspension of the rule.

EXORBITANT PARKING FEES.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, not to grant a renewal of any permit for the operation of an outdoor parking space to any individual charging exorbitant parking fees or to any concern which violates the law in connection with the parking of automobiles.

Coun. M. H. SULLIVAN—Mr. President, I understand that it is within the province of the Board of Street Commissioners to refuse a license for a parking space to any person or organization within the precincts of Boston that does not conform to certain necessary rules in connection with the granting of the license. I understand also that the Street Commissioners may refuse to grant a license to any such person or group charging more than reasonable fees. At the present time, on some of these parking spaces, a charge in the neighborhood of 75 cents has been made for parking, and I understand that in some cases even that fee has been exceeded. Now, Mr. President, the Board of Street Commissioners have the right, I understand, to refuse a license in such cases to any person or group of persons. If automobile owners are expected to pay any such parking fees, in many cases they might as well hand over their cars, because in six months the parking fees would in many cases exceed the value of the cars. Certainly, these parking space people should be obliged to comply with reasonable regulations. I went to the Metropolitan Theater the other night and placed my car in a parking area. When I came out of the theater, it took me exactly thirty-five minutes to get into my car and get out of the parking space onto the street. Because of the jam of all sorts of vehicles, I had to wait until everybody got away. I certainly do not think that those running that parking space were complying with proper regulations, or that they were observing any regulations whatever. If the proper authorities are going to allow that sort of thing, I am afraid they are striking a severe blow at automobile owners and are really injuring the automobile and parking industry, as well as greatly inconveniencing the parking public. I certainly do not know, either, why on parking spaces in the metropolitan area or in the City of Boston those running parking areas should be allowed to charge a fee for cars that are parked on the streets or sidewalks. I don't know why that sort of thing is allowed and why parking signs should be put up, as they are in Park square and on Tremont street, during some of the rush hours of the day and night. You will find cars parked, four and five next to each other, on the sidewalk and at the normal means of entrance and exit to some of these parking areas, certainly in violation of all rules for the clearance of the streets and sidewalks. I certainly cannot understand why these parking people should charge for parking space on cars that are parked on sidewalks and on the streets, which are supposed to be owned by the people and are supposed to be kept clear for their benefit. Nevertheless, those running these parking spaces are exercising such privileges, while the ordinary man coming here for business and parking his car for a short time on the street is subject to penalty. Certainly, also, the Assessing Department should assess every parking space within the city area, having this practice in mind; and the police, in any event, should not allow the blocking of our streets and sidewalks. It seems to me that the police should not allow these conditions to continue, and there is no question that they create a serious fire hazard. It is evident, also, that the men running these parking spaces have been taking advantage within the past few weeks of the tagging campaign in Boston to increase their charges and to utilize every available bit of space, whether they are entitled to it or not. I think a number of members of this Body must realize the difficulty they are having in getting into and out of parking spaces, under present conditions. I am, therefore, asking the Street Commissioners, through the Mayor, not to grant a renewal of any permit for the operation of an outdoor parking space to any individual charging exorbitant parking fees or to any concern which violates the law in connection with the parking of automobiles, such as the improper blocking of streets and sidewalks. No people engaged illegally in this sort of business should be allowed to continue. I think also it is a matter which should be called to the attention of the Police Commissioner and those who at the present time are attempting to increase the normal flow of traffic in Boston. We all know the difficulty that pedestrians are having at the present time, at various places in this city, to get by automobiles which improperly block their way. The proprietors of such places certainly should not be allowed special privileges not accorded to the ordinary automobilist or pedestrian in Boston. I therefore repeat that I trust the Street Commissioners will see that such licenses are not continued where exorbitant fees are charged and where there is not a proper observance of the parking law. As I have said, this trouble has increased in the last few weeks, largely undoubtedly because of the tagging campaign, which has been intended to clear the streets for traffic and for the passage of pedestrians.

Coun. CAREY—Mr. President, some weeks ago I had an order similar to the one the gentleman has now offered, and I certainly trust that the abuse which we have all seen of parking in our highways and on our sidewalks will be discontinued. We have all witnessed this improper parking of cars for a period of an hour or two during the day or night, with the charge that has been made for improper parking privileges. I think, however, that it would be well to have the matter referred to the Executive Committee and have the public officials dealing with this question come before us, so that we may thoroughly understand the situation. We could have them, for instance, appear before us at our meeting next Monday. The baseball season is looming up, and if something is not done, we will have to continue to tolerate what we have at times tolerated in the past in the way of improperly blocking streets and sidewalks in the vicinity of the ball fields. The time has come when a stop should be put to that sort of thing. I ask, therefore, that the order be referred to the Executive Committee and that the Street Commissioners and other interested officials be requested to come before us with suggestions as to how the situation may be remedied.

Coun. COFFEY—Mr. President, I don't see any sense in referring this to the Executive Committee. We have already had the matter before that committee, taking it up in executive session with the Street Commissioners, the Traffic Commissioner and the Police Commissioner, in order to find out what authority they had in the matter and what could be done about it. I asked the Police Commissioner what authority he had over these parking lots and in regard to the fee charged, and whether he had any right to set a fee for parking for a certain number of hours. He said that he did not. The only conclusion I can come to is this, that the members of the City Council should get together and draw up an ordinance, for example, saying that there should not be a fee of over 35 cents for an eight-hour period. Otherwise, I don't think we can get anywhere with this matter. I trust that it will be referred to the Committee on Ordinances.

The order was referred to the Committee on Ordinances.

SOLDIERS RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of March.

Report accepted; said order passed.

CONFIRMATION OF EXECUTIVE APPOINTMENT.

On motion of Coun. CAREY, the Council took from the calendar No. 1, under unfinished business, viz.:

1. Action on appointment submitted by the Mayor, March 10, 1941, of George B. Goslin, to be a Weigher of Goods.

The question came on confirmation. Committee, Coun. Hurley and Coffey. Whole number of ballots 16, yeas 16, and the appointment was confirmed.

Adjourned, on motion of Coun. WICKES, at 4.03 p. m., to meet on Monday, March 31, 1941, at 2 p. m.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR SACK COATS AND TROUSERS, BOSTON FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing sack coats and trousers for the Boston Fire Department, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for $100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Sack Coats and Trousers." There will be a charge of twenty-five cents ($0.25) for each blank proposal taken out.* The bids will be publicly opened and read Tuesday, April 15, 1941, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(April 5.) *Superintendent of Supplies.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR CLEANSING, STERILIZING AND RECONDITIONING FOOTBALL EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for cleansing, sterilizing and reconditioning football equipment for the Boston public schools. Proposals forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Cleansing, Sterilizing and Reconditioning Football Equipment." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for $50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, April 17, 1941. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(April 5.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING ABOUT 3,225 FEET OF 8-INCH WATER PIPE IN DEFOREST STREET AND LEWIS STREET, HYDE PARK; GLENHAM STREET, PONDMERE ROAD AND PROSPECT STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 3,225 feet of 8-inch water pipe in DeForest street and Lewis street, Hyde Park; Glenham street, Pondmere road and Prospect street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked, "Proposal for Laying and Relaying Water Pipe in DeForest Street, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, April 11, 1941, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars ($2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(April 5.) *Commissioner of Public Works.*

CITY OF BOSTON.

CITY COUNCIL.

PUBLIC AUCTION.

Whereas, The City of Boston owns in fee certain lands situated on the southeasterly side of Chestnut Hill avenue in the Brighton district of the City of Boston. The title to the said lands was acquired by a deed dated July 21, 1882, recorded with Suffolk Deeds, Book 1567, page 593; and

Whereas, Certain parcels of said lands, hereinafter described, are no longer required for public purposes; now, therefore, it is hereby

Ordered, That the Commissioner of Public Works of the City of Boston be, and he hereby is, authorized to sell on April 14, 1941, at 10.30 a. m., at public auction, at an upset price of thirty-five (35) cents a square foot, two parcels of said lands, hereinafter described; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to a purchaser, at said public auction, a written instrument satisfactory in form to the Law Department of the City of Boston, conveying said two parcels of land bounded and described as follows:

Parcel A.

Northwesterly by the southeasterly side line of Chestnut Hill avenue, one hundred twenty-nine and 80-100 (129.80) feet; northeasterly by the southwesterly side line of a proposed street, as shown on the plan hereinafter referred to, one hundred (100) feet; southeasterly by the northwesterly side line of a common passageway as shown on the plan hereinafter referred to, one hundred fourteen and 51-100 (114.51) feet; southwesterly by land now or formerly of Evangelo C. Despotes, one hundred one and 16-100 feet; containing twelve thousand two hundred and fifteen (12,215) square feet of land more or less. Containing, also, as appurtenant thereto the right to use in common with others the sixteen (16) foot common passageway situated in the rear of said parcel together with the right of passage in, through and upon the "Proposed Street," as shown on the plan hereinafter referred to.

Parcel B.

Northwesterly by the southeasterly side line of Chestnut Hill avenue, one hundred eighty-seven and 93-100 (187.93) feet; northeasterly by land of the City of Boston one hundred (100) feet; southeasterly by the northwesterly side line of a common passageway as shown on the plan hereinafter referred to, one hundred eighty-seven and 93-100 (187.93) feet; southwesterly by the northeasterly side line of a proposed street, as shown on the plan hereinafter referred to, one hundred (100) feet, containing eighteen thousand seven hundred ninety-three (18,793) square feet of land, more or less. Containing, also, as appurtenant thereto, the right to use in common with others the sixteen (16) foot common passageway with the right of passage in, through and upon the "Proposed Street," as shown on the plan hereinafter referred to.

Said lands, "Parcel A" and "Parcel B," are shown on a plan marked "City of Boston, Chestnut Hill Avenue, Brighton, September 18, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said Street Laying-Out Department, City Hall Annex, Boston, Mass.

In City Council February 24, 1941. Read once and passed—yeas seventeen, nays one.

In City Council March 10, 1941. Read a second time and again passed—yeas fifteen, nays three.

Approved by the Mayor March 11, 1941.

Attest:

W. J. DOYLE,
City Clerk.

$1,000, cash or credit check, will be required with the sale of each parcel

For further information see

JOHN J. McGRATH,
Auctioneer,
44 School Street, Boston.
Tel. Capitol 2174.

(April 5-12.)

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING ALL LABOR AND NECESSARY TOOLS AND MATERIALS FOR THE SETTING AND RESETTING OF STRAIGHT EDGESTONE, CIRCLES AND CORNERS, PLASTERING JOINTS AND THE NECESSARY TRIMMING OF THE JOINTS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing all labor and necessary tools and materials for the setting and resetting of straight edgestone, circles and corners, plastering joints and the necessary trimming of the joints. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing All Labor and Necessary Tools and Materials for the Setting and Resetting of Straight Edgestone, Circles and Corners, Plastering Joints and the Necessary Trimming of the Joints," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, April 14, 1941, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars ($2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(April 5.) *Commissioner of Public Works.*

CITIES AND NATION PAY MOST OF AIRPORT COSTS.

The civil aeronautics authority has reported that on January 1, 1939, there had been expended upwards of $330,000,000 on existing civil airports and landing fields. Of this amount, about $140,000,000, or 42 per cent of the total, represented Federal funds; in excess of $100,000,000, or 31 per cent, represented the funds of municipalities; while private and commercial concerns had expended 24 per cent, or slightly less than $80,000,000; and the states had contributed only $6,500,000, or 1.8 per cent of the total.

New York City alone has expended practically three times as much money out of its own treasury on one airport than all the forty-eight states combined. Several other cities, including San Francisco, Cleveland, and Newark, have each and individually expended nearly as much on their own airports as all the forty-eight states combined.—*American City Magazine.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING OF LABOR AND TOOLS, THE CUTTING OF JOINTS AND THE FINISHING OF ARTIFICIAL STONE SIDEWALKS AND DRIVEWAYS WITH EITHER A FLOAT OR A PERFECTLY SMOOTH SURFACE AS DIRECTED.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing of labor and tools, the cutting of joints and the finishing of artificial stone sidewalks and driveways with either a float or a perfectly smooth surface as directed. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing of Labor and Tools, the Cutting of Joints and the Furnishing of Artificial Stone Sidewalks and Driveways with Either a Float or a Perfectly Smooth Surface as Directed," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, April 14, 1941, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars ($2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(April 5.) *Commissioner of Public Works.*

VOTE FOR PRESIDENT IN BOSTON, NOVEMBER 3, 1936.

Vote in Boston for President: 199-504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

CIVIL SERVICE EXAMINATIONS. (STATE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

STATE EXAMINERS OF ELECTRICIANS, 1941.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, May 7.
Worcester, Thursday, May 8.
Boston, Wednesday, June 4.
Boston, Wednesday, September 10.
Worcester, Thursday, September 11.
Springfield, Wednesday, October 15.
Pittsfield, Thursday, October 16.
Boston, Wednesday, November 5.
Lowell, Thursday, November 6.
Boston, Wednesday, December 3.
New Bedford, Thursday, December 4.
New Bedford, Friday, December 5.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIEN,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

PUBLIC HEALTH NUTRITION WORKER (FEMALE), APRIL 26, 1941.

Last date for filing applications, Saturday, April 12, 1941, at 12 noon.

Salary: $1,560 to $2,040 a year.

Vacancies: At the present time, there are three vacancies, two in the Division of Child Hygiene and one in the Division of Communicable Diseases, Department of Public Health.

Duties: Under supervision, to carry on work involving matters of nutrition, malnutrition, budgeting and related matters with mothers and children, and with lay and professional groups; *e. g.*, to give instructions to mothers and children seen at Well Child Conferences on matters of nutrition, budgeting, meal planning and correction of nutritional defects and health habits; to do home visiting in the interest of malnourished children and those with poor health habits related to nutrition; to serve as nutritionist on Well Child Conference Unit at conferences conducted by the Division of Child Hygiene; to conduct nutrition classes for the teaching of lay and professional groups in the field of nutrition and meal planning, budgeting, etc.; to assist in nutrition activities relating to summer health camps for children; to give lectures and demonstrations relating to foods and nutritions, and to assist in the preparation of educational material in the field of nutrition education.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of $1,200-plus up to $200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of $400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough 2,560-401; Manhattan 1,867,312; Bronx, 1,265,-258; Queens, 1,079,129; Richmond, 158,-346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,-733 or 25.0 per cent); Philadelphia, 1,950,-961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,-746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301.815 (inc. 43,527 or 16.9 per cent).

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding $25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

HEALTH AND HOSPITAL.

The plant and equipment of the Cincinnati General Hospital have been largely rehabilitated during the year 1939. As a result the operating officials of the Hospital will be able to do much better work in caring for the sick than heretofore.

The hospital treated 18,963 patients this year compared to 18,765 last year, and 24,929 individuals were cared for in the Out-Patient Dispensary against 24,701 in 1938. There was also an increase of approximately 10 per cent in the number of persons treated in the receiving ward, resulting in a total of 25,082. (From Annual Address of City Manager.)

Official Chronicle of Boston Municipal Affairs.

Vol. 33. Saturday, April 12, 1941. No. 15

MAJOR ACTIVITIES OF BOSTON HOUSING AUTHORITY OUTLINED IN RADIO ADDRESS BY CHAIRMAN JOHN A. BREEN — EXPLAINS METHODS USED IN SELECTION OF TENANTS FOR PROPERTIES SO INJUSTICE WILL BE DONE TO NONE, AND ALSO SHOWS PARTICIPATION OF AUTHORITY IN PROVIDING DWELLINGS FOR ESSENTIAL WORKERS IN DEFENSE INDUSTRIES OF GREATER BOSTON — PLANS MADE TO CARE FOR 5,500 LOW-INCOME FAMILIES OUT OF SUB-STANDARD AREAS.

The following is the address of Mr. John A. Breen, Chairman of the Boston Housing Authority, over Station WAAB, at 10.30 p. m. on April 4:

Tonight I want to discuss two activities of the Boston Housing Authority; the first is the selection of tenants to occupy the apartments built by the Boston Housing Authority for low-income families of Boston, and the second is participation of the Boston Housing Authority in providing dwellings for essential workers in the defense industries of Greater Boston.

For a year and a half the Housing Authority has been engaged in the task of selecting sites, acquiring real estate, planning and building projects to house our fifty-five hundred low-income families in accordance with the provisions of the United States Housing Act of 1937 and collateral Massachusetts legislation.

It is likely that most people in Boston have seen one of the groups of buildings which have arisen in various sections of the city. But housing projects are not merely collections of brick and mortar; they are not merely well-designed buildings affording modern accommodations for their tenants. Housing projects are rather communities of American citizens — American citizens who, until now, because of low incomes, have been forced to live in residential areas in our city which the passage of years has left blighted and dilapidated.

Unsanitary Housing Problems.

For many generations thinking men and women have recognized the necessity of removing the menace to the community at large which exists when many thousands of our fellow American citizens live in unsafe and unsanitary dwelling units, and so we have expressed in our housing projects the determination of the American people to use the power of government to wipe out such menacing conditions and to provide decent, safe and sanitary homes for low-income families.

While this general purpose of public housing projects is clear, the achievement of these aims, the actual task of selecting the families which should have these advantages, is not an easy one. On December first, the Housing Authority had the problem of selecting thirty-two hundred families out of the many thousand applicants for apartments. Temporarily, this number of apartments to be filled was reduced to twenty-four hundred, owing to the decision of the Federal Works Agency to take our new project in South Boston to house essential workers in defense industries.

During the past few months over one thousand families have been notified that they have been selected as tenants in projects of the Housing Authority. That we are actually reaching the low-income families in Boston in need of housing can be easily appreciated when I tell you that the average income of the first one thousand families was $19.95 a week and that the average family consisted of between four and five persons.

Some persons have expressed the opinion that there has been a delay in making apartments available to low-income tenants. This opinion is ill-founded. I think most persons will quickly agree that tenants for low-rent housing projects should be selected with the greatest care and that preference should be given to families in the greatest need. Moreover, there is also no question that the Housing Authority should make every effort to bring to the attention of worthy families the fact that housing projects exist for the purpose of providing them with decent, safe and sanitary accommodations.

According to Needs.

The chief purpose of this broadcast is to inform the public generally and those persons in the low-income group living under sub-standard conditions particularly, that the Housing Authority considers every application according to the needs of the applicant, and, whether the application has been on file for two months or two days, that it is being given consideration and that final selection of tenants will be made on the basis of the needs of the family.

Many applications have been received from families who receive their income from W. P. A. or Welfare. Because the Boston Housing Authority is making an effort to have project populations represent, as nearly as possible, a cross-section of low-income groups throughout the general community, final action on a number of W. P. A. and Welfare families, as well as other low-income families, will be deferred until a clearer picture of the entire low-income community is available.

(Continued on page 364.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

Meeting of the City Council, Monday, April 14, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the Board of Street Commissioners, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

To the Boston Traffic Commission, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the Commissioner of Public Works, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catchbasins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the Health Department, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the Board of Park Commissioners, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the School Committee, 15 Beacon street, for information relative to the operation of the schools of the city.

To the Department of School Buildings, 11 Beacon street, for information as to the construction and repair of school buildings.

To the Board of Examiners, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the Statistics Department, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the Wire Division of the Fire Department, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the Board of Zoning Adjustment, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending April 5, 1941.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 770,816; number of deaths (stillbirths excluded): Residents, 192; nonresidents, 28; total, 220.

Death rate per 1,000 of population: All deaths, 14.84; nonresidents deducted, 12.95.

Death rate per 1,000 of population:

Last week, 15.78; corresponding week last year, 16.71.

Deaths by age periods, sex, etc.: Under one year, 8; one year to four years, inclusive, 1; sixty years and over, 141. Total deaths: Male, 113; female, 107; deaths in hospitals and institutions, 141; deaths of colored, 10.

MAYOR'S ADDRESS.

(Continued from page 361.)

The objective of the Authority in tenant selection may be briefly stated—it is to reach the families in the greatest need first. The thousand families first selected by this Authority had average incomes 25 per cent below the top limit for income set by the Authority, and we shall continue to seek out the lowest income families.

All families in Boston having children in public or parochial schools have been sent an application form. I wish to urge those heads of families whose income is within the limits shown on the application form and who are living under sub-standard conditions, to file an application for consideration by the Authority.

When the Federal Government began its gigantic program for the defense of America, it became evident that in great centers of defense activity many thousands of workers skilled in essential crafts and trades would flow in from outlying sections. In the last war lack of adequate housing for such workers seriously impeded the speed of the program. Last year, as defense activities got under way, it was recognized that housing would be needed for defense workers in various parts of the nation, and an appropriation of one hundred and fifty million dollars for housing civilian defense workers and certain enlisted personnel was provided under the terms of the Lanham Act. As Chairman of the Boston Housing Authority, I appeared before Congress to urge that in large metropolitan areas such as Boston, dwellings for defense workers should be of such a character that after the period of emergency had passed they might be utilized for re-housing persons of low income living under sub-standard conditions. For this reason, when the office of the Coordinator of Housing determined that there would be a need for such emergency housing for workers in the expanding defense industries, the Boston Housing Authority was consulted as to the best means of meeting the problem. As a result it was decided that the Federal Government would take our new South Boston project, consisting of eight hundred seventy-three units.

New Units Built.

While this decision caused a temporary delay in housing some of the applicants for this South Boston project, on the other hand, another result was that it became possible for the Boston Housing Authority to undertake the clearance of a seriously blighted and dilapidated area in South Boston and the construction of almost nine hundred new dwelling units for low-income families.

Because the Boston Housing Authority was experienced in the management of housing projects and familiar with conditions in the Greater Boston area, the Federal Works Administrator asked us to manage the South Boston project as his agent. The purpose of this project is to house the families of essential workers in defense industries who now live beyond comfortable commuting distance of defense activity at the Quincy Fore River Plant, the Navy Yard and the Watertown Arsenal, and such other governmental and private plants engaged in defense activities or fabricating defense materials as may be designated from time to time by the Federal Works Agency.

If you are a defense worker whose home life has been disrupted because of the great distance between your home and your place of employment in defense industry, you are eligible for tenancy in the defense housing projects in South Boston. Rentals have been fixed by the Federal Works Administrator on the basis of the space required and the earnings of the defense workers. Applications for apartments in the defense project may be had by calling at the project or by writing to or calling at the Boston Housing Authority at 18 Oliver street, Boston.

In closing, I wish once again to say to the low-income families of Boston, living under sub-standard conditions, that housing projects are intended to provide you with safe, sanitary, decent homes at rents you can afford to pay, and that it is a program for better health and greater opportunity for you and your children.

BOSTON HOUSING AUTHORITY TAKES LAND IN EAST BOSTON FOR NEW PROJECT.

Chairman John A. Breen of the Boston Housing Authority on April 5 announced that by unanimous vote the Authority had taken by eminent domain an area in the East Boston district, bounded by Sumner, New, Maverick and Havre streets, for the development of a low-rent housing project.

This makes the eighth area so taken. The previous areas taken were in Charlestown, South Boston, the Lenox Street, Mission Hill, Heath street and Orchard park districts of Roxbury and the East Dedham street district of the South End.

A legal document setting forth the complete details of the action and accompanying plans was filed at the Registry of Deeds for Suffolk County.

Chairman Breen pointed out that prior to the taking voluntary options on 94 per cent of the parcels had been given to the Authority, which it had accepted and exercised. He also pointed out that the taking in no way affected the dealings between the Authority and the owners of property whose options had been exercised, and that each such owner was being so notified. The owners will be paid amounts agreed upon as quickly as the Authority staff can complete the tremendous amount of legal and clerical work involved. The taking was made to expedite the work of the Authority by clearing title to the area and thereby simplify closings and bank procedure.

The Authority expects removals to start promptly. Demolition will begin immediately after the properties are vacated, and construction will follow closely thereafter.

Mr. Breen stated that the location had been previously announced by the Boston Housing Authority as a site for a four hundred and fourteen dwelling unit project to be constructed at a cost of approximately $2,500,000.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon April 4 the Mayor approved a contract with the Quincy Dry Dock and Yacht Corporation for repairing hull, etc., of ferryboat "Ralph J. Palumbo," at an estimated cost of $14,990. The work to be done under this contract is to be completed within seven weeks after the Mayor has approved the same. The following bids were received March 21:

Quincy Dry Dock and Yacht Corporation, $14,990; Bethlehem Steel Company, $19,090.

SUPPLY DEPARTMENT.

Upon March 14 the Mayor approved a contract with the Elgin Sweeper Company for furnishing two (2) Elgin Model 20, or equal, street sweepers to the Public Works Department Garage at 624 Albany street at a price of $7,190 each. The approximate amount of the contract was $14,380 less 2 per cent cash discount for payment in ten days. Bids, opened February 4, were as follows:

2 Elgin Model 20 Street Sweepers, Each.—Dyar Sales & Machinery Company, $7,190; total, $14,380; Elgin Sweeper Company, $7,190; total, $14,380; Clean City Sweeper Company, $12,200 without cab; $300 extra for Cabriolet top and curtains; total, $24,400; $7,500, Clean City non-vacuum sweeper; total, $15,000; bid irregular, no copy filed at City Auditor's office, no certified check deposited with bid.

Cash Discount, Ten Days.—Dyar Sales & Machinery Company, 2 per cent; Elgin Sweeper Company, 2 per cent.

Net Total.—Dyar Sales & Machinery Company, $14,092.40; Elgin Sweeper Company, $14,092.40; Clean City Sweeper Company, $24,400 without cab; $15,000, non-vacuum sweeper.

Manufacturer and Trade Name of Sweeper Bidder Proposes to Furnish.—Dyar Sales & Machinery Company, Austin Model 50 motor pickup, delivery, two weeks; Elgin Sweeper Company, Elgin Sweeper Company, Elgin, Ill., Elgin Model 20, delivery, forty-five days; Clean City Sweeper Company, Clean City vacuum air-blast sweeper, see specifications, one for immediate delivery subject to prior sale, additional units in about four months; Clean City non-vacuum sweeper, second-hand, delivery four months.

—

Upon March 22 the Mayor approved a contract with the R. C. A. Manufacturing Company for furnishing six (6) R. C. A. Type MI–7824, or equal, transmitters to the Fire Alarm Division of the Boston Fire Department.

All bids received have been studied by the Survey Committee, the Superintendent of the Fire Alarm Division and this department, and it is our concurrent opinion that the equipment offered by the R. C. A. Manufacturing Company is best suited to the needs of the Fire Department.

Bids, opened February 5, were as follows:

6 R. C. A. Transmitters.

Graybar Electric Company, Inc., $240 each; total, $1,440; discount, ten days, 1 per cent; net total, $1,425.60; trade name, No. 28A Western Electric moblei transmitters complete as described in bulletin.

DeMambro Radio Supply Company, $333.50 each; total, $2,001; discount, ten days, 2 per cent; net total, $1,960.98; trade name, R. C. A. MI–7824, including antenna; $197.50 each; total, $1,185; discount, ten days, 1 per cent; net total, $1,173.15; trade name, Stancor transmitters No. 30M, antennas included, quarter-wave antenna Radiart.

General Electric Company, $225 each; total, $1,350; no discount; net total, $1,350; trade name and manufacturer, Model No. 401B1 transmitter; General Electric Company; see specifications; see tax clause.

The Gamewell Company, $275 each; total, $1,650; no discount; net total, $1,650; trade name, Gamewell Model M–3600; see specifications.

Marshall & Co., Inc., $340 each; total, $2,040; no discount; net total, $2,040; trade name, R. C. A.

R. C. A. Manufacturing Company, Inc., $325 each; total, $1,950; no discount; net total, $1,950; manufacturer, R. C. A. Manufacturing Company, Inc.

—

Upon March 24 the Mayor approved a contract with the Boston Supply Company, Inc., for furnishing approximately ten tons powdered arsenate of lead, in twenty-pound packages, to be delivered to the Franklin Park Yard, Park Department, as required, at a price of $165.80 per ton delivered, less 1 per cent cash discount for payment in ten days. The approximate amount of the contract was $1,658. Bids, opened March 10, were as follows:

—

Upon March 24 the Mayor approved a contract with the George H. Noone Sand and Gravel Company for furnishing screened bank gravel and sand for the Public Works Department, as required, until December 31, 1941, with the privilege of purchasing on the same terms and conditions extended to January 31, 1942.

The George H. Noone Sand and Gravel Company are the lowest bidders on all items, with the exception of the sand in the Charlestown and Hyde Park districts, and in these cases this company is the second lowest bidder. As the approximate total difference between the George H. Noone Sand and Gravel Company's bid on these two items and that of the lowest bidders is but $36.53. It is believed it is for the best interests of the city to award the entire contract to the George H. Noone Sand and Gravel Company. The approximate amount of the contract was $11,932. Bids, opened February 27, were as follows:

Highway Division, Etc.

South Boston.

100 Tons Gravel, Per Ton.— Crystal Conrete Company, 59 cents; J. H. McNamara, Inc., $1.35; Highland Sand and Gravel Company, Inc., 90 cents; George H. Noone Sand and Gravel Company, 55 cents*; Quincy Sand and Gravel Company, $1.

2,000 Tons Sand, Per Ton.— Crystal Concrete Company, 59 cents; J. H. McNamara, Inc., $1.10; Highland Sand and Gravel Company, Inc., 80 cents; George H. Noone Sand and Gravel Company, 57 cents*; Quincy Sand and Gravel Company, 80 cents.

East Boston.

100 Tons Gravel, Per Ton.— Crystal Concrete Company, $1.10; Highland Sand and Gravel Company, Inc., $1; George H. Noone Sand and Gravel Company, 83 cents.*

1,500 Tons Sand, Per Ton.— Crystal Concrete Company, $1.10; Highland Sand and Gravel Company, Inc., 95 cents; George H. Noone Sand and Gravel Company, 83 cents.*

Charlestown.

100 Tons Gravel, Per Ton.— Crystal Concrete Company, 85 cents; J. H. McNamara, Inc., $1.25; Highland Sand and Gravel Company, Inc., 90 cents; George H. Noone Sand and Gravel Company, 71 cents.*

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts for furnishing supplies, labor, services, etc. Communications from the heads of the several departments interested were as follows:

Court House Commission.

Boston, March 14, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—During the past year the requirements of the Suffolk County Court House with respect to paper towels, paper cups and toilet tissue were provided by H. J. Dowd Company, Inc., 217 Thorndike street, Cambridge. Under the segregated budget classification, paper towels and toilet tissue are charged to Item D–8, whereas paper cups are charged to Item D–16. Deliveries by the H. J. Dowd Company, Inc., in 1940, resulted in the following item charges: D–8, $985; D–16, $945. Viewing each item as a separate entity and with the purchases charged against each item totaling less than one thousand dollars ($1,000), the members of the Court House Commission assumed that no contract obligation was present in the transactions with the H. J. Dowd Company, Inc. We have been advised, however, by the City Auditor that, in his opinion, since the articles involved all come under the heading of paper stock supplies and were furnished by the same company, the purchases under the two items should have been considered as "similar" and therefor subject to the provisions of chapter 156 of the Acts of 1939.

Aside from this difference of opinion, all parties are agreed that the articles in question were furnished by the Dowd Company, that they were used at the Court House, and that appropriations were available to meet the expense involved. In order that the matter may be amicably adjusted, and the bills of H. J. Dowd Company, Inc., paid, the Suffolk County Court House Commission requests under the provisions of chapter 156 of the Acts of 1939 that you indicate your approval of the action of the commission in making these purchases without public advertising.

Very truly yours,

Suffolk County Court House Commission,
By Charles M. Davenport,
Chairman.

Printing Department.

Boston, January 28, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—Permission is respectfully requested to award a contract, without advertising, to the Miehle Printing Press and Manufacturing Company, 140 Federal street, Boston, for the following:

Two Miehle vertical printing presses complete with electrical equipment at a cost of $3,140 each, f. o. b. Chicago, less 5 per cent discount for payment in full within ten days after delivery, plus cost of transportation and placing presses in position. In the purchase of two vertical presses we are turning in for allowance two hand-fed platen presses and one Chandler & Price platen press with Kluge feeder. The cost would be as follows:

Two Miehle vertical presses, f. o. b. Chicago, $6,280; allowance, $1,000; balance, $5,280; less 5 per cent discount, $264; net cost f. o. b. Chicago, $5,016; transportation and placing presses in position, $120. Net cost on our floor, $5,136.

(Continued on page 368.)

CONTRACTS AWARDED WITHOUT ADVERTISING.

(Continued from page 367.)

As the Miehle Printing Press and Manufacturing Company are manufacturers and sole agents for these presses, nothing could be gained by advertising this contract.

Respectfully yours,

John J. Twomey,
Superintendent of Printing.

Public Welfare Department.

Boston, March 22, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—Your approval is respectfully requested to the awarding of a contract, without advertising, to Brink's, Inc., 80 Federal street, Boston, for the following services:

Collection of cash daily from the following offices, which is then deposited in the First National Bank, Brink's to assume liability for any loss up to $10,000 from any shipment from any one location:

154 Maverick street, East Boston; 43 Fayette street, Boston; 170 Hancock street, Dorchester; 22 Whittier street, Roxbury; 838 Summer street, South Boston.

The transporting of food stamps from the United States Treasury Disbursing Office, 10 Post Office square, to the central office of this department, 43 Hawkins street. The company is to assume liability for any loss from any shipment up to $150,000.

The cost of this service will be $35 per month for the collection of cash from each station and $5 for each transporting of food stamps from the United States Treasury Disbursing Office. The total amount of this contract will be approximately $2,500 for the year 1941.

Brink's, Inc., performs similar services for banks and business houses throughout the city. It would appear that there would be no advantage to the city in publicly advertising for bids.

William G. O'Hare, *Secretary.*

Public Works Department.

Boston, March 24, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,— Under date of May 3, 1940, a contract was awarded to the Appel & O'Toole Company, 78 Moreland street, Roxbury, for earth excavation and refilling to allow the Water Division employees to install, regulate or repair Water Division structures in the Dorchester district (Water Division), bids having been received after publicly advertising in the *City Record* of April 6. Although this original contract has terminated, it will be necessary during the current year to continue this type of work.

The Appel & O'Toole Company is willing to accept a new contract at the prevailing prices and on the basis of the quantities shown in the original contract and in accordance with the standard specifications of the department. I consider the prices in the previous contract very fair to the city, and I believe that no lower prices would be obtained if new bids were called for. In view of this I feel that there would be no advantage in advertising for bids at this time, and it is my opinion that it would be for the best interests of the city to allow the Appel & O'Toole Company to

continue the type of work provided in the original contract.

I therefore respectfully request permission to award a contract without advertising to the Appel & O'Toole Company for doing this work, at a total cost of approximately $7,000.

George G. Hyland.
Commissioner of Public Works.

—

Boston, March 24, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,— Under date of May 3, 1940, a contract was awarded to the Frank J. Jacobs Company, 1714 Centre street, West Roxbury, for earth excavation and refilling to allow the Water Division employees to install, regulate or repair Water Divilon structures in the West Roxbury (Water Division) district, bids having been received after publicly advertising in the *City Record* of April 6. Although this original contract has terminated, it will be necessary during the current year to continue this type of work.

The Jacobs Company is willing to accept a new contract at the prevailing prices and on the basis of the quantities shown in the original contract and in accordance with the standard specifications of the department. I consider the prices in the previous contract very fair to the city, and I believe that no lower prices would be obtained if new bids were called for. In view of this I feel that there would be no advantage in advertising for bids at this time, and it is my opinion that it would be for the best interests of the city to allow the Jacobs concern to continue the type of work provided in the original contract.

I therefore respectfully request permission to award a contract without advertising to the Jacobs Company for doing this work, at a total cost of approximately $4,700.

George G. Hyland,
Commissioner of Public Works.

—

Boston, March 24, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,— Under date of May 3, 1940, a contract was awarded to the Appel & O'Toole Company, 78 Moreland street, Roxbury, for earth excavation and refilling to allow the Water Division employees to install, regulate or repair Water Division structures in the City Proper, South Boston, East Boston, Charlestown and Roxbury (Water Division) districts, bids having been received after publicly advertising in the *City Record* of April 6. Although this original contract has terminated, it will be necessary during the current year to continue this type of work.

The Appel & O'Toole Company is willing to accept a new contract at the prevailing prices and on the basis of the quantities shown in the original contract and in accordance with the standard specifications of the department. I consider the prices in the previous contract very fair to the city, and I believe that no lower prices would be obtained if new bids were called for. In view of this I feel that there would be no advantage in advertising for bids at this time, and it is my opinion that it would be for the best interests of the city to allow the Appel & O'Toole Company to continue the type of work provided in the original contract.

CONTRACTS AWARDED WITHOUT ADVERTISING.

(Continued from page 369.)

I therefore respectfully request permission to award a contract without advertising to the Appel & O'Toole Company for doing this work, at a total cost of approximately $6,700.

GEORGE G. HYLAND,
Commissioner of Public Works.

PARK DEPARTMENT.

BOSTON, April 1, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,— The Board of Park Commissioners respectfully asks your approval to extend the lease for the refreshment concession on Castle Island, South Boston, to James P. Hoar of 1662 Columbia road, South Boston, for a term of three years from June 1, 1941, at the sum of $1,315 a year.

Under the terms of Mr. Hoar's lease he has erected and maintained at his own expense four booths of the proper type specified by the Park Department. In addition, under his lease he agrees to keep and maintain the grounds surrounding the booths free from litter, rubbish, etc., and also to maintain the women's and men's sanitaries, located within the Castle Island Fort, in a clean and satisfactory condition. He has conducted this concession in an exceptionally satisfactory manner. The rental that we will obtain for the next three years from Mr. Hoar is the same rental that we have been receiving at this location for a period of seven years. His rent is paid up to date, and in view of his qualifications and experience, the Board of Park Commissioners requests that this concession be awarded to him, without advertising.

Respectfully yours,
WILLIAM P. LONG,
Chairman.

—

BOSTON, April 4, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—The Board of Park Commissioners respectfully asks your approval to extend the lease of the refreshment concession at World War Memorial Park, East Boston, to Charles H. Gallison of 197 Trenton street, East Boston, for a term of two years from May 1, 1941, for the sum of $125 a year.

Mr. Gallison has just completed a two-year lease for this concession and for each year has paid his rent in advance. Under the terms of the lease, he has erected his own booth which must conform to the specifications of the Park Department, and has furnished all his own equipment, etc.

There have been no complaints during the time Mr. Gallison has handled this concession, and in view of his experience and his ability to maintain a clean establishment, the Board of Park Commissioners requests that for the best interests of the city that this lease be renewed for a term of two years, as mentioned above, without advertising.

Respectfully yours,
WILLIAM P. LONG,
Chairman.

—

BOSTON, April 7, 1941.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—By vote of the Board of Park Commissioners, I am writing to you

in relation to the concession for the swan boats at the Public Garden, held by John J. Paget, of 16 Mapleton street, Brighton.

On January 3, 1938, your Honor approved a five-year lease with Mr. Paget for this concession, at the rate of $1,200 a year. At the present time he is $1,600 in arrears for rental of this concession.

I am in receipt of a letter from Mr. Paget in which he states that since his rental was increased from $600 to $1,200 a year it has been utterly impossible for him to make any money on this concession. He has written the Board asking that he be given a new five-year lease at the old rental of $600 a year, effective January 1, 1941. He is desirous of drawing a note approved by the Law Department for the sum of $1,600 for which he agrees to pay back at the rate of $320 a year for the next five years. In other words, if he is granted a new lease he will pay the city $920 a year for the next five years.

This concession has been in possession of the Paget family for over sixty years. It is really an institution. John Paget is the only one who has these boats and the plans for building the same. He runs this concession in a very fine manner, and the Public Garden would not seem the same without these boats on the pond. The boats are in operation only from May to September of each year and during this period there are some weeks when no business is transacted because of the cold and rainy weather. Mr. Paget employs six in help on the swan boats and it means that he must carry many thousands of persons at five cents each in order to meet even his pay roll expenses.

During all the years that this family has had this concession it has been carried on with no accidents and with favorable comments not only from Boston papers but from many papers in the outside cities.

In view of the above, the Board of Park Commissioners recommends for your approval a new lease on this concession and the payment of the outstanding indebtedness as mentioned above.

Respectfully yours,

William P. Long,
Chairman.

Supply Department.

Boston, March 27, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,— Under date of October 4, 1940, the City of Boston entered into a contract with Underwood-Elliott Fisher Company relative to the rental purchase of nine Underwood Sundstrand portable electric adding-figure machines for the Auditing Department. Included in the contract is the following clause:

"It is agreed and understood by the parties hereto that performance of this agreement by the city, subsequent to December 31, 1940, is subject to the exercise of an option on the part of the city to continue the performance of said agreement after that date, said option to be exercised by written notice by the superintendent to the contractor with the approval of his Honor the Mayor."

I respectfully request your approval to exercise the option to continue the rental purchase of the nine adding machines on behalf of the City of Boston, pursuant to the above-quoted option, upon the same terms and conditions as are stated in said contract, from December 31, 1940, for an extended period permitted thereby, to wit, to July 31, 1941.

Respectfully yours,

John A. Breen,
Superintendent of Supplies.

Boston, April 3, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,— Permission is respectfully requested to award a contract, without publicly advertising for same, to the Todd Sales Company, Rochester, New York, for the following equipment for use in the Treasury Department:

One Todd adding and listing protectograph (Model 33), $1,475; one Todd five-unit check signer (Model 4100), $1,667.50. Total, $3,142.50.

The City Treasurer notifies this department that these machines have been on trial in his department for a period of two months and have been found to be satisfactory in every respect. Inasmuch as the above concern is the manufacturer, no advantage would accrue from publicly advertising for the machines.

Respectfully yours,

John A. Breen,
Superintendent of Supplies.

POLICE DEPARTMENT ORDERS.

General Order No. 588.

Referring to General Order No. 583, dated March 28, 1941, the effective date of the promotions to the grade of captain of Lieutenants James J. Hinchey, Hugh D. Brady, Robert A. Lynch and Lawrence L. Waitt, will be as of Tuesday, April 1, 1941, at 7.45 o'clock a. m., instead of Monday, March 31, 1941, at 7.45 o'clock a. m.

Hoseman Michael F. Allen of Engine Company 43 is hereby commended for responding to and working at fire, Box 3443, on March 29, 1941, while off duty.

By order of Fire Commissioner William Arthur Reilly.

Samuel J. Pope,
Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Regan road, bounded:

Easterly by Range road, sixty-five and 10-100 feet; southerly by the southerly line of Regan road, by three measurements, twenty-two and 74-100 feet on a curve of fifteen feet radius, three hundred sixty and 69-100 feet and twenty-three and 20-100 feet on a curve of fifteen feet radius; westerly by Galty avenue, sixty-five and 2-100 feet; and northerly by the northerly line of Regan road, by three measurements, twenty-three and 92-100 feet on a curve of fifteen feet radius, three hundred fifty-five and 57-100 feet and twenty-four and 38-100 feet on a curve of fifteen feet radius, containing thirteen thousand seven hundred and eighty square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Galty avenue, bounded:

Northerly by Mercier avenue, by two measurements, fifty-three and 33-100 feet and fourteen and 65-100 feet; easterly by the easterly line of Galty avenue, twenty-three and 20-100 feet on a curve of fifteen feet radius and two hundred thirty-eight and 3-100 feet; southerly by easement taken by the City of Boston for sewerage purposes June 19, 1940, in Galty avenue, thirty-five feet; and westerly by the westerly line of Galty avenue, by two measurements, two hundred twenty-eight and 82-100 feet and twenty-six and 13-100 feet on a curve of fifteen feet radius, containing eight thousand eight hundred and fifty-five square feet, more or less.

The sewerage works to be constructed are as follows:

In Galty avenue, two hundred and ten linear feet of 10-inch pipe sanitary sewer and two hundred and ten linear feet of 12-inch pipe surface drain.

In Regan road, three hundred and twenty-five linear feet of 10-inch pipe sanitary sewer and three hundred and twenty-five linear feet of 12-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Regan road, excluding the lots at the corners of Range road; and the abutting lots of land on both sides of Galty avenue, between Mercier avenue and a point approximately two hundred and forty-five feet southerly, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1255, Sewerage Works, Galty Avenue, Regan Road, Dorchester, January 27, 1931, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

18.	William J. Driscoll Construction Company	112 00
	Total	$1,872 00

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes in Galty avenue and Regan road, West Roxbury district, under the order of the Board of March 24, 1941, in the amounts hereinafter respectively set against them, and awards said amounts therefor:

Owners unknown, Regan road, 13,780 square feet, $1.00.

Owners unknown, Galty avenue, 8,855 square feet, $1.00.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner for permission to raze the following structures as fire menaces or nuisances:

As a public safety measure to protect the occupants of the Normandie Theatre, 545 and 547 Washington street, Ward 3, to vacate the building immediately due to the fact that recent inspections of the theater structure indicate the possibility of collapse of portions or all of the ceiling over auditorium and balconies.

To order the building at 9 Rochester street, Ward 3, to be vacated forthwith as it is not provided with sufficient means of egress in case of fire.

To order the building at 36 Oswego street to be vacated forthwith as it is not provided with sufficient means of egress in case of fire.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective April 14, 1941:

Section 8, Part 2, is amended by striking out the following:

Fairmount Avenue, Hyde Park.
Southwest side, from Everett square to opposite Mott street, twenty-four hours.
McBride Street, West Roxbury.
Both sides, from Call street to Washington street, twenty-four hours.
Tremont Street, Downtown Boston.
West side, from a point two hundred (200) feet north of Boylston street to opposite Temple place, *Live Parking,* 7 a. m. to 6 p. m.

Section 8, Part 2, is amended by adding the following:

McBride Street, West Roxbury.
South side, from Call street to Washington street, twenty-four hours.

The following section is stricken out:

Section 14, Live Parking.—Subject to sections 7, 8, 8A, 16 and 18, and between the hours of 7 a. m. and 6 p. m. of any day, except Sundays and public holidays, no vehicle shall be parked in the following street unless the same is in direct charge of a driver:

Tremont Street.
West side, from a point two hundred (200) feet north of Boylston street to Park street.

Section 24, Part 1, is amended by adding the following:

Malden Street, Downtown Boston.
From Harrison avenue to Washington street.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Ruxton road, Dorchester district, as a highway, from Rugby road to Ridlon road, bounded and described as follows:

A highway named Ruxton road is hereby laid out from Rugby road to Ridlon road and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Rugby road by two measurements, thirty-two and 68-100 feet on a curve of two hundred eighty-three and 21-100 feet radius and seven and 16-100 feet; southwesterly by the southwesterly line of said Ruxton road, as hereby laid out, three hundred ninety-eight and 16-100 feet; northwesterly by Ridlon road, forty feet, and northeasterly by the northeasterly line of said Ruxton

road, as hereby laid out, three hundred ninety-eight and 69-100 feet.

Trees or structures standing upon or affixed to the aforedescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on Ruxton road, from Rugby road to Ridlon road, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Ruxton Road, Dorchester, Assessment Plan, February 17, 1941, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Ruxton road, Dorchester district, as a highway, from Rugby road to Ridlon road, under the order of the Board of March 19, 1941, and awards no damages therefor.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Adair road, Brighton district, as a highway from Faneuil street northerly, bounded and described as follows:

A highway named Adair road is hereby laid out northerly from Faneuil street for a distance of approximately five hundred and thirty feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Faneuil street, thirty-nine and 74-100 feet; westerly by the westerly line of said Adair road, as hereby laid out, by two measurements, two hundred thirty-one and 4-100 feet and two hundred ninety-seven and 30-100 feet; northerly by the northerly line of said Adair road, as hereby laid out, thirty-five and 73-100 feet; and easterly by the easterly line of said Adair road, as hereby laid out, by two measurements, two hundred ninety feet and two hundred and twelve and 11-100 feet.

Trees or structures standing upon or affixed to the aforedescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the westerly and easterly sides of Adair road, as laid out under this order, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Adair Road, Brighton, Assessment Plan, March 3, 1941, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE).

Note.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

Assistant Dietitian (Female), May 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary for this position is $840 a year and maintenance.

Vacancies: At present, vacancies exist at the Boston State Hospital, Danvers State Hospital, and Gardner State Hospital, Department of Mental Health.

Duties: To assist a head dietitian in planning menus and in the preparation and serving of meals in a state institution; and to perform related work as required.

Entrance Requirement: Applicants must have at least one year's experience in a hospital, cafeteria, lunchroom, hotel, or other similar field.

Substitution of Training: Two years of training in a school of dietetics may be substituted for one year's experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Carpenter Foreman, Sewerage Division, Metropolitan District Commission, May 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary is $1,740 a year; the maximum salary is $2,040 a year.

Vacancies: At present there is one vacancy.

Duties: To make all patterns incidental to the maintenance of the pumping stations in the entire Sewerage Division. Under general direction, to supervise a group of carpenters and helpers on all-round work in the making and repairing of articles and structures of wood, and incidental work involving painting, masonry and related trades; to have charge of carpenters and assistants in the construction of new buildings and repair work on existing buildings, and all shop work, including cabinets and patternmaking, the making of windows and doors, and the use and repair of woodworking machines; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Electrician, May 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary, with maintenance, is $1,080 a year; the maximum salary, with maintenance, is $1,380 a year. The entrance salary, without maintenance, is $1,440 a year; the maximum salary, without maintenance, is $1,740 a year.

Vacancies: At present there is one vacancy at Gardner State Hospital in the Department of Mental Health.

Duties: To take care of all electrical work and repairs, including lesser repairs of motors of various capacities. Applicants should be familiar with repair of all electric house and shop wiring of various voltage of alternating current. Applicants should have a knowledge of the care of lighting and power transformers of various capacities; of the installation and care of electrical attachments such as electric ranges, irons, lamps and hospital instruments; of the care of, and be able to make repairs to, X-ray and other treatment appliances such as the ultra-violet and infra-red light and the high frequency used in treatment; and of the installation and repair of outside wiring of 2,300 volts and of underground cable work.

Entrance Requirement: Applicants must possess a journeyman electrician's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 31, 1941.

Regular meeting of the City Council in the Council Chamber at 2 p. m., President GALVIN in the chair. Absent, Coun. Kelly, D. M. Sullivan, Ward.

The meeting was opened by the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.:

Weigher of Coal: Thomas H. Pilcher, 51 Pearl street, Charlestown.

Laid over a week under the law.

ENFORCEMENT OF SPEED LAWS, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Police Commissioner relative to your order of February 24, 1941, concerning the enforcing of the speed laws on lower South street, between Roslindale square and the Arborway, Ward 19.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Police Department, March 24, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your communication of February 27 inclosing order of the City Council, dated February 24, reading as follows:

"Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to enforce the speed laws on lower South street, between Roslindale square and the Arborway, Ward 19",

please be advised that the commanding officer of Division 13, Jamaica Plain district, has assigned two officers to that part of South street located on his division to enforce the speed laws.

The commanding officer of Division 17, Roslindale district, reports that lower South street on his division runs mostly between the Arnold Arboretum and vacant land abutting the tracks of the New York, New Haven & Hartford Railroad, along which there are no residents for about a half mile. He states that the populated end of the street is narrow and curved, and with parked cars speeding is practically impossible.

However, he has instructed officers to visit this section from time to time to see that the speed laws are observed.

Very truly yours,
JOSEPH F. TIMILTY,
Poilce Commissioner.

Placed on file.

MACHINE SHOP DEFENSE TRAINING IN HIGH SCHOOLS.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Secretary of the School Committee of the City of Boston relative to your order of February 24, 1941, asking that the present plans for providing machine shop defense training in certain Boston high schools be modified to include the Hyde Park and Roslindale Schools.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
School Committee, March 25, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—The School Committee has received through your Honor an order passed by the City Council on February 24, 1941, asking that the present plans for providing machine shop defense training in certain Boston high schools be modified to include the Hyde Park and Roslindale High Schools so that a more equitable opportunity may be made available to young men who are desirous of obtaining instruction in defense trades.

In response to the suggestion of the City Council, the School Committee respectfully reports that the situation in Roslindale and Hyde Park is as follows:

Roslindale District: In Roslindale there is no available space in a school building which would be suitable for the installation of heavy machinery. In the Roslindale High School there is no room available for any shop additions at the present time.

Hyde Park High School: The Hyde Park High School already uses its shops during the regular school period, for the evening classes, and forty hours a week for National Defense Training. As soon as the evening classes close in April, this occupancy will be increased to eighty hours a week. It is planned to introduce a two-platoon system iu the Hyde Park High School beginning next September. If this is done, it will mean that the building will be used practically on a twenty-four-hour-a-day basis.

The equipment now being requested from the United States Government may be used on the basis of twenty-four-hour-a-day use for National Defense trainees only.

Respectfully yours,
ELLEN M. CRONIN, Secretary.

REPLACING OF EAST BOSTON TREES.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of February 10, 1941, concerning the replacing of all trees on the streets of East Boston which were blown down by the hurricane of September, 1938.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Park Department, March 25, 1941.

William T. Doyle,
Secretary, Mayor's Office.

Dear Sir,—I have your memorandum of March 7 with inclosure, order of the City Council that the Park Commission be requested to replace all trees on the streets of East Boston which were blown down by the hurricane of September, 1938.

Please be assured that the department will try to comply with this request in so far as its limited Federal funds will allow.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SIGN DESIGNATING WILLIAM F. SMITH PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of February 24, 1941, concerning the erection of a sign designating the William F. Smith Playground in Allston.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Park Department, March 25, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of February 27 with inclosure, order of the City Council that the Park Commission be requested to erect a sign designating the William F. Smith Playground in Allston.

Please be assured that this request will be attended to immediately.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TABLET IN HONOR OF PATRICK T. CAMPBELL.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Director of the Public Library of the City of Boston relative to your order of February 10, 1941, concerning the erection of a suitable tablet on the Jeffries Point Branch Library in East Boston in honor of the late Patrick T. Campbell, Superintendent of Boston Public Schools.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Library Department, March 25, 1941.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—To the trustees of the Public Library at their meeting on March 21, 1941, I presented your transmittal of the order of the City Council under date of February 10, 1941, requesting the trustees of the Public Library, through his Honor the Mayor, to erect a suitable tablet on the Jeffries Point Branch Library in East Boston in honor of the late Patrick T. Campbell, Superintendent of Boston Public Schools.

The trustees gave careful consideration to the proposal and directed me to reply on their behalf that they have had a long-standing policy not to place tablets or portraits of individuals in the public library system except when the individual commemorated has had himself an active connection with the library. While they would like to commemorate an individual as distinguished as the late Mr. Campbell, they believe that they cannot with justice to other cases make in this instance an exception to their long-standing policy.

Yours very sincerely,
MILTON E. LORD, Director.

Placed on file.

BUS LINE TO EAST BOSTON HIGH SCHOOL.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the President and General Manager of the Boston Elevated Railway Company relative to your order of February 10, 1941, concerning the establishing a bus line from Orient Heights and Jeffries Point in East Boston to the East Boston High School and return, with a five-cent fare.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

Boston Elevated Railway,
March 21, 1941.

Mr. W. T. Doyle,
Secretary, Mayor's Office.

Dear Sir,—The trustees are perfectly agreeable to the operation of a bus line from Jeffries Point to Lexington street via Meridian street. It will be necessary, of course, in order to avoid duplicate service, to discontinue the car line which now runs, or else the deficit will simply be increased by a duplication of service which could not be justified.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

BUS SERVICE ON RIVER STREET.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the President and General Manager of the Boston Elevated Railway relative to your order of March 10, 1941, concerning the arranging the schedule of bus service on the River street line so that buses will be available to visitors of the Boston Sanatorium during the visiting hours — 2.30 to 3.30 in the afternoon and 6 to 7 in the evening.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

Boston Elevated Railway,
March 26, 1941.

Mr. W. T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—Referring to your letter of March 13, with order of the City Council concerning the arrangement of schedule of bus service on the River street line so that buses will be available to visitors of the Boston Sanatorium during the visiting hours—2.30 to 3.30 in the afternoon and 6 to 7 in the evening, the schedule on this line during the afternoon and early evening on week days and Sundays is 15 minutes, plus an extra bus from Ashmont at 3.30 p. m. and from Mattapan at 3.27 p. m. on week days, and on Sundays extra buses at 2.12 p. m. and 2.45 p. m. from Ashmont and 2.35 p. m. from Mattapan. The present schedule, therefore, provides service to meet the riding requirements during visiting hours at the Sanatorium.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

SERVICE ON ARBORWAY-SUBWAY LINE.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the President and General Manager of the Boston Elevated Railway relative to your order of March 10, 1941, concerning the immediately increasing of the service on the Arborway-Subway line.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

Boston Elevated Railway,
March 26, 1941.

Mr. W. T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—Referring to your letter of March 13, with order of the City Council, concerning increase in service on the Arborway-Subway line, since the opening of the Huntington Avenue Subway the number of trips operated via Huntington avenue has been increased from 351 to 382 per day, and riding on the line is being constantly watched with the view of adjusting the service to meet the riding requirements.

Very truly yours,
EDWARD DANA,
President and General Manager.

PARKER HILL PLAYGROUND, WARD 10.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of February 24, 1941, concerning the alterations and improvements at the Parker Hill Playground, Ward 10, as will permit the flooding of this playground for skating purposes next winter.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Park Department, March 25, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of February 27 with inclosure, order of the City Council that the Park Commission be requested to make such necessary alterations and improvements at the Parker Hill Playground as will permit it to be flooded for skating purposes next winter.

Pleased be informed that a survey will be made to determine the possibility of complying with this request. If it is possible to provide a skating area on this playground next winter, please be assured it will be done.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SALE TO UNITED STATES GOVERNMENT OF WEST ROXBURY LAND.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I inclose herewith an order providing for the sale to the United States Government of approximately thirty acres of land located in West Roxbury at Spring street and Veterans of Foreign Wars Parkway.

This property is commonly known as the old "Parental School" property, acquired by the city in 1892 and in 1901, and variously used since that time as a school for truant and absentee school children, United States Veterans' Hospital, and branch hospital for the City of Boston.

At the present time the property is in the custody of the Commissioner of Public Works. All buildings on the property have been demolished.

The attached communication from the Corporation Counsel gives, in orderly sequence, the various changes which have occurred in this property since its acquisition.

This property is no longer needed for any public purpose and, in my opinion, should be disposed of by the city. It was my original intention that this large tract of land be sold by the city for home sites and were it not for the fact that the United States Government is most desirous of obtaining this property for a diagnostic hospital and main administrative offices for the Veterans' Bureau in New England, our original intentions would have been carried out.

The Veterans' Administration of the United States Government, after a thorough survey of this section of the country, of possible sites for a veterans' hospital, decided upon this location in West Roxbury. An offer of $40,000 has been made for the purchase of the property.

The site is admirably located for the purpose intended and will not in any way injure the surrounding properties. The hospital will be conducted in accordance with rigid governmental standards and will meet a long recognized necessity for such a hospital near the largest center of population in this section of the country.

Both the State Departments of the American Legion and the Veterans of Foreign Wars are strongly in favor of a veterans' hospital in Boston and have approved this location.

The accompanying order authorizes the execution of an agreement to sell and the sale of the property above-mentioned at a purchase price of $40,000, and I respectfully recommend its passage by your Honorable body.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Law Department, March 28, 1941.

William J. Wallace, Esq.,
Secretary to the Mayor.

Dear Mr. Wallace,—I inclose herewith the original and four carbon copies of an order which may be transmitted to the City Council authorizing the execution of an agreement to sell and the sale of the so-called "Parental School" property to the United States of America.

The facts relative to this property are substantially as follows:

1. Property purchased by the City of Boston:
   (a) About 1,207,918 square feet, October 13, 1892, Suffolk Deeds, Book 2089, page 123, purchase price, $30,000.
   (b) About 709,072 square feet, October 7, 1901, Suffolk Deeds, Book 2783, page 605, purchase price, $35,262.27.
2. Taking of land, Veterans of Foreign Wars Parkway:
   The Department of Public Works of the Commonwealth by an order dated December 8, 1931, recorded with Suffolk Deeds, Book 5300, page 201, took in fee about 649,000 square feet. Award, $36,800.
3. This property was purchased by the City of Boston to provide for the establishment of a school for truants and absentees from school in the County of Suffolk in accordance with the provisions of chapter 282 of the Acts of 1886.
4. The Parental School was abolished March 23, 1915, in accordance with the provisions of chapter 738 of the Acts of 1914.
5. This property was transferred to the care and custody of the trustees of the Boston City Hospital by an order of the City Council, March 23, 1915, in accordance with the provisions of chapter 34 of the Special Acts of 1915.
6. This property was leased to the United States Government by an order of the City Council passed October 21, 1918, for the term ending June 30, 1919, with the right to renew said lease annually for the duration of the war and for the period of one year thereafter. Rent, $1 per year.
7. By an order of the City Council passed January 17, 1921, a new lease was authorized on the basis of rental payment equal to 7 per cent of the assessed valuation of April 1, 1920 (7% × $502,000 = $35,140). Term July 1, 1921—June 30, 1926.
8. By an order of the City Council passed July 12, 1926, a new lease was authorized on basis of annual rent of $35,175. Term one year, July 1, 1926—June 30, 1927.
9. Premises vacated by the United States Government sometime in 1927.
10. Premises used by City Hospital, West Department, 1928–1938.
11. By an order of the City Council passed February 14, 1939, the premises were transferred to the care and custody of the Department of Public Works of the City of Boston.
12. A. W. P. A. project sponsored by the Public Works Department of the City of Boston demolished the buildings on this property.
13. The 1941 assessment is to be based at five cents a square foot.

Inclosed please find a plan of the said area, and also please find inclosed the original and three carbon copies of the proposed sales agreement.

Very truly yours,
JOHN J. TOBIN,
Assistant Corporation Counsel.

—

The engineers of the Street Laying-Out Department are working on the preparation of the above plan but due to the complications arising out of the laying out of the State Highway — Veterans of Foreign Wars Parkway — through this land this plan will not be completed before Tuesday or Wednesday of next week, therefore, I have prepared the inclosed order to be submitted to the City Council. The letter of transmittal of this order to the City Council, it is my understanding, is to be prepared by your office.

JOHN J. TOBIN.

—

Whereas, The City of Boston is the owner of a certain parcel of land containing approximately 30 acres, situate in that part of Boston called West Roxbury. This parcel of land was acquired by purchase and the deeds of conveyance to the City of Boston are recorded with Suffolk Deeds, Book 2089, page 123, and Book 2783, page 605. This parcel of land is shown, bounded and described on a plan marked City of Boston, Spring Street, Veterans of Foreign Wars Parkway, Gardner Street, Wycliff Avenue, Linden Street, Webster Street, West Roxbury, March 28, 1941, William J. Sullivan, Chief Engineer, Street Laying-Out Department"— Plan of land in West Roxbury District belonging to the City of Boston, Scale 80 feet to an inch", on file in the office of the Street Laying-Out Department of the City of Boston, City Hall, Boston, Massachusetts, and incorporated herein and made a part of this order.

Whereas, The City of Boston does maintain and is to extend and construct surface drainage sewerage works in and through this parcel of land in the location shown, bounded and described on the plan hereinbefore referred to and marked thereon, Location, City of Boston, Surface Drainage Sewer"; and

Whereas, This parcel of land is now in the care and custody of the Commissioner of Public Works of the City of Boston; and

Whereas, This parcel of land, except as to that part thereof shown, bounded and described on the plan hereinbefore referred to necessary for the maintenance, extension and construction of surface drainage sewerage works, is no longer needed by the City of Boston for public purposes; and

Whereas, The United States of America desires to purchase this parcel of land and has through the Administrator, Veterans' Affairs, offered to the City of Boston the sum of $40,000 as the purchase price therefor; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to execute an agreement to sell and to sell without public auction this parcel of land shown, bounded and described on the plan hereinbefore referred to, subject, however, to the right and easement in the City of Boston to maintain, extend and construct surface drainage sewerage works in the location shown, bounded and described on the plan hereinbefore referred to, to the United States of America for the sum of $40,000; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to convey this parcel of land shown, bounded and described on the plan hereinbefore referred to, excepting and reserving the right and easement in the City of Boston to maintain, extend and construct surface drainage sewerage works in the location shown, bounded and described on the plan hereinbefore referred to, by an instrument in writing, satisfactory in form to the Law Department of the City of Boston and in consideration of the sum of $40,000, to the United States of America.

Referred to Executive Committee.

MAINTENANCE OF CHELSEA STREET BRIDGE.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—I am informed by the Commissioner of Public Works that the City of Boston is assuming all maintenance and repair charges of the Chelsea Street Bridge which connects the City of Boston with the city of Chelsea. I am further informed that under the provisions of chapter 581 of the Acts of 1911 there exists a provision whereby the Supreme Judicial Court may be appealed to to appoint a commission which will determine how the charges for the reconstruction, repair and maintenance of this bridge may be apportioned among the cities which are benefited from the bridge, including Boston, Chelsea and Revere.

The attached order authorizes the Corporation Counsel to apply to the Supreme Court for the appointment of such a commission of apportionment of costs, and I recommend its passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Works Department,
January 15, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor—Since the completion of the new Chelsea Street Bridge, East Boston, which is located across Chelsea Creek and connects Boston with Chelsea, the City of Boston has assumed all charges and costs in connection with the maintenance and repair of the structure. This is an inequitable situation that should be corrected, as it seems only fair and reasonable that the city of Chelsea and possibly the city of Revere should assume part of these costs.

I have discussed the matter with the Corporation Counsel and he has prepared an order, to be introduced in the City Council, which provides for the appointment of a Board of Commissioners, under the provisions of statute law, to apportion the above-referenced costs among the cities and towns that, in the opinion of said Board of Commissioners, are benefited by this structure.

I, therefore, respectfully recommend that you transmit to the City Council, for approval by that Body, the inclosed order that has been prepared by the Corporation Counsel in connection with this matter.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

—

Whereas, Section one of chapter five hundred and eighty-one of the Acts of nineteen hundred and eleven provides as follows:

"Upon the application of the city of Boston, after a vote thereupon by its city council, to any justice of the supreme judicial court, and after notice to and hearing of the cities of Boston and Chelsea, the towns of Revere and Winthrop, and such other cities and towns and street railway corporations as are affected by the application, said court shall appoint three disinterested persons as commissioners, neither of whom shall reside in either of said cities or towns, who, after notice and a hearing shall apportion among the cities and towns which receive special benefits from the bridges hereinafter named a just and equitable share of the cost of construction, reconstruction, repairs and maintenance of said bridges, and shall also assess upon any street railway having a location upon any of said bridges a just and equitable share of the cost of construction and repairs: provided, however, that no costs shall be so assessed for any work done or contracted for previous to the passage of this act. Said bridges are, (1) Chelsea bridge, so-called, between Charlestown and Chelsea; (2) Meridian street bridge between East Boston and Chelsea; (3) Chelsea street bridge between East Boston and Chelsea."

Whereas, No apportionment of the cost of the construction, reconstruction, repairs and maintenance of the bridge designated in the above-quoted section as "(3) Chelsea Street bridge between East Boston and Chelsea" has been made; it is hereby,

Ordered, That the Corporation Counsel be, and he hereby is, authorized, in the name of the City of Boston, to apply to the Supreme Judicial Court for the appointment of commissioners, under chapter five hundred and eighty-one of the Acts of nineteen hundred and eleven, to apportion among the cities and towns and street railways the cost of construction, reconstruction, repairs and maintenance of the Chelsea Street Bridge between East Boston and Chelsea.

Referred to Executive Committee.

USE OF BALANCE IN WATER DIVISION.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—During the fiscal year 1940 the receipts of the Water Division of the Public Works Department exceeded expenditures for all purposes by $418,454.34. Under the provisions of chapter 324 of the Acts of 1914, this balance can be used for only one purpose, namely, "to meet Interest and Sinking Fund Requirements or Serial Loan payments on any debt of the City of Boston." In accordance with this statutory provision, I submit herewith an order authorizing the use of this balance to meet debt requirements of the current year. This action will serve to reduce the amount to be provided in the tax levy for redemption of debt and the payment of interest, thus affording direct relief to the property owners and taxpayers of the city. I respectfully recommend adoption of the accompanying order.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of section 1 of chapter 324 of the Acts of 1914 the City Auditor be authorized to use $418,454.34 of the balance in Water Income to meet Interest and Sinking Fund Requirements or Serial Loan payments on any debt of the City of Boston.

Referred to Executive Committee.

FEDERAL SURPLUS COMMODITY STAMP PLAN.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—Under the provisions of chapter 92 of the Acts of 1941 municipalities are authorized to borrow for the purchase of stamps utilized in connection with the Federal Surplus Commodity Stamp Plan. Through a temporary arrangement with the First National Bank, purchases of stamps since the establishment of the plan in Boston have been financed through funds advanced by the bank. Under the agreement covering this arrangement, the bank may terminate its cooperative participation on or after April fifteenth. While I have every reason to believe that the bank will continue this temporary financial assistance as long as is required by the city, nevertheless, I believe it desirable to provide, at the earliest possible moment, funds which will permit the Public Welfare Department of the City to make direct and independent purchases of the stamps. I accordingly submit the attached appropriation order and recommend its adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 92 of the Acts of 1941 a loan in the sum of $250,000 outside the debt limit be, and hereby is, authorized, and that the City Treasurer, upon request of the Mayor, be authorized to issue bonds or notes therefor, and that the said sum of $250,000 be, and hereby is, appropriated, to be expended in accordance with the provisions of chapter 92 of the Acts of 1941 for the following purpose:

Public Welfare Department.

Installation of Federal Surplus Commodity Stamp Plan	$250,000

Referred to Committee on Finance.

LOAN FOR PUBLIC WELFARE, SOLDIERS' RELIEF AND W. P. A. PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1941.

To the City Council.

Gentlemen,—Under the provisions of chapter 92 of the Acts of 1941 municipalities are authorized to borrow, after satisfying certain requirements, on account of appropriations made for Public Welfare, Soldiers' Relief and W. P. A. projects. This act, while it continues the policy established by the state in 1933 to relieve municipalities through borrowing from the direct burden of heavy welfare requirements resulting from the depression, differs in certain material respects in its requirements from the legislation previously enacted. Under its provisions, cities and towns must first provide by direct taxation appropriations for Aid to Dependent Children, Old Age Assistance and Soldiers' Relief in amounts equal to actual expenditures for these purposes in the previous financial year. On all other forms of welfare disbursements, municipalities must, by direct appropriations, provide amounts equal to 65 per cent of the actual expenditures of the previous year.

To date, budget appropriations totaling $13,863,916.02 have been made for welfare requirements and projects. Under the formula provided in chapter 92, $10,352,937.30 must be provided through the medium of the tax levy, leaving $3,510,978.72 which may be made the subject of a loan. This latter amount represents a reduction of, roughly, $1,350,000 from actual borrowings in 1940 for welfare purposes. I submit herewith an order authorizing the borrowing of $3,510,000 under the provisions of chapter 92 of the Acts of 1941. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 92 of the Acts of 1941 the sum of $3,510,000 be, and hereby is, appropriated for Public Welfare, Soldiers' Benefits and Federal Emergency Unemployment Relief Projects, to be used for meeting appropriations heretofore made, and that the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the debt limit.

Referred to Committee on Finance.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

George Anastos, for compensation for damage to car by city truck.

Louis Caporale, for compensation for damage to car by city truck.

Committee on Licenses.

Petition of Jacob J. Neitlich, for driveway opening at 783 Blue Hill avenue.

Petition of Boston Elevated Railway Company for license to operate motor vehicles between junction of Market and Washington streets and junction of Arlington and Faneuil streets, Brighton, over Market, Arlington, South Hobart, Harriet and Faneuil streets, in either direction.

Executive.

Petition of Rose A. Devine, to be paid an annuity on account of death of husband, John J. Devine, late member of Fire Department.

Petition of Mary H. Brophey, to be paid an annuity on account of death of her husband, Frederick R. Brophey, late member of Fire Department.

Petition for children under fifteen years of age to appear at places of public amusement, viz.:

Sibyl H. Balch, Hotel Bradford, April 5.

MINORS' LICENSES.

Petitions for minors' licenses were received from fifteen newsboys and two bootblacks. Licenses granted under usual conditions.

SIDEWALK ASSESSMENTS.

A communication was received from the Commissioner of Public Works together with orders assessing half-cost of construction of sidewalks against owners of estates bordering thereon, viz.:

	Half-Cost.
Westbourne street, Ward 20	$645 45

The order was passed under suspension of the rule.

BOND OF BOSTON AMERICAN LEAGUE BASEBALL COMPANY.

The liability policy of the Boston American League Baseball Company was submitted to the Council.

Approved and placed on file.

REPORT OF COMMITTEE ON CLAIMS.

Coun. M. H. SULLIVAN, for the Committee on Claims, submitted the following:

1. Report on petition of Harry P. Sheehan (referred March 3) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to Park Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred twelve dollars ($112) be allowed and paid to Harry P. Sheehan in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Park Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of Thomas L. Kelly (referred March 24) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of thirty-two dollars and thirty-eight cents ($32.38) be allowed and paid to Thomas L. Kelly in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

INFORMATION FROM CITY CENSOR.

Coun. COFFEY offered the following:

Ordered, That the City Censor be requested, through his Honor the Mayor, to explain his failure to act on a recent order of the Boston City Council whereby burlesque houses be closed for the entire day on Good Friday.

Passed under suspension of the rule.

CLEANING OF EAST BOSTON STREETS.

Coun. COFFEY offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to have the streets of East Boston cleaned and to do patchwork where necessary.

Passed under suspension of the rule.

REPAIR OF EAST BOSTON PLAYGROUNDS.

Coun. COFFEY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to make the necessary repairs to the playgrounds in East Boston in order to have then in readiness for the baseball season.

Passed under suspension of the rule

FIRE HOUSE FOR ORIENT HEIGHTS SECTION.

Coun. COFFEY offered the following:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to consider the advisability of establishing a fire house in the Orient Heights section of East Boston.

Passed under suspension of the rule.

RESURFACING OF HAVRE STREET.

Coun. COFFEY offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement Havre street,

Ward 1, from Marion street to Bennington street, under the W. P. A. plan of construction.
Passed under suspension of the rule.

CHARGE FOR ALL-DAY PARKING.

Coun. COFFEY offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to draw up plans to have parking lots charge 35 cents or less per day.
Passed under suspension of the rule.

TWENTY-FOUR HOUR BASIS FOR EAST BOSTON RELIEF STATION.

Coun. COFFEY offered the following:
Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to make arrangements for the opening of the East Boston Relief Station on a twenty-four-hour-day basis.
Coun. COFFEY—Mr. President, the reason why I have introduced this order today to open the Relief Station in East Boston on a twenty-four-hour basis, is because three years ago the Mayor, under an economy program, decided to close that station and to save the money of the taxpayers. I have introduced at least eleven orders to have the station opened, but without avail so far. A week ago yesterday I happened to be present at a communion breakfast in East Boston, when the Mayor made the remark that the East Boston Relief Station was a fake. I ask you to bear with me while I go back a year ago, to the last Columbus night, when the Mayor gave the people of that section a large appropriation to stage a big celebration of Columbus Day. That night, the Mayor stated that he had made a mistake when he closed the Relief Station, that he was man enough to come back to the people and tell them that he had made a mistake, and that he was going to rectify the mistake. I was present at the banquet, and I thought from what he said that he was going to re-open the station on a twenty-four-hour basis. But the Mayor opened the Relief Station from ten o'clock in the morning until six in the evening, as a clinic. And now he makes the statement that the East Boston Relief Station is a fake, and that statement was carried in all the papers Thursday and Friday. I now ask the Mayor why he made that statement, what he meant when he said at the Columbus Day celebration last year that he had made a mistake in closing that station, and when he now says that the East Boston Relief Station is a fake, that it has not saved lives but loses them. Two weeks ago I introduced an order asking the Hospital Trustees, through his Honor the Mayor, to supply that station with a doctor instead of an interne. The Mayor started last week by sending a doctor there instead of an interne who had been there since it was opened, a year ago last January. But the station has not been placed on a twenty-four-hour basis. That Relief Station was built in 1904, during the administration of Pat Collins. I don't remember the exact order of the Mayors who followed Collins, but we had Mayor Curley, Mayor Peters, Mayor Nichols, Mayor Curley again, and Mansfield. None of those gentlemen thought that the East Boston Relief Station was a fake, or saw fit to close it, and I now ask the Mayor why a district that has 70,000 residents should be expected to go back to the horse and buggy days and not be given proper consideration in this matter of hospital accommodations. I ask the Mayor to take steps to open that relief station twenty-four hours a day.
The order was passed under suspension of the rule.

REMOVAL OF SNOW AND DEBRIS.

Coun. RUSSO offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to arrange for the immediate clearance of all snow and debris from the streets of Boston.
Coun. RUSSO—Mr. President, last week I had occasion to go around some of the streets of my district and of the city, on a personal tour of investigation, and I found that there are many streets still cluttered up with the snow that fell some time ago. I am, of course, particularly referring to streets in my own ward, and it is still surprising to see the quantity of snow in some of those streets and the condition in which they are today. It is disheartening to go through the streets and see the small children who are forced to play on them under the present conditions. It is about time that the Public Works Commissioner took action towards removing the snow and debris so as not to impair the health of the children of the city. I would also like to have the Fire Commissioner instructed to have the streets where those children play flushed so that they will be at least able to play there under proper conditions and without the fear of perhaps being subjected to some serious disease. Having these facts in mind, I certainly hope that action will be taken immediately along this line, to remove this menace to the children of my district, and I know that every councilor here feels the same as I do, that they are entitled to action that will benefit their health. I trust also that the Street Commission will see fit to make a survey in my district so that these streets may be roped off this coming summer, giving play areas to the small children. I trust that this order will be passed.
The order was passed under suspension of the rule.

W. P. A. PAYMENT BEFORE EASTER.

Coun CHASE and M. H. SULLIVAN offered the following:
Ordered, That the Boston Director of W. P. A. activities be requested, through his Honor the Mayor, to arrange for the distribution of pay checks the Friday before Easter instead of the Monday after Easter.
Coun. CHASE—Mr. President, I trust that the Boston Director of W. P. A. activities in this city will be so requested, to arrange for the distribution of pay checks on the Friday before Easter instead of the Monday after. At least 50 per cent of all the W. P. A. workers in Boston will, under normal conditions, receive their two weeks wages after Easter, and I am sure the members of the Body will agree with me that those people should be given an opportunity to follow the old custom of buying things to eat and wear before Easter. It will certainly be a great help to these people who are on W. P. A. relief to receive their checks on the Friday before instead of the Monday following Easter, and I trust that the order will pass.
The order was passed under suspension of the rule.

ROPING OFF STREETS FOR B. A. A. MARATHON.

Coun. SHATTUCK offered the following:
Ordered, That the City Messenger be directed to rope off the streets at the points necessary along the route of the Annual Marathon Race to be conducted by the B. A. A. on April 19, 1941, the expense of same to be charged to the City Council fund for Flags, Ropes and Stakes.
Passed under suspension of the rule.

CLEANING OF WARD 10 STREETS.

Coun. CAREY offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to devise some plan whereby a thorough cleaning may be given the streets throughout the city, particularly in the Ward 10 area, immediately.
Coun. CAREY—Mr. President, this order is practically identical with the order introduced by the councilor from Ward 3 (Coun. Russo) and also along the line of a similar order introduced by the councilor from Ward 1 (Coun. Coffey). I wish to say, in introducing the order, that I have no intention of criticizing the Commissioner of Public Works, as I know that he is doing his best and trying to get along without adequate equipment. Therefore, he certainly should not be criticized too harshly. But there has been considerable snow and dirt left on certain of the streets and the high winds of the past week have made conditions particularly hard for housewives and pedestrians. I think the commissioner might have in mind the possible flushing of the streets, as suggested by the councilor from Ward 3. I certainly trust that immediate attention will be given to this request.
The order was passed under suspension of the rule.

RESURFACING OF G STREET.

Coun. SCANNELL and LINEHAN offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement G street, Wards 6 and 7, from Broadway to Thomas park, under the W. P. A. plan of construction.
Passed under suspension of the rule.

SURVEY OF WARD 6 SIDEWALKS.

Coun. SCANNELL offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make a survey of the sidewalks in Ward 6 for the purpose of installing granolithic walks wherever needed.
Passed under suspension of the rule.

REMODELING OF LOCKER BUILDING, COLUMBUS PARK.

Coun. LINEHAN offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to remodel the old locker building at Columbus Park, South Boston, so that it may be available for the use of the greatly increased number of children in the district as a result of the Old Harbor Village housing unit and the new South Boston unit to be opened in the near future.
Passed under suspension of the rule.

POSTPONEMENT OF TAX SALE ADVERTISING.

Coun. CAREY offered the following:
Ordered, That the City Collector be requested, through his Honor the Mayor, to defer advertising for tax sale until next September those properties in which there are outstanding water bills and which the collector plans to advertise in April.
Coun. CAREY—Mr. President, I understand that at the present time the City Collector is planning in the early part of April advertising for sale properties on which there are outstanding water bills, some of them for small amounts. It may be true that some of the bills date as far back as 1937. I understand that this is the first time when the collector has advertised sales solely for water bills. I feel, also, that no doubt in many cases there has been some mistake, or oversight in not paying the bills, and that the owners should be given more of a chance to pay the bills before the property is advertised for sale. I feel that if the advertising is deferred until September the owners will then be in a better position to clean the thing up. We all know how reluctant property owners are to see their property advertised, even if it is only in the *City Record*, certainly until they have been given a good opportunity to pay the bills. I believe no harm will be done by delaying the advertising until September, and I trust, therefore, that the collector will be asked to comply with this request.
The order was passed under suspension of the rule.

FEES FOR PERMANENT VAULTS.

Coun. FISH offered the following:

An Ordinance Concerning the License Fees of the City of Boston.

Be it ordained by the City Council of Boston, as follows:
Section 1. Acting under the authority of chapter 173 of the Acts of 1939 the following fee is hereby established:
1. The fee provided for under chapter 486, section 28, Acts of 1909, for the commercial use of permanent vaults commonly known as areas under public ways shall be on a rental basis.
2. The Council and Mayor in establishing rents shall be guided by the assessed value of adjacent land.
3. The rents shall be collected by the Board of Street Commissioners.
The ordinance was declared by the President referred to the Committee on Ordinances.
Coun. FISH—Mr. President, the purpose of that ordinance, I think, will be clear. Under our sidewalks there is a great deal of space that can be used for commercial purposes, for vaults and that sort of thing. As I understand it, the assessors have only a right to assess to the inside line of the sidewalk. I see no justice, however, in levying a heavy fee, for example, on marquises that extend over the sidewalk, even though not used for advertising purposes but simply for architectural effect, and not charging a fee for the commercial use of the land underneath the sidewalks. I would, therefore, request that the Committee on Ordinances have a meeting on this matter as soon as possible.
The ordinance was referred to the Committee on Ordinances.

CLEANING OF WARD 16 STREETS.

Ordered, That the Public Works Commissioner, through his Honor the Mayor, be instructed to order the streets of Ward 16 be cleaned.
Coun. FISH—Mr. President, this seems like clean-up week in Boston. But it is discouraging, in walking through our districts, to see the gutters littered up with broken sticks and debris and refuse of one kind and another. As Councilor Russo has said, if these conditions are not cleaned up, we will have some disease going through the city.
The order was passed under suspension of the rule.

FIVE-CENT FARE ON ELEVATED.

Coun. FISH offered the following:
Ordered, that the City Council, through his Honor the Mayor, request the trustees of the Boston Elevated Railway to immediately establish a five-cent fare to replace the present ten-cent fare.
Coun. FISH—Mr. President, we are going to receive a report from the Finance Commission very shortly. At least, I assume that we are. We called for an investigation and appropriated $30,000 for it, and I understand that the report is about to be made. I have a very good idea of what the report will be. It proposes to institute court action by the Attorney General for the state, and, if there is any fairness, after the matter is presented in court, I think the citizens will enjoy a five-cent fare and that there will be material benefits to the city all around. But why should we wait? If the Finance Commission are coming out with a report of the investigation by the attorney, Mr. Callahan, showing that there has been a deliberate fraud in the Boston Elevated situation, why should we have to await the customary court procedure of a year or two? For

that reason, I ask that an immediate five-cent fare be established by the Boston Elevated.

Coun. TAYLOR—Mr. President, will the gentleman yield?

Coun. FISH—Not at the moment. I think we have enough to go ahead on. I suppose presently the Governor of the Commonwealth will have the report in his hands. If my memory serves me right, he was Speaker of the House when this largest steal ever made was thrust on the people of Boston. As I say, we are finally going to get a five-cent fare. The Elevated Trustees seem to be on the run, and I think we can and should get it now, rather than wait for action by the courts. I think it would be somewhat futile for us to wait until action is finally taken by the courts. I believe action should be taken as soon as possible.

Coun. SHATTUCK—Mr. President, this order is just plain hooey. As anyone who examines the figures will know, while there may be some savings as the result of this investigation, the savings will not be nearly enough to justify the five-cent fare. Anyone who has gone into the figures showing the wages of the employees, to say nothing of the other expenses of the company, must know that nearly five cents, I think 4½ cents or in that neighborhood, goes for wages. In addition, there is the fuel, the operation of the power plant and cars, the equipment the road must have, the amount that must be paid to the City of Boston for use of the subways, the taxes that are paid, the interest paid on the Metropolitan Transit District bonds, all those things. The transit district has to meet the interest on those bonds, with the Sinking Fund, and there are a lot of other expenses that go into that ten-cent fare. The road must, if it is not going into bankruptcy, meet the interest on those bonds; it must pay the taxes to the City of Boston and the rentals on the subways, on which our city bonds depend. So if we adopt this order, we are just fooling the people. I move you, sir, therefore, that the order be referred to the Executive Committee, and that the Executive Committee study the last reports of the Trustees of the Elevated road, which demonstrates in themselves that a five-cent fare is impossible.

Coun. TAYLOR—Mr. President, I am not opposed to the order offered by the gentleman from Ward 16 (Coun. Fish), but I am certainly in favor of a reduction of the carfares paid in the City of Boston if we can get it. I read in the newspaper the article to which the councilor has referred, regarding the report to the Finance Commission, and where there is smoke there is probably fire. I am certainly interested in the results of that particular investigation. I am the one who was responsible for bringing the order before the Council for the purpose of having the Finance Commission investigate the Boston Elevated Railway Company. I have always felt that there was something rotten in Denmark. I could never understand how the Boston Elevated Railway Company charged a ten-cent fare, when in New York City and when on other street railways throughout the Commonwealth the fare is only five cents, and the roads are running at a profit. I certainly trust that this investigation, about which we have read in the newspapers, will give the facts to the public. I believe there is a great deal of truth in what the councilor has said, and I believe that the report will substantiate the remarks that I made to the effect that the Boston Elevated had put over this steal on the public in order to pay to the stockholders this guaranteed dividend every year, at the expense of the taxpayers of the City of Boston and of the metropolitan district. I never could understand it, except that the powerful lobbyists of this great corporation were able to manipulate through the Legislature that act, through which the stockholders of the road are receiving gains to which they are not entitled. I have always contended that they were thereby receiving benefits that the stockholders of no other company in the United States obtain. I see that they recently purchased twenty-five or thirty new cars, at an expense of about $17,000 per car, and the people of Boston have to pay that and other expenses along that line. Of course, the expense for rehabilitating the road is being met by the taxpayers of the City of Boston. There is no doubt in our minds on that point. I am certainly in favor of reducing the fares that must be paid by the people of the City of Boston, who are primarily interested in a reduced fare, and I also believe that the taxpayers, who are carrying the burden of over $40 per thousand on their tax rate, should be relieved of as much as possible of their burden. I personally feel that this investigation may possibly bring results that will be beneficial to the taxpayers of the City of Boston, and I hope the investigation will bring that about. I am particularly interested in the people who must pay the $2,000,000 annually at the present time to meet the so called deficit in the operation of the road. I believe that if the road should adopt a five-cent car fare on short hauls and a proportionately increased rate, according to distance, on longer hauls, this whole question of fares could be easily settled. But, of course, that will not be done while the people of Milton, Arlington and other distant parts of the metropolitan district are simply paying the same ten-cent fare that the people of Boston pay when they ride short distances in this city. I suppose the order should wait until we receive the report of the Finance Commission, in which, of course, we are all interested.

Coun. M. H. SULLIVAN—Mr. President, reference has been made to the twenty-six de luxe cars for which $17,000 apiece was paid, on the Watertown, Newton and Brighton street car line. I flatter myself that I was the one who was instrumental in having those cars placed there. I don't know about the purchase price of those cars, although I read the statement that each cost $17,000. But I do think that those cars were necessary, and I believe Councilor Taylor would think so if he had ridden out there on one of the old cars on that line. So I think the Boston Elevated Trustees showed good sense when they purchased those cars, and I feel that it would be a good thing if they had twenty or twenty-five more.

Coun. TAYLOR—Mr. President, will the gentleman yield for a question?

Coun. M. H. SULLIVAN—If it refers to the welfare of the district I represent.

Coun. TAYLOR—Do you think, even if the cars are necessary, that the taxpayers of the City of Boston should pay the bills?

Coun. M. H. SULLIVAN—I don't know just who would pay the bills, unless the taxpayers. But, apparently unlike him, I would like far better equipment on the Boston Elevated.

The order was referred to the Executive Committee.

Coun. TAYLOR—Will the gentleman yield for another question?

President GALVIN—No. The order has been referred to the Executive Committee, and no debate is in order.

Coun. CHASE—Mr. President, I would ask unanimous consent to make a statement. (No objection.) What I am going to say is not a lot of hooey, but is going to be based on facts. Up to the time when the Huntington Avenue Subway was completed, the people of my district and other sections of Boston had a five-cent fare from Brigham Circle to Arlington street. On the completion of that subway the Boston Elevated Trustees took away that privilege, and to date have not replaced it with any bus line, although the Council is on record as favoring the replacement of a bus line in that area. Nobody can tell me that the trustees would not be justified in establishing a local five-cent line in that area. But the wishes of the people in that respect are ignored, while people can ride from Arlington Heights, from Milton and other parts of the metropolitan district through that section for ten cents, while residents of that area are obliged to pay ten cents simply to ride down to Park street. I say that the trustees are absolutely not taking into consideration the rights of the citizens of my district and of other parts of Boston. The Boston Elevated Trustees are charged with the duty of providing transportation at adequate and reasonable cost, and I say that that duty is just as strongly placed on their shoulders as the duty of trying to run the transportation system on a paying basis. The Boston Elevated is a public institution. It is under the control of the State government. The stockholders are guaranteed a dividend, and the people of Boston are more than paying their share of the deficit of the Boston Elevated. My section is one of the largest tax-paying districts in Boston, and the merchants and people who reside in that area are losing business and being inconvenienced and robbed by the Boston Elevated Trustees, when they are not provided adequate five-cent transportation. I am more than sympathetic with what the gentlemen from Dorchester and Roxbury say about the Boston Elevated Trustees. I say that absolutely they do not act within the bounds of reason in charging the people inside of Boston more than a five-cent fare. The transportation in Boston should not be more than five cents, and the sooner the people generally realize that we are helping to pay the fares of the people of Newton, Arlington and other outside places, who are simply paying the same ten-cent fare that the people of Boston pay, the better. We are paying the same price for a half-mile or a mile ride that the people out of town are paying for a long haul.

Later in the session Coun. SHATTUCK said: Mr. President, I ask unanimous consent to make a statement. (No objection.) When speaking on the Elevated order, I meant to add a statement of fact relative to something said by the gentleman from Ward 16 (Coun. Fish), relative to the action of the Governor. The Public Control Act was passed in 1918, which was six years before the Governor was a member of the Legislature. He entered the Legislature in 1924.

Coun. FISH—I think in my remarks I stated, "if my memory serves me correctly."

Coun. SHATTUCK—Yes, but I had not finished the statement I was going to make. I became a member of the Legislature in 1920 and served for several years before the Governor entered the Legislature. The Public Control Act, as I say, was passed in 1918. It was extended subsequently, I think, in 1931. At that time the Governor was the Speaker of the House, but before action was taken on the extension a referendum was submitted to the people asking them three questions,—"First, Did they want Public Control discontinued? Second, Did they want Public Control continued? Third, Did they want public ownership?" The greater number of voters voted for the continuation of Public Control, and that is what the Legislature voted.

Coun TAYLOR—Mr. President, will the gentleman yield for a question, please?

President GALVIN—No. There is nothing before the house.

PAYMENT IN CASH TO HOSPITAL EMPLOYEES.

Coun. HURLEY offered the following:

Ordered, That the City Treasurer be requested, through his Honor the Mayor, to discontinue the practice of paying employees of the City Hospital by check, and to reestablish the old system of payment by cash.

Coun. HURLEY—Mr. President, it has been called to my attention that they are experimenting with a new system of paying the employees of the Boston City Hospital,—instead of paying in cash, paying by check. I think that is a very poor system. The employees of the Boston City Hospital, as members of the Council know, are among the lower salaried groups, their pay checks running from $10 to $18 or $20 a week. They are now being paid by check as an experiment, starting from the South Department and going out to the Mattapan Sanatorium. I think paying those employees in that group by check is one of the worst mistakes that could be made. They have no bank accounts, not having money enough to have a bank account, and so there is a strong temptation to them to go to the taverns and saloons to cash the checks, with the result that when they get through there is little or no money for their families. They certainly get little enough money, anyway, and I hope the Mayor will consult with the City Treasurer and do away with this plan of paying by check.

The order was passed under suspension of the rule.

WARD 14 PLAYGROUND IMPROVEMENTS.

Coun. GOTTLIEB offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to construct a backstop behind home plate in the Ceylon Playground, Ward 14.

—

Ordered, That the Park Commission be requested, through his Honor the Mayor, to resurface the tennis courts on the Ripley Road Playground and to prohibit football and baseball games on same.

Severally passed under suspension of the rule.

W. P. A. DENTAL PROJECT.

Coun. GOTTLIEB offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to report on the advisability of setting up a W. P. A. dental project to provide for the dental care of adults receiving welfare aid and employed under W. P. A.

Coun. GOTTLIEB—Mr. President, a short time ago I introduced several orders requesting the Health Commissioner and the trustees of the George Robert White Fund to confer with the Mayor as to the advisability of establishing dental clinics for the care of adults in the City of Boston who were receiving welfare aid or W. P. A. compensation and who were unable to pay for the dental work they required. Nothing has ever come of these orders, and the problem of care of the teeth of many of these adults in the City of Boston is still unsolved. It appears that months and years may go by before any provisions are made for taking care of these poor unfortunate people. I see no reason why the City of Boston should not assume, in addition to the obligation of feeding its needy citizens, also the obligation of giving them medical and dental care. I think that is an obligation of every city, every state and every government in civilized days and in civilized countries. If I can get the city to do it, I would like it done by W. P. A. workers. In the city of New York today they have a W. P. A. project that provides dental care for citizens who are receiving welfare aid and who are on W. P. A. The project has proved very successful, and I believe a project of this kind, sponsored by the Mayor, would also be successful in Boston. It will not interfere with the work of the dentists, because the people who would take advantage of such a project could not afford to go to the ordinary dental practitioner. You and I know that people on W. P. A. or on welfare do not go to local dentists, because they could not afford to pay the compensation for the services rendered. I think if such a plan were adopted, the welfare department would save money, because it is now the practice in that department in relief cases to give dental plates, where the recipients have no money for the dental plates. I also think we would save considerable money by utilizing dentists on W. P. A. I understand that there are now dentists, graduates of dental schools, who are unable to make a living in the practice of their profession and who would be glad in a case of this sort to accept W. P. A. employment. Why cannot we give them that opportunity to make a decent, respectable living in the profession for which they were educated, and why not give poor people an opportunity to have their teeth cared for? If we can spend billions on war defense, this is a thing that should be certainly recognized as entering into the matter of war defense. We have seen time and time again young men rejected by the draft because of defective teeth, and if this action is taken we will help to make them good soldiers. I hope the order will pass, and that immediate

action will be taken looking toward the establishment of such a project for the City of Boston.
The order was passed under suspension of the rule.

INVESTIGATION OF ELEVATOR FATALITIES.

Coun. WICKES offered the following:
Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to conduct an investigation into the causes of recent fatalities which have occurred in elevator shafts in this city, and of conditions of elevator safety devices throughout the city, and submit a report of same to the City Council.
Passed under suspension of the rule.

RESURFACING OF WARD 17 STREETS.

Coun. WICKES offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Thane street, Ward 17, under W. P. A. construction.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Sanford street, Ward 17, under W. P. A. construction.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Whitfield street, Ward 17, under W. P. A. construction.
Severally passed under suspension of the rule.

REPAINTING OF CROSSWALKS, WARD 17.

Coun. WICKES offered the following:
Ordered, That the traffic commissioner be requested, through his Honor the Mayor, to make arrangements for the repainting of crosswalks at intersections and in front of schools in Ward 17.
Passed under suspension of the rule.

BETTER SERVICE, ASHMONT-MORTON AND WASHINGTON STREET-DUDLEY STREET LINES.

Coun. WICKES offered the following:
Ordered, That the Boston Elevated Trustees be requested, through his Honor the Mayor, to make arrangements for better and more frequent service on the Ashmont-Morton street bus line and on the Washington street–Dudley street car line.
Passed under suspension of the rule.

REPAIR OF WARD 17 STREETS.

Coun. WICKES offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make a survey of all streets in Ward 17, with a view to making repairs on streets which have been damaged as a result of this year's severe winter.
Passed under suspension of the rule.

LOWERING OF LICENSE FEES.

Coun. FISH offered the following:
Ordered, That the City Council consider the advisability of a revision downward of all license fees that come under the control of the Mayor and City Council.
Coun. FISH—Mr. President, just a word about what prompts me to offer this order. While we have of late imposed larger license fees on every type of legitimate business in the City of Boston today, we cannot impose a fee of one penny on vending machines, a million-dollar business operated by racketeers. I don't mind stating here now that it will not be long before I shall recommend the abolition of all license fees unless we can impose a large penalty on racketeers who are getting more profits today than legitimate business people. What prompts me to put this order in is that I have here a letter stating that it costs $2.00 to license a flagpole and fly the American flag in Boston. That is not my statement, but the statement of a gentleman who occupies an office on State street. I don't blame this man for sending in the letter calling attention to the fact that we penalize people of this city $2.00 for flying the American flag while we allow the racketeers complete immunity.
The order was referred to the Committee on Ordinances.

FOOD STAMP ABUSES.

Coun. GOODE offered the following:
Ordered, That the Overseers of public Welfare be requested, through his Honor the Mayor, to seek the services of the Federal Bureau of Investigation to investigate and determine the extent of food stamp abuses in this city, by both the recipients and merchants.
Coun. GOODE—Mr. President, I would like to state at the outset that I have only the highest regard for the Commissioner of Public Welfare on his administration of the office. At various times the members of the Body have offered suggestions to the commissioner and he has been very much in sympathy with the cause of the welfare recipients. The food stamp plan was introduced some months ago in the City of Boston, after this Honorable Body had been recorded in favor of it, after a lengthy struggle by his Honor the Mayor to bring the food stamp plan into the city, and after the favorable results in other cities of the nation had been shown. Unfortunately, there are those who have taken advantage of this plan and have taken advantage of the welfare recipients and their families to profit themselves. It has been brought to my attention recently that a welfare recipient who spent $6.00 for food stamps and received in return $9.00 of stamps, could go to his groccer or small storekeeper and make a deal. Ordinarily he should receive the equivalent of $9.00 in surplus commodities, but this grocer, in collusion with the recipient, works out an agreement whereby the recipient receives $6.00 worth of food and $1.50 in cash, while the grocer pockets the other $1.50. I have received complaints from the families of these men who have thus taken the money and bought liquor with it. I hope that whoever is guilty of that sort of thing will be punished, and that this order will receive the favorable consideration of the Body.
The order was referred to the Executive Committee.

FEE ON GEORGE WRIGHT GOLF COURSE.

Coun. GOODE offered the following:
Ordered, That the Park Commissioner be requested to reduce the present membership and green fees at the George Wright Golf Course.
Coun. GOODE—Mr. President, as chairman of the Committee on Parks and Playgrounds, I took it upon myself to investigate the fees at the George Wright golf course, where the annual membership fee at the present time is $35. Upon investigation at the Brookline municipal golf course and the Ponkapog, Milton course, I find that in comparison the fees at the George Wright golf course are much too high. In fact, if the fee charged at the George Wright golf course were $25, it would still be much higher than that of the Brookline, Canton and Milton courses. I feel that the membership of the George Wright golf course would be very much enlarged and that the taxpayers would correspondingly benefit if the fees at that course were reduced accordingly.
The order was passed under suspension of the rule.

ELIMINATION OF RAGWEED.

Coun. GOODE offered the following:
Ordered, That the Health Commissioner and the Park Commissioner be requested, through his Honor the Mayor, to formulate plans to curtail the growth of ragweed and similar weeds which aggrevate conditions of hay fever and relative diseases that cause misery to those persons allergic to these afflictions.
Passed under suspension of the rule.

REINSTATEMENT OF CHARLES C. BROWN.

Coun. M. H. SULLIVAN, for Coun. WARD, offered the following:
Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the reinstatement of Charles C. Brown as a member of the Police Department of said city.
Passed under suspension of the rule.

ROPING OFF OF STREETS.

Coun. M. H. SULLIVAN offered the following:
Ordered, That the City Messenger be directed to rope off the streets at the points necessary along the route of the Annual Road Race to be conducted by the Presentation Literary and Social Club of Brighton, on April 5, the expense of same to be charged to the City Council fund for Ropes and Stakes.
Passed under suspension of the rule.

PLAY AREAS FOR CHILDREN UNDER TWELVE.

Coun. M. H. SULLIVAN offered the following:
Ordered, That the Park Commissioner be requested to establish play areas for children under twelve in Ward 22, in accord with plans recently announced by his Honor the Mayor for other sections of the city.
Passed under suspension of the rule.

REFUSAL OF LICENSES FOR CERTAIN PARKING SPACES.

Coun. M. H. SULLIVAN and LANGAN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to refuse licenses to all owners of intown parking spaces who charge in excess of 50 cents for all-day parking privileges.
Passed under suspension of the rule.

REQUESTED BAN OF BOOK.

Coun. M. H. SULLIVAN offered the following:
Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to ban all sales of the book "H. M. Pulham, Esquire," in Boston.
Coun. M. H. SULLIVAN—Mr. President, when an order of this type is introduced in the Boston City Council or any legislative body, those in favor of the sale of such books immediately say that to ban them means an increased sale of the books outside of Boston, human nature being what it is. But certainly with the criticism that we have found of this book in the past week, I feel that in the public interest we must take cognizance of the demoralizing effect of such a book on the public mind, and I feel that the sale of the book will not be increased to any extent thereby, certainly in metropolitan Boston. I have long been a Marquand fan, having read several of his books, and I recently read in one of the Boston papers a criticism of this book, referring to it as a fine so-called social study, written in an attractive style. However, I have read the book, and I don't think that it is a social study. I think that it is a very dirty book, and a book that is certainly against Boston womanhood. The Police Commissioner has from time to time made an investigation of certain magazines and books, for sale in this city, and I believe that Commissioner Timilty deserves the commendation of every decent citizen of Boston in that regard. I feel that he deserves the thanks of the community for the work that he has done from time to time in keeping dirty magazines and books from the book stores in this city, and I know that he will not be deterred from banning such a book as this by the claim that it is a social study. In banning such a book he will be performing a social service to the decent-minded people of Boston, who are proud of Boston womanhood.
The order was passed under suspension of the rule.

ORDINANCE RE PARKING SPACES.

Coun. M. H. SULLIVAN, LANGAN, GOODE and SCANNELL offered the following:
Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draw up an ordinance containing such of the following provisions as may be found legal:
1. To limit prices which may be charged for all-day parking privileges.
2. To provide a fine as a penalty for the owners of such spaces which do not provide sufficient space for egress.
3. To establish liability for theft from or damage to any car parked in a space where the owner demands the key.
4. To provide for the fencing in of all lots in view of the fact that owners of various parking spaces are using the streets and sidewalks for the purpose of parking cars.

Coun. M. H. SULLIVAN—Mr. President, this order is substantially in accord with one that I introduced last week. It asks the Corporation Counsel to draw up an ordinance including four provisos, or such provisos as may be found advisable, to enable the authorities to deal with this parking problem. I understand that it is in the province of the Street Commissioners of Boston to refuse a license or a parking space where a reasonable fee is not charged for the parking. I am, therefore, asking the Corporation Counsel, if in his opinion it is legal, to draw up an ordinance which includes these provisions. The first is that there shall be a reasonable limit to the price which may be charged for all-day parking privileges, perhaps 35 cents, in intown parking areas. The second proviso asks that a penalty may be provided for the owners of such parking spaces who do not furnish sufficient space for egress. The third proviso, which I think is specially vital, is that a liability of the parking space people shall be established for theft from or damage to any car parked in a space where the key is demanded. The owner of the car receives a little check stating that the parking people do not admit liability. I don't see how they can refuse liability under such circumstances where there is any theft from or damage to the car. The fourth proviso is for the fencing in of all lots, in view of the fact that owners of various parking spaces are using the streets and sidewalks for the purpose of parking cars. That is a matter that I discussed here last week. The fact is that the owners of these parking spaces are using the streets and sidewalks for the parking of cars that are left with them, I believe improperly. I think the parking space owners should rise up in this matter, as far as Boston is concerned. I think if they do not take warning, they will find themselves behind the

eight ball, instead of their patrons. Certainly, great care should be used in the operation of these parking spaces to take care of cars coming into Boston daily. In the operation of these parking spaces the ordinary rights of our citizens should be protected. Some of the cities of the country have themselves established municipal parking spaces, charging not over 20 cents for all-day parking. I understand that that is the situation in Washington, for example, from the reports that I have got, and certainly the daily traffic in Washington, when Congress is in session, is greater than it is in Boston. Chicago also, I believe, has a large municipally-owned parking space which will take care of in excess of 20,000 cars, with a charge for an all-day period of not in excess of 20 cents. I trust, therefore, that the Corporation Counsel will draw up an ordinance upon which we can act which will take care of this parking problem, for people coming in here to transact business and for our own citizens. If Boston does not meet the situation, our citizens and those from outside, instead of doing business in our city, will go to Quincy and other places to do their shopping and for their recreation, and in that case Boston will certainly be the loser. It is my belief that the Council wants to help, from the traffic and business point of view. Therefore, I have introduced this order, trusting that the Corporation Counsel will draw up such an ordinance, and that proper action will be taken under it.

Coun. COFFEY—Mr. President, I want to oppose this order. I don't think it is a good order. The councilor refers to the use of sidewalks, for instance, by some of these parking space owners. That may be true in the City of Boston proper, but it is not true in my section, or, I believe, in the sections of some of the other members of the Body. Let me say, also, that a number of the parking lots, certainly in my section and I believe also in other parts of the city, are free. There are two such within 100 yards of my home, where free parking is allowed because, as a rule, those who park their cars buy gas, oil and fuel from the man who owns a gas station and who allows the patrons of his place to park free. If some of these provisions which are suggested are going to be put into effect, it is going to prove a hardship to those who now park free in those sections. Such a hardship might arise under the second provision of this proposed ordinance. As far as the third provision is concerned, to establish liability for theft from or damage to any car parked in a space where the key is demanded, I read a municipal court decision recently in favor of a man who parked his car on a Boston parking lot and the car later was missing. The judge ruled in favor of the car owner, and the owner of the parking lot had to reimburse the car owner with a new automobile. As far as the price to be charged for all-day parking of a car is concerned, I believe the members of the City Council should get together and draw up an ordinance saying there should not be a fee of over 35 cents charged for any eight-hour period. Otherwise, I don't think we can get anywhere with this matter. I would move that this order be referred to the Committee on Ordinances. I think it should be acted upon by that committee, and if they see fit to draw some ordinance which will force the parking lot owners to charge not over 35 cents a day for parking, that is all right. But there are other parts of this proposed ordinance that I think are very objectionable. Taking the fourth provision, for instance, for the fencing in of all lots in view of the fact that the owners of various parking spaces are using the streets and sidewalks for the purpose of parking cars, I believe from my experience in my district that that would be a hardship upon the lot owners, and that it would not be a benefit to the parking car owners. I think the matter might well be referred to the Committee on Ordinances, but as the order stands I believe it should be defeated.

Coun. M. H. SULLIVAN—Mr. President, this is merely a request that the Corporation Counsel draft an ordinance, with a suggestion that there be certain provisions, or provisions that are legal or constitutional. The ordinance drafted would not necessarily have to include the provisions that are suggested here, and when the Committee on Ordinances—if the matter is referred to that committee—are considering the matter, the councilor from East Boston (Coun. Coffey) and other councilors might appear and present their views, and provisions agreeable to the members of the Council and to the Corporation Counsel could be incorporated in the proposed ordinance. But I thought it would save time to draft this order as presented, and later on, if the Committee on Ordinances wishes to draft an ordinance, they can include in it anything that may be thought to be desirable in connection with the conduct of these parking spaces. Of course, in any ordinance that might finally be drafted, the ideas of Councilor Coffey or of other members of the Body would be considered.

The order was referred to the Committee on Ordinances.

STAMP PLAN FOR OLD AGE ASSISTANCE RECIPIENTS.

Coun. LYONS offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to allow recipients of old age assistance to participate in the stamp plan.

Passed under suspension of the rule.

WARD 20 IMPROVEMENTS.

Coun. LYONS offered the following:

Ordered, That the Commissioner of Public Works be requested, through his honor the Mayor, to install granolithic sidewalks on both sides of Chesbrough road, Ward 20, as a W. P. A. project.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install edgestones on both sides of Albright street, Ward 20, as a W. P. A. project.

Severally passed under suspension of the rule.

RECONSTRUCTION OF SAVIN HILL AVENUE.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct Savin Hill avenue, from Dorchester avenue to Savin Hill Station, Ward 13, as a W. P. A. project.

Passed under suspension of the rule.

ADDITIONAL BUS LINE SAVIN HILL.

Coun. HUTCHINSON offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to establish a bus line between Savin Hill Station and the Jeremiah E. Burke High School, and return.

Passed under suspension of the rule.

ROPING OFF STREET, APRIL 12.

Coun. HURLEY offered the following:

Ordered, That the City Messenger be directed to rope off the streets at the points necessary along the route of the annual ten-mile road race to be conducted by the Cathedral Club of Roxbury, on Saturday, April 12, 1941, the expense of same to be charged to the City Council Fund for Ropes and Stakes.

Passed under suspension of the rule.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President GALVIN called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor March 24, 1941, of Mary Conroy, to be a Weigher of Goods.

The question came on confirmation. Committee, Coun. Coffey and M. H. Sullivan. Whole number of ballots 16; yeas 16, and the appointment was confirmed.

RECESS.

By direction of President GALVIN, the Council took a recess at 3.55 p. m., subject to the call of the Chair. The members reassembled and were called to order by President GALVIN at 4.37 p. m.

EXECUTIVE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Petition for children under fifteen years of age to appear at places of public amusement, viz.:

Sibyl H. Balch, Hotel Bradford, April 5,—recommending that leave be granted, under usual conditions.

Report accepted; leave granted, under usual conditions.

2. Report on message of Mayor and order (referred March 10) for sale of apparatus at North Ferry,—recommending passage of accompanying new draft, viz.:

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell, at public auction, at an upset price of twenty-four hundred dollars ($2,400) the two ferry bridges, gallows frames, and appurtenances that are located at the site of the abandoned North Ferry piers on the Boston side, at the foot of Battery street, and on the East Boston side, at the foot of Border street.

The report was accepted and the order was passed.

3. Report on message of Mayor and order (referred today) that City Auditor be authorized to use $418,454.34 of balance in Water Income Division to meet interest and Sinking Fund requirements or serial loan payments—that same ought to pass.

Report accepted; said order passed, yeas 15, nays 0.

4. Report on message of Mayor and order (referred today) for apportionment of cost of charges of bridges to Chelsea from East Boston—that same ought to pass.

Report accepted; said order passed.

DEFENSE HOUSING PROJECT, CHARLESTOWN.

Coun. GALVIN offered the following:

Ordered, That the Defense Housing Committee be requested, through his Honor the Mayor, to make a survey of Charlestown, with the view of establishing a defense housing project in Charlestown, because of the easy accessibility to the Charlestown Navy Yard, and organizations doing defense work under Government control, and be it further

Ordered, That the Massachusetts Congressmen be requested to urge the establishment of such a project for the housing of employees performing Government defense work.

Passed under suspension of the rule.

FINANCE COMMISSION'S REPORT ON BOSTON ELEVATED.

Coun. FISH offered the following:

Ordered, That the Finance Commission immediately forward a copy of its investigation of the Boston Elevated to the Attorney General of the Commonwealth.

Referred to the Executive Committee.

COURT ACTION AGAINST ELEVATED.

Coun. FISH offered the following:

Ordered, That his Honor the Mayor request the Attorney General of the Commonwealth to proceed immediately with court action against the Boston Elevated Railway.

Coun. FISH.—Mr. President, if I had introduced this order before our Executive meeting I possibly would have been told that the order was out of order because the Attorney General had nothing to act upon. As a matter of fact, no copy of the investigation of the Elevated had been presented then, but since the Executive meeting I understand that the report of the Finance Commission has been received. My first order, therefore, calls upon the Finance Commission to waste no time in getting the matter into the hands of the Attorney General and this second order contains a request that anyone of us can make,—asking the Mayor, after we have contributed $30,000 for the investigation, to have the Attorney General act immediately. As a layman, I don't know so much about the courts, but I believe this a matter that would go through the ordinary court procedure, after the Attorney General had made a thorough study of the bill. But that might involve delay of a year or more. I don't see any reason for further extended study on the part of the Attorney General when he will have in his possession the report for which we have spent $30,000. If wrong, I can be corrected, but I believe he could call a special session and that action could be taken by the courts within two or three months.

The order was referred to the Executive Committee.

RESCISSION OF FEE FOR FLAGPOLES.

Coun. FISH offered the following:

Ordered, That the fee of $2, now charged for flagpoles upon which the American flag is displayed be immediately rescinded.

Referred to Committee on Licenses.

COMMODITY CARDS FOR FORMER W. P. A. WORKERS.

Coun. RUSSO offered the following:

Ordered, That the Surplus Commodities Division be requested, through his Honor the Mayor, to allow commodities cards to be issued to persons formerly on W. P. A. whose employment has been discontinued, but who are not receiving in private employment wages equal to the salary and other benefits received while employed under W. P. A.

Coun. RUSSO—Mr. President, what has prompted me to put in this order is the fact that several people who have in the past been employed on W. P. A. and who have perhaps been fortunate or unfortunate in receiving private employment, find that their earnings under private employment are not equal to the wages that they were receiving on W. P. A., considering the benefits that went with it. They have automatically found themselves without the commodities that have been supplied, such as milk and other necessaries of life. I feel, therefore, that these individuals who have gone from W. P. A. work or from welfare to private employment should have some consideration given to them so that the salaries they are receiving in private employment will at least equal what they received under W. P. A. or through welfare aid. In order that they may continue to receive such benefits as fuel oil, milk, and other things that they were receiving, I feel that they should be given a commodity card, so that they will not be deprived in private employment of these previous benefits that they received. If something of the sort is not done, I fear that they will return to the welfare and W. P. A. rolls, which will mean an added expense to the taxpayers of the City of Boston. I hope, therefore, that this order will pass. Before closing, may I also

remind the Commodities Division that some of those who have been receiving $13.20 per week under W. P. A. have four adults in the family, with nobody working but the individual who receives that amount, and to now deny milk and other things to such a family means a great hardship. I certainly believe that such cases, with four adults in a family, who receive only that small amount of money, should at least be given a milk card that will allow two quarts of milk a day to the family, because they cannot afford to go out and buy milk when receiving only such a small amount.

The order was passed under suspension of the rule.

GRASS PLOTS, HUNTINGTON AVENUE.

Coun. CHASE offered the following:

Ordered, That the Public Works Commissioner and Transit Commissioner and Park Commissioner be requested, through his Honor the Mayor, to construct grass-plotted safety islands on Huntington avenue instead of concrete or slate safety islands and

Be it further ordered, That they use every possible means to beautify Huntington avenue.

Coun. CHASE—Mr. President, two years ago the City Council passed an order directing the Public Works, Transit and Park Commissioners to beautify Huntington avenue upon the completion of the subway construction by erecting safety islands. I understand that the present plan adopted by these gentlemen calls for the construction of concrete or slate safety islands. As representing the section of Boston where those safety islands are to be constructed, I am personally very much against the erection of concrete or slate safety islands. I think they would be an eyesore to the public, and that it would be a disgrace to put such islands in the center of that new highway. So I am certainly against the erection there of such safety islands, having in mind the concrete safety islands on Dartmouth street. The situation that exists on Dartmouth street, between Beacon and Boylston streets, I personally don't care to have exist in my district. The City of Boston and the Federal Government have spent millions of dollars for the new subway construction, and it will spend many thousands more to improve Huntington avenue. But the expenditure for these concrete safety islands positively would be a waste of money. They will be far from beautifying Huntington avenue, and I trust that these three commissioners will abide by the will of the Council and do everything in their means to have grass-plotted safety islands on Huntington avenue. There is no reason in the world why they cannot so construct them. They have such a system on Park Drive and Commonwealth avenue. Of course, perhaps, once a month the grass would have to be trimmed. That would be an occasional job for one man. But I see no reason why the City of Boston cannot afford grass-plotted safety islands in the area I have referred to, and why the Park Department cannot afford to put a man up there at intervals to keep the grass islands in shape. Probably the only reason that the grass islands are not planned for is that the Park Department does not care to have a man go there once a month to cut the grass. I say it is about time that the City of Boston spent some time and effort in beautifying Huntington avenue instead of making it ugly.

Coun. SHATTUCK—Mr. President, the gentleman has spoken about planting grass there, but he hasn't told us how it is going to grow. Suppose it doesn't grow? It is not simply a question of planting the grass. There is no soil there, and there is only the subway beneath. There is only a small thickness of soil. It would seem to me better, under the circumstances, to have a concrete safety island, which could easily be kept clean and which people could walk on when crossing the street. To my mind, that would be much preferable to a moth-eaten grass plot, which, I am afraid, is all they would otherwise have.

Coun. TAYLOR—Are these safety islands?

Coun. CHASE—Yes, sir.

Coun. TAYLOR—Are people supposed to walk on safety islands?

Coun. CHASE—Yes, I guess they are supposed to in Councilor Shattuck's district.

Coun. TAYLOR—You wouldn't put a fence around them!

Coun. CHASE—Mr. President, to me this is not a foolish matter, but is very important. It happens that Huntington avenue, where the islands are to be installed, is solely in my ward. If the gentlemen from Ward 5 (Coun. Shattuck) would favor something else for his ward, I would have no objection to that. The islands on Dartmouth street are solely within the confines of Ward 5, and I am not going to argue with him on those, because those are in his district. But I do say that any of these safety islands constructed in my district positively should be grass-plotted islands. I don't care to have any ugly concrete or slate safety islands saddled on my district, and I know that I am speaking for my constituents when I say this The councilor from Ward 5 (Coun. Shattuck) says that grass cannot be grown there. Now, I don't pretend to be a landscape artist, but I know that it can be done. I have inquired into it. I have seen what the Christian Science Church has done on the area in front of its church, and I know what can be done on Huntington avenue if the City of Boston will buy some rich loam for the purpose. Grass-plotted safety islands positively can be provided. This is a matter that comes entirely within the jurisdiction of my ward, and I say that the people of my district are vitally interested in the provision of ample facilities for beautifying that area. I certainly trust that the gentlemen of the Body will at least extend to me the courtesy of supporting my plea to the Park Commissioner and these other commissioners to have grass-plotted safety islands along Huntington avenue, instead of concrete and slate affairs.

Coun. M. H. SULLIVAN—Mr. President, I am sorry to see such dissention between the minority members in this Body. I have always admired Councilor Chase's efforts for his district. I know of no councilor who works more assiduously for the welfare of his district, and I think we should go along with the gentleman in favor of putting grass-plotted safety islands along Huntington avenue. I think in that way we can beautify the avenue and the feelings of the councilor's constituents can be recognized.

Coun. HUTCHINSON—Mr. President, I move that this order be referred to the Committee on Public Safety.

Coun. FISH—Naturally, Mr. President, safety islands are for the safety of the people, and if we have grass-plotted areas there people might be reluctant to walk upon the islands when they were constructed. I think this is a matter that requires deep study, and I also would suggest that it be referred to the Committee on Public Safety.

Coun. COFFEY—Mr. President, I am heartily in favor of the order offered by the councilor from Ward 4 (Coun. Chase). In the first place, if you have grass islands there, people can lie down upon them more comfortably. I think the only difficulty would be in the winter, when it would be hard to get snow off the islands.

Coun. RUSSO—Mr. President, I don't know what side I am on. The only thing I can recall is that when Park Commissioner Long was in before us on the budget, he made the statement that grass would grow almost anywhere. When I asked him why it was not growing in the North End Park, he couldn't answer me. So I don't know whether to be with the councilor from Ward 4 or with the councilor from Ward 5. But I do say that the parks of the City of Boston should be given first preference, when it comes to growing grass. I think it is a good thing for our children and adults who go to the parks to exercise and to free themselves of the problems and burdens of the day, to have grass and trees to look at and to enjoy. I think, also, that all possible facilities should be extended to our youngsters so that they may grow up with sound bodies and minds. Therefore, I hope that the Park Department will see to it that grass grows in the North End Park.

Coun. CHASE—Mr. President, I understand that the only serious objection to grass-plotted safety islands is that the Park Commissioner is either too lazy to provide maintenance or else does not care to have a man go over there once a month to cut the grass. That is not a sound and reasonable objection. There is no reason why we should not beautify Huntington avenue, upon which the Federal Government and the City of Boston have spent millions, and I trust that the members of the Body will support me in my plea.

Coun. GOODE—Mr. President, I would like to ask if the concrete islands could not be painted green? Might that not solve this question of the safety islands, having them covered with green paint?

President GALVIN—The gentleman from Ward 4 desires to have grass-plotted safety islands, and feels that the grass will grow there.

Coun. CHASE—I do not need any information from any of these gentlemen, Mr. President. I have investigated the matter sufficiently to know that it will grow. Of course, it is all right to have fun ——

Coun. FISH—But you want grass!

Coun. CHASE—This is a matter that is not only important to me but, I believe, to the whole city. Huntington avenue is going to be one of the most traveled thoroughfares in the City of Boston, traveled by people coming from all parts of the state and the country through that highway into Boston, and I say that we should do something to beautify that avenue. I say that concrete or slate islands, or whatever they may be, will make it ugly. Up on Park Drive they have the center of the highway a 12-foot grass plot, with trees about fifteen yards apart, and if this can be done there, there is no reason why grass-plotted safety islands could not be constructed on Huntington avenue. You have the same conditions on Huntington avenue that originally you had on Park Drive, and I repeat that the only reason why grass safety islands are not to be provided under the present Huntington avenue plan is because of the Park Commissioner's unwillingness to provide maintenance.

Coun. GOTTLIEB—Mr. President, will the gentleman yield for a question?

Coun. CHASE—Yes.

Coun. GOTTLIEB—I would like to ask whether the construction of grass safety islands might not affect sufferers from hay fever, due to the fact that there might be something there to which they would be allergic?

Coun. CHASE—Well, I can appreciate the fun that you gentlemen are trying to have at my expense, but I also have in mind that on more than one occasion practically every member of this Body has taken the floor and urged other members of the Body to support him in something he desired for his particular district, in order that the people of the district might benefit from it. This proposition that I have presented is far from being the foolish thing that some gentlemen here today are apparently trying to make it out to be. I think everyone here should have some interest in it, because Huntington avenue, after all, is a part of the whole City of Boston and the people of that district, along with the people of the whole city, are interested in seeing one of the main avenues of the city beautified and not made uglier.

Coun. LYONS—Mr. President, I agree that the gentleman from the Back Bay is working hard to try to beautify his particular section, and it seems to me that a good way to beautify Huntington avenue would be to have trees at intervals, say of about sixteen yards apart, all the way along. Trees at intervals along the avenue would greatly beautify it. As far as safety islands are concerned, the main purpose of safety islands is the safety of the people, and it might be that there would be greater safety through concrete or slate safety islands. But rows of trees would add greatly to the beauty of that avenue, and I would suggest that it would be a good thing to get some of those W. P. A. trees and plant them along the avenue. I think that they will beautify Huntington avenue, Mr. President.

The order was passed under suspension of the rule, by roll call, yeas 14, nay 1:

Yeas—Coun. Carey, Chase, Coffey, Englert, Fish, Galvin, Goode, Gottlieb, Hutchinson, Lyons, Russo, Scannell, M. H. Sullivan, Taylor—14.

Nay—Coun. Shattuck—1.

BETTER LIGHTING FACILITIES, WARD 19.

Coun. LYONS, for Coun. LANGAN, offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install better lighting facilities on Patten street, in the vicinity of the Francis Parkman School, Ward 19.

Passed under suspension of the rule.

NEW BOILERS, ROSLINDALE MUNICIPAL BUILDING.

Coun. LYONS, for Coun. LANGAN, offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to install new boilers in the Roslindale Municipal Building, for the purpose of having continuous hot water for persons using said building.

Passed under suspension of the rule.

CLEANING OF ALL CITY STREETS.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to clean up and repair all streets in the city.

Passed under suspension of the rule.

Adjourned, on motion of Coun. M. H. SULLIVAN, at 5.11 p. m., to meet on Monday, April 7, 1941, at 2 p. m.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (*i. e.*, one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9,563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT DIETITIAN (FEMALE), BOSTON INSTITUTIONS DEPARTMENT, MAY 10, 1941.

Last date for filing applications, Saturday, April 26, 1941, at 12 noon.

Salary: $1,000 a year and maintenance.

Vacancies: At present there is a vacancy at the Long Island Hospital.

Duties: Under the supervision of the Dietitian, to do any or all of the following when required: Make up menus for groups of patients, inmates and employees; make up menus for individual patients according to prescribed diets; take charge of the special diet laboratory; take charge of the kitchens, serving rooms, dining rooms, baking and pastry room, vegetable storage room and butcher shop. These duties require the assistant to regulate the time and assign the duties of employees, requisition food and other supplies, supervise the preparation, distribution and serving of food, and supervise the maintenance, in a clean and proper condition, of the rooms, dishes, utensils and other equipment of the parts of the dietary department which are under the care of the Dietitian.

Entrance Requirement: Applicants must have one year's experience as a dietitian in a hospital, hotel, cafeteria, or similar field.

Substitution of Training: Two years of training in a school of dietetics may be substituted for the one year's experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF INMATE LABOR (MALE), BOSTON INSTITUTIONS DEPARTMENT, MAY 10, 1941.

Last date for filing applications, Saturday, April 26, 1941, at 12 noon.

Salary: $1,000 a year and maintenance.

Vacancies: At present there is one vacancy.

Duties: To prepare a daily census of male inmates, and to maintain a roster to indicate the names and all locations of inmates; to assign vacant beds to inmates, and to transfer all furniture on or about the premises; to supervise the issue and exchange of inmates clothing; to carry out the details of outfitting and discharging Old Age Assistance cases; upon approval of the Medical Director, to issue passes to inmates for leaves; to assign work to inmates, and to enforce the working by inmates who are physically able to do so; upon request, to furnish inmate help to any department; to issue gratuity slips to the working inmates, and to keep an accurate record of the names, dates, and amount of gratuities received by inmates; to supervise and keep an accurate record of the issuance of tobacco to inmates; to supervise the general condition as to cleanliness and sanitation of the inmates' quarters, including corridors, dining rooms, and wards; upon approval of the Medical Director, to suggest to the prison officer work that might be done by prisoners from Deer Island; to forbid admission to the institution of inmates returning from leave under the influence of alcohol; and to enforce rules laid down by the Medical Director.

Entrance Requirement: Applicants who have not reached their fortieth birthday on the last date for filing application will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL THERAPIST—COBBLER, MAY 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary, with maintenance, is $840 a year; the maximum salary, with maintenance, is $1,140 a year.

Vacancies: At present there is one vacancy at Boston State Hospital, in the Department of Mental Health.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ROLLING STEEL DOORS FOR THE SAND HOPPER, HANCOCK STREET YARD, HIGHWAY DIVISION.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for rolling steel doors for the sand hopper, Hancock Street Yard, Highway Division. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Rolling Steel Doors for the Sand Hopper, Hancock Street Yard, Highway Division," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, April 18, 1941, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars ($2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.

(April 12.)

Duties: To repair and mend all footwear worn by patients—this includes tapping, heels, stitching, rubber cementing, and the control of shoe issues.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

CITY COUNCIL.

PUBLIC AUCTION.

Whereas, The City of Boston owns in fee certain lands situated on the southeasterly side of Chestnut Hill avenue in the Brighton district of the City of Boston. The title to the said lands was acquired by a deed dated July 21, 1882, recorded with Suffolk Deeds, Book 1567, page 593; and

Whereas, Certain parcels of said lands, hereinafter described, are no longer required for public purposes; now, therefore, it is hereby

Ordered, That the Commissioner of Public Works of the City of Boston be, and he hereby is, authorized to sell on April 14, 1941, at 10.30 a. m., at public auction, at an upset price of thirty-five (35) cents a square foot, two parcels of said lands, hereinafter described; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to a purchaser, at said public auction, a written instrument satisfactory in form to the Law Department of the City of Boston, conveying said two parcels of land bounded and described as follows:

Parcel A.

Northwesterly by the southeasterly side line of Chestnut Hill avenue, one hundred twenty-nine and 80-100 (129.80) feet; northeasterly by the southwesterly side line of a proposed street, as shown on the plan hereinafter referred to, one hundred (100) feet; southeasterly by the northwesterly side line of a common passageway as shown on the plan hereinafter referred to, one hundred fourteen and 51-100 (114.51) feet; southwesterly by land now or formerly of Evangelo C. Despotes, one hundred one and 16-100 feet; containing twelve thousand two hundred and fifteen (12,215) square feet of land more or less. Containing, also, as appurtenant thereto the right to use in common with others the sixteen (16) foot common passageway situated in the rear of said parcel together with the right of passage in, through and upon the "Proposed Street," as shown on the plan hereinafter referred to.

Parcel B.

Northwesterly by the southeasterly side line of Chestnut Hill avenue, one hundred eighty-seven and 93-100 (187.93) feet; northeasterly by land of the City of Boston one hundred (100) feet; southeasterly by the northwesterly side line of a common passageway as shown on the plan hereinafter referred to, one hundred eighty-seven and 93-100 (187.93) feet; southwesterly by the northeasterly side line of a proposed street, as shown on the plan hereinafter referred to, one hundred (100) feet, containing eighteen thousand seven hundred ninety-three (18,793) square feet of land, more or less. Containing, also, as appurtenant thereto, the right to use in common with others the sixteen (16) foot common passageway with the right of passage in, through and upon the "Proposed Street," as shown on the plan hereinafter referred to.

Said lands, "Parcel A" and "Parcel B," are shown on a plan marked "City of Boston, Chestnut Hill Avenue, Brighton, September 18, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said Street Laying-Out Department, City Hall Annex, Boston, Mass.

In City Council February 24, 1941. Read once and passed—yeas seventeen, nays one.

In City Council March 10, 1941. Read a second time and again passed—yeas fifteen, nays three.

Approved by the Mayor March 11, 1941.

Attest:

W. J. DOYLE,
City Clerk.

$1,000, cash or credit check, will be required with the sale of each parcel

For further information see

JOHN J. McGRATH,
Auctioneer,

Tel. Capitol 2174.

(April 5-12.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR RUN OF MINE AND NUT AND SLACK SEMI-BITUMINOUS COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing run of mine and nut and slack semi-bituminous coal required for the school buildings from June 16, 1941, to December 31, 1941, deliveries to be continued until June 15, 1942, provided appropriation is made therefor and the School Committee so orders. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Run of Mine and Nut and Slack Semi-Bituminous Coal for Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for fifty dollars ($50) for each district bid for, four hundred and fifty dollars ($450) for the whole nine districts, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, April 23, 1941. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The coal is to be delivered in the bins of the several buildings and the price per ton named in the proposal must include the delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish suitable equipment and sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows and as much of it as possible will be housed during July and August, 1941:

Semi-Bituminous Coal.

District.	Run of Mine.	Nut and Slack.
1. City Proper	4,700 tons	—
2. South Boston	1,700 tons	—
3. East Boston	2,300 tons	—
4. Roxbury	6,700 tons	—
5. Dorchester	5,800 tons	550 tons
6. Charlestown	1,300 tons	300 tons
7. Brighton	2,400 tons	—
8. West Roxbury	2,400 tons	—
9. Hyde Park	1,200 tons	—
Totals	28,500 tons	850 tons

Bidders may submit a proposal for furnishing the run of mine and nut and slack semi-bituminous coal required in any one or more of the above nine districts of the city and may also submit one bid covering the whole city. The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than fifty (50) per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(April 12.)

CITY OF BOSTON.

SCHOOL COMMITTEE.

MAY, 1941 EXAMINATIONS.

Boston Public Schools: Examinations for candidates for temporary teaching positions in the City of Boston will be held on May 14, 15 and 16, at 1.30 p. m. at The Teachers College.

Examinations for admission to the course leading to the degree of Master in Education in the Graduate Department of The Teachers College will be held on Friday, May 16, at The Teachers College at 9 a. m.

Examinations for admission to the four and six year courses of the Latin Schools will be held on Tuesday, June 3, and on Wednesday, September 10, at 9 a. m.; for boys at the Public Latin School; for girls at the Girls' Latin School.

Examinations for admission to the Boston high schools will be held on Tuesday, June 3, and on Wednesday, September 10, at 9 a. m. at 15 Beacon street, Boston.

Address all questions in regard to these examinations to Board of Examiners, 15 Beacon street, Boston.

PHILIP J. BOND,
Chief Examiner.
(April 12.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING FUEL OIL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing fuel oil required for school buildings from June 16, 1941, to December 31, 1941, deliveries to be continued until June 15, 1942, provided appropriation is made therefor and the School Committee so orders. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked, "Proposal for Furnishing Fuel Oil for Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for three hundred dollars ($300), payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, April 23, 1941. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. Fuel oil is to be delivered in the tanks of the several buildings and the price per barrel of heavy or medium oil and the price per gallon of light oil named in the proposal must include the delivery in said tanks in a manner satisfactory to the School Committee. The total estimated quantity of fuel oil required during the period June 16, 1941, to June 15, 1942, both dates included, is as follows:

49,800 barrels heavy fuel oil.
12,200 barrels medium fuel oil.
26,000 gallons light fuel oil.

The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than fifty (50) per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(April 12.)

CITY OF BOSTON.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BLASTING ROCK IN VARIOUS STREETS THROUGHOUT THE CITY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for blasting rock in various streets throughout the city. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Blasting Rock in Various Streets, Throughout the City," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday April 21, 1941, with a certified check for eight hundred (800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars ($2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.
(April 12.)

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about five hundred forty-five (545) square feet of land on the southeasterly side of Pulaski avenue, South Boston, formerly numbered 4 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 4945, page 183, on Tuesday, April 15, 1941, at 12.30 p. m., on the premises, at a minimum price of seventy-five dollars ($75).

A deposit required at the time and place of sale of twenty-five dollars ($25), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING AMERICAN ANTHRACITE COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing American anthracite coal required for the school buildings from June 16, 1941, to December 31, 1941, deliveries to be continued until June 15, 1942, provided appropriation is made therefor and the School Committee so orders. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Anthracite Coal for Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for one hundred dollars ($100), payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, April 23, 1941. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The coal is to be delivered in the bins of the several buildings and the price per ton named in the proposal must include delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish suitable equipment and sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows and as much of it as possible will be housed during July and August, 1941:

American Anthracite Coal.

District.	Egg Size.
1. City Proper	25 tons
2. South Boston	— tons
3. East Boston	— tons
4. Roxbury	125 tons
5. Dorchester	160 tons
6. Charlestown	— tons
7. Brighton	— tons
8. West Roxbury	60 tons
9. Hyde Park	40 tons
Total	410 tons

Bidders may submit a proposal for furnishing American anthracite coal required in any one or more of the above nine districts of the city and may also submit one bid covering the whole city. The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than fifty (50) per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.

PROPOSALS FOR FURNISHING AND INSTALLING GAS STOVES IN VARIOUS SCHOOLS, BOSTON, MASS.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for furnishing and installing gas stoves in various schools, Boston, Mass. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Furnishing and Installing Gas Stoves in Various Schools, Boston, Mass.," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 2 p. m., Wednesday, April 23, 1941, accompanied by cash or certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston in the sum of $250, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston. All plans and specifications must be returned in good condition to said office at the time of the filing of bids.

Plans and specifications will be ready for distribution, Monday, April 14, 1941.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do. The Superintendent of Construction also reserves the right to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for furnishing and installing electric refrigerators in various schools, Boston, Mass. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Furnishing and Installing Electric Refrigerators in Various Schools, Boston, Mass.," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 2 p. m., Wednesday, April 23, 1941, accompanied by cash or certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston in the sum of $250, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston. All plans and specifications must be returned in good condition to said office at the time of the filing of bids.

Plans and specifications will be ready for distribution, Monday, April 14, 1941.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do. The Superintendent of Construction also reserves the right to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

James J. Mahar,
Superintendent of Construction,
Department of School Buildings.
(April 12.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

Public Auction.

The City of Boston will sell at public auction all its right, title and interest in and to about two thousand nine hundred five (2,905) square feet of land, with buildings thereon, on the northwesterly side of D street, South Boston, numbered 264, 264A, 266, 268 in the numbering of said street, and more fully described in tax deeds recorded with Suffolk Deeds, Book 5613, pages 291, 290, on Thursday, April 24, 1941, at 10 a. m., on the premises, at a minimum price of one thousand dollars ($1,000).

A deposit required at the time and place of sale of two hundred dollars ($200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

Daniel M. Driscoll,
Custodian of Foreclosed Real Estate.
(April 12-19.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

Proposals for the Construction of Artificial Stone Sidewalks, and the Installation of a Chain Link Fence at the Circle at the Junction of Nashua, Leverett and Charles Streets, City Proper.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for the construction of artificial stone sidewalks, and the installation of a chain link fence at the circle at the junction of Nashua, Leverett and Charles Streets, City Proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for the Construction of Artificial Stone Sidewalks, and the Installation of a Chain Link Fence at the Circle at the Junction of Nashua, Leverett and Charles Streets, City Proper," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, April 18, 1941, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars ($2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

George G. Hyland,
Commissioner of Public Works.
(April 12.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

Proposals for Granite Slabs for Wall Facing, Coping and Fence Posts, Huntington Avenue Underpass.

The Transit Department of the City of Boston, Room 936, 294 Washington street, invites proposals for furnishing and delivering on Huntington avenue, near Opera place, granite slabs for wall facing, coping and fence posts for the Vehicular Underpass in Huntington avenue at Massachusetts avenue. The granite must be cut and dressed in Massachusetts. Specifications may be obtained at the office of the Department on and after Monday, April 14, 1941. A deposit of $5, in cash or certified check, will be required for detail plans and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Thursday, April 24, 1941. A properly certified check, in the sum of two thousand (2,000) dollars, payable to the city, must accompany the proposal. The Department reserves the right to reject any or all bids and to award the contract as it deems for the best interests of the city.

By order of the City of Boston Transit Department.

William T. Doyle,
(April 12.) *Secretary.*

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 33. SATURDAY, APRIL 19, 1941. No. 16

EDUCATORS OF THE COUNTRY BASING THEIR SYSTEMS OF EDUCATION AND TEACHING AROUND THE PREAMBLE TO THE CONSTITUTION OF THE UNITED STATES AS A MEANS OF SAFEGUARDING OUR DEMOCRATIC FORM OF GOVERNMENT—SUPERINTENDENT ARTHUR L. GOULD MAKES REPORT ON ATTENDANCE AT ANNUAL MEETING OF AMERICAN ASSOCIATION OF SCHOOL ADMINISTRATORS.

The following is the report of Superintendent Arthur L. Gould on attendance at Annual Meeting of the American Association of School Administrators, Atlantic City, February 20–27:

Perhaps no better illustration can be offered of the freedoms enjoyed under our Constitution and so much discussed during the past year over the radio, in the press and magazines, than was afforded by the 71st Annual Meeting of the American Association of School Administrators, which occurred during the last week of February, at Atlantic City.

In a varied program touching all phases of current national problems as well as school problems, prominent speakers left no doubt in the minds of the listeners that on vital issues before the American people there is sharp divergence of opinion which was fully exemplified in the animated discussions that characterized all of the principal meetings.

No subject provoked more vigorous discussion than that concerning the textbooks which are used in many schools throughout the United States. A brief word as to the immediate background of this discussion seems pertinent here. The *New York Times* of December 11, 1940, announced that the National Association of Manufacturers had undertaken a study of several hundred textbooks generally in use in the nation's schools, in order that its members might take appropriate action against any that are prejudicial to our form of government, our society or to our system of free enterprise.

It was also reported that it had engaged the services of Dr. Ralph W. Robey, Professor of Banking at Columbia University, to conduct the survey; that he was directed "to abstract textbooks in the field of history, civics, sociology and economics"; and that such abstracts were to be used for the preliminary analysis of any book which on the basis of the abstract seemed to be of questionable merit.

Study Public Education.

Shortly thereafter, fourteen staff members of the Harvard Graduate School of Education issued a statement approving the interest of the N. A. M. in education and in the preservation of the democratic way of life, but called attention to dangers which unless guarded against might more than offset any merits to be derived from such a study.

This report held that abstracting from textbooks was a difficult task and may be done with bias. Statements may be found in any textbook with which some groups will disagree. Few statements will be found which are not sponsored by some legitimate group. Again there is grave danger in the misuse of abstracts which are produced, because while powerful groups with special interests may take exception to specific excerpts, the strength of the schools in our democracy lies in the fact that they are open to different points of view as to the means by which national objectives may be obtained.

The report concluded with the thought that the N. A. M. should join with other representative groups in a broad gauge study of public education and thus render a distinct service to the nation.

On Saturday, February 22, the *New York Times* quoted Doctor Robey as stating that a "substantial proportion" of social science textbooks tend to criticize our form of government and hold in derision or contempt the system of private enterprise; and that there is a notable tendency in many of the books to play down what has been accomplished and to stress defects rather than accomplishments.

The entire day before the formal opening of the convention was devoted to a consideration of the Robey report by the superintendents in the larger cities of the United States. Subsequently, Dr. Alexander J. Stoddard, chairman of the Educational Policies Commission of the N. E. A. in an address interpreted as a reply to the Robey report, asserted that the schools should deal with important controversial questions in order that the students should know something about the problems of our country, while remembering that as citizens they are free and destined to inherit our great tradition of human dignity and human liberty. He stated that it was not a question of one textbook or another, but rather a challenge of keeping faith with the American people and the ideals which they cherish. He further stated that by endless repetition and without substantial evidence the American people were being asked to suspect their schools, their teachers, their youth and their textbooks of disloyalty and subversiveness.

Not Association View.

Meanwhile, the N. A. M. issued a statement making it clear that Doctor Robey's criticism of the textbooks was his own and that the Association makes no appraisal of his attitude, nor does the Association express any conclusion about the desirability of any book as a schoolroom text. Its interest in the textbook study has been to epitomize the attitude expressed in the various books examined, toward American economic and governmental institutions.

The N. A. M. is to publish in book form the excerpts selected by Doctor Robey from the 600 books examined. It is probable that discussion concerning textbooks will wax strong in the immediate future.

(Continued on page 395.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the shipteeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., *Associate Editor.*
EDWARD F. O'DOWD, *Business Agent*, 73 City Hall, Boston.

Single Copies . . . . . 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of $2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, April 28, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the Board of Street Commissioners, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

To the Boston Traffic Commission, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the Commissioner of Public Works, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catchbasins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the Health Department, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the Board of Park Commissioners, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the School Committee, 15 Beacon street, for information relative to the operation of the schools of the city.

To the Department of School Buildings, 11 Beacon street, for information as to the construction and repair of school buildings.

To the Board of Examiners, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the Statistics Department, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the Wire Division of the Fire Department, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the Board of Zoning Adjustment, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending April 12, 1941.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 770,816; number of deaths (stillbirths excluded): Residents, 167; nonresidents, 39; total, 206.

Death rate per 1,000 of population: All deaths, 13.90; nonresidents deducted, 11.26.

Death rate per 1,000 of population:

Last week, 14.84; corresponding week last year, 16.27.

Deaths by age periods, sex, etc.: Under one year, 8; one year to four years, inclusive, 7; sixty years and over, 117. Total deaths: Male, 115; female, 91; deaths in hospitals and institutions, 132; deaths of colored, 7.

REPORTABLE DISEASES: CASES AND DEATHS.*

REPORT OF SUPERINTENDENT GOULD.

(Continued from page 393.)

Space alone prevents further detailed reports of the many interesting programs; consequently, I shall cite only brief comments concerning a few prominent speakers.

Rev. Ralph W. Sockman, New York, in his address asserted that youth had found neither happiness nor success in mere self-expression and as a result has become confused morally, ethically, religiously and needs "desperately something to believe and to hold to." In the long run, he believes the best preparedness of any nation is in the mental resourcefulness and spiritual morale of its citizens and that the exigencies of military preparedness should not be allowed to weaken the support of education or distort its long-range perspective.

Philip Murray, President of the C. I. O. and a member of the Board of Education, Pittsburgh, spoke on the labor problems confronting the United States at the present time. He stated that technological displacement in industries continues, machines going in, men going out and that neither government nor industry seems disposed to attack the problem. To remedy the situation, he proposed a plan for industrial councils with representatives of labor, industry and government to speed defense work by wide allocation of production contracts to small concerns in order to prevent industrial disturbances and to act as planning boards to consider how unemployment may be avoided following the war emergency. "Education", he asserted, "manning the ramparts can help improve the economic well-being of millions."

Speaking on the subject, "Peace and Power Politics 1931", Isaiah Bowman, president of Johns Hopkins, declared that the nation is determined to safeguard its own democracy through adequate defense, and will pay the cost out of its standard of living. Problems of peace, he stated, are infinitely more difficult than problems of war. He offered a bill of particulars which included feeding the hungry, organizing draft boards to get men into employment, keeping our foreign policy abreast of our striking power, using natural wealth for the general good, accepting responsibility and the duty of discipline, maintaining a strong military and naval force. The schools, he said, have an indispensable part to play in national defense, must reach all kinds of people, and must assume the obligation to analyze current concepts of American purpose and duty.

Major George Fielding Eliot outlined the course of world history since 1918 with reference to the efforts made to secure an enduring peace. These efforts failed, he said, because no agency was set up to enforce peace and apply the lessons learned from the first World War.

Professor John K. Norton of Columbia University stated that it would be economic folly to curtail educational opportunity and lower standards of living until we absorb the substantial amount of industrial slack which sharply differentiates the present emergency from that of 1917. Without placing unreasonable burdens on the taxpayer, he said, funds can be raised to finance the defense program and other essential public services, including education.

The program as a whole was interesting and stimulating because of an unusually fine group of speakers and the wide variety of topics built around the preamble to the Constitution of the United States.

ARTHUR L. GOULD,
Superintendent of Public Schools.

REPORT OF MR. WILLIAM S. LENIHAN, PRESIDENT, BOSTON ELEMENTARY PRINCIPALS ASSOCIATION.

The following is the report submitted by William S. Lenihan, President, Boston Elementary Principals Association, on his attendance at the convention of the American Association of School Administrators, which was held at Atlantic City, New Jersey, February 22–27.

The convention theme centered around three thoughts:

1. To provide for the Common Defense.
2. To promote the General Welfare.
3. To secure the Blessings of Liberty.

Taking as his subject "Education in a Democracy," Right Reverend Edmund A. Walsh, of the Foreign Service School of Georgetown University — following the first theme — traced the rise and fall of governments through monarchies, aristocracies, and democracies. Tracing the periodic cycles of degeneration in the human race, he predicted the prevailing of our democratic form of government as long as its members are prevented from breaking up into confused groups, with license and anarchy rampant. Very few democracies have perished from without. They have failed because their people lacked discipline of mind, body, or conduct. There should be less experimentation, and less tampering with the curriculum in the schools.

Dr. Alexander J. Stoddard, Superintendent of Schools in Philadelphia, using the title "Democratic Procedures in School Administration," stressed the second theme. He brought out the fact that "Democracy" is a philosophy of life in which every individual is allowed to find his level — and that human beings grow under certain kinds of control. He especially stressed the fact that criticisms by people unfamiliar with the work of the schools should not be tolerated. We in the schools should teach facts — and in this way keep faith with the American people.

Gerhart Seger, speaking on "The Truth and Fiction about the Fifth Column in the United States of America," sounded the keynote of the third theme.

He stressed the fact that the Bund is not the Fifth Column. The diplomatic representation of Germany in the United States is where the trouble is. The diplomats, in almost every instance, are trained in military or naval matters rather than in diplomacy. He claimed that the United States should adjust the commercial part of the treaty made with Germany in 1925 — should strictly enforce the McCormack Act — and should more forcefully appeal to those Germans who live in our country to think only in terms of the United States of America.

CIRCULAR LETTER NO. 2.

CITY OF BOSTON,
MAYOR'S OFFICE, April 9, 1941.

To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees of the city who are of Jewish faith for their observance of the Feast of the Passover, Saturday, April 12, 1941.

Respectfully,

MAURICE J. TOBIN, *Mayor.*

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

John B. Desmond, 86 High street, Charlestown, in the sum of $2, as refund on dog license which through misunderstanding was renewed on January 2, 1941, although the original license does not expire until April 1, 1941.

Camille Ardolino, 65 Allen street, Boston, in the sum of $65, as compensation for personal injuries caused by defect in sidewalk in front of 102 North street, Boston, June 24, 1940.

John F. Howard, 11 Crockett avenue, Dorchester, in the sum of $12, as compensation for damage to automobile caused by hole in highway opposite 80 Crockett avenue, December 28, 1940.

Mrs. M. J. Lee, 308 Adams street, Dorchester, in the sum of $30, as compensation for personal injuries caused by hole in sidewalk in front of 274 Adams street, July 19, 1940.

Harold P. Connors, 474 High street, Dedham, in the sum of $21.65, as compensation for damage to automobile caused by hole in highway opposite 975 Tremont street, December 2, 1940.

Mary G. Pierce, 187 Webster street, East Boston, in the sum of $10.70, as compensation for personal injuries caused by hole in sidewalk on Webster street, in front of the Samuel Adams schoolyard, December 20, 1940.

Rita Boris, 31 Story street, South Boston, in the sum of $40, as compensation for damage to plumbing system in above premises caused by leaking water service pipe on Columbia road during May, 1940.

Edward A. Cummings, 77 Hillside street, Roxbury, to be reimbursed, in the sum of $6.25, as the result of an accident which occurred on January 30, 1941, when the horse-drawn vehicle which he was driving for the Park Department collided with an automobile owned by Sarah K. Kincade.

Francis H. Zeigler, 869 Centre street, Jamaica Plain, to be reimbursed, in the sum of $10, as the result of an accident which occurred on December 28, 1940, when the motor vehicle which he was operating, belonging to the Police Department, collided with an automobile owned by Joseph Green.

George Gifford, 350 Dorchester street, South Boston, to be reimbursed, in the sum of $2, as the result of an accident which occurred on November 27, 1940, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by William A. Hogan.

Thomas H. Nugent, 91 Farrar avenue, Hyde Park, to be reimbursed, in the sum of $10, as the result of an accident

CLAIMS ALLOWED.

(Continued from page 395.)

which occurred on December 29, 1940, when truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by R. S. Fisher.

Alfred J. Torpey, 875 Huntington avenue, Roxbury, to be reimbursed, in the sum of $10.50, as the result of an accident which occurred on August 21, 1940, when truck belonging to the Water Division, Public Works Department, which he was operating, collided with an automobile owned by Raymond Foster.

Robert L. Case, 7 Cook street, Charlestown, to be reimbursed, in the sum of $58.60, as the result of an accident which occurred on September 30, 1940, when motor truck which he was operating, belonging to the Sanitary Division, Public Works Department, collided with automobile owned by Patrick F. Cronin.

FIRE DEPARTMENT ORDERS.

General Order No. 16.

I. Retirements.

The following retirement, which will take effect at 8 a. m. Sunday, April 13, 1941, is hereby announced:

Engineer John Cullen, High Pressure Service. Engineer Cullen was appointed to the department on May 24, 1895.

The following retirements, which will take effect at 8 a. m. Wednesday, April 16, 1941, are hereby announced:

Lieut. Patrick F. Foley, Ladder Company 6. Lieutenant Foley was appointed to the department on July 2, 1915. He was promoted to the grade of lieutenant on May 31, 1929.

Master Carpenter James Moroney, Maintenance Division. Master Carpenter Moroney was appointed to the department on January 7, 1898.

Hoseman James A. Cronin, Engine Company 28. Hoseman Cronin was appointed to the department on September 30, 1910.

All the foregoing men leave the department with the best wishes of their associates.

II. Resignation.

The following-named member has resigned from the department, effective at 8 a. m. Thursday, April 10, 1941:

Hoseman Daniel J. Sullivan, Engine Company 19.

III. Examination for Promotion to Lieutenant.

The Department of Civil Service and Registration of the Commonwealth of Massachusetts announces that an examination for promotion to the grade of lieutenant in the Boston Fire Department, at $2,500 per annum, will be held on May 17, 1941, and will be open to permanent men in the department who have served as such in accordance with Civil Service Rules for at least five years immediately preceding the date of examination. Applicants who have been off duty for more than three months during the period prescribed can be admitted to the examination only by permission of the Director of Civil Service.

Duties: The regular duties of a fire lieutenant.

The subjects and weights of the examination are as follows:

Seniority, 3; report, 2; practical questions, 10; total, 15.

Applicants should be familiar with Part II of the Fire Manual, copies of which may be obtained from the Public Documents Division, Room 116, State House, Boston, at 25 cents each.

Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Application blanks may be obtained from the office of the Fire Commissioner. It will not be necessary to submit references on these blanks. When completed applications should be sent to the Division of Civil Service, Room 148, State House, Boston. Application must be placed on file not later than Saturday, May 3, 1941, at 12 noon.

Applicants will be notified of the time and place of examination.

Exchange of time off will be permitted so that members desiring to take the examination will be allowed to do so but district chiefs will make certain that companies in their respective districts are kept at an efficient operating strength.

IV. A. D. T. Assignment.

The following signal number is to be added to the running cards of the A D. T. Company in this department:

Signal 659, Wright and Potter Printing Company, 32 Derne street. Sprinkler System. Apparatus to respond: Engine 4, Ladder 24, District Chief 4. Nearest box is 1367.

V. G. A. C. Assignments.

The following signal numbers are to be added to the running cards of the General Alarm Corporation in this department:

Signal 194, building, 160 Washington Street, North. Apparatus to respond: Engines 8-31, Ladder 1, District Chief 4. Nearest box is 1211.

Signal 211, Smith Patterson Company, 52-56 Summer street. Apparatus to respond: Engine 7, Ladder 17, District Chief 5. Nearest box is 1443.

Signal 212, building, 15 Bristol street.
Signal 213, building, 41 Bristol street.
Signal 214, building, 47 Bristol street.
Signal 215, building, 57 Bristol street.

Apparatus to respond to the foregoing four signals: Engine 3, Ladder 3, District Chief 7. Nearest box is 1633.

Signal 216, Economy Grocery Stores, Corporation, 393 D street. (Valve House No. 1.)

Signal 217, Economy Grocery Stores, Corporation, 393 D street. (Valve House No. 2.)

Signal 218, Economy Grocery Stores, Corporation, 393 D street. (Valve House No. 3.).

Apparatus to respond to three foregoing signals: Engine 1, Ladder 5, District Chief 6. Nearest box is 7154.

All the foregoing are sprinkler systems.

VI. Commendation.

Hoseman Thomas H. Kelly of Engine Company 17 is hereby commended for holding an awning fire in check at 1488 Dorchester avenue until the arrival of apparatus, on April 6, 1941, while off duty.

By order of Fire Commissioner William Arthur Reilly.

Samuel J. Pope,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 589.

Acting under the provisions of chapter 521, Acts of 1922, as amended, creating the contributory retirement system, the Boston Retirement Board has notified this department that it has approved for retirement, on account of accidental disability, Patrolman John F. Dunne, of Division 2, a member of said contributory retirement system; such retirement to take effect at midnight, Wednesday, April 30, 1941.

Wherefore, In view of this operation of law, the Acting Police Commissioner states that on and after April 30, 1941, at the hour stated, the said Patrolman John F. Dunne shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

The Acting Superintendent of Police will promulgate this order.

Edward W. Fallon,
Acting Police Commissioner.

General Order No. 590.

Sergt. Joseph F. Condon and Patrolmen Albert A. Hurst and Perfer P. Fortin, all attached to the Bureau of Criminal Investigation, are commended for efficient police duty performed in connection with the arrest of two persons, both on parole from the Concord Reformatory, who committed an unarmed robbery of a storekeeper in South Boston on Friday, April 4, 1941.

The Acting Police Commissioner is pleased to recognize and commend these officers for their prompt response, keen observation and initiative shown in performing this effective police work.

The Acting Superintendent of Police will promulgate this order.

Edward W. Fallon,
Acting Police Commissioner.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of February 23, 1938, as amended October 21, 1940, determining damages caused by the making of the public improvement consisting of the laying out of Eastland (formerly Eastbourne) road be, and the same hereby is, amended, by adding to said order the amount $150.17 as an award to Isabel A. Martin; that the amount $150.17 be, and the same hereby is, awarded to Isabel A. Martin for the damages so sustained.

—

Voted, That the order of the Street Commissioners and Mayor of February 23, 1938, as amended October 21, 1940, determining damages caused by the making of the public improvement consisting of the laying out of Eastland (formerly Eastbourne) road be, and the same hereby is, amended, by adding to said order the amount $75.66 as an award to Isabel A. Martin; that the amount $75.66 be, and the same hereby is, awarded to Isabel A. Martin for the damages so sustained.

—

Voted, That the order of the Street Commissioners and Mayor of November 20, 1939, as amended, determining dam-

ages caused by the making of the public improvement consisting of the laying out of Upcrest (formerly Upland) road be, and the same hereby is, amended, by adding to said order the amount $171 as an award to William R. Ballou, Jr., and Mary A. Ballou, husband and wife, as tenants by the entirety; that the amount $171 be, and the same hereby is, awarded to William R. Ballou, Jr., and Mary A. Ballou, husband and wife, as tenants by the entirety, for the damages so sustained.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Marathon Run on April 19, 1941, between the hours of 1 p. m. and 4 p. m., vehicles are excluded from the following streets:

Beacon Street.
South roadway, from St. Mary's street to Park Drive.
Beacon Street.
From Park Drive to Commonwealth avenue.
Commonwealth Avenue.
South roadway, from Beacon street to Exeter street.
Exeter Street.
From Commonwealth avenue to Huntington avenue.

Parking of vehicles is prohibited between the hours of 9 a. m. and 4 p. m. in the following streets:

Beacon Street.
South roadway, both sides, from St. Mary's street to Park Drive.
Commonwealth Avenue.
South roadway, both sides, from Beacon street to Exeter street.
Exeter Street.
Both sides, from Commonwealth avenue to Blagdon street.
Massachusetts Avenue.
Both sides, from Boylston street to Commonwealth avenue.

These rules shall not apply to official vehicles of the Boston Athletic Association.

—

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be ninety (90) days, vehicles are excluded from the following street, effective April 8, 1941:

St. Alphonsus Street, Roxbury.
From Smith street to Ward street.

—

Voted, That as urgently required by considerations of public safety and convenience, during the period of baseball games at the National League Park, parking of vehicles is prohibited in the following streets, effective from April 12, 1941, to September 28, 1941, inclusive:

Ashford Street.
South side, from Babcock street to Chester street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of baseball games at Fenway Park, the following temporary rules are effective from April 13, 1941, to September 21, 1941, inclusive:

Parking of vehicles is prohibited in the following street:

Jersey Street.
Both sides, from Boylston street to Brookline avenue.

The following street is one way in the direction indicated, from 1 p. m. to 6 p. m.

Jersey Street.
From Boylston street to Brookline avenue.

—

Voted, That as urgently required by considerations of public safety and convenience, during the period of construction by the Boston Housing Authority, estimated to be six (6) months, parking of vehicles is prohibited in the following street, effective April 8, 1941:

Walden Street, Roxbury.
Both sides, from Arklow street to Heath street, twenty-four hours.

—

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective April 10, 1941:

Monument Street, Charlestown.
From Bunker Hill street to Medford street.

ASSESSMENTS ABATED.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for the revision of an assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the authority of chapter 359 of the Acts of 1896 and deeming it just and proper that such action should be taken,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year below undermentioned, be, and the same is hereby, abated:

Wilhelmina C. Kelley, Haverford street, lot 6, 1939 apportionment, $7.19, assessed October 30, 1935.

—

In the matter of the application for revision of an assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the authority of chapter 359 of the Acts of 1896, and deeming it just and proper that such action should be taken,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated:

Maria Flaherty, Roseway street, lot D, part of original lots 6 to 10, inclusive, 1936 apportionment, $9.18, assessed April 9, 1926.

Anne Regan, 527 East Third street, for Ruth Broadfoot, Helena Messina, Rose Maher, Anne Cooney, Vera Sedach, Madeline Desmond. Total, 1 week.

STREET REPAIRS IN BRIGHTON DISTRICT.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published March 21, 22 and March 24, 25, 1941, in the Boston *Post* and Boston *American,* two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in Beacon street, Brighton district, as follows:

Eliminate the existing street car reservation opposite Ayr road, and install a cross-over or driveway consisting of a roadway area approximately thirty-three feet in width.

MARKET DISTRICT EXTENSION.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the Superintendent of Markets be authorized to extend the Faneuil Hall Market limits so that they shall include the following location during the period from April 7, 1941, until such time in the year 1941 as in his opinion public convenience so requires:

State street, in the center thereof, from McKinley square, east side to Atlantic avenue, from 6.30 p. m. to 9 a. m.

This extended area may be occupied by farmers and truck gardeners for the sale of perishable produce from vehicles.

The said Superintendent of Markets shall direct and control the placing of the vehicles of said farmers and truck gardeners in the said extension of the Faneuil Hall Market limits.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE).

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

ASSISTANT DIETITIAN (FEMALE), MAY 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary for this position is $840 a year and maintenance.

such as the ultra-violet and infra-red light and the high frequency used in treatment; and of the installation and repair of outside wiring of 2,300 volts and of underground cable work.

Entrance Requirement: Applicants must possess a journeyman electrician's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

State Examiners of Electricians, 1941.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, May 7.
Worcester, Thursday, May 8.
Boston, Wednesday, June 4.
Boston, Wednesday, September 10.
Worcester, Thursday, September 11.
Springfield, Wednesday, October 15.
Pittsfield, Thursday, October 16.
Boston, Wednesday, November 5.
Lowell, Thursday, November 6.
Boston, Wednesday, December 3.
New Bedford, Thursday, December 4.
New Bedford, Friday, December 5.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 7, 1941.

Regular meeting of the City Council in the Council Chamber at 2 p. m., Coun. SHATTUCK in the chair in the temporary absence of President GALVIN. Absent, Coun. Kelly.

The meeting was opened with the salute to the Flag.

JURORS DRAWN.

Jurors were drawn under the law, Coun. LINEHAN presiding at the box in the absence of the Mayor, as follows:

One hundred two traverse jurors, Superior Criminal Court, to appear May 5, 1941:

Francis P. Healy, Ward 1; Thomas F. Hanlon, Ward 1; Henry W. Johnson, Ward 1; Frederick J. Murphy, Ward 1; James H. Stone, Ward 1; Harry Stott, Ward 1; Joseph W. Thibodeau, Ward 1; John T. Farren, Ward 2; Nicholas Kelley, Ward 2; John A. J. McGaffigan, Ward 2; James F. Bowen, Ward 3; Nicholas J. Fabiano, Ward 3; William Hadje, Ward 3; Arthur W. McGrath, Ward 3; Arthur J. Beaudette, Ward 4; Charles F. Colton, Ward 4; Raymond G. Maxwell, Ward 4; Louis J. St. Amand, Ward 4; Ralph C. Vinal, Ward 4; Thomas G. Walsh, Ward 4; W. Phoenix Belknap, Jr., Ward 5; Amos A. Peterson, Ward 5; Charles J. Travers, Ward 5; Joseph Connolly, Ward 6; Herbert L. Johnson, Ward 6; Joseph O'Neill, Ward 6; Walter N. Shea, Ward 6; William L. Graham, Ward 7; Walter Richard Jones, Ward 7; John J. McGowan, Ward 7; Daniel J. O'Connor, Ward 7; William J. Welch, Jr., Ward 7; Dennis F. Burke, Ward 8; William H. Gallagher, Ward 8; Samuel W. Magrath, Ward 9; Timothy F. O'Keefe, Ward 9; John Conway, Ward 10; Eugene J. Ferris, Ward 10; James B. McCarty, Ward 10; Theodore P. Pemberton, Ward 11; Ernest A. Harrison, Ward 12; Samuel Marcus, Ward 12; William F. Breen, Ward 13; James F. Madden, Ward 13; George W. McKenzie, Ward 13; Philip Berkowitz, Ward 14; James A. Coughlin, Ward 14; Hyman Gehr, Ward 14; Harry Gerber, Ward 14; Hyman Shapiro, Ward 14; Bertram H. Stahl, Ward 14; John G. Goggin, Ward 15; James L. Connor, Ward 15; Edward M. Maguire, Ward 15; William J. Shaughnessy, Ward 15; Frank R. Smith, Ward 15; Frank R. Beede, Ward 16; Richard F. Boyd, Ward 16; John F. Collins, Ward 16; John P. Connolly, Ward 16; Charles W. Flood, Ward 16; Frank B. Mace, Ward 16; John W. Moore, Ward 16; Alfred L. Barrett, Ward 17; Gerard A. Duffy, Ward 17; Leo J. Higgins, Ward 17; William B. Morck, Ward 17; Archie Shaiken, Ward 17; Arthur F. Whidden, Ward 17; Alfred J. Borges, Ward 18; George F. Fellows, Ward 18; Walter F. Gadsby, Ward 18; Laurence J. Hunter, Ward 18; Chester J. Janik, Ward 18; Norman F. Maxwell, Ward 18; John P. Mooney, Ward 18; Edward J. O'Malley, Jr., Ward 18; Dennis F. Shea, Ward 18; Andrew N. Wilson, Ward 18; James A. Croke, Ward 19; William A. Dowd, Ward 19; Paul Flynn, Ward 19; Albert F. Sproul, Ward 19; Ernest K. Swanson, Ward 19; John H. Watson, Ward 19; Edward J. Denon, Ward 20; Edward C. Dimock, Ward 20; John J. Kelley, Ward 20; Carl M. Lundstrom, Ward 20; George McAllister, Ward 20; John F. Murray, Ward 20; John F. York, Ward 20; Irving E. Fireman, Ward 21; Bertram E. Kellogg, Ward 21; Harold A. Ross, Ward 21; Emery Douglass, Ward 22; William Farrell, Ward 22; Eric L. Higgins, Ward 22; Everett B. Keeler, Ward 22; Terrence F. McGovern, Ward 22; John W. Morrison, Ward 22; Charles A. O'Connell, Ward 22.

One hundred three traverse jurors, Superior Civil Court, to appear May 5, 1941, April Sitting:

Tegan, Ward 2; William Bernstein, Ward 3; Anthony D. Bille, Ward 3; Joseph Bova, Ward 3; George M. David, Ward 3; Michael Ficociello, Ward 3; Thomas A. Ryan, Ward 3; Fritz B. Scheer, Ward 4; Edward Todd, Ward 4; F. Lowell Curtis, Ward 5; Henry A. Hill, Ward 5; Edward A. Lavin, Ward 5; William L. McLaughlin, Ward 5; Frederick C. Weld, Ward 5; Ernest H. Wilson, Ward 5; Frank L. Irwin, Ward 6; Jeremiah Pryor, Ward 6; Joseph Francis Coyne, Ward 7; Edward C. Donahue, Ward 7; John J. Donahue, Ward 7; Frederick F. Donald, Ward 7; Earl B. Grant, Ward 7; Arthur C. Kulda, Ward 7; Thomas E. O'Connor, Ward 7; Thomas J. Ransom, Ward 7; Arthur R. Haskard, Ward 8; James F. Russell, Ward 8; James P. Doherty, Ward 9; James H. O'Neil, Ward 9; Richard A. Clifford, Ward 10; Michael F. Kiley, Ward 10. William D. Lahar, Ward 10; Arthur F. McKenzie, Ward 10; Francis J. Woods, Ward 10; John A. Cohan, Ward 11; William H. Kelly, Ward 11; William M. Kleinberg, Ward 11; Michael Cotter, Ward 12; Harry P. Frank, Ward 12; John M. Keenan, Ward 12; James P. Strang, Ward 12; Walter A. Todd, Ward 12; Richard L. White, Ward 12; Gerald L. McHale, Ward 13; James J. Quinn, Ward 13; Maurice Betterman, Ward 14; John T. Blong, Jr., Ward 14; William Copel, Ward 14; Charles Fishman, Ward 14; Joseph Frank, Ward 14; David Kramer, Ward 14; Arthur Levenson, Ward 14; Benjamin Shaevel, Ward 14; Samuel H. Sherman, Ward 14; Cassil Wein, Ward 14; Edward Weinstein, Ward 14; Kenneth F. Boden, Ward 15; James H. Butler, Ward 15; Walter D. Dannahy, Ward 15; Benjamin Edwards, Jr., Ward 15; John F. Collins, Ward 16; Arthur F. Donovan, Ward 16; Maurice E. Foley, Ward 16; John F. Madden, Ward 16; Joseph A. McGuigan, Ward 16; John P. O'Neill, Ward 16; David C. Dempster, Ward 17; Perry T. Goodwin, Ward 17; Thomas MacDougall, Ward 17; Michael F. Manning, Ward 17; Francis E. Murphy, Ward 17; Richard J. Sullivan, Ward 17; Stephen H. Donley, Ward 18; Vincent J. Furlong, Ward 18; George H. Lawrence, Ward 18; George L. Murphy, Ward 18; John J. O'Brien, Ward 18; Andrew J. Stack, Ward 18; Nicholas F. Bulger, Ward 19; Thomas F. McDonough, Ward 19; Samuel E. Merrill, Ward 19; Edward A. Morash, Ward 19; John A. Nolan, Ward 19; Joseph S. Condon, Ward 20; William O. B. Little, Ward 20; Albert A. Richwagen, Ward 20; Arthur K. A. Rohmann, Ward 20; Francis V. Tyner, Ward 20; John D. Cole, Ward 21; John J. Goldrick, Ward 21; Henry W. Kaliss, Ward 21; George Murphy, Ward 21; Ronald J. O'Brien, Ward 21; Frank M. Carney, Ward 22; Walter C. Emery, Ward 22; James J. Graham, Ward 22; Aaron A. Hodgkins, Ward 22.

President GALVIN in the chair.

POLICE PROTECTION FOR SCHOOL CHILDREN, WARD 18.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Police Commissioner relative to your order of March 10, 1941, concerning the providing the services of a policeman at the junction of Mt. Hope street and American Legion Highway, Ward 18, while children are going to and coming from school.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Police Department, March 20, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

My dear Mr. Doyle,—I have your communication of March 13 relative to the City Council order of March 10, 1941, to wit:

"Concerning the providing of the services of a policeman at the junction of Mt Hope street and American Legion Highway, Ward 18, while children are going to and coming from school."

Please be advised I have transmitted the order of the City Council to the commanding officer of Division 18 for attention and compliance therewith.

I would thank you if you would cause this information to be conveyed to the attention of the members of the City Council.

Yours very truly,
JOSEPH F. TIMILTY,
Police Commissioner.

Placed on file.

PAYMENT OF HOSPITAL EMPLOYEES BY CHECK.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the City Treasurer relative to your order of March 31, 1941, concerning the discontinuing of the practice of paying employees of the City Hospital by check, and to re-establish the old system of payment by cash.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
April 4, 1941.

To William T. Doyle, Chief Clerk, Mayor's Office.
From James J. McCarthy, City Treasurer, Treasurer's Office.
Subject: Payment of Certain Hospital Employees by Check.

I received several weeks ago a written request from Doctor Manary, Superintendent of the Boston City Hospital, that the employees of the hospital be paid by check in accordance with the vote on this subject by the Hospital Trustees. I then conferred with Doctor Manary and Mr. Dreyfus, Chairman of the Trustees, pointing out to them some of the difficulties which would be encountered if check payments were adopted. When they left my office, after this consultation, they seemed convinced that the cash method of payment was the better.

Later, another request addressed to Mr. Foster, Director of the Survey Committee, was sent by the hospital again purporting that a vote of the trustees was the basis for the request for check payments It was then decided to attempt to prove to the trustees by an actual demonstration just what the reaction of the employees would be. Consequently, on March 29, we paid the South Department by check. I then conferred with Doctor Place at the South Department and found that there was considerable difficulty experienced by the employees in the cashing of these checks, all of which I anticipated and which I explained to Doctor Manary and Mr. Dreyfus.

The matter was then directed to the attention of Councilor Hurley, who conferred with Doctor Manary. Councilor Hurley quotes Doctor Manary as saying that the request for check payment originated in the Survey Committee. This statement is untrue. Check payments have been made again for this week's pay roll and orders have been issued that in the future cash payments only will be made.

JAMES J. MCCARTHY,
City Treasurer.

Placed on file.

INCREASE OF WELFARE AID.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the Public Welfare Department relative to your order of February 10, 1941, concerning the granting of welfare aid in the amount of $5 per week to single men, or women, now the recipients of $4 per week.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
March 31, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention, William T. Doyle.

Dear Sir,—This department has received your communication with copy of order from the City Council dated February 10, 1941, reading as follows:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to grant welfare aid in the amount of $5 per week to single men, or women, now the recipients of $4 per week."

May I report that the Board of Overseers of the Public Welfare has presently under its consideration the whole question of allowances for Dependent Aid cases and the order of the Council as passed will be given every consideration in the preparation of this budget schedule.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

OIL FURNISHED TO WELFARE RECIPIENTS.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the Public Welfare Department relative to your order of March 3, 1941, concerning the furnishing each welfare recipient with one hundred gallons of oil instead of seventy-five gallons.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
March 31, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention, William T. Doyle.

Dear Sir,—This department has received your communication with copy of order from the City Council dated March 3, 1941, reading as follows:

"Ordered, That the Public Welfare Department be requested, through his Honor the Mayor, to furnish each welfare recipient with one hundred gallons of oil instead of seventy-five gallons."

The establishment of seventy-five gallons of oil as the equivalent of one half ton of coal was made some years ago. I have presently a report from a qualified engineer showing that seventy-five gallons of oil gives out more heat units than does one half ton of coal, and because of this fact, I do not see how we could increase gallonage of oil without increasing the amount of coal for distribution.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

INVESTIGATION OF REST HOMES.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the Public Welfare Department relative to your order of March 10, 1941, concerning the advisability of undertaking an investigation of rest homes to which payment is made by the City of Boston for the care of recipients of old age assistance, or welfare relief.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
March 31, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention, William T. Doyle.

Dear Sir,—This department has received your communication with copy of order from the City Council dated March 10, 1941, reading as follows:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to consider the advisability of undertaking an investigation of Rest Homes to which payment is made by the City of Boston for the care of recipients of old age assistance, or welfare relief."

May I report on this matter as follows:

The State Department of Public Welfare has a division which is supervisory in its control of rest homes for aged persons. In the practice of our department, the Supervisor of Old Age Assistance and the Assistant Supervisor in charge of the District Office make frequent inspections of these homes. The various social workers calling on their clients see the homes at different hours, without any notice ahead of time, so that they have a thorough understanding of the care that is given the aged in these homes.

Further, may I state that if an aged person makes a request for transfer from one home to another, the request is complied with as soon as it is possible to do so.

Each worker is given a copy of the rules governing these boarding and nursing homes, and I feel that the matter is well in hand at the present time.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

ADDITIONAL CASHIERS, MILK DISTRIBUTING STATIONS.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the Public Welfare Department relative to your order of March 10, 1941, concerning the arranging for additional cashiers at milk distributing stations, as recipients are now compelled to stand in line for hours until the arrival of the cashier.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Overseers of the Public Welfare,
March 31, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention of Mr. William T. Doyle.

Dear Sir,—This department has received your communication with inclosed copy of an order from the City Council, dated March 10, 1941, reading as follows:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to arrange for additional cashiers at milk distributing stations, as recipients are now compelled to stand in line for hours until the arrival of the cashier."

May I state that after checking with the Surplus Commodities Division of the State Department of Public Welfare I am informed that there would be no way of increasing the staff of cashiers at present because the companies which now handle the milk are contracted as they are presently situated, and these contracts do not expire until June 30, 1941.

However, I shall gladly refer this matter again for further consideration before the end of the contract year.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

ADDITIONAL MILK STATION, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the Public Welfare Department relative to your order of February 17, 1941, concerning the communicating with the W. P. A. commodity officials relative to the advisability of opening a milk station in the lower end of South Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Overseers of the Public Welfare,
March 31, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention of Mr. W. T. Doyle.

Dear Sir,—This department has received your communication with inclosed copy of an order from the City Council, dated February 17, 1941, reading as follows:

"Ordered, That his Honor the Mayor communicate with the W. P. A. commodity officials relative to the advisability of opening a milk station in the lower end of South Boston."

The Surplus Commodities Division informs me that at present in the South Boston area there are three milk stations, one located at 323 Dorchester street, one at 301 West Third street, and one at 609 East First street. From this analysis it would seem that the South Boston district surely is well serviced with milk stations.

Very truly yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

DELIVERY OF FREE MILK.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the Welfare Department relative to your order of February 10, 1941, concerning the finding of some method of seeing that recipients of free milk may have deliveries of milk made to their homes when it is ascertained that said recipients are incapacitated to the extent of being unable to call themselves personally, or through a representative, for the milk.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Overseers of the Public Welfare,
March 31, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention, William T. Doyle.

Dear Sir,—This department has received your communication with copy of order from the City Council dated February 10, 1941, reading as follows:

"Ordered, That the Commissioner of Public Welfare be requested, through his Honor the Mayor, to find some method of seeing that recipients of free milk may have deliveries of milk made to their homes when it is ascertained that said recipients are incapacitated to the extent of being unable to call themselves personally, or through a representative, for the milk."

In this matter I have consulted with the Surplus Commodities Division of the State Department of Public Welfare, and have been informed by them that there is no way available at the present time for delivering milk to homes under the set-up of the distribution of milk as it now exists. There is provided by the Surplus Commodities Division the opportunity to have people obtain their milk through an authorized agent, and it is felt that this is the only thing that can be done in connection with this matter, inasmuch as the cost of home delivery to persons unable to call at the stations would be prohibitive.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

DELIVERY OF FREE MILK, WARD 18.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the secretary of the Public Welfare Department relative to your order of March 10, 1941, concerning the advisability of providing facilities for the delivery of milk in the Ward 18 section in cases where sickness or infirmity prohibits any member of the family from visiting the local unit or distributing station.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
March 31, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention of Mr. William T. Doyle.

Dear Sir,—This department has received your communication with inclosed copy of an order from the City Council, dated March, 1941, reading as follows:

"Ordered, That the Overseers of Public Welfare be requested to consider the advisability of providing facilities for the delivery of milk in the Ward 18 district in cases where sickness or infirmity prohibits any member of the family from visiting the local unit or distributing station."

In this matter I have consulted with the Surplus Commodities Division, State Department of Public Welfare, and they have informed me that there is no way available at present for delivering milk to homes under the set-up of milk distribution as it now exists.

There is provided by the Surplus Commodities Division the opportunity to have people obtain their milk through an authorized agent, and it is felt that this is the only thing that can be done in connection with this matter, inasmuch as the cost of home distribution to persons unable to call at the stations would be prohibitive.

Very truly yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

EVENING INTERVIEWS FOR PROSPECTIVE JURORS.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Board of Election Commissioners relative to your order of March 24, 1941, concerning the arranging that persons receiving notices in connection with jury service may call at the office of the Board after the usual hours in order that they may not lose any time from their employment.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Election Department, April 4, 1941.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—This is in reply to your communication with attached City Council order in regard to arranging for evening interviews for prospective jurors in this office.

May we explain that in 1940 we did keep the office open for this purpose with the result that on no night did more than ten prospective jurors present themselves for examination after 5 p. m. In view of this fact and in view of the amount of night work done by our registrars in other connections, we felt that it was hardly worthwhile to keep the men working evenings on jury work. May we also say that we were greatly surprised to hear of the City Council order in this connection, since we had not a single complaint about the hours from the men who presented themselves here for examination.

Inasmuch as jury examinations for the current year have now been completed, there is no action we could take at the present time. May we assure you, however, that next year when we draw up our schedule for this work we will give consideration to establishing evening hours for at least part of the period of examinations.

We trust that this disposition of the matter will meet with your approval.

Very truly yours,
BOARD OF ELECTION COMMISSIONERS,
WILLIAM A. MOTLEY, JR., Chairman.

Placed on file.

HOT WATER, ROSLINDALE MUNICIPAL BUILDING.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I transmit herewith communication from the Superintendent of Public Buildings relative to your order of March 31, 1941, concerning the installation of new boilers in the Roslindale Municipal Building for the purpose of having continuous hot water for persons using said building.

Respectfully,
MAURICE J. TOBIN, Mayor.

—

City of Boston,
Public Buildings Department,
April 4, 1941.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—Referring to the order of City Councilor Langan concerning the installation of new boiler at the Roslindale Municipal Building for the purpose of providing continuous hot water. I have to inform you that what was actually needed to provide the hot water was a new oil burner in the domestic hot water heating boiler. The new oil burner has been installed and there is hot water sufficient to meet the most urgent demands at the present time.

I trust that Councilor Langan will have no further complaints from his constituents regarding the lack of hot water.

Sincerely yours,
LEO F. POWER,
Superintendent of Public Buildings.

Placed on file.

LEGAL OPINION RE PROPOSED CENTRAL TRAFFIC ARTERY.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I submit herewith an opinion of the Corporation Counsel in answer to the questions asked in the order of your Honorable Body passed on February 24, 1941, relative to the proposed central traffic artery.

The opinion is dated March 11, 1941, and in the usual course would have been submitted March 24, 1941. The delay in transmitting it was caused by an oversight in this office.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, March 11, 1941.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—The City Council, by order passed on February 24, 1941, and received by the Law Department on February 28, 1941, has requested, through your Honor, the opinion of the Law Department on the following questions with respect to a bill, filed by Henry J. Nichols, President of the Boston Chamber of Commerce, and other citizens in the current sitting of the General Court, concerning a central traffic artery and other related thoroughfare improvements in and near the City of Boston (being now Senate Bill No. 592):

"(1) Do the provisions of said bill as filed — which authorize the City of Boston to issue its bonds to defray the cost of said improvements and which provide that the State Treasurer shall pay the City to meet the principal and interest due on said bonds annually certain sums from the Highway Fund of the Commonwealth — impose a binding legal obligation on the Commonwealth, and upon the Legislatures thereof subsequent to the General Court elected for the years 1941 and 1942, to continue to provide for such payments?

"(2) Would it be possible for the General Court to repeal said provisions requiring payments from the Highway Fund to meet said principal and interest payments on the said bonds, after said bonds had been issued by the City of Boston?

"(3) Would it be possible to frame a legislative provision requiring such payments from the Highway Fund (to the extent that it contained adequate funds from time to time) which would impose an obligation upon the Commonwealth and upon subsequent Legislatures which could not be repealed without impairment of the obligation of contract in violation of the Constitution of the United States?

"(4) Would any constitutional provision prevent the enactment of a statute requiring the State Treasurer to place upon the City of Boston bonds issued for such highway improvements a statement that the revenues from the gasoline tax, to the extent of a specified annual amount for a specified period of years, were pledged to the payment of the principal and interest of said bonds and were permanently segregated and appropriated to said purpose, so as to make said statement a binding endorsement or guaranty of said bonds to the extent set forth in such statement?

"(5) If the answer to the preceding question is in the affirmative, would the authorization of such an endorsement require a two-thirds vote of both houses of the General Court?

"(6) Would it be competent for the General Court to authorize a special excise of one cent or some other amount per gallon upon all gasoline sold within the Metropolitan Parks, Sewer, and Water districts, or within some other defined area of Metropolitan Boston, the revenues from which would be devoted to defraying the principal and interest on said bonds so long as any of said bonds were outstanding?"

Section 2 of Part III of the foregoing bill as filed provides as follows:

"The commonwealth of Massachusetts shall annually for twenty years, beginning in nineteen hundred and forty-three, pay to the city of Boston from revenues accruing or accrued in the Highway Fund such sum, not in excess in any year of one million five hundred thousand dollars, as may be required to pay all costs for interest and amortization of the bonds issued under this act, and the amount of such annual payments thereby provided is made a charge in each such year upon the revenues accrued or accruing in the said Highway Fund. Each such payment by the commonwealth shall be made upon and according to a certificate in writing of the treasurer of said city to the treasurer and receiver general of the commonwealth."

I submit my answers to the foregoing questions in the order in which the questions are presented:

(1) In my opinion the foregoing Section 2 of Part III of the said bill imposes a binding legal obligation on the Commonwealth to make payment to the City of such annual amounts as may be required to meet the interest and principal payments on the bonds to be issued under said bill, if enacted as initially filed, to the extent that funds sufficient therefor may be available in the Highway Fund or any other fund established with legislative sanction in the place thereof. The bill, however, if enacted as initially filed, would not bind the Legislature to make an appropriation to the Highway Fund or to such other substitute fund to the extent required to make such payments. One Legislature cannot bind itself or its successors as to a future appropriation for any purpose. See *Opinion of the Justices*, Mass. Adv. Sheets (1936) 1285, 1291. Also see *Opinion of the Justices*, Mass. Adv. Sheets (1939) 345, 350. The compulsion upon the Legislature to see to it that there should be in existence each year a Highway Fund or other like fund sufficient in amount to meet the debt service on the bonds would rest, under the bill as initially filed, upon the practical, rather than the legal, necessity of the Commonwealth honoring bonds purchased by the public in obvious reliance upon the good faith of the Commonwealth to continue in existence a sufficient Highway Fund or like fund to service the bonds.

But although one Legislature cannot bind another as to future *appropriation*, "there is no constitutional objection to the passage of a bill . . . embodying a declaration of policy and prescribing a method of dealing with any appropriation that may be made in conformity with its terms . . . ." *Opinion of the Justices*, Mass. Adv. Sheets (1939) 345, 350-351. And it is well established that a Legislature has power to bind the Commonwealth to make future payments, irrespective of appropriations or the source of the payments, creating thereby a contract in behalf of the Commonwealth which no Legislature may subsequently impair. *U. S. Const. Art. I, sec. 10.* Likewise, the Legislature, or an appropriate administrative officer without express legislative sanction, may constitutionally provide for placing upon bonds issued pursuant to legislative act the applicable statutory provisions creating the contract obligation of the Commonwealth to make the payments upon the bonds. *Opinion of the Justices*, 261 Mass. 523.

Amendments to the bill as initially filed, appropriate to obviate any possible doubt as to the obligations of the Commonwealth to provide funds continuing until all of the bonds should have been paid in full, have for some time been in the hands of this department, for submission at such date as Senate No. 592 shall be the subject of public hearing.

(2) Inasmuch as the proposed expenditures under the foregoing bill are for a public purpose, the Legislature constitutionally may obligate the Commonwealth to the payments provided for by Section 2 of Part III of said bill. It is my opinion that said Section 2 is to be construed as a contract between the Commonwealth and the City, and, accordingly, could not properly be repealed in view of the provisions of Section 10 of Article I of the Constitution of the United States.

(3) The answers to this question have been stated in (1) and (2) above.

(4) The answer to this question has been stated in (1) above.

(5) The Constitution of the Commonwealth required that except for borrowings in connection with defense or in anticipation of revenue receipts, "the Commonwealth may borrow money only by a vote, taken by the yeas and nays, of two thirds of each house of the General Court present and voting thereon". *Articles of Amendment to the Constitution*, Art. LXII, sec. 3. The proposed bill here under discussion does not provide for the borrowing of money by the Commonwealth. It provides for the pledge of the credit of the Commonwealth. The credit of the Commonwealth may be given or lent in aid of a proper public purpose. See *Opinion of the Justices*, 291 Mass. 567, 571. The Commonwealth may, in the opinion of the Justices of the Supreme Judicial Court, pledge its credit, without a two thirds vote of the General Court, to the payment of deficiencies annually incurred in the operation of a street railway under public control. See *Opinion of the Justices*, 261 Mass. 523, 543. Therefore, it is my opinion that legislation providing for the payment annually by the Commonwealth to the City of specified amounts for a specified period of years for the purpose of paying the interest and principal of bonds of the City to be issued for highway improvements would not require a two thirds vote of the Legislature and would not violate the Sixty-second Amendment to the Constitution of the Commonwealth.

(6) In view of the fact that the foregoing bill does not contain provisions for the special excise referred to in the sixth question and of the known opposition to the imposition at this time of an additional gasoline excise, answer to this question has been for the time being deferred in the interest of submitting expeditious answers to the other five questions.

Yours very truly,
ROBERT CUTLER,
Corporation Counsel.

Placed on file.

APPROPRIATION FOR FINANCE COMMISSION

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the City Council.

Gentlemen,—I submit herewith a communication from the chairman of the Finance Commission containing a request that additional funds be made available for the activities of the commission. As pointed out in the communication, certain special activities carried on in the early part of the year depleted the original budget appropriation made for investigation purposes. I submit herewith an order providing for the transfer from the Reserve Fund of the additional amount requested and respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of section 3 of chapter 486 of the Acts of 1909, the City Auditor make the following transfer:

From the appropriation for Reserve Fund, $3,500, to the appropriation for Finance Commission, $3,500.

Referred to Executive Committee.

CONVEYANCE OF LAND ADJOINING AIRPORT.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1941.

To the Honorable the City Council.

Gentlemen,—I submit herewith an order for the conveyance to the United States of America, a certain parcel of land containing 57,222 square feet adjacent to the municipal airport in East Boston. This parcel of land is a part of a parcel of land containing approximately 470,895 square feet, acquired by the City of Boston for airport purposes by eminent domain proceedings in 1932.

The City of Boston was authorized and empowered to transfer this parcel of land containing 57,222 square feet to the United States of America, with or without monetary consideration and subject to such terms and conditions as the Mayor and City Council of the City of Boston shall in writing approve, for airport purposes, by chapter 15 of the Acts of the Commonwealth of Massachusetts, approved February 13, 1941.

The United States of America has at the present time a lease of a parcel of land at the airport. This lease dated April 1, 1929, is on a year-to-year basis but in no event is this lease to extend beyond August 9, 1948. The United States of America has erected upon this parcel of leased land a portable hangar and now desires to erect a permanent hangar upon land owned by it.

I am informed by the Park Department that the acquisition of this portable hangar together with the permanent fixtures attached thereto will be utilized to great advantage by the said department.

Major-General J. A. Woodruff, Commanding First Corps Area, United States Army, has requested that the transfer of this parcel of land as authorized by chapter 15 of the Acts of 1941 be made at this time and has agreed that this transfer be made in the consideration of $1.00 and the assignment and transfer by the United States to the City of Boston of its present lease together with the buildings erected on the leased land and all fixtures permanently affixed thereto, and subject to certain building and use restrictions set forth in the accompanying order.

I am of the opinion that a transfer of this parcel of land authorized by chapter 15 of the Acts of 1941 in accordance with the consideration, terms and conditions as set forth in the accompanying order is of equal mutual benefit to both the United States of America and the City of Boston.

I inclose herewith a certified photostatic copy of chapter 15 of the Acts of 1941; a blueprint of the said parcel of land herein referred to; a copy of the lease between the United States of America and the City of Boston hereinbefore referred to.

I recommend passage of the accompanying order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Whereas, The City of Boston is the owner of a certain parcel of land containing approximately 470,895 square feet, adjoining the location of the Boston, Revere Beach and Lynn Railroad and land of the Commonwealth in the East Boston district. This parcel of land was taken for airport purposes by an order of the Board of Street Commissioners of the City of Boston, approved by the Mayor of the City of Boston, January 22, 1932; and

Whereas, By the provisions of chapter 15 of the Acts of the Commonwealth of Massachusetts approved February 13, 1941, the City of Boston is authorized and empowered to transfer to the United States of America, with or without monetary consideration and subject to such terms and conditions as the Mayor and City Council shall in writing approve, for airport purposes, a certain part of this parcel of land, described in said chapter 15 and bounded and described as follows:

Starting at a point on the southeasterly boundary line of the location of the Boston, Revere Beach and Lynn Railroad Company, said point being distant northeasterly one hundred and ninety feet from the present northeasterly side line of Porter street; thence running northeasterly by the said line of the location of the Boston, Revere Beach and Lynn Railroad Company, two hundred and twenty feet; thence turning and running southeasterly parallel with Porter street, two hundred and sixty and ten one hundredths feet; thence turning and running northwesterly by land of the Commonwealth of Massachusetts, two hundred and twenty feet; thence turning and running northwesterly by other land of the Commonwealth of Massachusetts, two hundred and sixty and ten one hundredths feet to the point of beginning; containing fifty-seven thousand two hundred and twenty-two square feet of land, more or less.

All of said measurements are shown on a plan marked "City of Boston, Porter street, East Boston, September 24, 1931, William J. Sullivan, Chief Engineer, Street Laying-Out Department," "Note: Parcel containing 57,222 square feet, authorized to be conveyed to the United States of America under the provisions of chapter 15 of the Acts of 1941"; and

Whereas, The United States of America is the lessee under a lease between the City of Boston as a lessee of the Commonwealth of Massachusetts and

the United States of America of a tract of land containing 55,000 square feet, dated April 1, 1929, for the term of one year with the option to renew said lease annually, provided no renewal shall extend beyond the ninth day of August, 1948. The United States of America has erected a portable hangar on the said parcel of leased land; and

Whereas, The City of Boston has been requested by J. A. Woodruff, Major General, First Corps Area Commander, United States Army, to convey the above described parcel of land to the United States of America, for airport purposes, in accordance with the provisions of said chapter 15 of the Acts of 1941 in order that the United States of America may erect a permanent hangar thereon; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to convey the said parcel of land, hereinbefore described, to the United States of America, by an instrument in writing satisfactory in form to the Law Department of the City of Boston, in accordance with and subject to the provisions of said chapter 15 of the Acts of 1941 and subject to the following consideration, terms and conditions:

1. Monetary consideration of $1 and the assignment and transfer by the United States to the City of Boston of the "Lease between the City of Boston and the United States of America" dated April 1, 1929, of the tract of land containing 55,000 square feet, together with the building or buildings erected thereon and all fixtures permanently affixed thereto, provided that the United States of America is permitted to continue the use of this tract of land together with the building or buildings erected thereon and all fixtures permanently affixed thereto until such time as a new hangar and suitable fixtures have been constructed on the parcel of land herein authorized to be transferred to the United States of America.

2. The United States of America may erect a building or other structure upon the said premises the plans of which shall first be approved in writing by the airport authority.

No building or structure shall be erected or placed on the said premises within 42 feet of the northeast boundary line of the said premises.

3. The United States of America shall have full airport privileges in so far as the City of Boston may grant same during the period of operation and maintenance of the airport by the City of Boston.

4. The United States of America shall conform to and be governed by all rules and regulations established at the said airport in so far as said rules and regulations are applicable and not in conflict with rules and regulations established by the War Department of the United States of America, the laws of the United States of America or of the Commonwealth of Massachusetts.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

William H. Anderson, to be reimbursed as result of accident which occurred while in performance of duty.

Frederick H. Bond, for compensation for damage to car caused by an alleged defect in Hallet street.

Edward H. Butler, to be reimbursed for execution issued against him.

Thomas F. Cashman, to be reimbursed as result of accident which occurred while in performance of duty.

Richard Doherty, to be reimbursed for execution issued against him.

Domnic Fralli, for refund on awning permit.

Henry Henrickson, for compensation for damage to property at 34 Halliday street, caused by broken water pipe.

William O. Kane, to be reimbursed for accident which occurred while in performance of duty.

Thomas J. Kelley, for compensation for damage to car caused by an alleged defect in M street.

Katherine H. Lyman, for compensation for damage to car by fire truck.

John J. Norton, to be reimbursed as result of accident which occurred while employee of Fire Department.

Grace Robertson, for compensation for injuries caused by an alleged defect in West Newton street.

Wilfred Rousseau, for compenation for damage to car by car of Fire Department.

Irene Stewart, for compensation for damage to property at 110 Humboldt avenue, caused by firemen.

Emi Sztinski, for compensation for damage to car by city truck.

Thomas J. Watson, for reimbursement for execution issued against him.

Thomas J. Watson, to be reimbursed for execution issued against him.

Thomas J. Watson, to be reimbursed for execution issued against him.

Ra ph E. Young, for refund on used car dealer's license.

Executive.

Petition of National League Baseball Club for Sunday sports.

Notice was received of appointment of James Joseph McCarthy, 76 Bennett street, Brighton, to be member of Boston Port Authority for term ending July 24, 1947.

Placed on file.

HEARINGS RE EVERETT AND SARATOGA STREET BRIDGES.

Communications were received from the Department of Public Utilities setting Wednesday, April 9, 1941, as date of hearings to be given on petitions of City of Boston relative to maintenance and repair of Everett and Saratoga Street Bridges.

Severally placed on file.

BORROWING CAPACITY OF CITY.

The following was received:

Board of Commissioners of Sinking Funds,
February 17, 1941.

To the City Council.

Gentlemen, In accordance with the provisions of chapter 93, Acts of 1891, chapter 267, Special Acts of 1916, and chapter 225, Acts of 1931, it is estimated that the amount which the city will be able to borrow during the present municipal year within the debt limit established by law, is $11,389,873.55, as per schedule annexed.

Respectfully,
GUY W. COX,
P. A. O'CONNELL,
WM. ARTHUR DUPEE,
JOHN E. HANNIGAN,
FRED A. DAKIN,
MICHALE H. CORCORAN,
Board of Commissioners of Sinking Funds.

CHARLES J. FOX,
City Auditor,
JAMES J. McCARTHY,
City Treasurer.

DEBT-INCURRING POWER IN 1941.

Total debt-incurring power within the debt limit (2½ per cent of $1,514,947,672.33, the average assessed valuation for three years, less abatements)			$37,873,691 81
Debts incurred:			
Total funded debt, city and county		$151,201,600 00	
Funded debt outside the debt limit (debt exempted from the operation of the law limiting municipal indebtedness):			
City debt	$34,181,400 00		
Water debt	44,000 00		
Traffic Tunnel debt	16,000,000 00		
Traffic Tunnel debt, "Series B"	3,000,000 00		
Traffic Tunnel debt, "Series C"	500,000 00		
County debt	1,752,000 00		
Rapid Transit debt	56,514,700 00		
	$111,992,100 00		
Funded debt for Public Works Administration projects, issued under authority of chapter 366, Acts of 1933, as amended by chapter 21, Acts of 1934	5,688,000 00		
		117,680,100 00	
Funded debt within the debt limit		$33,521,500 00	
Offsets to funded debt:			
Sinking Funds	$23,450,443 85		
Less sinking funds for debt outside the debt limit:			
City	$4,685,956 94		
Rapid Transit	14,700,355 82		
Traffic Tunnel	824,929 99		
Traffic Tunnel "Series B"	362,080 19		
Traffic Tunnel "Series C"	44,496 28		
	20,617,819 11		
Offsets to funded debt within the debt limit		2,832,624 74	
Net indebtedness within the debt limit, December 31, 1940		$30,688,875 26	
Loans authorized but not issued (within the debt limit)		10,000 00	
Used debt-incurring power within the debt limit			30,698,875 26
Unused debt-incurring power within the debt limit, January 1, 1940			$7,174,816 55
Estimated increase during the year by:			
Interest on sinking fund investments		$93,985 00	
Appropriation for sinking funds for debt within the debt limit		69,572 00	
Serial bonds redeemable during year		4,051,500 00	
			4,215,057 00
Estimated amount of indebtedness that may legally be incurred within the debt limit during the municipal year			$11,389,873 55

Placed on file.

SIDEWALK ASSESSMENTS.

Communications were received from the Commissioner of Public Works together with orders assessing half cost of constructing sidewalks on owners of properties bordering thereon, viz.:

	Half Cost.
Jerome street, Ward 13	$35 55
Cushing avenue, Ward 13	25 85
Dorset street, Ward 7	65 90

Orders severally passed.

RECESS.

President GALVIN at 2.58 p. m. declared a recess for the purpose of going into executive session. The members reassembled and were were called to order by President GALVIN at 4.22 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. SHATTUCK, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Sylvia B. Robinson, Recital Hall, May 3; Sidney Weinstein, Peabody Playhouse, April 27,—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on petition of National League Baseball Club for license for Sunday sports (referred today)—that same be granted.

Report accepted; license granted under usual conditions.

3. Report on message of Mayor and order (referred today) approving sale of land for airport purposes of Commonwealth of Massachusetts—that same ought to pass.

Report accepted; said order passed, yeas 20, nays 0.

4. Report on orders (referred March 31) requesting trustees of Boston Elevated to establish a five-cent fare, recommending passage of accompanying new draft, viz.:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to reduce the present fare to five cents within the limits of the City of Boston.

The report was accepted, and the question came on the passage of the order.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the report of the Executive Committee be further amended to include a five-cent fare for all residents of the Brighton-Allston district who avail themselves of street car transportation to Boston through Cambridge termini.

The question came on the amendment offered by Coun. SULLIVAN.

Coun. FISH—Mr. President, I have no objection to that amendment, but I think, as a matter of fact, it is covered by my original order.

Coun. SHATTUCK—Mr. President, the summary of the report by Mr. Callahan to the Boston Finance Commission says that Mr. Callahan finds that about $20,000,000 or so has been charged to depreciation that should not have been so charged. That approximate figure seems to be the extent of his criticism, and it covers a period of over twenty years. In other words, that figure, representing his criticism of the policy of the trustees, would amount to about $1,000,000 a year. The deficit charged against the cities and towns of the Elevated district for the year ending March 31, 1940, was $2,724,679.87. If you reduced that by one million dollars, you get a deficit of about $1,700,000. So if the depreciation figures were carried out in that way, the $20,000,000, covering a period of over twenty years, would not anywhere nearly wipe out the deficit, but would leave a deficit of about $1,000,000 a year, with the ten-cent fare. I present these figures merely to show that the fare cannot be reduced to five cents within the limits of the City of Boston, without a very large increase in the present deficit, which I do not believe any of us want to see, or without making a large slash in the present wages of the employees of the Elevated Railway Company, which now take up between four and five cents of the fare; and in addition to that there is the expense of upkeep of the property, the payment for power to run the street cars and buses, the gas and oil, the power developed in the power house, the expense of maintenance and wear and tear, the rental that the City of Boston depends on to pay the interest on the subway bonds, the interest that the Transit District depends on to pay for its bonds, and so on. There are also the taxes paid on real estate to the City of Boston, and there are various other items that make up the ten-cent fare for carrying the passengers. There has been absolutely no evidence submitted to show that if everything were done that could be done it would result in more than a reduction of the present deficit, leaving the fare as it is, at ten cents. I believe it will simply be fooling the people to pretend for a moment that anything can happen that would justify a five-cent fare for the City of Boston. I shall, therefore, vote against the order.

Coun. M. H. SULLIVAN—Mr. President, my idea in submitting this amendment is simply to have the people of Brighton and Allston accorded the same privilege that is enjoyed by practically all the other people of Boston. I simply wish to have the people of my district be given the same treatment that, I believe, is intended to be accorded to all the other wards of the city under the proposed order.

Coun. HUTCHINSON—Mr. President, I would disagree with the councilor from Ward 5 (Coun. Shattuck). He seems to feel that the $20,000,000 is the most that has been overcharged the car riders. But this report, as I understand, states specifically that the figures presented are the minimum figures, which would probably be increased by an examination of the accounts involved, with the clear implication that a complete examination of all the figures might show that the loss was much more. In fact, this summary says:

"These figures are mimimum figures which may be increased by a further examination of the accounts involved, and by an examination of the maintenance accounts for the period after 1931, which is not covered by this report."

In other words, this $20,000,000 is absolutely the lowest amount that the Elevated now owes the City of Boston. The chances are that the figure would go up to $30,000,000 or more, and we can readily see by reading this summary what this may really mean to the City of Boston.

Coun. LINEHAN—Mr. President, when I made a motion in executive session to confine this to the confines and limits of the City of Boston, I did not do it intending to leave out Wards 21 and 22. I agree with a great deal that has been said by the gentleman from Ward 5 (Coun. Shattuck). From a casual study that I made some years gone by, I do not believe, as a practical matter, that the Elevated Trustees can reduce the fares in general to five cents. If you know anything about accounting, about maintenance and other costs, cost of labor and so forth, common sense tells you that the fare cannot be generally reduced to five cents without increasing the deficit immensely. And that is what we are interested in here now, lowering the deficit. What I am interested in, and what I have been interested in for many years gone by, however, is a more equitable division of the costs of the road. That is, some people ride from here to Arlington or Milton and still pay only ten cents, while if you go from South Boston to the South Station, you pay ten cents. That does not seem to me right, asking simply ten cents when a person travels to Arlington or to Milton, and also expecting riders to pay ten cents here in Boston for riding short distances. I feel that for the longer rides something more should be paid. Of course, the road, when it carried riders to Arlington or to Milton, is losing money, and the citizens of Boston pay largely to make up the deficit. The taxpayers of Boston very largely pay that deficit on the ten-cent ride to or from Arlington and Milton, while the poor people of South Boston are required to meet the same ten-cent charge for riding a very short distance. In other words, they are being discriminated against. I do feel that the trustees, as a result of this proposed action, will see fit to put into effect a zoning system that will embody a more equitable scale of charges for riding on the street cars.

Coun. TAYLOR—Mr. President, this five-cent car fare question in the City of Boston has for years been a political football. There is nobody here or in the whole metropolitan district who would not wish a five-cent car fare, but that, of course, is only a wish. I can recall a former Mayor of Boston being elected upon the five-cent car fare platform, and after he was elected I never saw the people of Boston receive a five-cent car fare. Nobody, of course, is opposed to a five-cent car fare, if it were feasible, but what is the sense of trying to draw a red herring across the trail? We are interested today in reducing the deficit of the Elevated, so that the taxpayers may receive a break. I don't think, however, that we are kidding the public any. They have been fed this sort of stuff for a long time, but now they will not fall for it. Talk about a five-cent car fare at the present time is something silly and foolish. We are more interested in saving some money for the taxpayers of the City of Boston. I would, therefore, make a motion now that we give ourselves an opportunity to digest the report of the Boston Finance Commission so that we may have some information upon which to base our opinion. So I move that the matter lie on the table until the next meeting, until we may have a chance to digest the Finance Commission's report.

Coun. Taylor's motion to lay on the table was declared carried. Coun. FISH doubted the vote, and asked for a roll call. The motion to lay on the table was lost upon a yea and nay vote, yeas 5, nays 13:

Yeas—Coun. Carey, Linehan, Shattuck, D. F. Sullivan, Taylor—5.

Nays—Coun. Coffey, Englert, Fish, Galvin, Goode, Hurley, Hutchinson, Lyons, Russo, Scannell, M. H. Sullivan, Wickes, Ward—13.

The question came on the proposed amendment offered by Coun. M. H. SULLIVAN.

Coun. COFFEY—Mr. President, talking upon the amendment proposed by Councilor Sullivan, I don't see how, in fairness to every car rider in the City of Boston, I can go along with that amendment. For example, the five-cent fare order, as reported, includes Wards 21 and 22, the same as it includes every other part of the City of Boston. A person from Brighton takes a street car and goes to Cambridge, paying a five-cent fare, and in going back from Cambridge to Boston naturally pays a ten-cent fare, the same as anybody in my ward who went to Cambridge would pay a five-cent fare, and in going back to East Boston would have to pay a ten-cent fare. So I don't see how we are discriminating against Wards 21 and 22, in Brighton. If we should take such action as is proposed, the people of the Brighton district would have to get some identification showing that they belonged in the Brighton district. Without this amendment, they would be treated the same as everybody else in the City of Boston. I think under the order as reported they are given the same privileges as every other car rider, and I don't see why they should be given any other privilege, unless they are to be given an opportunity to shop in the city of Cambridge rather than in the City of Boston. Personally, I think they ought to go to the City of Boston to do their shopping, within the five-cent fare.

Coun. SULLIVAN—Mr. President, as far as the conclusion of the councilor is concerned, it is grossly illogical. In the first place, most of the people of Brighton and Allston now have the five-cent fare to Cambridge. So, under the position that Councilor Coffey takes, without any amendment, it would in the first place mean to them an increase in fare. The people who reside in Brighton and who board the Brighton car in Cambridge each night at Central square, according to Councilor Coffey, would probably have to wear some kind of brand or carry a certificate in order to avail themselves of the present opportunity to ride to Brighton and Allston. I imagine that they would have to identify themselves at Park street, differentiating themselves from other riders on the line as residents of Brighton and Allston, in order to be able to pay the same five-cent fare as other Boston people. It would really mean an increase in the fare they would have to pay.

Coun. COFFEY—Mr. President, will the gentleman yield for a question?

Coun. SULLIVAN—Not just now. Those going through to Brookline and other outlying sections would have to be separated from the Brighton people.

Coun. COFFEY—Mr. President, will the gentleman yield?

Coun. SULLIVAN—No. I will not yield. The result would be that, without any amendment, the citizens of Brighton would not be treated as well as they are now. So the position of the gentleman is shown to be ridiculous from the start. I think every member of the Body realizes the importance to the people of Brighton of being able, as they are at the present time, to get conveniently to the Watertown Arsenal. Many of them are employed there; and, unless this amendment is adopted, they would not have the benefit financially of the present arrangement, in riding on the Elevated. That would be no detriment to the people from East Boston if they were riding out that way as they could ride over there within the limits of the City of Boston for a nickel, under this proposed order, or ride the whole distance to the Watertown Arsenal for a dime. But unless some such amendment is adopted, according to the report of the Finance Commission, to which I have given merely a cursory glance, the Elevated would have to do quite a job of bookkeeping in order to separate those who would pay a nickel, a dime or fifteen cents. It would have to employ an extra number of auditors. I trust, therefore, that the residents of Wards 21 and 22 will be able to avail themselves of the same privileges that are enjoyed by the people of Councilor Coffey's ward or any other ward in the city. There is no reason whatever for not adopting this amendment. There is an unusual state of affairs out there, which can only be properly met by an amendment of this kind.

Coun. WARD—Mr. President, I do not see, as a member of the City Council, how we are going to give the car riders of Boston a five-cent fare. Of course, we all know that for fifteen or twenty years there has been a constant effort to give the riders a five-cent fare, but without result. We all realize, of course, that the City Council has no power to grant five-cent fares within the City of Boston. But I think if any action is going to be taken, it should include all twenty-two wards of Boston. We in Brighton, in one sense, have the same situation that Councilor Coffey's constituents have in East Boston, in connection with Chelsea, Revere and Winthrop. We are allowed at the present time to go into Watertown and Cambridge, and I don't think any rights that we now have should be taken away from us. I do think, of course, that we should all join in giving the people of the twenty-two wards the benefit of this order.

Coun. SHATTUCK—Mr. President, Councilor Sullivan spoke of the benefit that would come from a smaller fare. I wonder if it would not be better to have the fare still smaller,—in fact, have no fare at all!

Coun. FISH—Mr. President, I take it if the car riders could ride twenty years for nothing it would just average up the fares that should be paid. In regard to the remarks going around about increasing the present deficit, you cannot increase anything that does not exist, and there is no deficit that exists at the present time, except in the minds of the trustees and in the pockets of the car riders,—but not in the pockets of the coupon clippers. They say that this order is fooling the people. I think they have been fooled for so long now that they would be willing to be fooled by the passage of this order asking for a five-cent fare.

Coun. COFFEY—Mr. President, in answer to the councilor from Ward 22 (Coun. M. H. Sullivan), I will say that I have gone out to Cambridge frequently, and when I have wanted to go to Brighton I have done so, for a solid year. And I would state that when you leave the subway you are given a transfer and are entitled to a bus ride to Brighton. That is the system that is used now. So I cannot understand the councilor when he says that Wards 21 and 22 have been left out. They have not been. Of course, we in the Council cannot grant a five-cent fare, but we can request it, and I certainly am glad to go along on that.

Coun. M. H. SULLIVAN—Mr. President in answer to the gentleman from Ward 5 (Coun. Shattuck), I am surprised that he favors no fare on the Boston Elevated. If it is his feeling that no fares at all should be given on the Boston Elevated, I think probably that would get my vote. If he feels that that should be done, as a result of his large experience in public affairs, I think I would be satisfied to go along. But as far as this proposed amendment is concerned, it simply seeks to continue to a certain extent the situation that now prevails between Brighton and Cambridge. If the amendment is not adopted, I fear that residents of Brighton going to Central square, Cambridge, would have to pay a ten-cent fare and then a five-cent fare into the City of Boston. That certainly shows some lack of logic somewhere, in dealing with this proposed amendment.

The amendment was declared adopted. Coun. COFFEY doubted the vote, and asked for the yeas and nays. The amendment was adopted by roll call, yeas 10, nays 5.

Yeas—Coun. Englert, Fish, Goode, Hurley, Langan, Linehan, Scannell, M. H. Sullivan, Ward, Wickes—10.

Nays—Coun. Carey, Coffey, Shattuck, D. F. Sullivan, Taylor—5.

The question came on the passage of the order as amended. The order as amended was passed, yeas 18, nay 1:

Yeas—Coun. Carey, Coffey, Englert, Fish, Goode, Gottlieb, Hurley, Hutchinson, Langan, Linehan, Lyons, Russo, Scannell, D. F. Sullivan, M. H. Sullivan, Taylor, Ward, Wickes—18.

Nay—Coun. Shattuck—1.

APPROVAL OF BOND OF NATIONAL LEAGUE BASEBALL CLUB.

The bond of the National League Baseball Club of Boston, Inc., was submitted. Approved by the Council.

REPORT OF INVESTIGATION OF BOSTON ELEVATED RAILWAY.

A summary of report of investigation of Boston Elevated Railway by Timothy F. Callahan, Special Counsel, was received, viz.:

SUMMARY OF REPORT OF INVESTIGATION OF BOSTON ELEVATED RAILWAY, BY TIMOTHY F. CALLAHAN, SPECIAL COUNSEL.

The present report is the result of a study begun in August, 1939, and sponsored by the Mayor and the Finance Commission. The persistent deficits of the Elevated, which have come to over $18,000,000 in the past eight years, were the occasion of the study. The purpose was to examine the facts leading to these deficits, and to find a remedy if possible.

According to the terms of the Public Control Act, the Public is liable for deficits because under the Public Control Act it is obliged to pay the "cost of the service." If fares are insufficient to meet the "cost of the service," the remainder must be paid by the Commonwealth and assessed upon the taxpayers of the cities and towns.

It was necessary, therefore, to investigate the manner in which the "cost of the service" has been computed by the Trustees, and what it has been used for.

At the start of Public Control in 1918 the Elevated system was hopelessly dilapidated, and financially insolvent. Mr. Callahan's findings show that in 1918 the common stock, of par value $23,800,000, was worthless, by reason of existing losses which had not been provided for by the private management.

At the present time the Road is in splendid operating condition, and is considerably larger than the 1918 Road. This improvement and expansion under Public Control was already striking by 1929, and is described by the Trustees at that time as follows:

> ". . . Street railway transportation in Boston had arrived at an impasse in 1918. The physical equipment of the road had fallen into disrepair and was approaching ruin . . . The public of Greater Boston faced the menace of a broken service . . .
>
> "In these ten years $19,000,000 has been spent for new cars and buses. In the matter of car equipment there is hardly a trace of the 1918 road remaining; and there is no comparison possible between the modern equipment today in use and that with which the Public was provided in 1918.
>
> "In 1918 the road was equipped with antiquated cars; the average age of all surface cars in use at that time on the road was 17.2 years . . . Contrast these with the modern cars . . . Wooden cars were in use on the rapid transit trains. To-day there is not a wooden rapid transit car on the road; all are of steel. In these ten years there have been placed in service 836 new service cars of modern type, 165 steel elevated and tunnel cars, and about 300 buses — a total of more than 1300 vehicles. In this period 1476 out-of-date cars have been retired . . .
>
> ". . . In 1918 the existing tracks were crooked, broken, patched. Tracks to-day are standard, and are in good condition.
>
> "Rapid transit has been improved and extended . . ."

If the road has been increased in value out of moneys paid by the Public in the "cost of the service," the stockholders benefit at the expene of the Public. They remain the owners of the Road, under the terms of the Act.

Mr. Callahan was led, therefore, to the following question:

> Has the value of the Elevated Road, and consequently the equity of its stockholders, been enhanced during Public Control by reason of charges demanded of and paid by the Public under the "cost of service" provision, and, if so, have such charges been responsible in any degree for the deficits of the past eight years?
>
> We find that a great part of the improvement and expansion of the Road has been charged to the Public in the "cost of service."

During the first few years of Public Control the Public was charged with $5,000,000 spent to put the track into good operating condition. This extraordinary charge, in excess of normal, current, maintenance, was caused by the failure of the private management to make adequate repairs in the years before 1918. Crooked, patched and broken track was replaced by new track at the expense of the Public.

A great part of the rolling stock taken over by the Trustees in 1918 was worthless, or almost worthless. During the early years this was replaced by new equipment. The money for this purpose came from the depreciation charge, part of the "cost of service" charged to the Public. This charge was set high enough to produce sufficient funds to make these replacements.

The Road was thus "rehabilitated," that is, put into good operating condition, at the expense of the Public. Charges for this purpose were not normal operating expenses. The accounts kept by the Trustees, however, do not segregate them from normal, current expenses. Extraordinary expenses for "rehabilitation" are jumbled together with normal operating expenses.

In Mr. Callahan's opinion there is grave doubt as to the authority of the Trustees to charge such extraordinary expenses to the Public in the "cost of service." Apart from this it is clear that the Trustees should have carefully segregated such extraordinary expenses from normal operating expenses. This they failed to do despite the advice of independent accountants hired by them.

The Road was thus greatly improved during the early years, and had attained good operating condition by 1923 or 1924. The Public was charged with this improvement, in the "cost of the service" computed by the Trustees.

After the Road had been put into good operating condition, the Trustees continued the practice, begun at the start, of charging all retirements of property to the replacement fund built up out of moneys paid by the Public. Many of these retirements consisted of property which was completely or partially worn out when Public Control began. The Trustees, however, never distinguished between losses occurring during Public Control, and losses existing when Public Control began. For example, in 1934, the Trustees charged $586,139.11 to the replacement fund for the following:

> "Expenses for experimental work prior to 1893 on . . . motors . . .
>
> "Expenditure for motive power wiring prior to 1894 covering experimental work . . .
>
> "Expenditures incurred between 1890–1894 for converting Box Cars from Horse Car type to Electric Car type."

The total amounts charged by the Trustees to the replacement fund on account of retirements of worn-out property was $35,498,853.45. Mr. Callahan analyzed every retirement so made. As a result, he finds that only $17,078,893.18 of such losses occurred during Public Control. The remaining $18,419,960.27 of losses so charged was already in existence when Public Control began.

In his opinion there is grave doubt as to the authority of the Trustees to charge any part of this $18,419,960.27 to the Public Control period.

But even if it be granted that the Trustees were authorized to charge the Public for putting the Road into good operating condition, and thus to make good at the expense of the Public past losses on operating property, the Trustees have gone much farther than this.

The total amount of operating property retired, up to the end of 1939, was $34,582,097.01. This was made up as follows:

$17,078,893 18	retirements of operating property to end of 1939 caused by operations under *Public Control.*
$17,503,203 83	retirements of operating property to end of 1939, caused by depreciation existing *when Public Control began.*

All retirements of operating property up to the end of 1939, whether attributable to Public Control, or to the prior period, would have been replaced by the expenditure of $34,582,097.01. This would have put the 1918 Road into good operating condition at the end of 1939.

During the corresponding period, up to the end of 1939, the Trustees charged to the "cost of service" the sum of $51,102,840.65, on account of depreciation alone. They thus had enough to replace all retirements of operating property, and $16,520,743.64 besides. This sum has been spent on a physical expansion and betterment of the system.

On the interpretation of the Public Control Act most favorable to the Trustees, Mr. Callahan thinks that this charge of $16,520,743.64 is unwarranted.

In addition to the charges to the "cost of service" which he discussed, he found also that the Trustees spent the following amounts for betterment of track and equipment, and charged them to the Public in the "cost of the service."

$2,997,832 14	betterments to track, June 30, 1918, to December 31, 1931.
$838,721 67	betterments to equipment, June 30, 1918, to December 31, 1931.
$154,460 75	track abandoned and not replaced; book value charged to "cost of service."

These betterments should have been charged to capital account, and should not have been charged to the Public in the "cost of the service."

In addition to the above amounts, the Trustees charged to the "cost of service" $154,460.75 on account of track abandoned and not replaced. There is no warrant in the act for charging the Public with this sum.

Mr. Callahan concludes that on the interpretation of the Act most favorable to the Trustees, the following excessive charges have been made to the "cost of service," in the period from June 30, 1918, to December 31, 1939.

$2,997,832 14	betterments to track
839,721 67	betterments to equipment
154,460 75	abandoned track improperly charged to "cost of service."
16,520,743 64	amounts charged to depreciation by end of 1939 in excess of sum required for "good operating condition."
$20,512,758 20	Total

These figures are minimum figures which may be increased by a further examination of the accounts involved, and by an examination of the maintenance accounts for the period after 1931, which is not covered by this report.

The remedy for this situation is a proceeding by the Commonwealth for an accounting for the entire period of Public Control. In Mr. Callahan's opinion the trustees are obliged to give such an accounting upon demand by the Commonwealth. While they may be considered officers of the Commonwealth for certain purposes, he does not think that they are agents of the Commonwealth to the extent that the Commonwealth is bound by their acts. In his opinion the Commonwealth is entitled to examine into their acts and policies and to obtain relief from them where such acts and policies have gone beyond the authority conferred upon the Trustees by the Public Control Act.

In Mr. Callahan's opinion the City of Boston would have no standing to obtain such relief. The Commonwealth alone can bring the kind of proceeding outlined. This would be the concern of the chief law officer of the Commonwealth, the Attorney General.

CONCLUSION.

The Elevated System has been built up and enriched during Public Control by charges to the Public through the cost of service, which in our opinion are unwarranted.

In reaching our findings we have examined the minutes of the Trustees for the entire period down to the end of 1939. The depreciation accounts have been studied for the same period, and the maintenance accounts for the period ending December 31, 1931.

We do not suggest, however, that the findings we have made include all the factors which bear upon the Elevated problem as it exists today. Other factors undoubtedly have an important bearing. Among these are the questions of fixed charges, of economy and efficiency of operation, of the proper return to be received by the City on its investment in subways, and of the refinancing of the Company's bonds as it has been conducted under various statutes since 1931. These, however, in no way affect the conclusions that we have reached.

The following matters which have come to our attention, during our study of the management and operation of the Road under Public Control, ought to be pointed out specifically, without limiting the detailed findings which we have previously made:

I. The Trustees have kept no accounts of their own, but have simply continued the books of the Elevated Company. This has been done despite the fact that the Trustees themselves recognized in the early years that "receipts from fares and other sources accrue by virtue of chapter 159 (the Public Control Act) to the Commonwealth, and not to this Company . . ."

II. In continuing the books of the Company, the Trustees have made no distinction in the accounts between the period before Public Control and the Public Control period.

A. The Trustees made no appraisal of the road to determine losses existing, and unprovided for at the start of Public Control.

B. Although the Trustees were furnished by independent accountants with estimates of the amount of such losses existing and unprovided for at the start of Public Control, such losses were not indicated on the books of the company.

III. Many betterments of tracks and equipment, which should have been charged to capital account, are charged directly to current maintenance, and therefore to the cost of service paid by the Public.

IV. The Trustees have not, in keeping the books of the Company, segregated charges made by them for "rehabilitation" of the Road, despite the advice of independent accountants and the plain requirements of their position as Trustees. Extraordinary charges for "rehabilitation" are jumbled together with normal operating expenses.

V. As a result of the failure of the Trustees to keep accounts of their own, and of the way in which they have kept the books of the Company, the yearly accounts do not give a clear picture of the actual operations. It has never been possible, therefore, to challenge their policies, and a feeling has gradually arisen that their discretion is unlimited.

VI. The Trustees put the road into "good operating condition" by 1923 or 1924 by charging the Public, in the cost of service, amounts sufficient to make up a large part of the losses existing and unprovided for when Public Control began.

A. The loss existing on June 30, 1918, on account of "Deferred Maintenance," that is, on account of the failure of private management to provide adequate maintenance in the years preceding Public Control, was charged directly to current maintenance accounts, and therefore to the cost of service paid by the Public.

B. The depreciation charge was set high enough at the start to provide funds for replacement of large amounts of property, principally rolling stock, which was completely, or almost completely worn out when Public Control began.

VII. After the Road had been put into "good operating condition," the Trustees consciously engaged in a physical expansion of the Road out of the funds provided by the depreciation charge, thus exceeding their authority under the Act.

A. This expansion had come to over $10,000,000 by the end of 1928, the original period of Public Control as contemplated in the 1918 Act.

B. By the end of 1939 this expansion had amounted to at least $16,500,000.

VIII. On the construction of the Act most favorable to the Trustees, they had overcharged the Public, in the cost of service, a minimum of $20,500,000 by the end of 1939. This amount will be much larger if, in a proceeding for an accounting, the construction of the Act less favorable to the Trustees is determined to be the correct one.

During the course of the study there came to our attention certain schedules of depreciable property prepared yearly by the accounting department of the Company. We have not considered these schedules at length for the following reasons:

1. No such schedules were prepared before 1922. By that time a great amount of property had been added to the system out of the previous yearly depreciation charges. This property undoubtedly enters into the computations contained in the schedules. It is not possible, therefore, to deal adequately with the schedules until a complete accounting has been had for the period not covered by the schedules.

2. The yearly votes of the Trustees do not follow the schedules, although the votes are generally prefixed by a recital that the schedules have been considered.

3. It was represented to us that these schedules were not to be considered a part of the books of the Company.

4. The data contained in these schedules shows a depreciated condition of the Company's property which is far different from that shown on the corresponding yearly account filed under oath with the Department of Public Utilities. As of December 31, 1939, the "accrued depreciation" on the property as shown in the report filed with the Department of Public Utilities is $16,654,629.49. The "accrued depreciation" as shown in the schedule for that date is $46,023,858.38.

It is incomprehensible to us that what appears to be two conflicting statements should exist in the records of the Company.

This report sets forth the factors which are principally responsible for the deficits of the past eight years. We have suggested a plan which, if adopted by the Commonwealth through the Attorney General, will clarify the Elevated problem once and for all, and will bring substantial relief to the cities and towns of the Metropolitan District.

Respectfully submitted,
Timothy F. Callahan,
James W. Kelleher.

When this investigation was undertaken by Mayor Tobin and the Finance Commission, the members of the Commission were

David Lasker, Chairman.
James E. Maguire.
Robert Robinson.
Joseph A. Scolponeti.
James H. Flanagan.
Robert E. Cunniff, Secretary.

Mr. Charles M. Storey became a member of the Commission on October 9, 1939, replacing Mr. Scolponeti and was designated by the Governor as Chairman. Mr. Elias F. Shamon became a member on December 13, 1939, replacing Mr. Robert Robinson.

Mayor Tobin not only joined with the Finance Commission in sponsoring the investigation, but also provided the major portion of the funds necessary for it.

The report was placed on file, and ordered printed in the records of the meeting.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of April.

Report accepted; said order passed.

REPORT OF COMMITTEE ON PUBLIC WELFARE.

Coun. COFFEY, for the Committee on Public Welfare, submitted the following:

Report on order (referred February 17) that Overseers of Public Welfare be requested to consider giving Junior Social Workers same classification and pay as those doing same type of work in the department — that same ought to pass.

The report was accepted and the order passed.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

1. Report on petitions for license to operate motor vehicles, viz.:

Petition of Boston Elevated Railway Company (referred January 27) to operate motor vehicles between junction of Cambridge and North Harvard streets and junction of Hopedale and North Harvard streets — that same license be granted on usual conditions.

Petition of Boston Elevated Railway Company (referred March 31) to operate motor vehicles between junction of Market and Washington streets and junction of Arlington and Faneuil streets — that license be granted on usual conditions.

Report accepted; licenses granted under the usual conditions.

CONTINUATION OF HUMBOLDT AVENUE CAR LINE.

Coun. TAYLOR offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to continue the Humboldt avenue car line to Egleston square and to abolish the Franklin Park Terminal.

Passed under suspension of the rule.

ENFORCEMENT OF RULE NUMBER 12.

Coun. TAYLOR offered the following:

Ordered, That the President of the Boston City Council strictly enforce Rule No. 12 of the Council Rules.

Coun. TAYLOR—Mr. President, we have a rule of the City Council, Rule 12, which I think has been violated too often, and I might admit right now that I have been as guilty of its violation probably as any member of the Council. But its violation unfortunately has been the source of a great deal of hostile criticism, criticism that has undoubtedly been just in most cases. Rule 12 of the Council specifically states:

"No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.—Any motion, order or resolution which in the opinion of the presiding officer does not have a direct bearing on the business of the Council shall be referred without debate to the Committee on Rules and shall not be further considered by the Council except upon report by that committee. There shall be no appeal from the decision of the Chair hereunder, and this rule shall not be subject to suspension. The Committee on Rules may report that any motion, order or resolution so referred to it is out of order because not having a direct bearing on the business of the Council, and its report shall be a final disposition of the matter, subject to an appeal which shall be governed by the same provisions as those governing appeals from rulings of the presiding officer."

Unfortunately this rule was not put into effect last week when the councilor from Brighton (Coun. M. H. Sullivan) was allowed to introduce an order to ban a certain book, "H. M. Pulham, Esq.", and unfortunately the other members of this Body, not having read the book, took the word of the councilor from Brighton that it was a dirty book. Those were the words he used, and we have subsequently found ourselves severely criticized in the newspapers and elsewhere. Referring to the incident, for example, Neal O'Hara, of the *Boston Traveler*, said:

"Boston City Councils may come and Boston City Councils may go, but they'll always keep on making themselves look silly advocating in this centre of culture the banning of books."

Of course, the purpose for which this order was intended might or might not have been accomplished, as I tried to get a copy of the book last week and could not buy or hire it. So undoubtedly the sponsors of the book received the publicity they were glad to receive by placing the book in the hands of the general public. A remark has been made about the Cardinal's attitude on the book, and I have checked upon that.

Coun. M. H. SULLIVAN—Mr. President, no reference was made to the Cardinal.

Coun. TAYLOR—The Cardinal did not ban the book, but he simply said he hoped the womanhood of Boston had not deteriorated, something to that effect. I have before me, in my hand, a copy of one of the leading Catholic magazines, a national magazine, called "The Sign." I understand that it has the very highest standing among Catholics and others, and this great Catholic magazine, which has a large circulation throughout the country, refers to this particular book. I will not read the whole of this article, but simply the last two paragraphs:

"And yet, Harry Pulham is a lovable character withal, and we feel for him nothing but commiseration as we watch him slowly deteriorate under the withering blight of a deadly tradition. Fortunately, the heavy atmosphere of the story is lightened by a subtle strain of humor and comic incidents. Readers"——

Coun. COFFEY—Mr. President, I don't think this Council should go into matters of religion. I think the gentleman is out of order, and that he is violating the very rule that he is trying to enforce.

Coun. TAYLOR—Mr. President, I say that that remark is ridiculous, and is what we might expect of somebody of his standing. There is no reference to religion at all. I am referring to what was said by a leading Catholic magazine about this book.

Coun. COFFEY—Mr. President, I rise to a point of order, that the gentleman is out of order under the very rule that he is trying to enforce. If Councilor Sullivan was out of order last week, he is out of order now.

Coun. TAYLOR—Councilor Sullivan was not out of order last week.

Coun. COFFEY—Mr. President, I still insist that the gentleman is out of order.

President GALVIN—The Chair rules that the gentleman is not out of order.

Coun. COFFEY—Mr. President, I appeal from the decision of the Chair.

President GALVIN—Councilor Coffey appeals from the decision of the Chair. Is there a second?

(The appeal was not seconded.)

Coun. TAYLOR (continuing.)

"Readers will hardly fail to enjoy this novel. It is written by a literary craftsman who has a sure feel for the dramatic in plot, an exceptional gift for characterization, an intriguing sense of humor, and an all-round ability at writing. 'H. M. Pulham, Esq.' promises to be one of the best novels of the year."

That goes to show that there is no question of religion here, despite the remarks of the councilor from East Boston (Coun. Coffey), who thinks I would descend to anything of that sort. He knows better, but in his desire to bring down the character of any individual with whom he does not agree he makes that remark. Now, leaving out the point that this is quoted from a great Catholic magazine, I simply leave it with those closing words from the article that this book "promises to be one of the best novels of the year." I don't care about the book one way or the other, but I don't think members should be placed in the middle in any such manner as we have been, subject to the criticism which has been made of us by the Boston newspapers, stating that we are trying to ban books that are not dirty at all, books that are simply trying to portray conditions in Boston and New England. I certainly believe, therefore, that when members endeavor to bring into the Body matters of this sort Rule 12 of the City Council should be strictly enforced.

Coun. M. H. SULLIVAN—Mr. President, I would like to ask the gentleman if he has read the book?

Coun. TAYLOR—Mr. President, as I have stated, I could not find a copy, but I have talked with many people who have read the book, high-minded people and people of intelligence, and who state that it is a good book.

Coun. M. H. SULLIVAN—Then possibly you are not aware of the character of Cornelia Motford, and probably you are unaware of her activities with Bill King. Probably also you are unaware of the indecencies of Pulham's sister. However, before the councilor makes any further remarks about the book, I will be glad to lend it to him.

Coun TAYLOR—Have you read the published comments on the book?

Coun. M. H. SULLIVAN—Yes, and I have read the book. As I said last week, I have read other books by Marquand, and have admired them. But this book simply deals with the so-called degeneracy of Boston society, and I think as a matter of morality that the book should have been banned. I am surprised that it should be praised by the gentleman from Ward 12.

The order was referred to the Committee on Rules.

ADDITIONAL APPROPRIATION, FINANCE COMMISSION INVESTIGATION OF ELEVATED.

Coun. TAYLOR offered the following:

Ordered, That his Honor the Mayor be requested to instruct the responsible officials of the City Government to provide such additional funds as may be required by the Boston Finance Commission in the furtherance of the investigation and survey of the financial status and activities of the Boston Elevated Railway Company.

Coun. TAYLOR—Mr. President, I was rather amazed on Sunday to read an article in one of our Boston newspapers pertaining to the Finance Commission's report on the Boston Elevated. I would gather from that article that a campaign for Mayor has started, and that somebody is throwing snowballs at the Mayor. A gentleman named James Thaxter Swan made certain statements. He is not unfamiliar to members of the Council. We have seen that gentleman come before the Council with another gentleman, Mr. Ulmer, who was a disbarred lawyer, and present to us certain so-called facts. We all know their reputations, and they were never able to fool the City Council. The heading of the article I refer to was:

"Tobin Charged with Knowing about Elevated 'Milking' of Taxpayers, Refusing to Act. Fin. Com. Prober Lays $7,242,334 Outlay to Mayor. Dividend Hit. Cites Tax Paid U. S. While Claiming $15,000,000 Deficit."

This distinguished gentleman, Mr. Swan, of whom I will speak more a little later, made this statement:

"The cold, hard facts are that by the continued refusal of Mayor Tobin to take action, annual alleged deficits aggregating more than $7,000,000 were allowed to be certified and paid."

The gentleman knows that that is not the fact. The gentleman knows that the Mayor or the City Council have nothing to do about it. The gentleman knows that this is a matter that is entirely within the duties of the Governor and the Governor's Council. The duty is upon the Governor's Council and the Governor to sign the warrant showing the payments. The City Council has nothing whatever to do with the Boston Elevated, or its deficit, but it is entirely a matter for the state. It is up to the state to pay the deficit, and the state charges Boston and other communities. So when this man makes such a statement he is telling a deliberate untruth, only for campaign purposes. Swan has an axe to grind, as I will tell you later. Let us see if the Mayor has done anything about the investigation. Let me recall that about two and a half years ago I put in the order asking the Boston Finance Commission to investigate the Boston Elevated Railway, believing that the road was doing things that were not proper. This order failed to pass the City Council, so the City Council would not investigate. Some time later Mayor Tobin sent to the Body a request for an appropriation of $25,000 to give to the Finance Commission for the purpose of making the investigation. That order was passed, and subsequently appropriations were granted. So this investigation, under the order to start it and pay for it, originated in the Mayor's office. Therefore, when this man says that the Mayor refused to do anything in the matter, he was telling a deliberate untruth. This deficit had been going on for many years before Mayor Tobin took office. I would refer to the City Council minutes of 1934, July 2, when a letter from the Corporation Counsel was transmitted to the Council, in response to orders of April 16 and 30, concerning a check-up of the Boston Elevated Railway finances by the Metropolitan Transit Council. The order passed by the Council on April 16, 1934, was as follows:

"Ordered, That his Honor the Mayor request the Metropolitan Transit Council to investigate the newspaper accounts of the statistics compiled by James T. Swan, a C. P. A., pertaining to the financial condition of the Boston Elevated Railway Company."

The Corporation Counsel at that time, Mr. Henry E. Foley, stated:

"The cost of such an investigation would be an expense of that department (the Department of Public Utilities), and the only expense to the City of Boston which would result from such investigation would be indirect, namely, the proportionate burden of the cost of state government borne by the city. In the event that the investigation were carried on by the permanent staff of the department, there would probably be no resulting financial burden to the city."

In other words, the Corporation Counsel said that we had no right to do it. Nevertheless, the Mayor took it upon himself to start the ball rolling and to find out whether this was properly a deficit that should be met by the different communities, or whether it was something that was done to enlarge the over-stuffed profits of the Boston Elevated. The only one who has had the courage to do that is Mayor Tobin, in spite of what Mr. Swan has stated, and Mayor Tobin took hold of it after it had been going along for years and nobody had done anything about it. So this statement by Mr. Swan is a deliberate untruth. Mr. Swan is said to be a certified public accountant. I have examined the telephone book which is supposed to give the list of certified public accountants, and I have been unable to find any listing of James Thaxter Swan as a certified public accountant. Evidently he has no office. I also looked under the Massachusetts Society of Certified Public Accountants and cannot find that Mr. Swan is connected with any accounting concern whatsoever. Swan was an associate of Ulmer, who, I understand, was a disbarred lawyer. Swan was hired by Callahan in connection with this Elevated investigation to do some accounting work, and then was fired by Callahan. The reason why I don't know at this particular time. But he had an axe to grind, and, because he was no longer on the Callahan pay roll, he tried to get on the pay roll of the City of Boston. I am informed that year after year he has attempted to get on the city pay roll without success. But he has an axe to grind in this matter, and somebody who perhaps is politically interested has given him the snowballs to throw at Mayor Tobin. I do want to say this to Swan. We know more about you than you think we know. We know about your actions in New York, and I am investigating those actions in New York. We know something about your record there, and I say now that we will expose that record to the world. The accountants of the City of Boston have a high regard for Mayor Tobin's administration. We all know of his desire to reduce the deficit. Some of these men who are now trying to discredit Mayor Tobin know of the hold that he has on the public because of the administration that he has been giving the City of Boston. They realize what his reputation with the public is, and they are trying to take it away from him, but their efforts will re-act like a boomerang on themselves. They are the ones who are behind Swan in his throwing of these snowballs, trying to do everything they can to bring Mayor Tobin down in the estimation of the public. But they will not succeed, because the public realize that the Mayor is the one Mayor who has started something here that will be for the benefit of the city, if it can be carried through, and the Mayor will receive all the credit to which he is entitled for this investigation.

Coun. M. H. SULLIVAN—Mr. President, I am not taking issue with the councilor from Ward 12 on the Swan matter, but I do want to say that the councilor is here today under a subterfuge, on the question that is before us. I wonder if the gentleman ever knows what he is voting for or against. He voted in executive session in a way that would have delayed action upon this matter, and he now comes in and introduces this order. I would like to know whether the gentleman is in order in talking on the subject.

President GALVIN—He is in order in talking upon the order he has introduced.

Coun. TAYLOR—I don't know whether the councilor still feels the effect of "H. M. Pulham, Esquire"!

Coun. M. H. SULLIVAN—Mr. President, I am speaking on this order, because I still don't understand the position that the councilor seems to be taking upon it. We all know his attitude a short time ago, in the Executive Committee. We had before us a request from the Mayor of Boston to appropriate money for the Boston Finance Commission. The gentleman did not then seem to be in any haste to act, but now he thinks he adds something new to the subject. He asks the Mayor to instruct the responsible officials of the City Government to provide such additional funds as may be required by the Finance Commission in the investigation and financial survey. But that is practically the order that a short time ago the councilor from Ward 12 desired to have lie on the table.

Coun. TAYLOR—Mr. President, will the gentleman yield for a question?

Coun. M. H. SULLIVAN—Not at this time, Mr. President. We have had a request for the money, upon which the gentleman was in no haste to act. But he now introduces an order asking the Mayor to do the same thing. What did you think the Mayor of Boston was doing? Is this an order simply put in for publicity?

Coun. TAYLOR—You ought to know.

Coun. M. H. SULLIVAN—Well, you know that you are adding nothing to what the Mayor has already attempted to do. It is like a Gilbert and Sullivan opera or Box and Cox,—you pan me and I pan you. I move that the Councilor's order be tabled indefinitely.

Coun. SHATTUCK—Mr. President, Councilor Taylor's order, as I understand it, asks the Mayor to provide appropriations of the necessary money for the Finance Commission to complete its investigation of the Boston Elevated. I am entirely in accord with giving what is needed; but, as Councilor Sullivan says, we already have an order from the Mayor requesting an additional appropriation for the Finance Commission. That order is in Executive Committee. I move, therefore that this order be referred to Executive Committee for consideration at the same time.

Coun. Taylor's order was referred to the Executive Committee.

Coun. COFFEY—Mr. President.

President GALVIN—The order has been referred to the Executive Committee, and no debate upon it is in order at this time.

Coun. COFFEY—Mr. President, I think I ought to be given the privilege of saying a word in answer to Councilor Taylor, by unanimous consent.

President GALVIN—The order has been referred to the Executive Committee, but if there is no objection the gentleman may proceed.

Coun. COFFEY—Mr. President, the councilor from Ward 12 (Coun. Taylor) has talked about the matter along certain lines, and I think I should have the privilege of making a statement in regard to certain things that have been brought in. A Mr. James Swan, who I understand is an accountant, has been brought into the matter, as we are told, for political purposes. Well, this happens to be mayoralty year, and Mr. Swan probably has something along that line to present, although some master mind accuses him of throwing snowballs. Well, I think the gentleman from Ward 12 has thrown some snowballs in the last three years. I read in the paper yesterday that Mr. Swan went to the Mayor in 1938 and told the Mayor then that the Boston Elevated deficit was not a true deficit, and that he had evidence at that time to show that it was not; that the matter was before the Department of Public Utilities, and he felt that Boston was paying out a large amount improperly; that the road was making a profit instead of having a deficit, not only for the year 1938 but for the three previous years, and he claimed at the time when he saw the previous Mayor that the previous Mayor took no action whatever upon the matter. He says that early in 1938 he approached Mayor Tobin and outlined what he claimed to be some of the irregularities, and that in 1934 he appeared before the City Council and made allegations of irregularities in the Public Trustees' accounts. So he said that Mayor Tobin did know about it, and that in 1938 several specific instances of irregularities were furnished through the Mayor to Corporation Counsel Parkman, and that at Mayor Tobin's request the City Auditor delegated one of his staff to go with Mr. Swan to the Department of Public Utilities to verify the fact that the figures submitted to Mr. Parkman were actually shown by the reports on file. But nothing was done, and no action was taken by the Corporation Counsel prior to his resignation or by Mayor Tobin since. That was in 1938. But two years later the Mayor called the members of the Boston City Council before him and said, "Gentlemen of the Council, I am asking you for an appropriation of some $20,000 to investigate the Boston Elevated, and I am sure we will get satisfactory results." I know what happened, and what was said, because I was present at the time. That is, it took the Mayor two years to decide to take action on the statements that were made to his Honor. But, although a check-up was made of the figures of the Elevated at that time, in 1938, nothing was done by the Mayor or by the Finance Commission. This meant Swan must have had something on the ball when he convinced those in authority of the importance of going there and checking up on the figures of the Boston Elevated. But nothing was done at that time, although we now find that since then an investigation by the Finance Commission has been favored by the Mayor and has been made. The claim is now made, of course, that Swan is a disbarred attorney, and in connection with him we are told about another attorney who appeared in the matter and who was disbarred. I don't know whether he is a disbarred attorney or not, but I do know that statements were made in the *Sunday Advertiser* yesterday, concerning this matter, setting forth some figures and facts which would seem to prove that the Elevated was running at a profit instead of at a loss. We are now told that Swan is not really a certified public accountant that he lost his job with Mr. Callahan, and that he has been trying to get on the public pay roll of the City of Boston for the last few years. I don't know whether that is true, although I doubt it much; but I do know that he was an accountant and that he was employed by Callahan to investigate the Boston Elevated, that he did bring back a report that showed that there had been a "milking" of the Elevated, and that the statements made in the newspaper yesterday not only prove what Swan said in 1938, when he could not get either Mayor Tobin or Henry Parkman to act, when millions might have been saved to the taxpayers, and that the Mayor has not seen fit to take action until 1940, two long years after Swan went to the Mayor and proved to him that the figure on file with the Department of Public Utilities showed that the Boston Elevated had been running at a profit instead of at a loss.

Coun. LINEHAN—Mr. President, I would ask unanimous consent to make a statement. The gentleman who just took his seat referred to the fact that the Mayor had knowledge of the conditions which led to the claim that there was an Elevated deficit, for some time. May I say that the gentleman from East Boston and myself were both members of the Legislature and we at least thought that such conditions had existed for some time. I might also say that I was a member of the Legislature for a period of four years, and for three years of that time the question had been raised in regard to the accounting system of the Elevated. That was before Mayor Tobin took office. But nothing was done in the Legislature. Are we now going to say that because Mayor Tobin did not do something until 1939, he was responsible? I say that it was through no fault of Mayor Tobin that something was not done at that particular time. I say that members of the City Council in 1938, when certain gentlemen quoted in the paper as having this information that has been referred to become active, turned it down. If they had believed these gentlemen they could have passed an order under which action could have been taken. I am speaking here today because of one reason, and I don't mind stating it. I believe that Mayor Tobin has done a good job as Mayor of this city and I personally, representing my ward and trying to represent the interest of the city honestly and decently, up to this time have not heard anybody say otherwise. I have heard some people, probably looking for something, make certain statements. I have heard them say this and that against every one of us here. They have said that the councilor from Ward 7 (himself) is this and that, without any facts whatsoever. The attorney who has been referred to as interested in this matter was up at the Legislature while I was a member, for three years, and he had had many a crazy bill introduced, which we turned down for three consecutive years, dealing with the Elevated situation. It has been impossible to get the state to do something. But now, when the Mayor of Boston does the first constructive thing that has been done in this Elevated matter, we see these big headlines against him, and we are told, "Just think what an irresponsible person we have as Mayor." and the same statements are made about us as members of this Body from time to time. They say, "Linehan, you did this and that," or "You didn't do this or that." Well, these things are said about all of us, and we can't do much about it. I hope in my own case, that my reputation for decency will override the things that are said at times by irresponsible people, and I certainly hope that the Mayor of Boston, who has done a good job up to the present time, will not have his record impugned one bit because of statements made by irresponsible people. I say "irresponsible," because the Mayor of Boston was the first official able to do something who did do something, even though many of the members of the Legislature have tried to do something. But, even though the Legislature and the Governor and Council have been unsuccessful in their fight, Mayor Tobin was finally successful in getting this investigation.. I don't say that I agree with

everything that the Boston Elevated Trustees do, but I believe that the Trustees, three or four of whom I know, are men of fine reputation, and I am willing to give them a chance to get together and do some good, concrete work. I am going to believe that they are honest and decent until proven otherwise.

Coun. HUTCHINSON—Mr. President, I would suggest that the summary of the report presented to us contains this language:

"This report sets forth the factors which are principally responsible for the deficits of the past eight years. We have suggested a plan which, if adopted by the Commonwealth through the Attorney General, will clarify the Elevated problem once and for all, and will bring substantial relief to the cities and towns of the metropolitan district."

I understand that the idea is to file with the Commonwealth this report through the Attorney General and that is if the plan suggested is adopted it will clarify the whole Elevated situation. Of course, after the investigation of the Elevated by the Finance Commission is over, definite action can be taken.

(Coun. TAYLOR stated for the record, that Coun. Coffey's statement that he, Taylor, had said that Mr. Swan was a disbarred attorney was incorrect. Coun. Taylor's correction was supported by the stenographer.)

The order stood referred to the Executive Committee.

PORTABLE SCHOOL ROOMS, EAST BOSTON.

Coun. COFFEY offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to consider the advisability of erecting portable schoolrooms on the vacant lot at the corner of Teregram and Saratoga streets for the convenience and safety of children attending the primary grades.

Passed under suspension of the rule.

CLOSING OF BURLESQUE HOUSES.

Coun. COFFEY offered the following:

Ordered, That the City Censor be requested, through his Honor the Mayor, to close all burlesque houses in the City of Boston on Holy Thursday and Good Friday.

Coun. COFFEY—Mr. President, I have introduced this order asking that the burlesque houses be closed on Holy Thursday and Good Friday, and if the theaters do not observe this request, I shall later introduce an order asking that their licenses be revoked.

The order was passed under suspension of the rule.

LEAVE OF ABSENCE, PASSOVER HOLIDAY.

Coun. TAYLOR and GOTTLIEB offered the following:

Ordered, That the heads of departments be authorized, through his Honor the Mayor, to grant leave of absence without loss of pay to all employees of Jewish faith during the Passover holiday.

Coun. COFFEY—Mr. Chairman, I would like to amend that order,—that all Catholics be given the same privileges on holy days.

The PRESIDENT—The Chair will rule that the amendment should be the subject of a separate order.

The order was passed under a suspension of the rule.

RE-EMPLOYMENT SURVEY.

Coun. GOTTLIEB, HUTCHINSON, D. F. SULLIVAN and GOODE offered the following:

Ordered, That his Honor the Mayor be requested to investigate the possibilities of a re-employment survey to be sponsored by the City of Boston in an effort to reduce relief rolls and the relief burden of the City of Boston.

Coun. GOTTLIEB—Mr. President, my purpose in introducing this order is to make an attempt to establish some survey which may reduce the relief and welfare rolls of the City of Boston, by obtaining employment for those who are generally classified as unemployables under our present set-up. The national defense measure has taken from the W. P. A. and welfare rolls men who can be classified as having certain special qualifications, but it has only made a tiny dent in our welfare burden in the City of Boston. I feel that some system might be devised to obtain general employment for welfare recipients at the present time, thereby saving a substantial sum of money to the City of Boston. I hope the order will pass.

The order was referred to the Executive Committee.

FIVE-CENT FARES FOR LESS THAN TWO MILES.

Coun. GOTTLIEB offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to establish five-cent fares for passengers traveling less than two miles.

Coun. GOTTLIEB—Mr. President, this seems to be Boston Elevated day. I offer this not in opposition to a desired five-cent fare in the City of Boston, but as a temporary measure designed to help those users of the Boston Elevated Railway system who are in the habit of taking so-called short rides and who are unjustly compelled to pay the whole ten-cent fare, the same fare that is charged for the transportation for ten or twenty miles. I feel that discussion of a general five-cent fare at this time is premature, that it is putting the cart before the horse. We received in Executive Committee a sort of supplementary report from Mr. Callahan, from which we can determine to some extent how much money we might recover from the Boston Elevated Railway system, although we are in no position at the present time to really demand a five-cent fare. I would like to see a five-cent fare, and I think it would be more consistent with the present income of people living in the City of Boston. But I don't think it is feasible at the present time; I think it is premature. I do, however, hope that the trustees will see fit to establish at this time a five-cent zone for all users of the road who are traveling less than two miles on the Elevated system. I trust that the order will pass.

Coun. FISH—Mr. President, I have no objection to people riding two miles for five cents, but my original order today called for a five-cent fare for the entire City of Boston. We have passed that order, and naturally it would include anybody who wishes to ride only two miles. I think this is an unnecessary order.

Coun. SHATTUCK—Mr. President, I hardly believe it would be practicable to establish a five-cent fare on a mileage basis. There would have to be established new centers or transfer points, I assume, which might be less than two miles or more than two miles apart. I would therefore move to amend the order by asking that the fares be established by zones based on a unit of five cents.

The order was referred to the Executive Committee.

MEMORIAL TO CLOSE BOSTON NAZI CONSULATE.

Coun. GOTTLIEB offered the following:

Whereas, The Dies Committee has accused the Nazi Consulate in Boston of engaging in subversive activities; and

Whereas, The United States Government is now investigating the activities of the German Consulate in Boston in connection with the sabotage and destruction of ships in Boston Harbor; and

Whereas, Factories in the City of Boston are engaged in the manufacture of war materials which may be endangered by the Nazi Consulate under the guise and protection of diplomatic immunity; therefore be it

Resolved, That the Boston City Council memorialize Congress and the United States Department of State to close the Nazi Consulate in Boston.

Referred to Committee on Rules.

Later in the session Coun. GOTTLIEB said:

Mr. President, I ask unanimous consent to make a statement. (No objection.) Many months ago I submitted a resolution to this Honorable Body asking the members of the Boston City Council to go on record as favoring investigation by the Federal Bureau of Investigation of alleged Nazi activities in the City of Boston, directed from the Nazi Consulate and by members of that consulate. At that time there was considerable argument for and against the resolution, on the theory that we, as members of the Boston City Council, had nothing to do with the matter, that it was purely a national question, and should be handled only by the Department of State. I felt at that time, as I do today, that any activity confined within the limits of our city and which is dangerous to our form of government is a proper subject for comment and discussion by us on the floor of this chamber. I would like to call to the attention of the Body the fact that shortly after I submitted that resolution the Dies Committee came out with a statement accusing various Nazi consuls, including the Nazi consul of Boston, of engaging in illegal and subversive activities; and since that time there has been the further evidence of irregular, illegal and subversive Nazi activity in our city. Not so long ago ships in Boston Harbor were sabotaged and damaged, in violation of our neutrality law. I feel that the Federal Bureau of Investigation should investigate this matter. I feel that where there is smoke there is fire. I think many people feel as I do in regard to the Nazi Consulate in this city, that it is conducting undesirable and subversive activities and should be removed by the State Department before the consul and his henchmen have a chance to do further damage. We have in Boston many factories engaged in producing war supplies and materials, and opportunities for destruction should not be given to a foreign government absolutely opposed to free ideals of government such as ours. If that sort of thing is allowed to continue we may wake up some morning and find factories blown up, lives lost and tremendous damage done. We certainly should not allow that sort of thing to happen, if we can prevent it. If we force the removal of the Nazi Consulate in Boston, there will be much less danger of people being killed and valuable material being destroyed. I feel very strongly, in view of what we have seen take place in this city and the surrounding area, that we should not wait until the Nazi consul has time to do this dirty work and interfere with our great defense movement. He should be asked to leave the country and we, as the governing body here in the City of Boston, should go on record as favoring such action.

PRICES CHARGED BY PARKING SPACE OPERATORS.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to obtain a list of prices to be charged by parking spaces prior to granting their annual license, and to refuse to license any parking space which charges over fifty cents a day, on the basis that to charge over that amount is unreasonable.

—

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to obtain a list of the prices to be charged for parking privileges by parking space operators, at the time application is filed with the Public Works Department for sidewalk openings; and be it further

Ordered, That the price list must accompany the application for sidewalk openings when said application is presented to the City Council for consideration and approval.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to rescind all licenses granted to all parking space operators who charge unreasonable prices for parking privileges.

The question came on suspension of the rule, and passage of the orders.

Coun. M. H. SULLIVAN—Mr. President, I think most of the members of this Body read today in a Boston newspaper an editorial comment relative to the prices being charged in parking spaces throughout the city. I would refer specifically to a place in close proximity to City Hall, where they are charging 75 cents a day for parking. To my mind, entirely uncalled-for prices are being charged for parking within the city limits, and people are leaving Boston because of the inadequacy of parking space and the high prices being charged. I realize, of course, that the Boston City Council has no right to legislate fees or prices to be charged, but certainly licenses for parking places may be refused to people who are charging unjustifiable prices for the parking. I have, therefore, introduced three orders on this matter today—first, that the Board of Street Commissioners be requested to obtain a list of prices to be charged by parking spaces prior to granting their annual license, and to refuse to license any parking space which charges over fifty cents per day, on the ground that the charge is unreasonable; second, requesting the Commissioner of Public Works to obtain a list of the prices being charged for parking privileges by parking space operators at the time when application is filed with the Public Works Department for sidewalk openings, the price list accompanying the application for sidewalk openings with the applications presented to the City Council for consideration and approval; and third, that the Street Commissioners be requested to rescind all licenses granted to all parking space operators who charge unreasonable prices for parking privileges. Certainly, some way must be found to deal with the extortionate prices being charged. I believe personally that a reasonable charge should not be in excess of fifty cents, and when the operators of these parking spaces are charging more, something should be done about it. They should not be allowed to profiteer through the rates they charge, which should be kept on a reasonable basis.

The orders were passed under suspension of the rule.

COURSE IN SHIPFITTING.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to consider the advisability of establishing a course in Shipfitting in the Boston trade schools.

Coun. M. H. SULLIVAN—Mr. President, I read an editorial in one of the Boston newspapers today which quoted the Hon. John F. Fitzgerald, the eminent veteran Boston Port authority, to the effect that there has been little shipbuilding in Boston recently because of the lack of capable shipfitters for small boats in local yards. It was stated that the Boston schools are full of young men who desire to learn a trade connected with shipbuilding, but that there is practically no space available for carrying on such courses. I believe the writer of the editorial is to be commended, because he points out the fact that young men who could attend a course in shipfitting in the Boston trade schools could readily find jobs in Boston. Many of the channels which would be available to young men are grossly overfilled, and I think if we should take the initiative in the matter of courses for shipfitting in the trade schools we would be establishing something which the people of Boston have long desired.

Coun. GOODE—Mr. President, some time ago I introduced an order requesting the School Committee to provide facilities for teaching in industries essential to the national defense, and I understand that that order was returned by the School De-

partment with the suggestion that at the present time space is not available. I would like to go along with the order offered by the councilor from Brighton, so that the School Department might consider the possibility of putting machines and necessary equipment in the gymnasiums, for example. Any high school, I think, has ample space in the gymnasium, which will probably lie idle during the spring and summer. The space now being used by the school cadets and those of the basball and football teams might presently furnish room for machinery and equipment that can be provided.

The order was passed under suspension of the rule.

TIME OFF ON GOOD FRIDAY.

Coun. M. H. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to give time off to all city employees between the hours of 12 o'clock noon and 3 p. m. on Good Friday.

Passed under suspension of the rule.

SERVICE ON ARBORWAY AND DUDLEY STREET LINES.

Coun. LANGAN offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to make a survey of the Sunday and holiday service of the Arborway and Dudley Street lines for the purpose of improving same.

Passed under suspension of the rule.

OUTLAWING OF COMMUNISTIC ACTIVITIES.

Coun. GOODE offered the following:

Ordered, That the Mayor of Boston be requested to take immediate action to outlaw all communistic activities in this city and especially the annual May Day demonstration on the Boston Common on the grounds that recent events have proven Communism not to be a political philosophy, but a social disease and a serious detriment to our national defense program.

Referred to Committee on Rules.

ELEVATED FINANCE COMMISSION REPORT FOR COUNCIL MEMBERS.

Coun. FISH, WICKES and GOODE offered the following:

Ordered, That the Finance Commission be requested, through his Honor the Mayor, to supply each member of the City Council with a full report of the Elevated investigation.

Coun. FISH—Mr. President, inasmuch as we voted money for the Elevated investigation, and I understand that the report upon the investigation has been prepared and is ready to be sent out, I would ask that the Finance Commission be requested, through the Mayor, to supply each member of the City Council with a full report of the investigation. I feet that it is only right that each of us should have a copy of the report.

The order was passed under suspension of the rule.

INFORMATION ON PUBLIC LIBRARY ROOF.

Coun. FISH offered the following:

Ordered, That the Finance Commission inform the Council exactly how much money has been spent or obligated for experts to look at the Public Library roof, why the Finance Commission could not have utilized the services of qualified engineers, and who the experts were who have been or will be paid between $1,000 and $1,500 for looking at the Library roof; and be it further

Ordered, That the Finance Commission inform the City Council what conclusion has been reached as a result of the expenditure of between $1,000 and $1,500.

Coun. FISH—Mr. President, I think it was certainly unusual to pay experts between $1,000 and $1,500 to look at the Library roof, when it seems to me the Finance Commission could easily have obtained qualified engineers who could properly pass on the questions involved at a very moderate, reasonable figure. Therefore, I have introduced this order. I certainly think the expenditure of this large sum of money to look at a roof does require some explanation. We have competent men in the Building Department, inspectors and otherwise, who would be available, and who could be used to examine that roof, probably without expecting any pay in addition to what they receive in their annual compensation.

The order was passed under suspension of the rule.

CLEANING OF WARD 17 STREETS.

Coun. WICKES offered the following:

Ordered, That the Public Works Commission be requested, through his Honor the Mayor, to make arrangements immediately for the proper cleaning of all streets in Ward 17.

Passed under suspension of the rule.

RESURFACING OF OAKWOOD STREET.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Oakwood street, Ward 17, under W. P. A. construction.

Passed under suspension of the rule.

RESURFACING OF ALPHA ROAD.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Alpha road, Ward 17, under W. P. A. construction.

Passed under suspension of the rule.

RESURFACING OF EUCLID STREET.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Euclid street, Ward 17, under W. P. A. construction.

Passed under suspension of the rule.

RESURFACING OF SOUTHERN AVENUE.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Southern avenue, from Washington street to Talbot avenue, Ward 17, under W. P. A. construction.

Passed under suspension of the rule.

RESURFACING OF OLD MORTON STREET.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Old Morton street, Ward 17, under W. P. A. construction.

Passed under suspension of the rule.

RESURFACING OF TALBOT AVENUE.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make arrangements for the resurfacing of Talbot avenue, from the railroad overpass to Codman square, Ward 17, under W. P. A. construction.

Passed under suspension of the rule.

RECONSTRUCTION OF WARD 13 STREETS.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct the following streets in Ward 13 as W. P. A. projects: Romsey street, Hartland street.

Passed under suspension of the rule.

APPLICATIONS FOR MISSION HILL HOUSING APARTMENTS.

Coun. CAREY offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to be more liberal with residents of Ward 10 who have filed applications for apartments in the new Mission Hill housing unit.

Coun. CAREY—Mr. President, I have been prompted to introduce this order because of the situation that exists in Ward 10 in connection with apartments in the new Mission Hill housing unit. Two years ago this time some six hundred families in that part of Ward 10 bounded by Ward street, Smith street, Parker street and the lower part of St. Alphonsus street gave up their homes in order that the Mission Hill housing unit might be constructed. Today we find this unit completed and ready for occupancy and, in fact, some families have already been admitted. Prior to the demolition of homes for construction of the Mission Hill unit there were 822 units available there while today we are told there are 1,023 units now possible in the housing project. This day has been anxiously awaited by most of those who gave up their homes in that area, as well as by many other struggling families within the confines of the Mission Church parish, as they looked forward to the time when they would be admitted to and participate in the benefits of this Mission Hill housing unit. I know the area well on which this unit now stands, Mr. President, because in years past I had on many an occasion visited every nook and corner of it. And I knew intimately nearly every family living in the homes that were demolished in order to make way for the development of this unit. These people were almost entirely of very moderate circumstances and were living in this area, which the Boston Housing Authority condemned as sub-standard, because they could afford nothing better. They were of that fine, yet very simple, stock that built and have kept the beautiful Mission Church, in which is housed that beautiful shrine to Our Lady of Perpetual Help that is known the length and breadth of the land. But ah, Mr. President, you would have to be in my position to fully appreciate the sad disappointment on Mission Hill today as family after family, who for a lifetime, or very nearly so, have either lived in the immediate area on which this unit stands, or in the adjacent neighborhood, are being refused admittance to this project. And may I say at this time that as I looked at pictures in yesterday's newspapers, taken in East Boston on Saturday, and read the account of the taking of property there for a housing project, I could not help but have a feeling of pity for those in that section who are now being notified that they must give up their homes, feeling full well that if the experience on Mission Hill is a criterion, large numbers of those East Boston residents will never participate in the benefits that the taking of their homes is intended to provide for them. Mr. President, I claim that the Boston Housing Authority should be, yes, I insist, that the Boston Housing Authority must be more liberal with those residents in the Mission Church parish and in the Ward 10 area who seek admittance to this housing unit. The applications filed by these people are being disapproved for one of several reasons. In many cases the family earnings are as little as 50 cents to $2 a week more than that limit prescribed by the Boston Housing Authority. Can you imagine applications of those who formerly lived on the site being turned down because that family earns 50 cents a week more than the Boston Housing Authority says it should earn? In other cases applications are being disapproved because some of those former site tenants are at present living, at great sacrifice, in homes which the Housing Authority says are not sub-standard. True it might be that these latter people are at present in better homes than they formerly lived in, but they were forced into these homes, almost at the point of having to live in the street, and in the meantime they have had to content themselves with a bare existence in order to get along while awaiting the time when they hoped they would move into the housing project. In other cases applicants are being told that they have too many children. There are many cases where families who were forced to leave their homes on the site of the present Mission Hill unit located themselves in the Heath street area, in that section that has since been taken for a housing unit. Consequently, these families were obliged to once more pack up and get out, yet they are now told by the Housing Authority that they cannot go back to Mission Hill, principally for one of the reasons that I have already enumerated. Mr. President, it has always been my understanding that former site tenants would be given the preference in passing on housing applications, and that next in line would come those living in the section adjacent to the housing area. I contend, Mr. President, that this is not the procedure with regard to applications for the Mission Hill unit. I demand that extra consideration, to which these people are unquestionably entitled, be given residents of the Mission Hill section and Ward 10 section, particularly to those who formerly lived on the housing site because of the many inconveniences and expenses they were put to when forced to give up their homes. The Boston Housing Authority, without any doubt, has sufficient applications already on hand from former site tenants, residents of Mission Hill, from others living within the confines of Ward 10, or adjacent sections, to fill the Mission Hill unit, yet, what do we find happening? During the past week the school children of the city were used as messengers to convey 160,000 letters and applications issued by the Boston Housing Authority, which is not a department of the city, for the purpose of instigating and inciting parents to become tenants in the various housing projects. The Boston Housing Authority has no right, as I understand it, to solicit tenants, especially through the medium of the school room. Because of its action last week I feel that a precedent has been established, and henceforth we might well expect private owners of apartment houses, of downtown real estate, the corner butcher or grocer, to request the use of the school children to carry home to their parents circulars or other advertising paraphernalia telling the parents what these apartment house owners, butchers or grocers, etc., have available to rent or sell. Also, what is to prevent a candidate for public office from using the medium of the school room to bring his campaign directly into the homes of the voters? As a member of the City Council I wish to protest against the use to which the school children were put by the Boston Housing Authority. It has not been my experience as a councilor that there is any difficulty in filling each housing project as it is completed. There is, however, grave danger that propaganda spread through the medium of the school room will result in great harm to large numbers of our citizens who, as home owners and taxpayers, are directly supporting the public schools and all public enterprises. As I understand it, the Boston Housing Authority already has on file apparently eligible applications that is

far in excess of the number of families that can be accommodated in the units in Charlestown, Mission Hill and Lenox Street.

Mr. President, I now come to what I believe is a most important phase of this housing application matter. Representing, as I do, in this City Council, the Ward 10 district, in which there is already constructed the Mission Hill unit, and in which there is also under construction another project in the Heath street section, I am naturally being approached daily by residents who have applications on file feeling that I can be of some assistance to them in the way of getting their applications approved. In every case I have written a letter of recommendation to the chairman of the Housing Authority. We have always been told that no politics would be allowed to be played in connection with housing applications. That, I think, is a highly commendable idea, provided it is lived up to 100 per cent. When the matter of low rent housing was first brought before the City Council over two years ago, I like several other members of the City Council at that time, felt that we should go a little slow in an endeavor to find out what housing was all about. On the day that the cooperation agreement was presented to that City Council I, together with a majority of the members of that Body, voted to lay the matter on the table for a week in order that we might have an opportunity to make some study of the contract. Some of the members of that particular City Council are not members of the present one. There are certain benefits to low rent housing and, believing this, I eventually voted for the initial cooperation agreement. Since that time we have had occasionally other housing requests before us, on many of which I voted favorably, and in some cases asking for more time to consider the various requests. I am certain that the residents of my district are desirous that I always endeavor to exercise sensible judgment in voting on any matter before the City Council, whether it be housing or what not, and that I always intend to do. I refuse to be a rubber stamp for anyone, neither shall I be railroaded into using hasty judgment. As a result of my desire to use some common sense in voting on housing, I am afraid that my action might be held against me and against those regarding whom I have written the Housing Authority because during a conference with Mr. John Breen, chairman of the Boston Housing Authority, a few days ago relative to applicants regarding whom I had written him, he informed me that I could not expect the same consideration for my friends, because of my attitude towards housing, that other councilors would get who had always, without any hesitation, gone down the line for housing. Mr. President, because of this stand taken by Mr. Breen, I insist that he certainly is playing politics. This I will not stand for, and I refuse to believe that his Honor Mayor Tobin who appointed Mr. Breen, will stand for it. I trust, therefore, that this matter will receive the attention from the Mayor that I sincerely believe it deserves. As the representative of the Ward 10 district in the City Council I am most happy to welcome into the Mission unit all tenants that are accepted, regardless of what section of the city they come from, but I feel that I have a definite obligation, first to those who had to move to make way for the construction of this unit, and then to those who live within the district.

Coun. GOODE—Mr. President, I move that the order be referred to the Executive Committee, for the purpose of inviting Mr. Breen to come before that committee.

Coun. COFFEY—Mr. President, I shall be very brief. I wish merely to add one word to what has been said by the gentleman from Ward 10 (Coun. Carey) who I believe speaks, as usual, in all sincerity. While I have never gone along entirely on some of these housing projects, I certainly do believe, in line with what the gentleman from Ward 10 has said, that when these housing projects are carried through those living in the neighborhood should be given preference, and I understand that that is the rule of the Housing Authority. Let me say, in whatever affects my district, not being a wallflower, I will see that such people are given preference.

President GALVIN—Let me say that those in the vicinity do have preference, if they can come within the terms of the law of the Housing Authority. I understand that that is the test.

Coun. CAREY—I might say, Mr. President, as a matter of fact that the income allowance provided by the local authority is somewhat different from that figured by the United States Housing Authority.

The order was referred to the Executive Committee.

HALF-HOLIDAY, GOOD FRIDAY.

Coun. D. F. SULLIVAN and GOTTLIEB offered the following:

Ordered, That his Honor the Mayor be requested to grant a half-holiday to all city employees on Good Friday.

Passed under suspension of the rule.

LEAVE OF ABSENCE, HOLY WEEK.

Coun. COFFEY offered the following:

Ordered, That the Mayor request all department heads to grant leave of absence to all Catholics who can be spared on Holy Thursday and Good Friday.

Passed under suspension of the rule.

NEW HOUSING PROJECT, WARD 6.

Coun. SCANNELL offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to include the westerly side of Seventh street and Baxter street, from D street to B street, in the scope of the new project.

Placed on file.

PAYMENTS TO MARRINUCCI BROTHERS.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the City Treasurer be requested, through his Honor the Mayor, to withhold payment of any money to Marrinucci Brothers until such times as they live up to the specifications contained in their contract with the City of Boston.

Passed under suspension of the rule.

REQUESTED RESCISSION OF MARRINUCCI BROTHERS CONTRACT.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to rescind the contract given to Marrinucci Brothers for the collection of garbage and ashes in the South Boston district for failure to live up to the specifications contained in said contract.

Passed under suspension of the rule.

FENCE, JOHN J. CONNOLLY PLAYGROUND.

Coun. ENGLERT offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to repair the fence of the John J. Connolly Playground at once.

Passed under suspension of the rule.

PARKING NEAR CITY HOSPITAL.

Coun. HURLEY and D. F. SULLIVAN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to suspend the parking regulations on the streets adjacent to the Boston City Hospital, during visiting hours.

Passed under suspension of the rule.

TENNIS COURTS, RANDOLPH STREET PLAYGROUND.

Coun. RUSSO and HURLEY offered the following:

Ordered, That the Park Commissioner be directed, through his Honor the Mayor, to arrange for the installation of tennis courts on the Randolph Street Playground.

Passed under suspension of the rule.

BATHING BEACH, JEFFRIES POINT.

Coun. COFFEY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to lay out plans for the construction of a bathing beach in the Jeffries Point section of East Boston.

Passed under suspension of the rule.

CONSTRUCTION OF UNDERPASS, WARD 7.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to report to the City Council as to the practicability and expense of constructing an underpass for vehicular traffic along Dorchester avenue, under Andrew square, Ward 7.

Passed under suspension of the rule.

MATRON AT SMITH FIELD PLAYGROUND.

Coun. GOODE offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide the services of a matron at the Smith Field Playground, in the Hyde Park section of Ward 18.

Passed under suspension of the rule.

ACTION OF FINANCE COMMISSION REPORT ON ELEVATED.

Coun. CHASE offered the following:

Ordered, That the Attorney-General be requested, through his Honor the Mayor, to institute immediate action as suggested by the Finance Commission's report of its investigation of the Boston Elevated Railway Company.

Coun. CHASE—Mr. President, I note that the counsel engaged by the Boston Finance Commission to conduct a thorough investigation of the Boston Elevated Railway makes this statement on page 11 of his report:

"This report sets forth the factors which are principally responsible for the deficits of the past eight years. We have suggested a plan which, if adopted by the Commonwealth through the Attorney-General, will clarify the Elevated problem once and for all, and will bring substantial relief to the cities and towns of the Metropolitan District.

Respectfully submitted,

TIMOTHY F. CALLAHAN.
JAMES W. KELLEHER."

Now, I submit to you, Mr. President, that the Boston Finance Commission is a creature of the State. The Boston Finance Commission today is headed by Mr. Storey, and there is also a new appointee by Governor Saltonstall named Shamon. I submit that the entire report of the Finance Commission, a report of the investigation which has been carried through by the Finance Commission as a result of the action of the Mayor and the City Council, is to be submitted to the Governor. With that in mind, it is my private opinion that his Excellency should call upon the Attorney-General to perform his sworn duty as the chief law enforcement officer of the Commonwealth, doing something on behalf of the taxpayers of Boston and of the Metropolitan District served by the Elevated. The people of Metropolitan Boston have been cheated and robbed of millions in the past eight years, and what are we going to do about it? What are the Governor and Council going to do about it? What is the chief law enforcement officer of the Commonwealth, Mr. Bushnell, going to do about it? Is he just going to sit back and gaze at the report submitted by the Finance Commission as the result of the investigation? Certainly, action should be taken by somebody, and I demand that the Attorney-General be requested, through the Mayor, institute immediate action in support of the action suggested by the Finance Commission's report upon the investigation of the Boston Elevated. Something should be done to help the taxpayers of Boston and of Metropolitan Boston. I certainly hope that the Council will pass the order.

The order was passed under suspension of the rule.

BETTER CAR SERVICE, HUNTINGTON AVENUE SUBWAY.

Coun. CHASE offered the following:

Ordered, That the Boston Elevated Railway Trustees be requested, through his Honor the Mayor, to provide adequate car service in the new Huntington Avenue Subway by placing more cars in service.

Coun. CHASE—Mr. President, I wish to say at this time that the car service provided for my people and the people of other sections is absolutely terrible. The Elevated Trustees, in their endeavor to make more for the stockholders, are fooling the citizens of Boston who are riding in the new Huntington Avenue Subway by not giving them a sufficient number of cars. They are not providing seats for the passengers, and the only way in which proper service can be furnished is by putting on more cars in the Huntington Avenue Subway. I certainly hope that the Council will pass the order.

Coun. CAREY—Mr. President, I would like to go along with the councilor on his order. I, too, notice that since the new subway has been started there are far less cars and greater crowds looking for accommodations. The ride is now much quicker than it used to be, but it looks as though the Elevated in cutting down the running time is doing so at the expense of the car-riders. I certainly trust that more consideration will be given to the car-riders by the trustees.

The order was passed under suspension of the rule.

INFORMATION RE BOSTON ELEVATED STOCKHOLDERS.

Coun. CHASE offered the following:

Ordered, That the Boston Finance Commission be requested, through his Honor the Mayor, to inform the Boston City Council as to the names and addresses of the stockholders of the Boston Elevated Railway Company and the amounts of stock held by each; and be it further

Ordered, That the Boston Finance Commission be requested to submit the list of names and addresses of the stockholders and amounts held by each at the time that legislation was passed guaranteeing the dividends by the state.

President GALVIN—The order will be referred to the Executive Committee.

Coun. CHASE—Mr. President.

President GALVIN—For what purpose does the gentleman rise?

Coun. CHASE—To talk on that order, Mr. President.

President GALVIN—The order has been referred to the Executive Committee.

Coun. CHASE—Mr. President, I ask unanimous consent to make a statement.

Coun. HUTCHINSON—Mr. President, I question the presence of a quorum.

The Chair requested the members present to rise and be counted.

President GALVIN—The Chair counts but ten members present, less than a quorum, and therefore declares the meeting adjourned.

Coun. CHASE—Mr. President, I doubt the vote, and ask for a roll call.

President GALVIN—There is no vote and the Council stands adjourned.

The Council stood adjourned at 6.30 p. m., to meet on Monday, April 14, 1941, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

ASSISTANT DIETITIAN (FEMALE), BOSTON INSTITUTIONS DEPARTMENT, MAY 10, 1941.

Last date for filing applications, Saturday, April 26, 1941, at 12 noon.

Salary: $1,000 a year and maintenance.

Vacancies: At present there is a vacancy at the Long Island Hospital.

Duties: Under the supervision of the Dietitian, to do any or all of the following when required: Make up menus for groups of patients, inmates and employees; make up menus for individual patients according to prescribed diets; take charge of the special diet laboratory; take charge of the kitchens, serving rooms, dining rooms, baking and pastry room, vegetable storage room and butcher shop. These duties require the assistant to regulate the time and assign the duties of employees, requisition food and other supplies, supervise the preparation, distribution and serving of food, and supervise the maintenance, in a clean and proper condition, of the rooms, dishes, utensils and other equipment of the parts of the dietary department which are under the care of the Dietitian.

Entrance Requirement: Applicants must have one year's experience as a dietitian in a hospital, hotel, cafeteria, or similar field.

Substitution of Training: Two years of training in a school of dietetics may be substituted for the one year's experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF INMATE LABOR (MALE), BOSTON INSTITUTIONS DEPARTMENT, MAY 10, 1941.

Last date for filing applications, Saturday, April 26, 1941, at 12 noon.

Salary: $1,000 a year and maintenance.

Vacancies: At present there is one vacancy.

Duties: To prepare a daily census of male inmates, and to maintain a roster to indicate the names and all locations of inmates; to assign vacant beds to inmates, and to transfer all furniture on or about the premises; to supervise the issue and exchange of inmates clothing; to carry out the details of outfitting and discharging Old Age Assistance cases; upon approval of the Medical Director, to issue passes to inmates for leaves; to assign work to inmates, and to enforce the working by inmates who are physically able to do so; upon request, to furnish inmate help to any department; to issue gratuity slips to the working inmates, and to keep an accurate record of the names, dates, and amount of gratuities received by inmates; to supervise and keep an accurate record of the issuance of tobacco to inmates; to supervise the general condition as to cleanliness and sanitation of the inmates' quarters, including corridors, dining rooms, and wards; upon approval of the Medical Director, to suggest to the prison officer work that might be done by prisoners from Deer Island; to forbid admission to the institution of inmates returning from leave under the influence of alcohol; and to enforce rules laid down by the Medical Director.

Entrance Requirement: Applicants who have not reached their fortieth birthday on the last date for filing application will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL THERAPIST—COBBLER, MAY 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

Salary: The entrance salary, with maintenance, is $840 a year; the maximum salary, with maintenance, is $1,140 a year.

Vacancies: At present there is one vacancy at Boston State Hospital, in the Department of Mental Health.

Duties: To repair and mend all footwear worn by patients—this includes tapping, heels, stitching, rubber cementing, and the control of shoe issues.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SAVINGS BANK LIFE INSURANCE FIELD WORKER, DIVISION OF SAVINGS BANK LIFE INSURANCE, MAY 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

This examination is open to both males and females.

Salary: The entrance salary is $1,920 a year; the maximum salary is $2,520 a year.

Vacancies: At present there is one vacancy for a male.

Duties: To visit industrial plants in Massachusetts for the purpose of talking with the employees, both individually and in groups, explaining to them the benefits of Savings Bank Life Insurance; its cost; its policy forms; how to make application; and to arrange with each applicant for the necessary physical examination. To arrange with the local medical examiner for the necessary physical examination at the factory or otherwise, of persons who apply for level premium insurance. To visit from time to time agencies already established in industrial plants; to keep in friendly contact with the agency secretaries and advise them how to deal with questions which arise among policyholders in the factory in connection with the collection of premiums, the payment of death claims, or inquiries with reference to the provisions of the policy contracts issued by the savings banks. To perform such other duties in connection with field work as may from time to time be prescribed by the deputy commissioner.

Applicants should have a knowledge of the principles of life insurance; of the Massachusetts law governing the writing of life insurance and old age annuities by savings banks; and of the policy provisions of insurance and annuities written by the savings banks.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SOCIAL WORKER, DIVISION OF ADULT HYGIENE (CANCER CLINICS), DEPARTMENT OF PUBLIC HEALTH, MAY 3, 1941.

Last date for filing applications, Monday, April 21, 1941, at 5 p. m.

This examination is open to both males and females.

Salary: The entrance salary is $1,440 a year; the maximum salary is $2,160 a year.

Vacancies: At present there is one vacancy for a female.

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

April 18, 1941.

TO THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that on Wednesday, the seventh day of May, 1941, at 9.30 o'clock a. m., pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 53, and by virtue of the authority vested in me as Collector of Taxes, it is my intention to take for the City of Boston the following parcels of land for non-payment, after demand, of the taxes thereon as defined in General Laws, chapter 60, section 43, with interest and all necessary intervening charges, or any unpaid balance of said taxes, unless the same shall have been paid before that date.
